

Successor Housing Entity – Montclair Housing Authority

H&SC section 34176.1 (f) Section 33080.1 of this code and Section 12463.3 of the Government Code shall not apply. Instead, the housing successor shall conduct, and shall provide to its governing body, an independent financial audit of the Low and Moderate Income Housing Asset Fund within six months after the end of each fiscal year, which may be included in the independent financial audit of the host jurisdiction. If the housing successor is a city or county, it shall also include in its report pursuant to Section 65400 of the Government Code and post on its Internet Web site all of the following information for the previous fiscal year. If the housing successor is not a city or county, it shall also provide to its governing body and post on its Internet Web site all of the following information for the previous fiscal year:

Response:

The Montclair Housing Authority's and Montclair Housing Corporation's financial information is part of the annual financial audit report prepared for the City of Montclair and therefore it meets the requirement by being included "in the independent financial audit of the host jurisdiction".

- (1) The amount deposited to the Low and Moderate Income Housing Asset Fund, distinguishing any amounts deposited for items listed on the Recognized Obligation Payment Schedule from other amounts deposited.

Response:

The operations of Low and Moderate Income Housing are separated and reported by two entities. The Montclair Housing Authority (Housing Authority) is the Successor Housing Entity which under the redevelopment dissolution law took over housing assets from the City of Montclair Redevelopment Agency Low and Moderate Income Housing Funds upon its dissolution. Those housing assets included single and multifamily residential housing units which are operated and maintained by the Montclair Housing Corporation (Housing Corporation) which is a separate 501(c)(3) non-profit California Corporation. The rents and other income from the housing operations belong to the Housing Authority; however, they are granted to the Housing Corporation for use in covering expenses of operating the various housing units. Below is a summary of the deposits of both of these entities for fiscal year 2016-17:

	Housing Authority	Housing Corporation	Total
Deposits for fiscal year 2016-17	\$ 54,474.00	\$ 909,630.00	\$ 964,104.00
Deposit detail:			
Grant from Housing Authority - Rental income	\$ -	\$ 900,436.00	\$ 900,436.00
Interest earnings	-	9,194.00	9,194.00
Loan repayments	54,474.00	-	54,474.00
	\$ 54,474.00	\$ 909,630.00	\$ 964,104.00

None of the deposits above relate to any obligations listed on a Recognized Obligation Payment Schedules.

- (2) A statement of the balance in the fund as of the close of the fiscal year, distinguishing any amounts held for items listed on the Recognized Obligation Payment Schedule from other amounts.

Response:

Since this section does not define what "balance" is required, the fund balances present in the Low and Moderate Income Housing Asset Fund of the Montclair Housing Authority and the fund balance of the Montclair Housing Corporation are presented and detailed into their component amounts. Those balance and amounts are as follows as of June 30, 2017:

	<u>Housing Authority</u>	<u>Housing Corporation</u>	<u>Total</u>
Fund Balance	<u>\$ 14,899,624.42</u>	<u>\$ 2,035,016.62</u>	<u>\$ 16,934,641.04</u>
Components of Fund Balance:			
Nonspendable - Residential Real Estate	\$ 12,141,000.00	\$ -	\$ 12,141,000.00
Nonspendable - Residual Receipt Loan Receivable	2,599,907.72	-	2,599,907.72
Unassigned	<u>158,716.70</u>	<u>2,035,016.62</u>	<u>2,193,733.32</u>
	<u>\$ 14,899,624.42</u>	<u>\$ 2,035,016.62</u>	<u>\$ 16,934,641.04</u>

- (3) A description of expenditures from the fund by category, including, but not limited to, expenditures (A) for monitoring and preserving the long-term affordability of units subject to affordability restrictions or covenants entered into by the redevelopment agency or the housing successor and administering the activities described in paragraphs (2) and (3) of subdivision (a), (B) for homeless prevention and rapid rehousing services for the development of housing described in paragraph (2) of subdivision (a), and (C) for the development of housing pursuant to paragraph (3) of subdivision (a).

Response:

Total expenditures for fiscal year 2016-17 by category were as follows:

	<u>Housing Authority</u>	<u>Corporation</u>	<u>Total</u>
Expenditures:			
Administrative costs	\$ -	\$ 289,342.30	\$ 289,342.30
Legal costs	353.00	-	353.00
Insurance	-	21,572.30	21,572.30
Management service company costs	-	503,505.81	503,505.81
Repairs and maintenance	-	112,426.06	112,426.06
Permits	-	896.00	896.00
Total	<u>\$ 353.00</u>	<u>\$ 927,742.47</u>	<u>\$ 928,095.47</u>

Operations of the multifamily residential units owned by the Montclair Housing Authority (Successor Housing Entity) are done through the Montclair Housing Corporation a separate 501(c)(3) nonprofit corporation. As such, the Montclair Housing Authority has not directly incurred any expenditures for monitoring or administering affordability restrictions or covenants as these are done by the Montclair Housing Corporation as part of administering and preserving those properties. All properties owned by the Housing Authority have 55 year deed restrictions present for low and moderate income housing purposes.

- (4) As described in paragraph (1) of subdivision (a), the statutory value of real property owned by the housing successor, the value of loans and grants receivable, and the sum of these two amounts.

Response:

The statutory values of real property, loans and grants receivable at June 30, 2017 were as follows:

	<u>Housing Authority</u>
Real property	\$ 12,141,000.00
Residual receipt loans receivable	13,109,029.73
Rehabilitation loans receivable	<u>127,877.79</u>
Total Real Property and Receivables	<u>\$ 25,377,907.52</u>

- (5) A description of any transfers made pursuant to paragraph (2) of subdivision (c) in the previous fiscal year and, if still unencumbered, in earlier fiscal years and a description of and status update on any project for which transferred funds have been or will be expended if that project has not yet been placed in service.

Response:

No transfers of monies have been done by the Montclair Housing Authority or from the Montclair Housing Corporation from the time the dissolution act was implemented (February 1, 2012) through June 30, 2017.

- (6) A description of any project for which the housing successor receives or holds property tax revenue pursuant to the Recognized Obligation Payment Schedule and the status of that project.

Response:

The Montclair Housing Authority and the Montclair Housing Corporation receive no property tax revenues. Neither of these entities have received nor currently holds any tax revenues pursuant to a Recognized Obligation Payment Schedule.

- (7) For interests in real property acquired by the former redevelopment agency prior to February 1, 2012, a status update on compliance with Section 33334.16. For interests in real property acquired on or after February 1, 2012, a status update on the project.

Response:

Section 33334.16 of the Health and Safety Code generally requires that for each interest in real property acquired by a redevelopment agency with Low to Moderate Income Housing Fund monies, a redevelopment agency must begin the development or rehabilitation of the property within five years from the date of acquisition. In the case of the former City of Montclair Redevelopment Agency, all properties acquired by the former Redevelopment Agency have been (or are in process of being) rehabilitated or sold for new housing development. The narrative below provides an update on the status of the units and/or property owned by the former City of Montclair Redevelopment Agency upon redevelopment agency dissolution in February 2012.

The former City of Montclair Redevelopment Agency was the owner of 98 units of affordable housing. The housing units were purchased and rehabilitated by the former Redevelopment Agency with Low-and Moderate-Income Housing Funds. The 98 units contain 55 year deed restrictions for affordability; approximately 80 percent of the units are deed restricted for very low income families; and over 300 people currently reside in these units.

