As an elected, legislative body, the City Council performs planning and development functions as authorized by various enabling provisions of the North Carolina General Statutes.

A. Duties and Responsibilities

The City Council performs the following duties:

1. Appoints the Planning Board and the Board of Adjustment;

Upon recommendation by the Planning Board, adopts, implements, and amends a comprehensive land use plan which establishes long-range goals and objectives regarding future development of the city;
2. Adopts, amends, and implements more-detailed area plans for smaller geographic areas, as well as policies related to special land use issues;
3. Adopts, amends, and implements other specialized plans, programs, and policies for functional topics like transportation, recreation, open space, and capital improvements;
4. By ordinance, adopts and amends regulations relating to zoning, subdivision of land, and other private development activities;
5. Reviews and decides on applications for special use permits in accordance with the provisions of Sections 2-18 through 2-20. The City Council, in considering special use permit applications, acts in a quasi-judicial capacity and, accordingly, is required to observe the procedural requirements set forth in Section 2-18 of this Ordinance.
6. In considering proposed changes in the text of this Ordinance or to the zoning map, the City Council acts in its legislative capacity and shall review requests for amendments in accordance with the requirements of Article 9, Amendments;
7. Reviews and decides on the approval of site specific development plans (as defined in Section 2-27, Vested Rights), following the procedural requirements set forth in Section 2-27 of this Ordinance for the issuance of a special use permit;
8. As provided in Sections 7-3, the City Council is authorized to decide upon the approval of minor subdivision plats in cases where the applicant has been denied plat approval by the Planning Director and to review and decide upon the approval of preliminary and final major subdivision plats, in accordance with the provisions of Section 7-4-4;

9. Reviews and decides upon requests for waivers to the provisions of Section 7-6 in accordance with the standards delineated in Section 7-9; and
10. Establishes rules and procedures for the enforcement and administration of this Ordinance.

B. Right to an Impartial Decision Maker

Pursuant to the requirements of NCGS 160D-109(a) regarding a development regulation adopted where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. A governing board member shall not vote on any zoning amendment if the landowner of the property subject to a rezoning petition or the applicant for a text amendment is a person with whom the member has a close familial, business, or other associational relationship.

Amended June 7, 2021

2-2 Planning Board

The City of Mebane Planning Board is established pursuant to NCGS 160D-30, to be known as the City of Mebane Planning Board and referred to herein as the Planning Board. As an appointed, advisory body, the Planning Board makes recommendations to the City Council as generally authorized by Chapter 160D-301, of the North Carolina General Statutes.

Amended June 7, 2021

A. Appointment and Terms of Planning Board Members

1. The City of Mebane Planning Board shall consist of nine members, six of whom shall be residents of the City of Mebane, appointed by the City Council, and three members shall be residents of the portion of the city's planning and zoning jurisdictional area which is located outside of the corporate limits of the City (two from Alamance County and one from Orange County). Reduction from the current numbers shall be accomplished as terms expire; no sitting member shall be removed prior to the end of his or her existing term.
2. Extraterritorial Planning Board members shall be appointed by the Board of County Commissioners from the applicable county. If a larger number of extraterritorial members is needed to comply with the proportional representation requirements of NCGS 160D-307, the City Council shall submit to the applicable Board of County Commissioners a resolution requesting that an additional member or members, as appropriate, be appointed. Proportional representation shall be determined by calculating the proportional relationship of the extraterritorial area population to the municipal population and applying that proportional relationship to the total membership of the Planning Board. An additional member must be appointed to the Planning Board to achieve proportional representation only when the population of the entire extraterritorial area constitutes a full fraction of the city's population divided by the total membership of the Planning Board.

Once the City of Mebane provides proportional representation, no power available to it under NCGS 160D-301 shall be ineffective in its extraterritorial area solely because county appointments have not yet been made. If the Board of County Commissioners fails to make appointments within 90 days after receiving a resolution from the City Council requesting that they be made, the City Council may make the appointments.

Amended June 7, 2021

3. Each member of the Planning Board shall be appointed for a term of four years. Vacancies occurring otherwise shall be for the remaining term and shall be made by the City Council. Members shall serve until they are duly replaced.
4. Any member of the Planning Board shall be removed for cause (including, but not limited to, neglect of duty, malfeasance, misconduct or failure to faithfully attend meetings) by the City Council upon written charge and after a public hearing.

