A PUBLICATION PROVIDED BY THE CITY OF MONTGOMERY • JULY 2021

SURVEY SHOWS WIDE CITIZEN SATISFACTION WITH CITY

A comprehensive survey of Montgomery households conducted by the Institute for Policy Research of the University of Cincinnati has revealed that a vast majority of residents are satisfied with their quality of life in the City of Montgomery. Nearly 1,000 households responded to the survey.

The survey, conducted earlier this spring, revealed that an overall 97% of residents are either “very satisfied” or “satisfied” with the quality of life in the community.

When asked to rank the importance of City services, safety services topped the list, with 88% of the respondents listing Fire and EMS highest on their “extremely important” list. Police protection was close behind at 79%.

In all categories, a majority of residents gave “very satisfied” or “satisfied” ratings to every City service. Services such as trash collection and recycling, snow and ice removal, Police, Fire and EMS, street maintenance, and beautification were rated at 90% or higher. Services such as recreation, yard waste collection, brush collection, and property maintenance enforcement were close behind.

The survey also found that key communications tools such as the Montgomery Bulletin continue to be useful but recorded growing familiarity and use with the Montgomery website.

Results from the survey will be the basis of strategic planning efforts in 2021. Additionally, the City will report back periodically through this newsletter and the website on service enhancements and new projects resulting from citizen input and suggestions in the comprehensive survey effort.

Results of the survey will be posted on the City’s website at montgomeryohio.gov.

THE LAST 25 YEARS AND A LOOK FORWARD

The past 25 years in Montgomery produced a lot of changes. The next 25 years will no doubt be quite eventful as well. Here are a FEW of the things I have seen since 1995:

- 1995** The City's Bicentennial, groundbreaking for Ohio National building, new Surgical wing at Bethesda North Hospital, Homearama at Reserve of Montgomery
- 1996** Montgomery pool opens, Recreation Department created, work starts on Tri-Health Pavilion
- 1997** Safety Center and Weller Park are dedicated, Acrewood Subdivision annexed
- 1999** F-4 Tornado hits with 260 m.p.h. winds - 95 area homes destroyed - 4 people killed, and hundreds of others injured
- 2000** City launches new website, sidewalk master plan
- 2001** School Resource Officer position created
- 2002** First Strategic Plan approved, "Teardown" trend is underway, Environmental Advisory Committee created, "Triangle" property at Montgomery & Cooper Roads purchased by City for redevelopment, work starts on Twin Lakes
- 2003** New Montgomery Elementary school opens, new Audi dealership
- 2005** Relocation of Montgomery Chevrolet, new patient tower at Bethesda North
- 2006** Dog park controversy, comprehensive study of the parks, work starts on Vintage Club
- 2007** Montgomery Citizens' Leadership Academy created, Homearama at Vintage Club, park land initiative controversy
- 2008** Remnants of Hurricane Ike slam City, new recycling totes
- 2009** City starts presence on Facebook, Twitter, & YouTube, Chamber of Commerce starts
- 2010** Farmer's Market begins, Live at Uni concert series begins
- 2011** New Maple Dale Elementary School groundbreaking
- 2012** 25th Anniversary of Blue Ash Montgomery Symphony Orchestra, Community Emergency Response Team (CERT) begins
- 2013** Christ Hospital facility groundbreaking, Montgomery Food Share begins
- 2014** Bear sighting in City (Yes, this really happened!)
- 2017** Bethesda North Cancer Center under construction
- 2018** Diversity & Inclusion Committee started, 30th annual Photo Contest
- 2019** The City gets first police dog - "Ricky"
- 2020** Construction on Roundabout and Montgomery Quarter is underway, COVID- 19 Pandemic

Ken Suer
City Council

What will the next 25 years bring? Well, none of us can be totally certain about what the next 25 DAYS will bring, but here are some of my (safe) predictions:

- The Montgomery Quarter and Roundabout will be successfully completed.
- Sycamore Schools --- in their newly remodeled and/or rebuilt buildings, will continue as a first -class District.
- Montgomery will continue to win lots of awards of all types.
- New generations of dynamic leaders and volunteers will emerge and engage with the community.
- Montgomery will retain its position as one of the premier communities in Greater Cincinnati with great residential neighborhoods and a thriving business district.