On April 4, 2011, the Redevelopment Agency Board of Directors and the Montclair Housing Corporation Board of Directors approved the sale of 98 housing units to the Montclair Housing Corporation with the approval of Redevelopment Agency Special Counsel. The properties were sold by the Redevelopment Agency to the Montclair Housing Corporation for approximately \$12 million with the provision that all loan payments would be forgiven as long as the properties remained affordable housing subject to 55-year affordability covenants. The Montclair Housing Corporation was established in June 1994 to maintain and manage certain rental properties that the former Redevelopment Agency purchased and rehabilitated for the purpose of providing affordable housing with Low- and Moderate-Income Housing Funds to meet Health and Safety Code Inclusionary requirements. The City Council acts as the Board of Directors for the Montclair Housing Corporation.

While auditing the former City of Montclair Redevelopment Agency, the State Controller never questioned the validity of the asset transfer to the Montclair Housing Corporation. However, upon issuance of its draft Report in November 2012, the Controller's Office indicated that the housing units transferred to the Montclair Corporation should be returned to the Successor Agency. Successor Agency staff responded to the State Controller's conclusion indicating that the 98 units were existing units of affordable housing containing over 300 tenants. In addition, all the units contain 55 year affordability covenants. The State Controller's staff verbally communicated to Successor Agency staff saying that the units could be retained by the Montclair Housing Corporation upon adoption of a Resolution affirming such action by the Oversight Board. The Oversight Board approved Resolution No. 13-02 approving the transfer of the housing units to the Montclair

Housing Corporation on January 23, 2013. The Final Report issued by the State Controller's Office dated March 6, 2013 indicated the Oversight Board had authorized the property transfer and no further action was necessary.

After receipt and review of Resolution No. 13-02 by the Department of Finance (DOF) a letter was received from DOF on May 15, 2013 disallowing the transfer of the 98 housing units to the Montclair Housing Corporation. The action by DOF indicated no "Meet and Confer" on this action was authorized. The letter from DOF did remand the action back to the Oversight Board for consideration. Successor Agency staff verbally communicated with DOF where it was indicated that the housing assets in question should be placed on the Long Range Property Management Plan. It should be noted that DOF did not question the placement of these 98 housing units as assets on the Housing Asset Transfer list submitted by the Successor Agency and Oversight Board in July 2012. As directed by DOF, staff included the housing units in the first draft of the Long Range Property Management Plan.

After conference with legal counsel, Successor Agency staff submitted Resolution No. 13-10 to the Oversight Board for consideration. This resolution directed the Successor Agency to transfer the 98 units of rental housing to the Montclair Housing Authority (Successor Housing Agency) as housing assets. On September 11, 2013, the Oversight Board adopted Resolution No. 13-10 directing the Successor Agency to transfer the 98 low- and moderate-income housing units to the Montclair Housing Authority. On September 18, 2013, DOF Analyst Hanzhao Meng pulled Resolution No. 13-10 for review.

The Successor Agency to the City of Montclair Redevelopment Agency was finally allowed to delete the 98 units of low- to moderate-income housing (**Housing Assets**) in the Long- Range Property Management Plan that were held by the Montclair Housing Corporation. Per direction from DOF, pursuant to DOF Determination on OB Resolution No. 13-10 dated December 13, 2013, the transfer of the 98 units to the Montclair Housing Authority was approved.

Of the 98 units, the only unit requiring rehabilitation at the time of dissolution was the property at 5444 Palo Verde Street purchased prior to dissolution in 2011. Since its acquisition, this property has undergone extensive rehabilitation to clear trees and overgrown vegetation and to correct a variety of building code violations. The remaining items to be performed on the unit included replacement of broken windows and painting the exterior of the house. The house is currently ready to be rented to an income qualifying family.

The other property owned by the former Redevelopment Agency upon dissolution was located at 4113 Kingsley Street. The .47-acre property was acquired by the former Redevelopment Agency on January 20, 2009. The purchase price for the property was \$330,000. The property was acquired with Low to Moderate Income Housing Funds. At the time the property was acquired, staff held preliminary discussions with National CORE to determine its interest in considering the site for special needs housing. Development of a Special Needs Housing project was of interest to National CORE. National CORE developed similar projects in the past and has partnered with nonprofit social service providers regarding tenancy and social service needs. The proposed location for the National CORE Special Needs project lies directly east of Vista Del Cielo on the southwest corner of Kingsley Street and Pradera Avenue. This site also serves as an entry corner for the Montclair Meadows Foundation Area and the San Antonio Vista Apartments. On September 8, 2009, the Redevelopment Agency Board of Directors approved an Exclusive Right to Negotiate Agreement between the City of Montclair Redevelopment Agency and National CORE regarding the 4113 Kingsley Street site. Through the Exclusive Right to Negotiate Agreement, the Redevelopment Agency Low and Moderate Income Housing Fund provided National CORE with a predevelopment loan of approximately \$252,000. These funds were used to develop building plans for the property and to gain City entitlements. The project was entitled by the Planning Commission on March 14, 2011.

An Option Agreement regarding purchase of 4113 Kingsley Street was approved by the Redevelopment Agency Board of Directors and National CORE on October 19, 2009. The Option Agreement provided National CORE with the ability to apply for United States Department of Housing and Urban Development (HUD) Section 811 funding to finance the development of affordable housing for developmentally disabled

persons. The Option Agreement also committed that the Redevelopment Agency Board of Directors would consider providing National CORE with a residual receipts loan of at least \$1.6 million. National CORE received a commitment for funding from the Section 811 program in 2010. However, National CORE still found itself in need of additional funding for the project and sought to apply for the California 9 Percent Low-Income Housing Tax Credit (LIHTC) program. Therefore, on December 30, 2010, the Option Agreement with National CORE was extended until December 30, 2012.

National CORE was successful at receiving 9 Percent LIHTC and with the HUD Section 811 funding, National CORE was ready to finance the 18-unit Special Needs Housing Project for persons with developmental disabilities for several months. National CORE wrote a letter to the Successor Agency seeking to exercise the option for acquisition of the property. In addition, without an open escrow for the site, National CORE would be in danger of losing its commitment for HUD financing.

A public hearing to consider the Disposition and Development Agreement (DDA) with National CORE regarding the Special Needs Housing Project at 4113 Kingsley Street was set to be considered by the Redevelopment Agency Board of Directors and City Council on July 5, 2011. Unfortunately, Governor Brown signed the redevelopment dissolution legislation, AB 1X 26, on June 27, 2011. Therefore, the Redevelopment Agency Board of Directors and City Council were not able to approve the DDA with National CORE and the 4113 Kingsley Street property returned to its state as an unimproved asset of the redevelopment agency.

With the official dissolution of redevelopment agencies on February 1, 2012, the City of Montclair formed the Montclair Housing Authority to assume responsibility for former redevelopment agency housing assets. The City became the successor agency for former redevelopment agency's nonhousing assets. Successor Agency Special Counsel opined that housing assets should be transferred to the housing successor agency by matter of law so a grant deed was not recorded to commemorate the transfer.

With the adoption of AB 1484 on June 27, 2012, the housing assets of each former redevelopment agency were to be listed on a Housing Asset Transfer form and submitted to the Department of Finance (DOF) for approval. The submittal of the Housing Asset Transfer form to DOF had to be completed by August 1, 2012. The Housing Asset Transfer form for the former City of Montclair Redevelopment Agency included the property located at 4113 Kingsley Street. The Housing Asset Transfer form listed this property as a site to be used for an affordable Special Needs Housing project having a valid Option to Purchase Agreement by National CORE. In addition, the Oversight Board approved the Housing Asset Transfer form on July 25, 2012 and adopted Resolution No. 12-11 approving the transfer of housing assets to the Montclair Housing Authority.

On August 25, 2012, the DOF made the determination that the 4113 Kingsley Street property was not a housing asset. Successor Agency staff submitted a Request to "Meet and Confer" regarding this matter on September 13, 2012. The "Meet and Confer" with DOF was conducted on November 21, 2012. Representatives from National CORE and the Successor Agency staff presented the background regarding the property and discussed the lawsuit that would ensue if DOF maintained its position that 4113 Kingsley Street was not a housing asset. Finally, on December 21, 2012 DOF issued a letter reversing the determination that 4113 Kingsley Street was a nonhousing asset.

