Mr. Margolis read the title and moved for passage of the Ordinance. Mr. Cappel seconded.

Mr. Margolis explained that, if approved, this Ordinance will amend the Land Usage Code to enact new Regulations for the Old Montgomery Gateway District. In 2006 after a comprehensive study with outside planning consultants,

the City did enact preliminary guidelines for development of the Old Montgomery Gateway District. It was always anticipated that these guidelines would be further shaped to help the City realize its goal to redevelop the Gateway

Mike Harbison – 7975 Pfeiffer Road – Mr. Harbison stated that the project as designed by the Robert Lucke Group looks good from what was permitted, and he has no issue with the project itself. Mr. Harbison stated he has an issue with changing the zoning for a very small area, 3 plus acres. He stated that this does not follow a reasonable approach to zoning and could be considered spot zoning which could set a precedence moving forward. He does not feel that would be a good thing. Mr. Harbison cited the Comprehensive Community Plan, Objective #4 which states "Work to ensure the integrity of the single-family residential homes along the corridor. He further stated that establishing a 'C' zone where 10 'E' zone homes makes no sense.