Montgomery is a tremendous community because the people who live and work here make it that way. People who care about each other and about their town are the key to our success. Everyone has a role to play in this ongoing story and the future starts right now!

COUNCIL CORNER

Montgomery City Council met in its regular monthly Work Session on June 23, 2021, as a hybrid meeting at City Hall and via teleconference. Meetings begin at 7:00 p.m., with public comment welcomed on each item before City Council.

Tabled Legislation

An Ordinance Agreeing to Adjust the Boundaries Between the City of Montgomery, Ohio And the City of The Village of Indian Hill, Ohio Pursuant to Ohio Revised Code Section 709.37 (Tabled-3rd Reading)

New Legislation

A Resolution Adopting a Tax Budget for 2022

A Resolution Authorizing Internet Auction of Surplus Personal Property Through Govdeals.com

These pieces of approved legislation can be reviewed on the City's website at www.montgomeryohio.gov.

TECHNOLOGY AND TAXES

2020 was a productive filing year for the Tax Office. Staff utilized a secure email portal which was used by more than 500 taxpayers to submit tax information quickly and securely. In February of 2021, staff implemented Authority Tax Connect, an E-File and E-Pay service enabling taxpayers a convenient and secure way to file and pay their city taxes online. Approximately 600 taxpayers utilized the Authority Tax Connect application to remit their annual return.

The Tax Office is available by phone at 513-792-8333, email tax@montgomeryohio.gov and through the secure email portal available on the Tax Office page of the City website.

WELCOME TO YOUR NEW HOME LEGACY BUILDERS GROUP

Design. Build. Remodel. If a homeowner can dream it, there is a chance Legacy Builders Group can build or renovate it. In May, owners Chris Otte and Bill Haussler, and their team, cut the ribbon on their new home in Montgomery after outgrowing their previous location across the street. The company, which was formerly located in White Oak, moved to Montgomery in 2005.

Legacy Builders Group specializes in residential projects including additions, kitchens, three season rooms, bathrooms, and outdoor living spaces.

We welcome Legacy Builders Group to their new home. Thank you for choosing to stay in Montgomery!

Location: 7791 G Cooper Road

JOIN MONTGOMERY'S MCLA CLASS OF 2022

The Montgomery Citizens' Leadership Academy (MCLA), "The Best Community Experience You'll Ever Have," is now accepting applications for the 2022 session. Oversubscribed for the last 12 years, MCLA, locally developed and nationally recognized, is a program designed to move individuals from being residents to become actively engaged citizens. MCLA allows residents to realize a dimension few will ever see. Comprised of 10 unique workshop experiences.

Each workshop goes beyond the classroom and into the community to make the Montgomery Citizens' Leadership Academy an encounter no resident should miss. Space is limited. For more information, or to apply, visit montgomeryohio.gov/montgomery-citizens-leadership-academy or contact Amy Frederick, communications and engagement coordinator, at afrederick@montgomeryohio.gov.

BE A LEADER IN THE COMMUNITY - JOIN A COMMISSION

The City of Montgomery is looking to fill the following vacancies. The initial step in getting involved is attending an upcoming meeting of the Commission you are interested in to learn more about their project work and meet the current members. Visit montgomeryohio.gov to learn about each of the Commission responsibilities.

Arts Commission - Meetings are scheduled for the fourth Monday of each month at 5:00 p.m.

Environmental Advisory Commission - Meetings are scheduled for the second Tuesday of each month at 5:00 p.m.

Parks & Recreation Commission - Meetings are scheduled for the second Thursday of each month at 6:30 p.m.

There are no special qualifications required to volunteer for any Montgomery board or Commission.

For further information or to apply for one of the above Commissions, visit montgomeryohio.gov/departments/boards-and-commissions.

EAC Members at the One Stop Drop Annual Recycling Event.

CITY OF MONTGOMERY WELCOMES AMY FREDERICK!

