INSTRUCTIONS TO BIDDERS

1. Plans and profiles, specifications, blank proposals and estimated amount of work to be done, must be obtained at the office of the City Engineer, 20 E. Central Ave., Miamisburg, Ohio 45342.

Caution: The contractor is cautioned to thoroughly familiarize himself with the plans, specifications, special notes, general information, and other pertinent data set forth in the general specifications. Also, to note carefully any regulations governing hours of work, minimum wages to be paid, insurance requirements, etc., all of which form a part of this proposal and/or contract, the same as if they were printed herein.

2. Bidders are advised to examine, before submitting their bids, the ground where the work is to be done, and all the surrounding conditions and circumstances affecting the work, as well as the drawings, specifications and form of contract. The submission of a proposal will be construed as an acknowledgment that the bidder fully understands the conditions and difficulties of the work, the plans, specifications, form of contract and all matters relating to the project.
3. Each bid or proposal must be made on the enclosed printed form, and the proposal together with a bid guaranty and contract bond, as hereinafter provided for, enclosed in a sealed envelope, directed to the City Engineer, 20 E. Central Ave., Miamisburg, Ohio, and endorsed on the outside of the envelope as:

2022 ASPHALT PAVING PROGRAM

4. Each bidder is required to furnish with its proposal, a bid guaranty and contract bond, in accordance with Section 153.54 of the Ohio Revised Code. Bid security furnished in bond form shall be equivalent to 100% of the bid price for the project, including alternatives, and shall be issued by a surety company or corporation, licensed in the State of Ohio to provide said surety.
5. Each bid shall contain the full name and correct address of every person, firm or company interested in same. If bidder is a corporation, the title of the officer signing the proposal must be stated and, if requested, evidence of authority of such officer to bind the corporation, must be given. If the bidder is a partnership, the signature of at least one of the partners must follow the firm name, using the term "member of firm." If the bidder is an individual, use the term "Doing business as _____", or "sole owner."
6. Bids shall state the price for each item enumerated in the schedule for the kind of improvement bid upon, except in contracts involving alternate bid items, in which the contractor has the option of bidding on one or more of said alternates. The unit price for each item is carried forward. In case of errors or discrepancies, the unit price as shown will govern in the computation of the bid.

Failure to comply with the provisions of this section may be deemed sufficient ground for rejection of any bid.

7. The proposals will be compared on the basis of the Engineer's estimate of quantities of work to be done and materials to be furnished. These quantities are approximate only and the City expressly reserves the right to increase or decrease the same or omit any item that the Engineer may deem advisable. On contracts which will be awarded on the basis of unit prices as submitted in the proposal, the City will look with disfavor upon a proposal submitted in which the bidder's unit prices are, or appear to the Engineer to be, unbalanced. The City Manager reserves the right to reject any bid, which in his opinion, appears unbalanced.
8. The bidder, if awarded the contract, must maintain a local headquarters where he can be reached readily.
9. No withdrawal or modification of a proposal will be permitted after it has been submitted.
10. Proposals will be publicly opened and read aloud.
11. The City of Miamisburg, Ohio reserves the right to reject any and all bids, to waive any informalities or irregularities, and further, reserves the right to accept any bids or parts of bids which it deems to best serve the interest of the City of Miamisburg, Ohio.
12. Evidence of collusion among bidders shall be sufficient cause for rejection of any or all bids. Participants in such collusion will receive no recognition as bidders for any future work of the City of Miamisburg.
13. Prior to the award of the contract, the City Manager may require the bidder to file a statement of the extent of their experience in the line of work herein proposed to be done, and the amount of capital and equipment they have available for the work.
14. The amount of the uncompleted work that the bidder has on hand, which might hinder or prevent the prompt completion of additional work, if awarded, will be considered by the City Manager in determining the lowest and best bid.
15. Four (4) executed counterparts of the contract and bond will be required.
16. If, at any time after execution and approval of this Contract and the performance bond required by the contract documents, the City of Miamisburg shall deem any of the sureties upon such bond to be unsatisfactory, or if, for any reason, such bond shall cease to be adequate security for the City of Miamisburg, the contractor shall within five days after notice by the City of Miamisburg to do so, furnish a new or additional bond, in form, sum and signed by such sureties, as shall be satisfactory to the City of Miamisburg. No further payment shall be deemed due, nor made to the contractor, unless and until such new or additional bond shall be furnished and approved.