B. Duties and Responsibilities

In general, the Planning Board performs the following duties:

Members of such advisory committees shall sit as nonvoting members of the Planning Board when such issues are being considered and lend their talents, energies, and expertise to the Planning Board. However, all formal recommendations to the City Council shall be made by the Planning Board. Nothing in this section shall prevent the City Council from establishing independent advisory groups, committees, or boards to make recommendations on any issue directly to the City Council.

Amended June 7, 2021

2-15 Zoning and Sign Permits

A. Submission.

Requests for a zoning or sign permit shall be submitted to the Zoning Administrator by filing an application form with the Zoning Administrator. Applications for a zoning or sign permit may be a separate form or may be combined.

B. Zoning Permit Review and Approval.

The Zoning Administrator shall issue the zoning permit unless the Administrator determines, after reviewing the application and consulting with the applicant, that:

1. The requested permit is not within the authority of the Zoning Administrator according to Section 4-1-1, Table of Permitted Uses; or
2. The application is incomplete; or
3. If completed as proposed in the application, the development will not comply with one or more requirements of this Ordinance.

C. Sign Permit Review and Approval.

The Zoning Administrator shall issue the sign permit unless the Administrator determines, after reviewing the application and consulting with the applicant, that:

1. The requested permit is not in compliance with the requirements of Section 6-7, Signs; or
2. The application is incomplete.

2-16 Special Use Permits

A. Special Use Permit Submission.

An application for a special use permit shall be submitted to the City Council or the Board of Adjustment by filing a copy of the application with the Zoning Administrator in the Planning and Zoning Department 20 working days prior to the Planning Board meeting at which the special use permit request will be reviewed. The appropriate permit-issuing authority (either the City Council or the Board of Adjustment) for special use permits is determined in Table 4-1-1, Table of Permitted Uses.

B. Special Use Permit Review and Approval.

The review process for a special use permit request shall include:

1. Planning and Zoning Department and TRC review in accordance with Section 2-17;
2. Planning Board Review and recommendation to the City Council or Board of Adjustment;
3. Evidentiary hearing held by the City Council or Board of Adjustment in accordance with the provisions of Sections 2-18 through 2-20; and
4. Review and action by the City Council or Board of Adjustment.

2-17 Recommendations on Special Use Permits

- A. When presented to the appropriate permit-issuing authority at the evidentiary hearing, the application for a special use permit shall be accompanied by a recommendation from the Planning Board and a report setting forth the Planning and Zoning Department's proposed findings concerning the application's compliance with Section 2-10 and the other requirements of this Ordinance, as well as any staff or TRC recommendations for additional requirements to be imposed by the appropriate permit-issuing authority.
- B. If the Zoning Administrator proposes a finding or conclusion that the application fails to comply with Section 2-10 or any other requirement of this Ordinance, the Zoning Administrator shall identify the requirement in question and specifically state supporting reasons for the proposed findings or conclusions.

2-18 Evidentiary Hearing Requirements and Procedures for Special Use Permit Applications

- A. No special use permit shall be approved until an evidentiary hearing has been held by the appropriate permit-issuing authority in accordance with the provisions of this Section. The purpose of the evidentiary hearing is to gather facts, not to solicit citizen opinion. Consequently, the hearing procedures differ from those of the typical public hearing. In an evidentiary hearing, testimony may be provided only by sworn witnesses and written findings of fact are required.

Amended April 7, 2008

- B. Notice of evidentiary hearings conducted pursuant to a special use permit shall be mailed to the person or entity whose appeal, application, or request is the subject of the hearing; to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; to the owners of all parcels of land abutting the parcel of land that is the subject of the hearing; and to any other persons within a 300-foot radius of the subject property. In the absence of evidence to the contrary, the local government may rely on the county tax listing to determine owners of property entitled to mailed notice. The notice must be deposited in the

mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same time period, the local government shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent street or highway right-of-way. The board may continue an evidentiary hearing that has been convened without further advertisement. If an evidentiary hearing is set for a given date and a quorum of the board is not then present, the hearing shall be continued until the next regular board meeting without further advertisement.