Amy Frederick was recently selected as the Communications and Engagement Coordinator and the newest member of the City of Montgomery. Amy has worked in broadcasting for 20 years. She started her career in 1997 at WXIX-TV in Cincinnati, producing FOX19 in the Morning. In 2004, she moved to Cox Media Group in Dayton, Ohio. While with Cox, Amy produced an evening newscast with WHIO-TV and was a reporter for WHIO-AM radio in the morning. Amy graduated from Ohio State University with a degree in journalism.

Amy is excited to begin her new role here at the City of Montgomery. She will certainly be an asset to our team.

COMMUNITY-WIDE GARAGE SALE OFFERS GREAT DEALS

Looking for a bargain? Come to the City of Montgomery Community-Wide Garage Sale on Saturday, August 7, from 9:00 a.m. until 1:00 p.m. This grassroots public awareness campaign is designed to promote reuse, repair, and resale opportunities in the City of Montgomery.

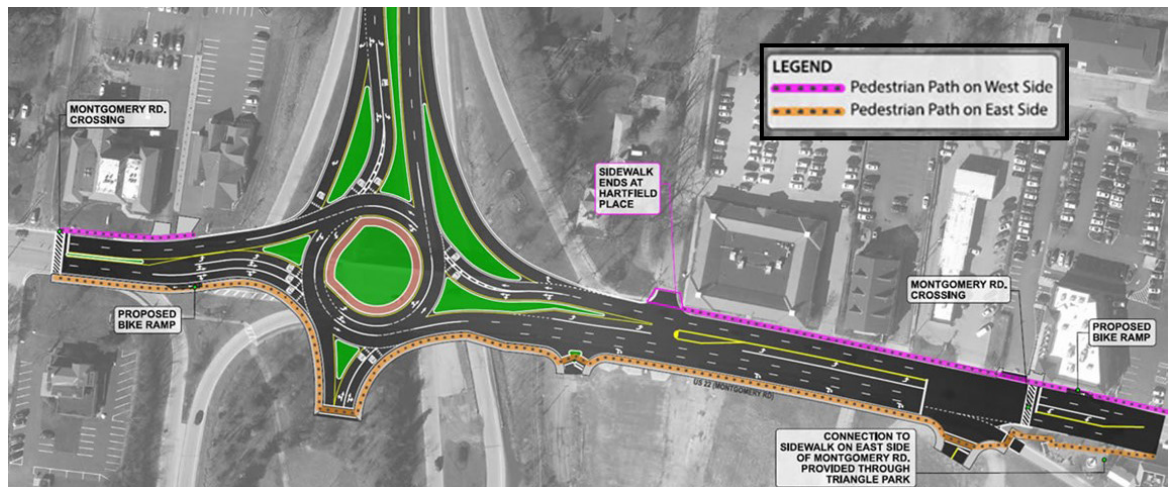

To help shoppers prepare and map out deal-finding strategies, a Garage Sale Treasure Map, with a complete list of addresses with items for sale will be available at Montgomery City Hall, starting Thursday, August 5, from 8:00 a.m. to 4:30 p.m. Treasure Maps will also be handed out at City Hall on the Saturday morning of the sales, beginning at 8:00 a.m.

For anyone interested in participating, registration is open until Friday, July 30. Households can sign up on the City's website, montgomeryohio.gov, or by calling 513-891-2424. There is no fee to participate.

THE ROUNDABOUT IS ALMOST HERE, WHAT PEDESTRIANS NEED TO KNOW

While much of the focus is on the rules of the road for driving in the new roundabout at Montgomery Road and Ronald Reagan Cross County Highway, there are a few things pedestrians should know once the project is complete.

Pedestrians will be able to walk north and south along Montgomery Road on the east side of the roundabout. There will not be a sidewalk through the roundabout area on the west side of Montgomery Road. If you are beginning your walk from the west side of Montgomery Road, you will need to proceed either north or south to the closest traffic signal and cross Montgomery Road to the east side at the signalized intersection. On the north side, this will be at the new traffic signal being installed at the Montgomery Road/Main Street "split", and on the south side this would be at the traffic signal at Kennedy Lane. There will only be one crosswalk adjacent to the roundabout, which will be located across the east leg of the roundabout intersection which is the future road into the Montgomery Quarter development.