17. The successful bidder, upon any improvement, should not begin work under any circumstances, before entrance into the written contract with the City and furnishing surety bond, in accordance with the laws of Ohio, and sections of the Code of General Ordinances of the City of Miamisburg, applicable to executing and entering into such contracts.
18. Each laborer, workman or mechanic employed by the contractor, the subcontractor, or any person about or upon the work to be performed in this project, will be paid not less than the prevailing wages, as required by the Statues of the State of Ohio. (Sections 4115.01 R.C. to 4115.14 R.C.) The schedule included in the specifications is the last schedule furnished the City by the Department of Industrial Relations of the State of Ohio, but may not be the final controlling schedule of minimum wages, and should be used as a guide only. The final controlling minimum wages are those paid in the same trade or occupation in the locality where such public work is being performed, under collective agreements, or understanding between bona fide organizations of labor and employers, at the time the contract is made and approved by the City Council. If there is no understanding in the immediate locality, then the prevailing rates of wages in the nearest locality shall control.

The contractor shall make his payroll record, in connection with the performance of this contract, available for inspection by the City at its request, for the purpose of determining that the wages paid by the contractor, to all persons employed in the performance of said contract, are not less than those required by the laws of the State of Ohio. (Section 4115.01 to 4115.14 R.C.) Upon completion of the contract and prior to the final payment, the contractor shall furnish an affidavit to the City, stating that the wages paid to all persons employed by the contractor in the performance of said contract, have not been less than those required by the Laws of the State of Ohio (Section 4115.01 to 4115.14 R.C.) on the date the contract is made and approved by the City Council.

19. The successful bidder will be required to provide the City with copies of insurance certificates which indicate that the bidder is carrying the following types of insurance: worker's compensation, comprehensive general liability, and automobile liability. The City at no time will be responsible for damage or injury occurring to bidders personnel, subcontractors or equipment. THE CITY SHALL BE NAMED AS AN ADDITIONAL INSURED PARTY ON ANY SUCH POLICIES.

Insurance coverage shall be at least as broad as Insurance Services Office form number GL0002 (Ed. 1/73), covering Comprehensive General Liability; and Insurance Services Office form number GL0404, covering Broad Form Comprehensive General Liability; or Insurance Services Office Commercial General Liability coverage, "occurrence" form CG0001. The successful bidder shall maintain limits on both comprehensive general liability and automobile liability insurance of no less than \$1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage.

This insurance during the life of this agreement will not be suspended, voided, canceled, or reduced in coverage or in limits.

The City reserves the right to cancel any contract if the successful bidder fails to maintain the required insurance coverages.

The bidder shall also carry underground property damage and collapse hazard insurance coverage of no less than \$1,000,000 per occurrence.

The bidder shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors shall be subject to all the requirements stated herein.

20. No contract between the City and the bidder shall be deemed to exist until a fully executed copy thereof, has been tendered and/or delivered to the contractor, or his duly authorized agent or representative.
21. The contractor to whom the contract is awarded, shall comply fully with the provisions of Sec. 153.59 and 153.60, Revised Code of Ohio, relative to discrimination and intimidation of employees.
22. The contractor shall procure, at his own expense, all necessary permits from the municipal or other public authorities, shall give all notices required by law or ordinances, and shall pay all fees and charges incident to the due and lawful prosecution of the work covered by this contract, and shall comply with all laws, regulations and ordinances.
23. Payments to the contractor shall be made in accordance with applicable sections of the City of Miamisburg, Ordinance No. 4403.

CITY OF MIAMISBURG RETAINAGE REGULATIONS

Pursuant to Ordinance No. 4403, adopted February 5, 1991, for any project where it is determined to be in the City's best interest to retain funds, the following procedures will apply in lieu of Ohio Revised Code Chapter 153.