- C.** The Zoning Administrator shall also post notices of evidentiary hearings conducted pursuant to a special use permit shall be mailed to the person or entity whose appeal, application, or request is the subject of the hearing; to the owner of the property that is the subject of the hearing if the owner did not initiate the hearing; to the owners of all parcels of land abutting the parcel of land that is the subject of the hearing; and to any other persons within a 300-foot radius of the subject property. In the absence of evidence to the contrary, the local government may rely on the county tax listing to determine owners of property entitled to mailed notice. The notice must be deposited in the mail at least 10 days, but not more than 25 days, prior to the date of the hearing. Within that same time period, the local government shall also prominently post a notice of the hearing on the site that is the subject of the hearing or on an adjacent street or highway right-of-way. The board may continue an evidentiary hearing that has been convened without further advertisement. If an evidentiary hearing is set for a given date and a quorum of the board is not then present, the hearing shall be continued until the next regular board meeting without further advertisement.
- D.** The Zoning Administrator shall make every reasonable effort to comply with the notice provisions set forth in this Section. However, it is the permit-issuing authority's intention that no failure to comply with any of the notice provisions [except those set forth in Section 2-18, B] shall render any permit request invalid.
- E.** Subject to subsection I below, the permit-issuing authority shall approve the requested special use permit unless it concludes, based upon the information submitted at the hearing, that:

 - 1. The requested special use permit is not within its jurisdiction according to Section 4-1-1, Table of Permitted Uses; or
 - 2. The application is incomplete; or
 - 3. If completed as proposed in the application, the development will not comply with one or more requirements of this Ordinance.
- F.** Even if the permit-issuing authority finds that the application complies with all other provisions of this Ordinance, it may still deny the special use permit request if it concludes, based upon the information submitted at the hearing, that if completed as proposed, the development, more probably than not:

 - 1. Will materially endanger the public health or safety; or
 - 2. Will substantially injure the value of adjoining or abutting property; or

3. Will not be in harmony with the area in which it is to be located; or
 4. Will not be in general conformity with the land use plan or other plans and policies officially adopted by the City Council.
- G. (Reserved)** [*amended April 7, 2008*]
- H.** The decision of the board shall be delivered within a reasonable time by personal delivery, electronic mail, or first-class mail to the applicant, landowner, and any person who has submitted a written request for a copy prior to the date the decision becomes effective. The person required to provide notice shall certify to the local government that proper notice has been made, and the certificate shall be deemed conclusive in the absence of fraud.
- I.** Without limiting the foregoing, the permit-issuing authority may attach to a special use approval a condition limiting the approval to a specified duration.
- J.** All additional conditions or requirements shall be specified in the letter of approval issued to the applicant by the Zoning Administrator.
- K.** All additional conditions or requirements authorized by this Section are enforceable in the same manner and to the same extent as any other applicable requirement of this Ordinance.
- L.** A vote may be taken on application conditions or requirements before consideration of whether the special use request should be denied for any of the reasons set forth in Sections 2-18, H or 2-18, F.
- M.** Right to an Impartial Decision Maker. Pursuant to the requirements of NCGS 160D-109 a member of the City Council or Board of Adjustment shall not vote on any advisory or legislative decision regarding a development regulation adopted pursuant to this Chapter where the outcome of the matter being considered is reasonably likely to have a direct, substantial, and readily identifiable financial impact on the member. An appointed board member shall not vote on any zoning amendment if the landowner of the property subject to a rezoning petition or the applicant for a text amendment is a person with whom the member has a close familial, business, or other associational relationship. If an objection is raised to a member's participation and that member does not recuse himself or herself, the remaining members shall by majority vote rule on the objection.

Amended June 7, 2021

2-19 Authorizing Use or Occupancy before Completion of Development under Zoning and Special Use Permits

- A.** In cases when, because of weather conditions or other factors beyond the control of the zoning or special use permit recipient (exclusive of financial hardship) it would be unreasonable to require the permit recipient to comply with all of the requirements of this Ordinance before commencing the intended use of the property or occupying any buildings, the permit-

issuing authority may authorize the commencement of the intended use or the occupancy of buildings (insofar as the requirements of this Ordinance are concerned) if the permit recipient provides an adequately secured performance bond or other security satisfactory to the permit-issuing authority to ensure that all of these requirements will be fulfilled within a reasonable period (not to exceed twelve months). The proposed performance bond and security shall be reviewed and approved by the city attorney, however, prior to the permit-issuing authority authorizing the intended use or occupancy. The procedure and requirements for bonding shall be in strict accordance with the provisions of Article 7, Section 8.

