CITY OF MONTCLAIR

COMMUNITY & ECONOMIC DEVELOPMENT 2021 INVENTORY OF AVAILABLE PROPERTY

https://www.cityofmontclair.org/
Montclair, California, a thriving community with a total population of 40,287, has long been supported by a healthy business environment. With a history of small independent businesses and many national retailers long-rooted in the community, Montclair takes pride in its reputation as a well-managed City. Stable family neighborhoods and dynamic new developments are integral to the emerging new urban, mixed-use opportunities in North Montclair.

Colleges within 25 miles from Montclair include The Claremont Colleges: Claremont McKenna, Harvey Mudd, Pomona College, Pitzer, and Scripps; Claremont Graduate University and Keck Graduate Institute of Applied Sciences; California State Polytechnic University, Pomona; University of California, Riverside; California State University, Fullerton; University of LaVerne; Azusa Pacific University; Western University of Health Sciences; Mount San Antonio Community College; Chaffey Community College; and Citrus College.

Montclair is located at the westernmost edge of Southern California's Inland Empire. With easy access to Los Angeles, Orange, and San Bernardino Counties, it lies within a major transportation corridor with direct access to a multi-modal transportation system located at the Montclair Transcenter. The Montclair Transcenter connects with bus services in Los Angeles, Riverside, and San Bernadino Counties, and Metrolink trains run directly to Union Station from this location. Furthermore, the Montclair Transcenter will be the future eastern terminus for Gold Line light rail service. Bus services are provided by Omnitrans, Foothill Transit, Riverside Transit, and Greyhound, and freight rail services are provided by Union Pacific and Burlington Northern.

Accessible freeways include Interstate 10 (San Bernardino), State Route 60 (Pomona), and State Route 210 (Foothill). Ontario International Airport (ONT) is six miles east, John Wayne International Airport (SNA) is 38 miles south, and Los Angeles International Airport (LAX) is 50 miles west.

Montclair is centrally located within a 3-to-10-mile marketplace of nearly 188,000 to 1,000,000 people, and due to its highly-populated trade area, is a popular commerce destination.

</tr>
</tbody>
</table>

### Gap Analysis Data Note:
Supply (retail sales) estimates sales to consumers by establishments. Demand (retail potential) estimates the expected amount spent by consumers at retail establishments. The leakage/surplus factor presents a snapshot of retail opportunity. This is a measure of the relationship between supply and demand that ranges from -100 (total leakage) to +100 (total surplus). A positive value represents leakage of retail opportunity outside the trade area.

### Key Facts

#### Income
- **Per Capita Income**: $26,644
- **Median Household Income**: $70,725

*Source: Infographics contain data provided by ESRI. The vintage of this data is 2018-2023. ESRI 2018 Forecast Report.*
The Montclair Place District Specific Plan (MPDSP) represents the future vision for approximately 104 acres of land that includes the existing Montclair Place mall and surrounding commercial properties. The MPDSP assigns and creates new land use zones for parcels within the Plan Area and provides development standards and architectural guidelines to guide development through 2040.

A key feature of the MPDSP provides for the demolition of all or a portion of the existing mall, some or all appurtenant free-standing outbuildings, and portions of the existing surface parking lots and parking structure to construct a pedestrian-oriented, mixed-use downtown district with structured parking facilities through a series of planned phases that includes high-density residential units.

**Happenings at Montclair Place**

- **April 2019**, The Canyon opened for business to a sold-out audience at its new venue at Montclair Place. The live concert venue is approximately 17,000 sq. ft. in area and can accommodate up to 1,300 guests in a mix of seating arrangements, with two full bars, and a VIP section.

- **June 2019**, Kid's Empire opened for play, fun, and adventure. The indoor playground is approximately 11,000 sq. ft. in area and can accommodate up to 378 guests. Kid's Empire includes two main playgrounds to encourage active play for kids.

- **December 2019**, CIM Group, owners of Montclair Place, unveiled a 95 ft. high state-of-the-art digital freeway sign on the I-10 corridor, along with three additional freestanding secondary tenant identification signs for mall tenants as part of the overall remodel of the mall.

- **December 2020**, Lazy Dog Restaurant & Bar opened for business. Lazy Dog's casual full-service dining restaurant is 8,425 sq. ft. and includes a 1,500 sq. ft. outdoor dining patio where patrons can bring their dog to enjoy a meal.

- **March 2021**, the AMC 12-screen dine-in theater opened for business at the former Broadway/Macy's site. The AMC Theater, located on the top floor, features a full-service lounge bar with open balcony views to the south and west.
The NMDSP provides for the development of a transit-oriented district (TOD) in and around the Montclair Transcenter. Furthermore, the Montclair Transcenter will be the site for the eastern terminus of the much-anticipated Foothill Gold Line light rail project, a focal point to the NMDSP.

Alexan Kendry Montclair
The Alexan Kendry Montclair apartment community is the most recently completed residential project. The “modern agrarian” architectural style project is located on a 6.27-acre site, minutes away from the Metrolink Transcenter. The 211-unit apartment community was developed by Trammel Crow Residential. The 1-and 2-bedroom unit configurations range from 760 to 1,200 SF. This development marks the fourth residential development within the NMDSP, which includes The Paseos, a 385-unit upscale apartment complex developed in 2015, Arrow Station, a 129-unit development, and Vista Court, a 23-unit development.

The Village at Montclair
The Village at Montclair, a 360-unit mixed-use development situated around a centrally located public park, will begin construction in 2022, and four additional high-density residential and mixed-used developments are in design.
City of Montclair staff, in cooperation with area brokers, can assist businesses interested in locating commercial, industrial, office, and vacant sites with online custom site searches within the City. Additionally, the City provides monthly reports, generated by CoStar Group, containing contact information for properties currently available for lease and purchase. Customized property reports (please include property address) can be requested by email to econdev@cityofmontclair.org.