1. The City of Miamisburg will pay the contractor at the rate of 90% of submitted and approved invoices, (retaining 10%) during the first half of the project. For certain projects, the City reserves the right to retain at a rate greater than 10% during the first half of the project, if approved by the Finance Director and City Manager.
2. When the project is 50% completed, as evidenced by the submission of invoices, no further funds will be retained.
3. Upon successful completion of the project and full acceptance by the City, within 30 days, retained funds will be paid to the contractor.

24. The project shall be completed by the contractor and accepted by the City on or before the 23rd day of September 2022.

In addition to any damages or claims available to the City, due to any and all acts of malfeasance, misfeasance, nonfeasance, negligence, undue delay or failure to adequately perform the work under the within contract/agreement, the contractor shall be liable to the City of Miamisburg in the amount of \$50.00 per day for each day the work is not complete, within the terms of the contract/agreement, when no written extension of time has been granted by the City.

25. The contractor shall guarantee all the work for a period of one (1) year from the date set forth in the "Contractor's Affidavit Final Estimate", against defects resulting from the use of inferior materials, equipment or workmanship. This guarantee period shall be covered by the "Contract Bond," as agreed upon between the owner and the contractor, prior to the final payment for the work.

The contractor will be required, during the life of this guarantee, to make all repairs or changes in the guaranteed work, which in the opinion of the owner are necessary as the result of the use of materials, equipment, or workmanship which are inferior, defective or not in accordance with the terms of the contract documents.

The contractor shall, promptly upon receipt of notice from the owner, and without expense to the owner, remove and replace all unsatisfactory work with suitable materials and equipment.

All prior estimates and payments, including those relating to "Changes in Work" or "Extra Work" shall be subject to correction by this "Final Estimate" for payment of the work included under these contract documents. The one (1) year guarantee period shall commence on the date of the "Contractor's Affidavit Final Estimate."

27. All bidders shall comply with Ohio Revised Code Section 5719.042, which requires all bidders to submit a verified statement of whether or not said bidders are delinquent, with respect to the personal property taxes, enumerated in said Section 5719.042.

Such statement shall be incorporated in the final agreement and contract as an exhibit thereto.

28. No bidder may withdraw his bid for a period of 60 days.

29. The contractor shall prepare a construction schedule prior to the start of actual construction, that must be approved by the City Engineer.

30. The contractor's attention is directed to the fact that the City of Miamisburg has an Income Tax Ordinance. Any questions, please call 937-847-6462.

The State of Ohio, Department of Transportation, "Construction and Material Specifications," latest issue, is included by reference and shall be considered part of this contract.

MAINTENANCE OF TRAFFIC

The contractor shall provide all necessary traffic control during construction and resurfacing, including advance notice of the work area.

Special attention of the contractor is to be given to the conditions of this item, particularly that portion dealing with the operation and maintenance of all traffic controls and traffic control devices. The performance of the work will conform to the requirements of the "Ohio Manual of Uniform Traffic Control Devices for Streets and Highways".

Traffic shall be maintained at all times to the satisfaction of the City Engineer. The item of maintaining traffic shall include the furnishing of lights, signs, barricades and flagmen equipped with "Walkie Talkie" radio gear that will ensure constant communication between the flagmen at all times in order to provide unimpeded flow of traffic.

A minimum of one lane of traffic must be maintained on all resurfacing streets unless approved detours are established and properly maintained.

City traffic control officers will be available for emergencies only. Any special duty officers required must be supplied by the contractor at his expense.

DESCRIPTION OF WORK

The City of Miamisburg's 2022 Asphalt Paving Program consists of nine (9) City streets, alleyways, and two (2) parking lots. In a cooperative effort, this year's program includes resurfacing twelve (12) Miami Township streets and administrative parking lot. See enclosed maps for Sunset Avenue, S. Main Street, Gebhart Church Road, Public Works Facility parking lot, Rice Field parking lot and entrance, and alleyways.