Roundabout construction is expected to be completed next month.

MONTGOMERY POLICE ADD E-BIKE FOR THE BIKE PATROL

This year the Montgomery Police Department added the latest tool in bike patrol technology with the addition of an E-Bike or electric bike. All bike patrol officers are specially trained through a rigorous International Police Mountain Bike Association (IPMBA) training which focuses on police officer usage of bicycles to assist with various patrol responsibilities.

An electric bike still uses the officer's pedal power; however, each push of the pedal gets a power assist from the bike. The new Trek bike has 4 different power levels and still has the standard gear shifts like regular bikes. Depending on the power level used, the E-Bike can last an entire patrol shift and beyond on a single charge. Montgomery's hills are easily traversed on the E-Bike which greatly increases the patrol potential. The E-Bike can reach speeds between 25-30 MPH.

Our Bike Patrol gives officers the opportunity to be much more approachable and interactive with residents, children, and business owners. Bikes can go where cars cannot so you will see officers on bikes within our many parks. You

may see officers on bikes during the nighttime hours as well as they offer an excellent covert opportunity to target problem crime areas such as thefts from vehicles within our neighborhoods. Often criminals look out for the marked police cars in the area but are caught off guard when an officer on a bicycle rolls up on them. Bike Patrol officers still respond to normal calls for service and are never far from their patrol cruiser.

So, look out for our officers out there and feel free to stop them for a friendly chat. Word on the street is they like patrolling the neighborhoods that have ice cold lemonade stands!

MONTGOMERY FIRE DEPARTMENT OFFERING FIRST AID/CPR CLASSES

The Montgomery Fire Department offers quarterly American Heart Association HeartSaver First Aid/CPR certification classes. The next class is scheduled for July 10 from 10:00 a.m. - 2:00 p.m. There is a nominal fee of \$30 - CPR only, \$35 - CPR/First Aid to cover the cost of materials. Additional Classes scheduled for August 14 and November 13. For more information or to sign up, please call 513-985-1633.

CPR: a Lifelong Skill

CPR, (cardio-pulmonary resuscitation) is an important skill that everyone should learn. You do not need to be a medical professional to know or use CPR. The Montgomery Fire Department offers quarterly classes to teach the lifesaving skill.

You never know when you may need this skill to save someone you love or to be a hero to a stranger.

Knowing CPR empowers bystanders to help someone in a life-threatening situation. For parents, this skill comes into play with children younger than five who tend to put small objects in their mouths, which can lead to choking. Choking is a leading cause of death in this age group and knowing what to do and how to perform CPR allows you to act quickly.

Also, situations may arise when someone's breathing, or heart has stopped. In the summer, working in the heat increases the chances of this happening. It is the same in the winter when the body is stressed doing strenuous activities like shoveling snow. Immediate action with CPR is the most effective way to save that individual, as an ambulance may not arrive for several minutes. Providing CPR could mean the difference between life and death for someone who is unconscious.

First Aid Classes: Responding with Care and Knowledge

The City of Montgomery Fire Department offers basic First Aid training, and encourages babysitters, parents, coaches, and all adults to consider first aid certification. First aid training provides tools to ease suffering, prevent further injury, and prolong life. It can be as simple as easing the pain of a bee sting to calming someone who is having trouble breathing.

First Aid classes prepare people to respond and prioritize care in smart, effective, and safe ways that can really make a significant difference to an injured or sick person.

The City of Montgomery Fire Department is certified to teach both important courses using the standards and criteria of the American Heart Association.