The Successor Agency Board of Directors approved the transfer of the 4113 Kingsley Street property to the Montclair Housing Authority with a grant deed on January 22, 2013. The Montclair Housing Authority also approved a Purchase and Sale Agreement to National CORE on January 22, 2013 so that National CORE's grant of HUD 811 financing could be preserved. The Montclair Housing Authority approved a Disposition and Development Agreement with National CORE on February 2, 2013, more fully detailing the terms of the purchase agreement between the Montclair Housing Authority and National CORE. The Montclair Housing Authority was not able to provide the \$1.6 million in assistance previously committed by the Redevelopment Agency. National CORE took possession of the property in early 2013. The 18-unit project was completed and occupied by spring of 2014. National CORE named the Montclair Special Needs Housing Project "San

Emi." Subsequent to financing the San Emi Special Needs Housing Project, HUD discontinued the HUD 811 program. San Emi may be the last HUD project constructed with this funding source.

Adults residing in the San Emi Special Needs Housing project need to have the capacity and ability for independent living. However, these proposed residents have the need for special services. Therefore, the Special Needs Housing project is operated slightly differently than the other National CORE Housing Projects (the San Marino Senior Apartments, the San Antonio Vista Apartment Project, or the Vista Del Cielo Apartment Project). The difference in operation is reflected in social service delivery. While all the other National CORE projects have community, recreational, or educational programs, the San Emi Special Needs Housing project has a social service provider that monitors and follows up on the needs of the resident population.

The nonprofit social service provider for the San Emi Project selected by National CORE is United Cerebral Palsy of Los Angeles. United Cerebral Palsy of Los Angeles is experienced in operating special needs housing for the develop-mentally disabled. This organization currently services 11 independent living apartments and 25 community-based homes to help address affordable and accessible housing in Los Angeles, Orange, and Santa Barbara counties. The Montclair Special Needs Housing project is the first project served by United Cerebral Palsy of Los Angeles in San Bernardino County.

- (8) A description of any outstanding obligations pursuant to Section 33413 that remained to transfer to the housing successor on February 1, 2012, of the housing successor's progress in meeting those obligations, and of the housing successor's plans to meet unmet obligations. In addition, the housing successor shall include in the report posted on its Internet Web site the implementation plans of the former redevelopment agency.

Response:

The only obligations which remained to be transferred to the housing successor as of February 1, 2012 pursuant to Section 33413 were those units and property detailed in Question 7 above. As stated, all units and property have been transferred and land at 4113 Kingsley Street has been developed for affordable housing. All units transferred or developed are used to satisfy Section 33413 requirements.

As of February 1, 2012 all of the Redevelopment Agency's 33413 objectives were satisfied and an excess of 56 affordable units were produced.

With the completion of the San Emi Special Needs Housing Project in 2014, the Housing Successor Entity (Housing Authority) currently has 73 units of deed restricted affordable housing in excess of current Section 33413 production requirements. At June 30, 2017, the Housing Authority had \$158,580.78 in cash. The Housing Corporation owed the Housing Authority over \$3 million in loan repayment; however, the Housing Corporation found that it could not afford to repay the Housing Authority. Therefore, this amount was forgiven by the Housing Authority because the Housing Corporation could not repay this debt. There is very little revenue for affordable housing in the Housing Authority coffers. Furthermore, it should be noted that the Housing Authority and the Housing Corporation are responsible for the long term maintenance of 98 existing affordable units. In the future, the Housing Corporation may need to borrow cash from the Housing Authority to cover costs for major repairs associated with those units because rental of the majority of the units to very low income households does not create excess cash flow for long term maintenance items. Without a permanent revenue source, such as existed with the Low and Moderate Income Housing Fund, these entities will have a difficult time of increasing production of affordable housing.

Implementation Plans shall be posted on the Internet Web site.

(9) The information required by subparagraph (B) of paragraph (3) of subdivision (a).

Response:

The Housing Authority interprets this requirement as follows:

(B) If the housing successor fails to comply with the extremely low income requirement in any five-year report, then the housing successor shall ensure that at least 50 percent of these remaining funds expended in each fiscal year following the latest fiscal year following the report are expended for the development of rental housing affordable to, and occupied by, households earning 30 percent or less of the area median income until the housing successor demonstrates compliance with the extremely low income requirement in an annual report described in subdivision (f).

Section 34176.1 of the Health and Safety Code became effective January 1, 2014. The Montclair Housing Authority had no clear direction from DOF on the status of the 98 units of affordable housing owned by the former Redevelopment Agency until December 13, 2013. Furthermore, the Successor Housing Authority, at June 30, 2017, had \$158,580.78 in cash. This source of income is non-reoccurring. The only additional source of funding for the Montclair Housing Authority will be made available through the repayment of residual receipts loans. Residual receipts loans were made to National CORE and Augusta Homes. Residual receipts income is only derived when income exceeds expenses from maintenance, operations, and payment to creditors in a first position. Thus, residual receipts loans do not constitute a steady income stream. Therefore, as indicated in Question 8 above, future project revenue to advance new affordable housing projects is dubious.

The San Emi Special Needs Housing Project was completed in the 2013-14 fiscal year, 17 units of affordable deed restricted housing were created. Eight of the 17 units (47 percent) are provided to persons or families earning 30 percent or less of the area median income. Presuming the provisions of Section 34176.1 (a)(3)(A) begin on January 1, 2014, the Montclair Housing Authority complies with this Section.

(10) The percentage of units of deed-restricted rental housing restricted to seniors and assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the previous 10 years in relation to the aggregate number of units of deed-restricted rental housing assisted individually or jointly by the housing successor, its former redevelopment agency, and its host jurisdiction within the same time period.

Response:

The following affordable deed restricted rental housing units have been assisted by the City of Montclair Redevelopment Agency or Montclair Housing Authority within the last 10 years:

- San Antonio Vista Family Apartments-74 units
- San Marino Senior Apartments-84 units
- Vista del Cielo Family Apartments-49 units
- Dominguez Project-2 units
- Montclair Housing Corporation-2 units
- San Emi Special Needs Apartments-17 units

The City of Montclair Redevelopment Agency or the Montclair Housing Authority assisted 228 affordable deed restricted rental housing projects in the last 10 years. Eighty four of the 228 rental units or approximately 38 percent of the units were, therefore, deed restricted for use by qualifying senior renters. The percentage of restricted senior units falls below 50 percent of the deed restricted units.

(11) The amount of any excess surplus, the amount of time that the successor agency has had excess surplus, and the housing successor's plan for eliminating the excess surplus.

Response:

When the City of Montclair Redevelopment Agency was eliminated there was no excess surplus. Because all available amounts, since that point in time, have been distributed to the taxing entities through the Low

and Moderate Housing Due Diligence Review and subsequent payment by the Successor Agency, there presently exists no carryover of excess surplus. Because the Montclair Housing Authority (Successor Housing Entity) receives no property taxes, excess surplus provisions do not apply.