- B.** When the permit-issuing authority imposes additional requirements upon the special use permit recipient in accordance with this Article or when the developer proposes in the plans submitted to install amenities beyond those required by this Ordinance, the permit-issuing authority may authorize the permittee to commence the intended use of the property or to occupy any building before the additional requirements are fulfilled or the amenities installed if it specifies a date by which or a schedule according to which such requirements must be met or each amenity installed and if it concludes that compliance will be ensured as the result of any one or more of the following:
1. A performance bond and security satisfactory to the city attorney is furnished, as stated above;
 2. A condition is imposed establishing an automatic expiration date on the permit, thereby ensuring that the permit recipient's compliance will be reviewed when application for renewal is made; or
 3. The nature of the requirements or amenities is such that sufficient assurance of compliance is given by Section 11-4, Penalties and Remedies for Violations, and Section 11-6, Permit Revocation.

2-20 Completing Development in Phases

- A.** If a development is constructed in phases or stages in accordance with this Section, then, subject to subsection C., the provisions of Section 2-13 and Section 2-21 shall apply to each phase as if it were the entire development.
- B.** As a prerequisite to taking advantage of the provisions of subsection A., the developer shall submit plans that clearly show the various phases or stages of the proposed development and the requirements of this Ordinance that will be satisfied with respect to each phase or stage.
- C.** If a development that is to be built in phases or stages includes improvements that are designed to relate to, benefit, or be used by the entire development (such as a swimming pool or tennis courts in a residential development) then, as part of his application for development approval, the developer shall submit a proposed schedule for completion of such improvements. The schedule shall relate completion of such improvements to completion of one or more phases or stages of the entire development. Once a schedule has been approved and made part of the permit by the permit-issuing authority, no land may be used, no

buildings may be occupied except in accordance with the schedule approved as part of the permit, provided that:

1. If the improvement is one required by this Ordinance then the developer may utilize the provisions of Section 2-19, A; or
2. If the improvement is an amenity not required by this Ordinance or is provided in response to a condition imposed by the permit-issuing authority, then the developer may utilize the provisions of Section 2-19, B.

2-21 Expiration of Approved Permits and Site Plans

- A.** Except as provided in subsection F., zoning, sign, and special use permits (including approved site or plot plans) shall expire automatically if, within six months after the issuance of such permits:
 1. The use authorized by such permits has not commenced, in circumstances where no substantial construction, erection, alteration, excavation, demolition, or similar work is necessary before commencement of such use; or
 2. Less than ten percent of the total cost of all construction, erection, alteration, excavation, demolition, or similar work on any development authorized by such permits has been completed on the site. With respect to phased development (see Section 2-20), this requirement shall apply only to the first phase.
- B.** If, after some physical alteration to land or structures begins to take place, such work is discontinued for a period of one year, then the zoning or special use permit authorizing such work shall immediately expire. However, expiration of the permit shall not affect the provisions of Section 2-22.
- C.** The permit-issuing authority (Zoning Administrator, City Council, or Board of Adjustment, as applicable) may extend for a period up to six months the date when a zoning, sign or special use permit would otherwise expire pursuant to subsections A or B above if it concludes that (i) the permit has not yet expired, (ii) the permit recipient has proceeded with due diligence and in good faith, and (iii) conditions have not changed so substantially as to warrant a new application. Successive extensions may be granted for periods up to six months upon the same findings. All such extensions may be granted without resort to the formal processes and fees required for a new permit.
- D.** For purposes of this Section, the permit within the jurisdiction of the City Council or the Board of Adjustment is issued when the applicable permit-issuing authority votes to approve the application and issue the permit. A zoning permit within the jurisdiction of the Zoning Administrator is issued when the earlier of the following takes place:
 1. A copy of the fully executed permit is delivered to the permit recipient, and delivery is accomplished when the permit is delivered to the permit applicant; or

2. The Zoning Administrator notifies the permit applicant that the application has been approved and that all that remains before a fully executed permit can be delivered is for the applicant to take certain specified actions, such as having the permit executed by the property owner so it can be recorded, if required under Section 2-22, B.
- E. Notwithstanding any of the provisions of Article 10, Nonconformities, this Section shall be applicable to permits issued prior to the date this Ordinance becomes effective.
- F. Special use permits with a vested right established in accordance with Section 2-27, Zoning Vested Rights, shall expire at the end of the two-year vesting period established pursuant to Section 2-27.