SAFELY CONTROLLING INSECTS - BY EAC CHAIR MARK LASKOVICS

Now that we are in the middle of Cicada-Summer 2021 we need to be aware of how to properly control pests. Whenever using or having insecticides applied, please remember that most of these chemicals act as neurotoxins to both insects and other animals. The use of pesticides should be limited and well controlled to protect both beneficial insects and other animals in and around your yard. Here are some key points to control insects:

- Employ good pest prevention practices by limiting or removing sources of food, water and shelter for insects.
- Attract birds and other beneficial insects to your yard. These will naturally keep insect pests in check and be entertaining to watch.¹
- When applying pesticides, do very localized application by using traps or spraying locally around foundations.² Fogging should only be used in an enclosed environment where the pesticide is well controlled and exposure to humans or pets is avoided for the recommended amount of time for the fog to settle and penetrate.
- For yard-wide infestation of grubs, consider natural treatments such as Milky Spore or beneficial nematode treatments.³ These natural treatments are much safer than pesticides and effectively control grubs.
- Plants that repel insects - there are several plants that repel insects, including mosquitos.⁴ These should be

considered in place of wide-spread pesticide use... and they brighten up your yard as well!! As far as repellants go, it is always better to use a localized repellant rather than widespread application of insecticides.

Please remember, over use of insecticides is hazardous to our environment and to those around us. Over-spraying and fogging destroy beneficial insects, weakens our natural habitat, and is an annoyance to our neighbors. A little forethought, creativity, experimentation and tolerance can go a long way to protecting our environment and preserving the harmony of nature.

PROPERTY MAINTENANCE STANDARDS PROTECT PUBLIC WELFARE AND PROPERTY VALUES

For the protection of public health, safety, and general welfare of citizens, local governments use zoning and property maintenance regulations to help manage real estate in their jurisdictions. The City of Montgomery has established and enforces a property maintenance code to promote and protect the public health, safety, convenience, comfort, prosperity, and general welfare of the community. The code also serves to protect and promote property values within the City. Nearly every city has adopted a property maintenance code and property owners expect a city to protect the value of their property from the negative consequences of surrounding development. In Montgomery, property owners maintain their land to high standards, which has increased property values and improved the quality of life in the community. Montgomery officials are committed to continually work to maintain this standard through enforcement of City codes. Some of the more visible regulations include:

- Home repair and maintenance standards
- Maintenance standards for accessory buildings and structures
- Driveway and sidewalk maintenance for public safety
- Length of grass and landscaping requirements
- Maintenance standards for exterior open spaces

Overall, local government plays an important role in protecting the value of each home and maintaining the overall appearance of Montgomery as a community. For more information regarding the City's property maintenance code, contact Melissa Hays, zoning and code compliance officer at 513-792-8347.

WATER SAFETY TIPS

What do surfing, fishing, water skiing, and swimming have in common? They are all lots of fun... and they all take place in, on, or around the water! Water activities are a great way to stay cool and have a good time with your friends or your family. Take along these tips — and your common sense — to get wet, make waves, and have a blast!

Top Ten Tips

- DO learn to swim. If you enjoy water activities, being a strong swimmer is a must.
- DO take a friend along. Even though you may be a good swimmer, you never know when you may need help. Having friends around is safer and more fun!
- DO know your limits. Watch out for the “too’s” — too tired, too cold, too far from safety, too much sun, or too much hard activity.
- DO swim in supervised areas only and follow all signs and warnings.
- DO wear a life jacket when boating, jet skiing, water skiing, rafting, or fishing.
- DO stay alert to currents. They can change quickly! If you get caught in a strong current, do not fight it. Swim parallel to the shore until you have passed through it. Near piers, jetties (lines of big rocks), small dams, and docks, the current gets unpredictable and could knock you around. If you find it hard to move around, head to shore. Learn to recognize and watch for dangerous waves and signs of rip currents — water that is a weird color, really choppy, foamy, or filled with debris.
- DO keep an eye on the weather. If you spot bad weather (dark clouds, lightning), pack up and take the fun inside.
- DON'T mess around in the water. Pushing or dunking your friends can get easily out of hand.
- DON'T dive into shallow water. If you don't know how deep the water is, don't dive.
- DON'T float where you can't swim. Keep checking to see if the water is too deep, or if you are too far away from the shore or the poolside.

Information provided by the Centers for Disease Control and Prevention

SWIM LESSONS CAN HELP REDUCE THE RISK

Stop by the Montgomery Pool to pick up information on private and semi-private swim lessons. Turn in completed request forms to the pool front desk. Staff will then contact you to discuss. Private swim lesson days and times are arranged between the instructor and the family.