Independent Auditor's Report

The Honorable City Council
City of Montclair, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Montclair (the "City"), as of and for the year ended June 30, 2017, and the related notes to the financial statements which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the City of Montclair, as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City's basic financial statements. The schedules listed in the Supplementary Information section of the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules listed in the Supplementary Information section of the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used

to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules listed in the Supplementary Information section of the table of contents are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated December 12, 2017 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
June 30, 2017

Fund Balances of Governmental Funds	\$	61,120,689
Amounts reported for Governmental Activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		99,370,407
Long-term debt and compensated absences are not due and payable in the current period and, therefore, are not reported in the funds.		
Bonds		(45,056,053)
Claims and Judgements		(3,486,603)
Compensated Absences		(1,673,806)
Net Pension Liability		(57,461,760)
Accrued interest payable for the current portion of interest due on bonds has not been reported in the governmental funds.		(449,084)
Amounts for deferred inflows and deferred outflows related to the City's Net Pension Liability are not reported in the funds.		
Deferred Outflows Related to Pensions		12,882,934
Deferred Inflows Related to Pensions		(4,487,295)
Amounts for deferred outflows related to the City's defeasance of prior bonds are not reported in the funds.		267,751
Governmental funds report all contributions in relation to the Annual Required Contribution (ARC) for OPEB as expenditures, but in the Statement of Net Position any excess or deficiencies in relation to the ARC are recorded as an asset or a liability.		(2,226,757)
Other long-term assets are not available to pay for current period expenditures and, therefore, are not reported as available revenues in the funds.		<u>135,427</u>
Net Position of Governmental Activities	\$	<u><u>58,935,850</u></u>

City of Montclair
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
Year Ended June 30, 2017

Net Change in Fund Balances - Total Governmental Funds \$ (2,807,174)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as an expenditures. However in the Statement of Activities the cost of these assets is allocated over their estimated useful lives as depreciation expense.

Acquisition of Capital Assets	5,582,299
Depreciation Expense	(4,172,671)
Loss on Disposal	-

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are amortized in the Statement of Activities.

Debt Issuance	-
Amortization of Premium on Refunding Bond	55,573
Principal Repayments	760,000
Amortization of Deferred Outflow on Refunding	(9,563)

Claims and judgments expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds. 55,909

The net OPEB Obligation reported in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds. The following amount represents the net change in the OPEB obligation. (19,000)

Accrued interest payable is not reported in the governmental funds. 13,188

To record the net change in compensated absences in the Statement of Activities. (42,513)

Some revenues reported in the Statement of Activities are not considered to be available to finance current expenditures and therefore are not reported as revenues in the governmental funds. (403,185)

Some expenses reported in the Statement of Activities relating to pensions do not require the use of current financial resources and are not reported as governmental fund expenditures.

Net change in Deferred Outflows Related to Pensions	9,054,089
Net change in Deferred Inflows Related to Pensions	313,421
Increase in Net Pension Liability	<u>(10,067,624)</u>

Change in Net Position of Governmental Activities \$ (1,687,251)

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Description of Entity

The reporting entity is a municipal corporation governed by an elected mayor and a four-member council. As required by accounting principles generally accepted in the United States of America, these financial statements present the City of Montclair (the City), and its component units, entities for which the City is considered financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operation, so data from these units are combined herein. The following criteria were used in the determination of blended units:

The members of the City Council also act as the governing body of the Montclair Housing Corporation, the Montclair Housing Authority, the Montclair Public Financing Authority (PFA), and the Montclair Community Foundation (Foundation). The City, Housing Corporation, Housing Authority, PFA, and Foundation are financially interdependent. The Housing Corporation, Housing Authority, PFA, and Foundation are managed by employees of the City. A portion of the City's salary and overhead expenses are billed to the Housing Corporation and Housing Authority each year. The City of Montclair was incorporated April 25, 1956, under the general laws of the State of California and enjoys all the rights and privileges pertaining to "General Law" cities.

Blended Component Units

The Montclair Housing Corporation was established in September 1993. The Corporation presently manages 98 residential units which are occupied by over 300 people. Those properties are covered by 55 year deed restrictions for affordability and approximately 80 percent of those deed restrictions are for very low income families.

The Montclair Housing Authority (the Authority) was established on July 18, 2011 to minimize the amount of unsanitary and unsafe inhabited dwelling accommodations and to provide decent, safe, sanitary, and affordable dwelling accommodations to persons of low income. On January 12, 2012, the Authority elected to serve as the Successor Housing Agency of the City of Montclair Redevelopment Agency (former redevelopment agency) and in accordance with that role it has received transferred Low and Moderate Housing assets of the former redevelopment agency as part of the dissolution process.

The Montclair Public Financing Authority was established through a Joint Exercise of Powers Agreement, dated as of September 1, 2014, by and between the City and the Montclair Housing Authority. The Authority is qualified to assist in the financing of certain public improvements and to issue Bonds under the Bond Law.

The Montclair Community Foundation, a separate 501(c)(3) organization, was established to provide various community services, and is funded by contributions from the community.

Separate financial statements are not prepared for the Corporation, the Authority, the PFA, or Foundation.

B) Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this period, the government considers revenues to be available if they are collected within 90 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *2014 Refunding Bonds Fund* accounts for the debt proceeds yet to be expended.

The *Successor Agency Bonds Capital Projects Fund* accounts for bond funds to be expended on various approved projects.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

The *Infrastructure Capital Projects Fund* accounts for amounts committed by the City Council to be expended on various capital improvement projects, to be funded by multiple City funding sources, including federal grants.

The City reports the following major proprietary fund:

The *Sewer Maintenance Fund* accounts for sewer service revenues and the corresponding sewer maintenance expenses.

Additionally, the City reports the following fund types:

The *Agency funds* are used to account for assets held by a governmental unit as an agent for individual, private organizations and/or other governmental units. The *Successor Agency Private-Purpose Trust Fund* accounts for the balances and activities relating to the dissolution of the Redevelopment Agency.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's proprietary funds functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reporting as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted, as they are needed.

D) Assets, Liabilities and Net Position or Equity

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. For financial statement presentation purposes, cash and cash equivalents are shown as both restricted and unrestricted cash and investments in the Proprietary funds.

Investments for the City, as well as for its component units, are reported at fair value. The City's policy is generally to hold investments until maturity or until market values equal or exceed costs. The State Treasurer's Investment Pool operates in accordance with appropriate State laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, if reported in the fund financial statements, are offset by nonspendable fund balance in applicable governmental funds to indicate that they are not available for appropriation.

All trade and property tax receivables are shown net of an allowance for uncollectibles.

Policy for Eliminating Internal Activity in Government-Wide Statement of Activities

Administrative overhead charges are made to funds and programs and are thereby included in the direct expenses of those funds and programs.

Property Tax Calendar

Property tax revenue is recognized on the modified accrual basis, that is, in the fiscal year for which the taxes have been levied providing they become available. Available means then due or pass due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The County of San Bernardino collects property taxes for the City. Tax liens attach annually as of 12:01 A.M. on the first day in January preceding the fiscal year for which the taxes are levied. Taxes are levied on both real and personal property as it exists on that date. The tax levy covers the fiscal period July 1 to June 30. All secured personal property taxes and one-half of the taxes on real property are due November 1; the second installment is due February 1. All taxes are delinquent, if unpaid, on December 10 and April 10, respectively. Unsecured personal property taxes become due on the first of January each year and are delinquent, if unpaid, on August 31.

Functional Classifications

Expenditures of the Governmental funds are classified by function. Functional classifications are defined as follows:

- General Government includes legislative activities which have a primary objective of providing legal and policy guidelines for the City. Also included in this classification are those activities which provide management or support services across more than one functional area.
- Public Safety includes those activities which involve the protection of people and property.
- Community Development includes those activities which involve the enhancing of the general quality of life.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

- Public Works includes those activities which involve the maintenance and improvement of City streets, roads and park development and maintenance.
- Debt Service includes those activities that account for the payment of long-term principal, interest and fiscal charges.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Certain proceeds of debt issues, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. In addition, funds have been restricted for future capital improvements by City resolution.