2-22 Effect of Permit on Successors and Assigns

- A. Zoning, sign and special use permits authorize the permittee to make use of land and structures in a particular way. Such permits are transferable. However, so long as the land or structures or any portion thereof covered under a permit continues to be used for the purposes for which the permit was granted, then:
 1. No person (including successors or assigns of the person who obtained the permit) may make use of the land or structures covered under such permit for the purposes authorized in the permit except in accordance with all the terms and requirements of that permit; and
 2. The terms and requirements of the permit apply to and restrict the use of land or structures covered under the permit, not only with respect to all persons having any interest in the property at the time the permit was obtained, but also with respect to persons who subsequently obtain any interest in all or part of the covered property and wish to use it for or in connection with purposes other than those for which the permit was originally issued.

2-23 Amendments to and Modifications of Permits and Plans

- A. Insignificant deviations from the permit (including approved site plans) approved by the City Council, Board of Adjustment, or the Zoning Administrator are permissible and the Zoning Administrator may authorize such insignificant deviations. A deviation is insignificant if it has no discernible impact on neighboring properties, the general public, or those intended to occupy or use the proposed development.
- B. Minor design modifications or changes in permits (including approved site plans) are permissible with the approval of the permit-issuing authority. Such permission may be obtained without a formal application, evidentiary hearing, or payment of any additional fee. For purposes of this Section, minor design modifications or changes are those that have no substantial impact on neighboring properties, the general public, or those intended to occupy or use the proposed development.

- C. All other requests for changes in approved site plans will be processed as a modification to the original application. If such requests are to be acted upon by the City Council or Board of Adjustment, new conditions may be imposed only on the specific site or area requested to be modified in accordance with Section 2-18, but the applicant retains the right to reject such additional conditions by withdrawing his request for an amendment and may then proceed in accordance with the previously issued permit.
- D. The Zoning Administrator shall determine whether amendments to and modifications of permits fall within the categories set forth above in subsections A through C.
- E. A property owner requesting approval of changes shall submit a written request for such approval to the Zoning Administrator, which request shall identify the changes. Approval of all changes must be provided to the property owner in writing.
- F. A vested right established in accordance with Section 2-27 shall not be extended by any amendments or modifications to an approved site specific development plan unless expressly provided for by the City Council.

2-24 Reconsideration of Action on Special Use Permits

- A. Whenever the City Council or Board of Adjustment disapproves a special use permit application, on any basis other than the failure of the applicant to submit a complete application, such action may not be reconsidered by the permit-issuing authority at a later time unless the applicant clearly demonstrates that:
 1. Circumstances affecting the property that is the subject of the application have substantially changed; or
 2. New information is available that could not with reasonable diligence have been presented at a previous hearing. A request to be heard on this basis must be filed with the Zoning Administrator within the time period for an appeal to superior court (see Section 11-7, B). However, such a request does not extend the 30-day period within which an appeal must be taken.
- B. The permit-issuing authority may, however, at any time consider a new application affecting the same property as an application previously denied. A new application is one that differs in some substantial way from the one previously considered.
- C. The permit-issuing authority shall, by a majority vote, make the determination as to whether or not an amended application meets the criteria delineated in subsection A for a rehearing or qualifies as a new application pursuant to subsection B.

2-25 Maintenance of Common Areas, Improvements, and Facilities.

The recipient or the recipient's successor of any zoning or special use, shall be responsible for maintaining all common areas, improvements or facilities required by this Ordinance or any permit issued in accordance with its provisions, except those areas, improvements or facilities with respect to which an offer of

dedication to the public has been accepted by the appropriate public authority. As illustrations, and without limiting the generality of the foregoing, this means that private streets and parking areas, water and sewer lines, stormwater facilities, common open space, and recreational facilities must be properly maintained so that they can be used in the manner intended, and that required vegetation and trees used for screening, landscaping, or shading must be replaced if they die or are destroyed.