The contractor will be responsible for adjusting manholes, monument boxes, water valve boxes and cleaning on all streets, alleys and parking lots. The foreman of the crew shall meet with City personnel to review all the streets and project improvement areas to discuss any problems anticipated. This meeting shall be within five days prior to the actual work being started.

2. ITEM 254 – PAVEMENT PLANING

The removal shall be done by the cold milling process. All material removed shall become the property of the contractor and shall be promptly disposed of with the work area promptly swept and cleaned and kept in a safe condition for traffic. Debris from planing shall be cleaned from sidewalks and drives. Patched planed surfaces per Item 254.04 as directed by the Engineer. The Engineer will measure and pay the quantity of patched planed surface utilizing Ref No. 10, Asphalt Concrete Intermediate Leveling Course, Type 1, (449) PG 64-22.

Any curb and gutter chipped or damaged by this operation shall be replaced as directed by the Engineer.

The following streets contain areas of Full Depth Pavement Planing. This work includes grading and rolling of the existing gravel base prior to placement of 301 Asphalt Concrete Base on S. Main Street, Louis Street, Diana Avenue and administrative parking lot. Type 1 Asphalt Concrete Intermediate Course will be used on alleyways. Type 2 Asphalt Concrete Intermediate Course will be used on Innovation Boulevard. The Engineer will measure and pay the quantity of Full Depth Pavement Planing utilizing Ref. No. 5, Pavement Planing, Asphalt Concrete.

Loop Detectors – The following streets have loop detectors:

Martin's Drive/Access Road "A"

Coordinate Loop Detector work with the City of Miamisburg. All loop detector work is covered by City of Miamisburg in a separate maintenance contract.

Butt joints will be required as directed by the Engineer.

3. ITEM 422 – SINGLE CHIP SEAL (Not Applicable)

Use a polymer emulsified binder conforming to 702.16, Type A.

4. ITEM 441 – ASPHALT CONCRETE

The contractor shall bid a unit price per ton for the furnishing, applying, rolling and compacting the 401 Asphalt Concrete according to these specifications and at the direction of the City Engineer.

Any delay beyond the time given to start or complete said work (time for bad weather and holidays to be excepted) shall be charged at the rate of Fifty Dollars (\$50.00) per day, as liquidated damages for said delay. These damages are considered to be the cost of engineering and inspection associated with this contract.

Paint contact surfaces of curbing, gutters, manholes and other structures with a thin, uniform coating of asphalt material before placing the asphalt concrete against them.

End joints, intersecting roads, and pavement edge at the face of gutter plate to be sealed with a 4" ribbon of asphalt cement.

After completion of surface course, seal gutters with asphalt binder as directed by Engineer. Apply the material at a uniform width of approximately 4 inches and at a rate just sufficient to fill surface voids.

The following estimated quantities are to be used as directed by the City Engineer for drive approaches on Diana Avenue, Orchard Hill Drive, Louis Street and S. Main Street, and cost shall be included in the contract unit price for Item 441 – Asphalt Concrete Surface course, type 1 (449) PG 64-22.

20 TONS

5. ITEM 611 – MANHOLE ADJUSTED TO GRADE WITH CONCRETE APP

There are approximately 96 manhole castings within the proposed streets to be resurfaced. Of these 96 manholes, 46 are estimated to be adjusted to grade with concrete after paving of the streets. The contractor shall be responsible for furnishing all labor and equipment necessary to maintain traffic around the castings.

Any castings that require adjusting during construction will become the responsibility of the contractor. Any new castings required will be furnished to the contractor by the City of Miamisburg.

See detail below:

1. The castings that are excavated and raised must be properly barricaded, signed and lighted in accordance with the "Ohio Manual of Uniform Traffic Control Devices" such as not to impede traffic. This shall consist of filling the opening between the casting and the asphalt concrete with zero slump Class "C" concrete each day. This adjustment shall be completed before 3:00 P.M.