Capital Assets

Capital assets, which include property, plant, equipment, intangible assets and infrastructure assets (roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities column in the Government-wide Financial Statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 for equipment and \$50,000 for infrastructure. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets received prior to the implementation of GASB 72 were recorded at fair value on the date of donation. Donated capital assets received subsequent to the implementation of GASB 72 are recorded at acquisition value as of the date received.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. No amounts for interest costs were capitalized for the year ended June 30, 2017.

Property, plant and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

Sewer Lines	100 years
Structures and Improvements	20 to 99 years
Furniture and Equipment	5 to 20 years
Infrastructure Assets	5 to 30 years

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Compensated Absences

Compensated absences are the City's liabilities for future vacation, sick and other leave benefits. The short-term portion is determined to be the amount due to employees for future absences which is attributable to services already rendered and which is expected to be paid during the next fiscal year. The total amount of liability for compensated absences is segregated between short-term and long-term as indicated above, with both portions being reflected in the government-wide financial statements. Compensated absences are paid, when matured, out of the general fund.

For Proprietary funds, the total amount of the liability for compensated absences is segregated between short-term and long-term as indicated above and both portions are reflected in the fund involved.

Vacation pay is payable to employees at the time a vacation is taken or upon termination of employment. Normally, an employee cannot accrue more than two times his or her regular annual entitlement without approval of the City Manager.

Sick leave is payable when an employee is unable to work because of illness. Sick leave may be accumulated indefinitely or an employee may convert one-half of unused sick leave accrued during the preceding year for cash providing the person has been employed on a full-time basis for two years immediately preceding November 30 of each year. Unused sick leave may be redeemed in the two years prior to retirement at the rate of two days of sick leave for one day of absence leave. All unused sick leave is forfeited upon termination, other than for normal retirement.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the City's California Public Employees' Retirement System (CalPERS) plans (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund type statement of net assets. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental funds recognize bond premiums and discounts, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense) until then. The City reports deferred outflows as a result of the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, which qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has one type of item, which arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, special assessments, grant receivables, and other miscellaneous receivables. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City reports deferred inflows related to pensions as a result of the implementation of GASB Statement No. 68.

Net Position

Net Investment in Capital Assets – this category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category.

Restricted Net Position – this category represents external restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - this category represents the net position of the City that is not externally restricted for any project or other purpose.

Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the statement of net position, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the City's policy to consider restricted – net position to have been depleted before unrestricted – net position, is applied.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Balances

Fund balances in governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance - Amounts that cannot be spent either because they are in nonspendable form or are required to be maintained intact.

Restricted Fund Balance - Amounts that are constrained to specific purposes by state or federal laws, or externally imposed conditions by grantors or creditors.

Committed Fund Balance - Amounts constrained for a specific purpose by City Council action. It would require the same action by City Council to remove the constraint. Currently, the City does not report any committed fund balance.

Assigned Fund Balance - Amounts that are constrained by the City Manager with the intent to use specified financial resources for specific purposes, but are neither restricted nor committed.

Unassigned Fund Balance - These are either residual positive net resources of fund balance in excess of what can properly be classified in one of the other four categories, or negative balances.

E) Implementation of Governmental Accounting Standards Board (GASB) Pronouncements

The Governmental Accounting Standards Board has issued the following Statements, which may affect the City's financial reporting requirements in the future:

GASB 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This statement was issued to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions. This GASB Statement is required to be implemented in financial statements issued for the periods beginning after June 15, 2017. The City has elected not to early implement this statement and has not determined its effect on the financial statements.

GASB 83, Certain Asset Retirement Obligations: This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018.

City of Montclair
Notes to Financial Statements
June 30, 2017

1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

GASB 86, Certain Debt Extinguishment Issues: This Statement establishes reporting requirements for when a government places cash and other monetary assets acquired with only existing resources in an irrevocable trust to extinguish debt. In financial statements using the economic resources measurement focus, governments should recognize any difference between the reacquisition price (the amount required to be placed in the trust) and the net carrying amount of the debt defeased in substance using only existing resources as a separately identified gain or loss in the period of the defeasance. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017.

GASB 87, Leases: This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019.

2) STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A) Deficit Fund Balances

The following non-major funds have deficit fund balances at June 30, 2017:

Special Revenue Funds:		
CDBG	\$	94
CFD 2011-2 Arrow Station		3,982

These deficits will be funded with future years' revenues.

3) CASH AND INVESTMENTS

As of June 30, 2017, cash and investments were reported in the accompanying financial statements as follows:

Governmental Activities	\$	53,737,929
Business-Type Activities		3,318,052
Fiduciary Funds		9,198,445
Total Cash and Investments	\$	66,254,426

The City of Montclair maintains a cash and investment pool that is available for use for all funds. Each fund's position in the pool is reported on the combined balance sheet as cash and investments. The City has adopted an investment policy, which authorizes it to invest in various investments.

City of Montclair
Notes to Financial Statements
June 30, 2017

3) CASH AND INVESTMENTS - Continued

Deposits

The California Government Code requires California banks and savings and loan associations to secure a City's deposits by pledging government securities with a value of 110% of a City's deposits. California law also allows financial institutions to secure Agency deposits by pledging first trust deed mortgage notes having a value of 150% of a City's total deposits. The City Treasurer may waive the collateral requirement for deposits which are fully insured up to \$250,000 by the FDIC. The collateral for deposits in federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the State of California Department of Banking. The collateral for deposits with savings and loan associations is generally held in safekeeping by the Federal Home Loan Bank in San Francisco, California as an Agent of Depository. These securities are physically held in an undivided pool for all California public agency depositors. Under Government Code Section 53655, the placement of securities by a bank or savings and loan association with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local government agency. Accordingly, all collateral held by California Agents of Depository are considered to be held for, and in the name of, the local governmental agency.

Investments

Under provisions of the City's investment policy, and in accordance with the California Government Code, the following investments are authorized:

- Bonds issued by the local agency
- United States Treasury notes, bonds, bills or certificates
- Registered state warrants or treasury notes or bonds of California
- Bonds, notes, warrants or other evidences of indebtedness of any local agency of the State of California
- Federal Agency or United States government-sponsored enterprise obligations, participations, or other instruments.
- Bankers' Acceptances and commercial paper
- Negotiable certificates of deposit
- Repurchase Agreements and reverse repurchase agreements
- Medium-term notes
- Money market funds
- Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest
- Mortgage pass-through securities
- Local Agency Investment fund

Investments Authorized by Debt Agreements

The above investments do not address investment of debt proceeds held by a bond trustee. Investments of debt proceeds held by a bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy.

City of Montclair
Notes to Financial Statements
June 30, 2017

3) CASH AND INVESTMENTS - Continued

Investment in State Investment Pool

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute. The State Treasurer's Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares.

GASB Statement No. 31

GASB Statement No. 31 established fair value standards for investments in participating interest earning investment contracts, external investment pools, equity securities, option contracts, stock warrants and stock rights that have readily determinable fair values. Accordingly, the City reports its investments at fair value in the balance sheet. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statement.

Credit Risk

The City's investment policy limits investments in medium-term notes (MTN's) to those rated "A" or higher by Standard and Poor's (S&P) or by Moody's. As of June 30, 2017, the City has no investment in medium-term notes. In addition, the City's investments in Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Home Loan Bank and Federal Farm Credit Banks were rated "AA" by Moody's and by S&P. The City's investments in various State and local agency bonds are rated "A" or better by S&P. All securities were investment grade and were legal under State law. Investments in U.S. treasuries are not considered to have credit risk and, therefore, their credit quality is not disclosed. As of June 30, 2017, the City's investments in external investment pools and money market mutual funds are unrated.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. As of June 30, 2017, none of the City's deposits or investments were exposed to custodial credit risk.