2-26 Development Agreements

To better structure and manage development approvals for large-scale, multiple-phase developments and to ensure their proper integration into local capital facilities programs, the City Council may enter into development agreements with developers, subject to the procedures and requirements of Chapter 160D, Article 10. A development agreement may specify that the developer furnish certain public facilities, but it must also provide that the delivery date of these public facilities will be tied to successful performance by the developer in completing the private portion of the development. A development agreement may specify that the project be commenced or completed within a certain period of time. A development must provide a

- A.** A description of the property subject to the Agreement and the names of its legal and equitable property owners;
- B.** The duration of the Agreement;
- C.** The development use permitted on the property, including population densities and building types, intensities, placement on the site, and design;
- D.** A description of public facilities that will serve the development, including who provides the facilities, the date any new facilities, if needed, will be connected, and a schedule to assure public facilities are available concurrent with the impacts of the development. If the Development Agreement provides that the City shall provide certain public facilities, the Development Agreement shall provide that the delivery date of such public facilities will be tied to successful performance by the Developer in implementing the proposed development (such as meeting defined completion percentages or other performance standards);
- E.** A description where appropriate, of any reservation or dedication of land for public purposes and any provisions agreed to by the Developer that exceed existing laws related to protection of environmentally sensitive features;
- F.** A description of any conditions, terms, restrictions, or other requirements for the protection of public health, safety or welfare; and
- G.** A description, where appropriate, of any provisions for the preservation and restoration of historic properties;

The term of the development agreement may not exceed 20 years. A development agreement must be approved by the City Council by ordinance. Before entering into a development agreement, the City Council shall conduct a public hearing following the same public hearing procedures and requirements delineated in Section 9-5 for zoning text amendments. The public hearing notice

shall specify (i) the location of the property subject to the development agreement, (ii) the development uses proposed on the property, and (iii) a place where a copy of the proposed development agreement can be obtained. Once executed by the City and the developer, the development agreement must be recorded with the register of deeds in the county where the property is located. The burdens of the development agreement are binding upon, and the benefits of the agreement shall inure to, all successors in interest to the parties to the agreement.

2-27 Zoning And Other Vested Rights

- A.** A person claiming a statutory or common law vested right petition as the owner of the property to the Development Director or designee, who shall make an initiated determination of a vested right. This decision may be appealed to the Board of Adjustment, as provided in NCGS 160D-108(c). The requirements set forth in 160D-108(c) are applicable to any such determination. A right which has been vested as provided for in this Section shall, as a general rule, is not a personal right, but shall attach and run with the applicable property. A vested right shall remain valid set forth in 160D-108 of the North Carolina General Statutes. After approval of a site specific development plan, all successors to the original landowner shall be entitled to exercise such vested rights. The City shall not require a landowner to waive his or her vested rights as a condition of developmental approval.

Amended June 7, 2021

- B.** Unless otherwise specifically provided, or unless clearly required by the context, the words and phrases defined in this Section shall have the meaning indicated when used in this Section.
1. Landowner.
Any owner of a legal or equitable interest in real property, including the heirs, devisees, successors, assigns, and personal representative of such owner. The landowner may allow a person holding a valid option to purchase to act as his agent or representative for purposes of submitting a proposed site specific development plan.
 2. Property.
All real property subject to the regulations and restrictions of this Ordinance as well as the zoning district boundaries established by this Ordinance and depicted on the official zoning map.
 3. Site specific development plan.

Such plan shall be in the form of a site plan required to obtain a special use permit. The information required by Section 2-10 and Appendix A, as applicable, shall be included. All site specific development plans shall be approved by the City Council.

4. Vested right.
The right to undertake and complete the development and use of property under the terms and conditions of an approved site specific development plan, or under common law.
- C. A vested right shall be deemed established, following the receipt of a petition from the property owner, upon the effective date of approval by the City Council of a site specific development plan. Following the approval of a site specific development plan, the Zoning Administrator shall issue a vested right certificate to the landowner which indicates the duration of the vesting period, the conditions, if any, imposed on the approval of the site specific development plan, and any other information determined by the Zoning Administrator to be necessary to administer the vested right.
- D. A vested right shall confer upon the landowner the right to undertake and complete the development and use of the property as delineated in the approved site specific development plan. The City Council may approve a site specific development plan upon such terms and conditions, as may be determined necessary to protect the public health, safety, and welfare. Failure to comply with the approved terms and conditions shall result in a forfeiture of vested rights.
- E. Approval by the City Council of a site specific development plan shall follow the procedural requirements for the issuance of a special use permit as outlined in Section 2-18. Changes in or modifications to an approved site specific development plan shall be made only with the concurrence of the City Council in accordance with the provisions of Section 2-23.