6. ITEM 644 – THERMOPLASTIC PAVEMENT MARKING

A. DESCRIPTION

B. MEASUREMENT AND PAYMENT

The pavement markings shall be paid for by estimated quantities listed in this section. All quantities are subject to verification by the vendor. All verifications must be made before any work starts, and in writing. Failure to submit verification will render the estimated quantities as actuals.

Pavement markings will be completed as soon as possible after paving is done.

Temporary pavement marking may be required.

PREVAILING WAGE DETERMINATION COVER LETTER

County: Montgomery

Determination Date: 2/10/22

Expiration Date: 5/10/22

THE FOLLOWING PAGES ARE PREVAILING RATES OF WAGES ON PUBLIC IMPROVEMENTS FAIRLY ESTIMATED TO BE MORE THAN THE AMOUNT IN O.R.C. SEC. 4115.03 (b) (1) or (2), AS APPLICABLE.

Section 4115.05 provides, in part: "Where contracts are not awarded or construction undertaken within ninety days from the date of the establishment of the prevailing wages, there shall be a redetermination of the prevailing rate of wages before the contract is awarded." The expiration date of this wage schedule is listed above for your convenience only. This wage determination is not intended as a blanket determination to be used for all projects during this period without prior approval of this Department.

Section 4115.04, Ohio Revised Code provides, in part: "Such schedule of wages shall be attached to and made a part of the specifications for the work, and shall be printed on the bidding blanks where the work is done by contract..."

The contract between the letting authority and the successful bidder shall contain a statement requiring that mechanics and laborers be paid a prevailing rate of wage as required in Section 4115.06, Ohio Revised Code.

The contractor or subcontractor is required to file with the contracting public authority upon completion of the project and prior to final payment therefore an affidavit stating that he has fully complied with Chapter 4115 of the Ohio Revised Code.

The wage rates contained in this schedule are the "Prevailing Wages" as defined by Section 4115.03, Ohio Revised Code (the basic hourly rates plus certain fringe benefits). These rates and fringes shall be a minimum to be paid under a contract regulated by Chapter 4115 of the Ohio Revised Code by contractors and subcontractors. The prevailing wage rates contained in this schedule include the effective dates and wage rates currently on file. In cases where future effective dates are not included in this schedule, modifications to the wage schedule will be furnished to the Prevailing Wage Coordinator appointed by the public authority as soon as prevailing wage rates increases are received by this office.

"There shall be posted in a prominent and accessible place on the site of work a legible statement of the Schedule of Wage Rates specified in the contract to the various classifications of laborers, workmen, and mechanics employed, said statement to remain posted during the life of such contract." Section 4115.07, Ohio Revised Code.

Apprentices will be permitted to work only under a bona fide apprenticeship program if such program exists and if such program is registered with the Ohio Apprenticeship Council.

Section 4115.071 provides that no later than ten days before the first payment of wages is due to any employee of any contractor or subcontractor working on a contract regulated by Chapter 4115, Ohio Revised Code, the contracting public authority shall appoint one of his own employees to act as the prevailing wage coordinator for said contract. The duties of the prevailing wage coordinator are outlined in Section 4115.071 of the Ohio Revised Code.

Section 4115.05 provides for an escalator in the prevailing wage rate. Each time a new rate is established, that rate is required to be paid on all ongoing public improvement projects.

A further requirement of Section 4115.05 of the Ohio Revised Code is: "On the occasion of the first pay date under a contract, the contractor shall furnish each employee not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of Labor with individual written notification of the job classification to which the employee is assigned, the prevailing wage determined to be applicable to that classification, separated into the hourly rate of pay and the fringe payments, and the identity of the prevailing wage Coordinator appointed by the public authority. The contractor or subcontractor shall furnish the same notification to each affected employee every time the job classification of the employee is changed."

Work performed in connection with the installation of modular furniture may be subject to prevailing wage.

THIS PACKET IS NOT TO BE SEPARATED BUT IS TO REMAIN COMPLETE AS IT IS SUBMITTED TO YOU. (Reference guidelines and forms are included in this packet to be helpful in the compliance of the Prevailing Wage law.)