Concentration of Credit Risk

The City's investment policy imposes restrictions for certain types of investments with any one issuer. With respect to concentration risk, as of June 30, 2017, the City is in compliance with the investment policy restrictions. Investments guaranteed by the U.S. government and investments in mutual funds and external investment pools are excluded from this requirement. In accordance with GASB Statement No. 40, if the City has invested more than 5% of its investments in any one issuer, then they are exposed to credit risk. The following investments exceed 5% of total investments: Federal Farm Credit Bank – 16.21%.

City of Montclair
Notes to Financial Statements
June 30, 2017

3) CASH AND INVESTMENTS - Continued

Interest Rate Risk

The City's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City's investment policy states that at least 15% of the City's portfolio shall mature in one year or less, and 50% in three years or less. The only exception to these maturity limits shall be the investment of the gross proceeds of tax-exempt bonds. As of June 30, 2017, the City had the following investments and original maturities:

Investment Type	Remaining Investment Maturities				Fair Value
	6 Months Or Less	6 Months to 1 Year	1 to 5 Years	5 to 8 Years	
Local Agency Investment Fund	\$22,822,611	\$ -	\$ -	\$ -	\$22,822,611
Federal Farm Credit Bank	-	-	8,863,980	-	8,863,980
Money Market Funds	200,549	-	-	-	200,549
Cash with Fiscal Agent:					
Local Agency Investment Fund	14,130,933	-	-	-	14,130,933
Money Market Mutual Funds	8,666,946	-	-	-	8,666,946
Total	\$45,821,039	\$ -	\$ 8,863,980	\$ -	\$54,685,019

Fair Value of Investments

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2017:

- U.S. Agency Securities of \$8,863,980 are valued using quoted market prices (Level 2 inputs)

4) CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2017, was as follows:

2014 Lease Revenue Refunding Bonds

During fiscal year 2014-15, the Montclair Public Financing Authority (Authority) issued \$45,000,000 of 2014 Lease Revenue Refunding Bonds. The Bonds were issued to refund the outstanding 2005 Lease Revenue Bonds, and provide funds for various public improvements and infrastructure projects. The City and the Authority have entered into a lease agreement, pursuant to which the City will make lease payments to the Authority. The Bonds are secured by these lease payments. Interest on the Bonds is payable semi-annually on April 1 and October 1 of each year, commencing April 1, 2015. The Bonds carry various interest rates from 3% to 5%. Principal maturities begin on October 1, 2015, and continue on October 1 of each year through 2049. The difference between cash flow required to service old debt and that required to service new debt and complete the refunding amounts to a savings of approximately \$4.3 million. Issuance of the Bonds resulted in an economic gain from the transaction of \$2.25 million. The outstanding balance at June 30, 2017 is \$43,500,000. The annual requirements to amortize the outstanding indebtedness as of June 30, 2017, including interest, are as follows:

6) LONG-TERM DEBT - Continued

1997 Taxable Tax Allocation Bonds, Project Area 1

On November 1, 1997, the Agency issued \$325,000 of Redevelopment Project Area No. 1 1997 Taxable Tax Allocation Bonds for the purpose of financing the project area's capital projects. Interest is payable semi-annually on April and October 1 in each year, commencing on April 1, 1998 and through October 1, 2021. The bonds carry an interest rate of 8.4%. Term bonds in the amount of \$325,000 mature on October 1, 2021. The outstanding balance as of June 30, 2017 is \$125,000. The annual requirements to amortize the outstanding bond indebtedness as of June 30, 2017, including interest, are as follows:

Fiscal Year Ending	Principal	Interest	Total
June 30,			
2018	\$ 20,000	\$ 9,660	\$ 29,660
2019	25,000	7,770	32,770
2020	25,000	5,670	30,670
2021	25,000	3,570	28,570
2022	30,000	1,260	31,260
Totals	\$ 125,000	\$ 27,930	\$ 152,930

The Agency has pledged, as security for bonds it has issued, a portion of the tax increment revenue that it receives. These bonds were to provide financing for various capital projects and to defease previously issued bonds. The Agency has committed to appropriate each year, from these resources, amounts sufficient to cover the principal and interest requirements on the debt. Total principal and interest remaining on the debt is \$65,910,769 with debt service requirements as indicated above.

Below is a summarization, by project area, which shows the gross amount of property taxes, county and tax entity payments made for the fiscal year to these entities.

Items	Project Area I	Project Area II	Project Area III	Project Area IV	Project Area V	Mission Blvd Project Area	Total
City of Montclair as Successor Agency for the City of Montclair Redevelopment Agency							
<u>Allocations to Redevelopment Obligation</u>							
<u>Retirement Fund (RORF)</u>							
Tax Increment Collections	\$ 245,047	\$ -	\$6,364,072	\$2,443,231	\$5,586,719	\$1,119,761	\$15,758,830
County Administration Charges	(1,906)	-	(69,134)	(27,152)	(77,098)	(11,925)	(187,215)
Payments to Taxing Entities	(206,054)	-	(4,299,671)	(2,001,257)	(3,902,136)	(1,085,508)	(11,494,626)
Net Tax Increment Available for Debt Service	\$ 37,087	\$ -	\$1,995,267	\$ 414,822	\$1,607,485	\$ 22,328	\$ 4,076,989

C) Residential Mortgage Revenue Bonds

The following issues of Residential Mortgage Revenue Bonds were not reflected in the financial statements because these bonds are special obligations payable solely from, and secured by, specific revenue sources described in the bond resolutions and official statements of the respective issues. Neither the faith and credit nor the taxing power of the City, the Redevelopment Agency, the State of California or any political subdivision thereof, is pledged for the payment of these bonds:

City of Montclair
Notes to Financial Statements
June 30, 2017

6) LONG-TERM DEBT - Continued

On October 2, 1979, the Agency issued \$14,855,000 of Residential Mortgage Revenue Bonds, Issue of 1979 for the purpose of providing long-term, low interest mortgage loans to finance residential construction in Redevelopment Project Area No. 2. On December 1, 1990, the Agency issued \$4,400,000 of Taxable Collateralized Mortgage Bonds, Series 1990 for the purpose of advance refunding to maturity the outstanding Residential Mortgage Revenue Bonds, Issue of 1979.

In fiscal year 1982-1983, the Agency entered into a joint exercise of powers agreement with the Redevelopment Agency of the City of Pomona. This agreement created the Montclair-Pomona Housing Finance Agency, a public entity separate from the Redevelopment Agency of Montclair and Pomona, pursuant to Article 1 of Chapter 5 of Division 7 of Title 1 of the Government Code of the State of California. During April 1983, the Montclair-Pomona Housing Finance Agency issued \$33,025,000 of Residential Mortgage Revenue Bonds for the purpose of providing long-term, low interest mortgage loans to finance residential construction in redevelopment project areas of the Redevelopment Agency of the Cities of Montclair and Pomona.

7) PENSIONS PLANS

General Information about the Pension Plans – Miscellaneous

Plan Description – All qualified permanent and probationary employees are eligible to participate in the City’s separate Miscellaneous Plan, an agent multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – The Plan is an agent multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS). A full description of the pension plan regarding number of employees covered, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the plan’s June 30, 2015 Annual Actuarial Valuation Report (funding valuation). Details of the benefits provided can be obtained in Appendix B of the actuarial valuation report. This report and CalPERS’ audited financial statements are publicly available reports that can be obtained at CalPERS’ website.