Amended June 7, 2021

- F. A vested right obtained under this section runs with the land and is valid for the time periods set forth in N.C.G.S 160D-108(d) from the effective date of approval by the City Council of a site specific development plan. A vested right shall not be extended by any amendments or modifications to an approved site-specific development plan unless expressly provided for by the City Council. A vested right shall expire at the end of the time periods set forth in NCGS 160D-108(d) if no building permit applications have been filed with the City of Mebane to construct the use or uses proposed in the approved site specific development plan. If building permits are issued, the provisions of NCGS 160D shall apply, except that a building permit shall not expire or be revoked because of the lack of progress during the vesting period.

Amended June 7, 2021

- G. A vested right, once established or provided for in this section, precludes any zoning action by the City of Mebane which would change, alter, impair, prevent, diminish, or otherwise delay the development or use of the property as set forth in the approved site specific development plan, except:
 1. With the written consent of the affected landowner;

2. Upon findings, by ordinance after notice and a public hearing, that natural or man-made hazards in the immediate vicinity of the property, if uncorrected, would pose a serious threat to the public health, safety, and welfare if the project were to proceed as contemplated in the site specific development plan;
 3. To the extent that the affected landowner receives compensation for all costs, expenses, and other losses incurred by the landowner, including, but not limited to, all fees paid in consideration of financing, and all architectural, planning, marketing, legal, and other consultant's fees incurred after approval by the city, together with interest thereon at the legal rate until paid. Compensation shall not include any diminution in the value of the property, which is caused by such action;
 4. Upon findings, by ordinance after notice and a public hearing, that the landowner or his representative intentionally supplied inaccurate information or made material misrepresentations which made a difference in the approval by the city of the site specific development plan; or
 5. Upon the enactment or promulgation of a state or federal law or regulation which precludes development as contemplated in the site specific development plan, in which case the city may modify the affected provisions, upon a finding that the change in state or federal law has a fundamental effect on the plan, by ordinance after notice and a public hearing.
- H.** The establishment of a vested right shall not preclude the application of overlay zoning which imposes additional requirements but does not affect the allowable type or intensity of use, or ordinances or regulations which are general in nature and are applicable to all property subject to land use regulation by the city, including, but not limited to, building, fire, plumbing, electrical, and mechanical codes.
- I.** Notwithstanding any provisions of this Section, the establishment of a vested right shall not preclude, change, or impair the authority of the City to enforce provisions of this Ordinance governing nonconforming situations or uses.
- J.** A vested right obtained under this section is not a personal right, but shall attach to and run with the applicable property. After approval of a site specific development plan, all successors to the original landowner shall be entitled to exercise such vested rights.
- K.** The city shall not require a landowner to waive his or her vested rights as a condition of developmental approval.

2-28 Certificate of Zoning Compliance

- A.** Except as otherwise specifically exempted elsewhere in this Ordinance, no building shall be occupied, no land shall be used, and the use of any land shall not be changed until a certificate of zoning compliance has been issued by the Zoning Administrator.

- B. The certificate of zoning compliance shall state that the building and/or proposed use of land complies with the provisions of this Ordinance.
- C. The certificate of zoning compliance shall be presented by the applicant to the City of Mebane Building Inspector prior to the city's issuance of a certificate of occupancy.
- D. Such temporary certificate shall bear the dates of issuance and expiration on the certificate, shall be clearly marked, 'Temporary', and shall stipulate such conditions and safeguards as will protect the safety of the occupants and the public.

2-29 Compliance with Overlay District Provisions, Environmental Regulations, and Development Standards

Additional requirements that are applicable to properties within overlay zoning districts and requirements for stormwater management, soil erosion and sedimentation control, watershed protection, flood damage prevention, and coordination with the Army Corps of Engineers regarding wetlands are delineated in Article 5. Use-specific standards that are applicable to those uses designated in Table 4-1-1, Table of Permitted Uses as 'D' or 'S' are provided in Article 4.

2-30 Revocation of Zoning, Sign, and Special Use Permits

See Section 11-6, Permit Revocation.
