Request - Overtime: This account was reduced during the budget planning process. Due to unfilled vacancies throughout the fiscal year and many officers out due to medical reasons, this account is over expended. These vacancies require backfill to ensure minimum shift coverage is maintained. It is recommended to increase the initial appropriation by \$400,000, which would be offset by \$100,000 allocated to Patrol overtime in the Police Department's FY 2020-21 Enhancing Law Enforcement Activities Subaccount (ELEAS) Fund 1149. The balance of the requested increase is being accomplished through a transfer from account 1001-4426-41010-400 (Uniform Patrol Regular Earnings); thus, there is no ultimate effect on the budget.

Request - Personnel Protective Equipment: This account was reduced by \$5,140 during the budget planning process and is now overspent. Officers are required to wear a concealable ballistic body armor vest while on-duty that has to be replaced every five years; vests were recently purchased for nine new officers; we have three police officer trainees who will need vests upon graduation from the police academy; and we hope to fill two officer vacancies in the near future. Request - Personnel Protective Equip: This account was reduced by \$15,000 during the budget planning process and is now overspent. Two complete sets of turnouts are required for each firefighter, and we recently hired five new firefighters with the potential of hiring two more to fill current vacancies. Also, with the 10-year life expectancy of turnouts, we will need to replace many sets that have met their life expectancy to bring all personnel into compliance. It is recommended to increase the initial appropriation by \$75,000.