The Plans’ provisions and benefits in effect at June 30, 2017, are summarized as follows:

	Miscellaneous		
	Prior to June 21, 2010	On or after June 21, 2010	On or after January 1, 2013
Hire date			
Benefit formula	3% @ 60	2% @ 60	2% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50	50	52
Monthly benefits, as a % of eligible compensation	(1)	(1)	(1)
Required employee contribution rates	8%	7%	6.25%
Required employer contribution rates	27.753%	27.753%	6.25%

(1) - Depending on years of service

City of Montclair
Notes to Financial Statements
June 30, 2017

7) PENSIONS PLANS – Continued

Employees Covered – At June 30, 2017, the following employees were covered by the benefit terms for each Plan:

	Miscellaneous
Inactive employees or beneficiaries	
currently receiving benefits	178
Inactive employees entitled to but not yet	
receiving benefits	189
Active employees	103

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law (PERL) requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS’ annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. Employer contribution rates may change if plan contracts are amended. It is the responsibility of the employer to make necessary accounting adjustments to reflect the impact due to any Employer-Paid Member Contributions or situations where members are paying a portion of the employer contribution.

Net Pension Liability

The City’s net pension liability for each Plan is measured as the total pension liability, less the pension plan’s fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2016, using an annual actuarial valuation as of June 30, 2015 rolled forward to June 30, 2016 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

Actuarial Assumptions – The total pension liabilities in the June 30, 2015 actuarial valuations were determined using the following actuarial assumptions:

	Miscellaneous
Valuation date	June 30, 2015
Measurement date	June 30, 2016
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	7.65%
Inflation	2.75%
Payroll growth	3.00%
Projected salary increase	(1)
Investment rate of return	7.65%
Mortality	(2)

(1) Depending on age, service and type of employment

(2) Derived using CalPERS’ Membership Data for all Funds.

City of Montclair
Notes to Financial Statements
June 30, 2017

7) PENSIONS PLANS – Continued

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2015 valuation were based on the results of a January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can found on the CalPERS website.

Discount Rate – The discount rate used to measure the total pension liability was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the current 7.65 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called “GASB Crossover Testing Report” that can be obtained at CalPERS’ website under the GASB 68 section. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (Public Employees’ Retirement Fund) cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds’ asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. The target allocation shown was adopted by the Board effective on July 1, 2015.

Asset Class	New Strategic Allocation	Real Return Years 1 - 10 (1)	Real Return Years 11+ (2)
Global Equity	51%	5.25%	5.71%
Global Fixed Income	20%	0.99%	2.43%
Inflation Sensitive	6%	0.45%	3.36%
Private Equity	10%	6.83%	6.95%
Real Estate	10%	4.50%	5.13%
Infrastructure and Forestland	2%	4.50%	5.09%
Liquidity	1%	-0.55%	-1.05%

(1) An expected inflation of 2.5% used for this period.

(2) An expected inflation of 3.0% used for this period.

7) PENSIONS PLANS – Continued

Changes in Net Pension Liability

The changes in the Net Pension Liability for the Miscellaneous Plan follows:

	Increase (Decrease)		
	Pension Plan Liability	Plan Fiduciary Net Position	Net Pension Liability/(Asset)
Balance at June 30, 2016	\$ 75,855,193	\$ 55,689,185	\$ 20,166,008
Changes in the year:			
Service cost	1,034,296	-	1,034,296
Interest on the total pension liability	5,661,587	-	5,661,587
Changes of benefit terms	-	-	-
Differences between expected and actual experience	(408,943)	-	(408,943)
Changes in assumptions	-	-	-
Contributions from the employer	-	1,526,904	(1,526,904)
Contributions from employees	-	615,134	(615,134)
Net investment income	-	263,579	(263,579)
Benefit payments, including refunds	(3,911,463)	(3,911,463)	-
Administrative expense	-	(33,940)	33,940
Net changes	2,375,477	(1,539,786)	3,915,263
Balance at June 30, 2017	\$ 78,230,670	\$ 54,149,399	\$ 24,081,271

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.65 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.65 percent) or 1 percentage-point higher (8.65 percent) than the current rate:

	Miscellaneous
1% Decrease	6.65%
Net Pension Liability	\$ 33,587,875
Current Discount Rate	7.65%
Net Pension Liability	\$ 24,081,271
1% Increase	8.65%
Net Pension Liability	\$ 16,150,443

Pension Plan Fiduciary Net Position – Detailed information about each pension plan’s fiduciary net position is available in the separately issued CalPERS financial reports.

Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2017, the City recognized pension expense for the Miscellaneous Plan of \$1,407,323. At June 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources for the Miscellaneous Plan from the following sources:

City of Montclair
Notes to Financial Statements
June 30, 2017

7) PENSIONS PLANS – Continued

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,693,037	\$ -
Differences between actual and expected experience	-	228,470
Changes in assumptions	-	59,423
Net differences between projected and actual earnings on plan investments	4,910,195	1,952,094
Total	\$ 6,603,232	\$ 2,239,987

\$1,693,037 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ending June 30,	
2018	\$ 131,461
2019	380,408
2020	1,375,927
2021	782,412
2022	-
Thereafter	-

Payable to the Pension Plan

At June 30, 2017, the City reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2017.

General Information about the Pension Plans - Safety

Plan Description – All qualified permanent and probationary employees are eligible to participate in the Public Agency Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees’ Retirement System (CalPERS.) The Plan consists of individual rate plans (benefit tiers) within a safety risk pool (police and fire). Plan assets may be used to pay benefits for any employer rate plan of the safety pool. Accordingly, rate plans within the safety pool are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the safety pool. The City sponsors five rate plans. Benefit provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided – The Plan is a cost-sharing multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS). A full description of the pension plan benefit provisions, assumptions for funding purposes but not accounting purposes, and membership information is listed in the June 30, 2014 Annual Actuarial Valuation Report. Details of the benefits provided can be obtained in Appendix B of the June 30, 2014 actuarial valuation report. This report is a publicly available valuation report that can be obtained at CalPERS’ website under Forms and Publications.

	Safety - Fire		
	Prior to June 27, 2005	On or after June 27, 2005	On or after January 1, 2013
Hire date			
Benefit formula	3% @ 50	3% @ 55	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement age	50	50	50
Monthly benefits, as a % of eligible compensation	(1)	(1)	(1)
Required employee contribution rates	9%	9%	12.25%
Required employer contribution rates	21.230% + \$799,520	19.334% + \$4,488	12.25%

(1) - Depending on years of service

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Beginning in fiscal year 2016, CalPERS collects employer contributions for the Plan as a percentage of payroll for the normal cost portion as noted in the rates above and as a dollar amount for contributions toward the unfunded liability. The dollar amounts are billed on a monthly basis. The City’s required contribution for the unfunded liability was \$1,677,419 in fiscal year 2017.

The City’s contributions to the Plan for the year ended June 30, 2017 were \$2,687,316.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2017, the City reported a liability of \$35,357,128 for its proportionate share of the net pension liability. The City’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2016, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2015

City of Montclair
Notes to Financial Statements
June 30, 2017

7) PENSIONS PLANS – Continued

rolled forward to June 30, 2016 using standard update procedures. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The City's proportionate share of the Plan's net pension liability as of June 30, 2015 and 2016 was as follows:

Proportion - June 30, 2015	0.41915%
Proportion - June 30, 2016	0.40861%
Change - Increase (Decrease)	-0.01054%

For the year ended June 30, 2017, the City recognized pension expense of \$3,761,927. At June 30, 2017, the City reported deferred outflows of resources and deferred inflows of resources related to the Safety pension plan from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 2,687,316	\$ -
Differences between actual and expected experience	-	190,623
Changes in assumptions	-	831,133
Change in employer's proportion	51,076	500,656
Differences between the employer's contributions and the employer's proportionate share of contributions	-	908,759
Net differences between projected and actual earnings on plan investments	4,083,316	-
Total	\$ 6,821,708	\$ 2,431,171

\$2,687,316 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Year Ending June 30,		
2018	\$	(668,065)
2019		(460,730)
2020		1,769,008
2021		1,063,008
2022		-
Thereafter		-

Actuarial Assumptions – The total pension liabilities in the June 30, 2015 actuarial valuations were determined using the following actuarial assumptions:

City of Montclair
Notes to Financial Statements
June 30, 2017

7) PENSIONS PLANS – Continued

Valuation date	June 30, 2015
Measurement date	June 30, 2016
Actuarial cost method	entry-age normal
Actuarial assumptions:	
Discount rate	7.65%
Inflation	2.75%

(1) Depending on age, service and type of employment

(2) Derived using CalPERS' Membership Data for all Funds.

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2015 valuation were based on the results of a January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can found on the CalPERS website.

Discount Rate - The discount rate used to measure the total pension liability was 7.65% for each Plan. See disclosures above for the Miscellaneous pension plan regarding the discount rate.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate –

The following presents the City's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

1% Decrease		6.65%
Net Pension Liability	\$	51,831,714
Current Discount Rate		7.65%
Net Pension Liability	\$	35,357,128
1% Increase		8.65%
Net Pension Liability	\$	21,833,182

Pension Plan Fiduciary Net Position – Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

Payable to the Pension Plan

At June 30, 2017, the City reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2017.

City of Montclair
Notes to Financial Statements
June 30, 2017

8) OTHER POST-EMPLOYMENT EMPLOYEE BENEFITS

Plan Description

The City provides certain post-employment health care benefits. Substantially, all of the City's employees may become eligible for those benefits if they retire after 15 years of continuous service to the City under a normal service retirement. Those and similar benefits for active employees are provided through several insurance companies whose premiums are based on the benefits paid during the year. The expenditure is accounted for within the general government funds and is funded on a pay-as-you-go (cash) basis. The total post-employment health insurance expenditures for fiscal year 2016-17 were \$427,744. There are currently 88 participants receiving benefits. The City's plan does not issue a publicly available financial report.

Funding Policy

The contribution requirements of plan members and the City are established and may be amended by the City, City's Board of Directors, and/or the employee associations. Currently, contributions are not required from plan members. The City is currently funding this OPEB obligation on a pay-as-you-go basis. This obligation is typically liquidated from the General Fund.

Annual OPEB Cost and Net OPEB Obligation

The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded liabilities of the plan over a period not to exceed thirty years.

The following table shows the component of the City's annual OPEB costs for the year, the amount actually contributed to the plan, and changes in the City's net OPEB asset:

Annual Required Contribution (ARC)	\$	783,000
Interest on Net OPEB Obligation		75,000
Adjustment to ARC		<u>(184,000)</u>
Annual OPEB Cost		674,000
Contribution Made		<u>(655,000)</u>
Increase in Net OPEB Obligation		19,000
Net OPEB Obligation at June 30, 2016		<u>2,207,757</u>
Net OPEB Obligation at June 30, 2017	\$	<u><u>2,226,757</u></u>

Annual OPEB cost, percentage of Annual OPEB Cost contributed, and Net OPEB Obligation, are presented below:

THREE-YEAR TREND INFORMATION				
Fiscal Year Ended	Annual OPEB Cost	Annual Contribution (Net of Adjustments)	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation (Asset)
6/30/17	\$ 674,000	\$ 655,000	97.18%	\$ 2,226,757
6/30/16	\$ 655,000	\$ 614,000	93.74%	\$ 2,207,757
6/30/15	\$ 1,015,300	\$ 336,577	33.15%	\$ 2,166,757

City of Montclair
Notes to Financial Statements
June 30, 2017

8) OTHER POST-EMPLOYMENT EMPLOYEE BENEFITS - Continued

Funded Status and Funding Progress

As of January 1, 2016, the most recent actuarial valuation date, the plan was zero percent funded. The actuarial accrued liability for benefits was \$12,105,000, and the actuarial value of assets was zero, resulting in an unfunded accrued liability (UAL) of \$12,105,000. The covered payroll (annual payroll of active employees covered by the plan) was \$11,696,000 and the ratio of the UAAL to the covered payroll was 103.5%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets consistent with the long-term perspective of the calculations.

In the January 1, 2016, actuarial valuation, the entry age normal cost level percent of pay method was used. The actuarial assumptions included a 4.00% investment rate of return (net of administrative expenses), inflation rate of 3.25%, and an annual healthcare cost trend rate of 7.5% initially, to an ultimate rate of 5%. The City's unfunded actuarial accrued liability will be amortized as a level of percentage pay over a closed period of 28 years. It is assumed the City's payroll will increase 3.25% per year.

9) SELF-INSURANCE PROGRAM

The City is self-insured for workers' compensation claims up to \$200,000 for each occurrence and for general liability claims up to \$2,000,000, except for employment practices liability which is \$1,000,000. Excess liability coverage above the self-insurance amounts is provided through the California Insurance Pool Authority (CIPA). CIPA, a public entity risk pool was established to pool resources, share risk, purchase excess insurance and share costs for professional risk management, and claims administration. Workers' Compensation and Employers Liability Pool Contract is limited per accident at \$3,000,000 in excess of the City's self-insurance retention stated in the above paragraph. Portions of general liability exceeded the above mentioned amounts are covered by CIPA up to a maximum \$40,000,000 each occurrence and in the aggregate by Everest National Insurance Company (up to \$10,000,000), and American Merchants Casualty Insurance Company (up to \$15,000,000), by Arch Specialty Insurance Company (up to \$15,000,000) in that order. Member cities make payments to CIPA based on underwriting estimates. Additional coverage for general liability claims is maintained through CIPA from a commercial insurer for claims in excess of per claim and annual aggregate amounts. Complete financial statements for CIPA may be obtained from their offices at the following address: CIPA, 240 Newport Center Drive, Suite 210, Newport Beach, CA 92660.

City of Montclair
Notes to Financial Statements
June 30, 2017

9) SELF-INSURANCE PROGRAM

As of June 30, 2017, Admisure and Carl Warren & Co., indicated a need for potential liability reserves of approximately \$3,486,603 for general liability and workers' compensation claims representing estimates of amounts to be paid for reported claims, based upon past experience, modified for current trends and information. The City has not experienced a significant reduction in insurance coverage from coverage in the prior year. Additionally, the amount of settlements has not exceeded budgeted coverage for each of the past three fiscal years.

While the ultimate amount of losses incurred through June 30, 2017, are dependent on future developments, based upon information from the City Attorney, outside counsel, service agent and others involved with the administration of the programs, City management believes that the aggregate amount is adequate to cover such losses. Costs relating to the litigation of claims are charged to expenditures as incurred. There are other claims pending for which it is not probable that a loss has been incurred or where the amount cannot be determined. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. At June 30, 2017, the amount of these liabilities was \$3,486,603. This liability is the City's best estimate based on available information. The following is a summary of the changes in the claims liability over the past two fiscal years:

Fiscal Year	Beginning of Year Liability	Current Year Claims	Claim Payments	End of Year Liability
2016-17	\$ 3,542,512	\$ 383,792	\$ 439,701	\$ 3,486,603
2015-16	3,298,854	424,652	180,994	\$ 3,542,512

10) FUND BALANCES

The details of the fund balances as of June 30, 2017 are presented below:

City of Montclair
Notes to Required Supplementary Information
June 30, 2017

General Budget Policies

The City Council approves each year's budget submitted by the City Manager prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. Supplemental appropriations, where required during the period, are also approved by the Council. Intradepartmental budget changes are approved by the City Manager. In most cases, expenditures may not exceed appropriations at the department level. At fiscal year-end, all operating budget appropriations lapse. Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

The following funds did not have an adopted budget:

- Montclair Housing Authority
- State Asset Forfeiture
- Federal Asset Forfeiture Fund - Treasury
- OCJP Grant Fund
- Office of Traffic Safety Grant
