# COUNCIL MESSAGE

## A UNITED MONTGOMERY CONTINUED BY CHRIS DOBROZSI

As July 2022 comes to a close, I would like to look back at one of my favorite months for community building events in this special place – the City of Montgomery.

July brought us together to share what we have in common – a love for this City and a desire to gather and celebrate family and friends. This year seemed all the more special as the fears related to the pandemic continue to subside.

July 3<sup>rd</sup> ushered in BAMSO’s annual Independence Day Concert themed “High Adventure” on a beautiful evening in Montgomery Park. Approximately 2,500 attendees joined in honoring six veterans for their military service to our country – this annual tradition always brings tears of joy as we learn the sacrifices these brave veterans made to ensure the freedom, we all enjoy today. The BAMSO concert featured patriotic favorites The Star-Spangled Banner and America the Beautiful along with “High Adventure” title themes including Indiana Jones Raider’s March and 007 - Through the Year, ensuring all in attendance were hoping the evening would never end. And as the sun set, the Park was glowing from the 400 American Flag light sticks that lit the evening sky. This event is so special to the Montgomery community as it brings together multiple generations of residents that are equally mesmerized by the sights, sounds and friendships of a simple evening in the park.

July 4<sup>th</sup> brought us the Independence Day Parade and Festival in the Park on yet another beautiful summer day. The parade route was once again lined on both sides with families, friends and pets enjoying the floats, cars, horses, first responders’ equipment, music, military, and elected officials, with the children’s sole purpose to score as much candy as possible. Nothing is more rewarding to me than the sheer joy and innocence of hundreds of kids vying for every piece of flying candy. The family fun continued at the Festival with children’s games, pony rides, magic tricks, live music and good food. This event is special as it brings together family and friends to create new memories that will last a lifetime and allows existing friendships to be enhanced and new ones to be developed.

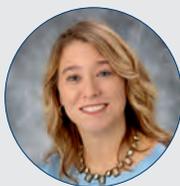

July 16<sup>th</sup> hosted Bastille Day to celebrate Montgomery’s connection to its Sister City – Neuilly Plaisance, France. Hundreds of residents gathered in the heart of Montgomery to enjoy great music including our Motown favorites from The Mistics and this year we unveiled a new headline band in Hotel California – and they delivered. Residents also enjoyed abundant food options including Montgomery Inn, Stonecreek, Taglio and Graeter’s and beverages including craft beer and wine. This event is special as it allows fathers and mothers to set aside their parenting responsibilities for an evening and enjoy a night out with friends and neighbors.

What makes these events so special to Montgomery is not the events that bring us together, although they are well planned and executed, but the magic that happens once we are together- making a personal connection by celebrating what we have in common - that leads us to care for one another, to ensure we stay united. This is Montgomery’s special sauce.

## MONTGOMERY UNVEILS GERRI HARBISON STATUE

At the Independence Day Festival in July, the City of Montgomery unveiled a life-sized bronze statue of former Mayor and Council Member Gerri Harbison. The sculpture features Gerri sitting on a bench overlooking a baseball field and City Hall.

Gerri spent her life serving the City she loved. Gerri died unexpectedly in January 2021. She started her service to Montgomery as a member of its Bicentennial Commission in 1994. Gerri also volunteered on several city boards and commissions. She was elected to Montgomery City Council in 1999. Gerri served as Mayor from 2005 to 2011. She supervised the City's annual Fourth of July festival for 25 years.

Sculptor Tom Tsuchiya of Blue Ash created the sculpture. City officials, business leaders, and residents raised money for the statue.

*Thank you, Gerri, for all you've done for Montgomery.*

## MCLA: "THE BEST COMMUNITY EXPERIENCE YOU'LL EVER HAVE!"

The Montgomery Citizens' Leadership Academy (MCLA) is now accepting applications for the 2023 session. The program, which is locally developed and nationally recognized, takes residents behind the scenes of the City which few people get to see.

MCLA includes ten unique workshops that offer hands-on experiences and field trips to other facilities. The program is designed to move people from being residents to become actively engaged citizens.

Get to know your neighbors and have some fun. Space is limited. For more information or to apply, visit [montgomeryohio.gov/montgomery-citizens-leadership-academy](http://montgomeryohio.gov/montgomery-citizens-leadership-academy) or contact Amy Frederick, communications and engagement coordinator, at [afrederick@montgomeryohio.gov](mailto:afrederick@montgomeryohio.gov).

## WE'RE LOOKING FOR GREAT PICTURES!

This month's cover features Montgomery residents Charlie, two years old, and his five-year-old sister Olivia. Their mother says they love to look at the pictures and fun events inside the Bulletin each month.

We're looking for pictures taken in the City showing Montgomery's beauty. Please send your photos to Amy Frederick at [afrederick@montgomeryohio.gov](mailto:afrederick@montgomeryohio.gov), and we may use them on the cover of the Bulletin!

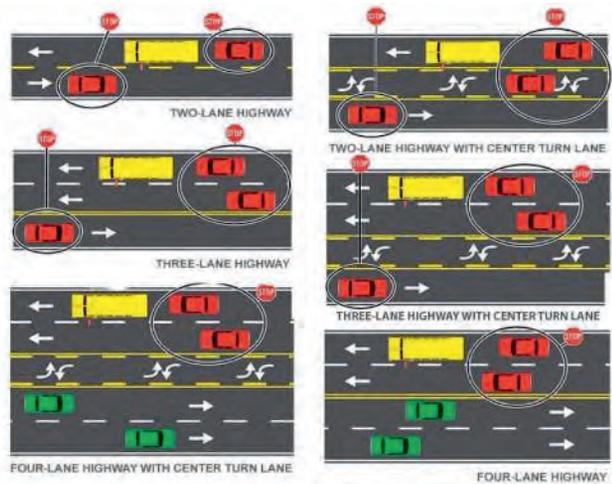

## WHEN TO STOP FOR A SCHOOL BUS

With the first day of school quickly approaching, we need to begin thinking about the safety of our children as they venture back to school. According to the American School Bus Council, students are 70 times more likely to get to school safely if they take the school bus instead of traveling by car. That's because of the school bus design, safety features, and laws protecting children from other drivers. Our children's most significant risk is not while riding the bus but walking to or from one. The laws clearly establish driver responsibilities and stiff penalties for violations of the laws.

Ohio Revised Code section 4511.75 states that a driver in either direction must stop at least 10 feet from the front or rear of a stopped school bus that is discharging or receiving passengers, with or without flashing lights or an extended stop sign.

ALL drivers must stop when the roadway has three or less traffic lanes. These lanes do not include a dual turn lane like we have in the Montgomery Business District. When a roadway has four or more traffic lanes, only vehicles approaching the rear of the bus are required to stop. Drivers who violate the law and put our children at risk could be issued a summons to appear in court. Drivers could be fined up to \$500 with the potential for a one-year driver's license suspension.

Please help us keep our children safe by reviewing the laws with every driver in your household.

## COMMUNITY MENTAL HEALTH DISCUSSION— SUICIDE PREVENTION ON AUGUST 11

August's Community Mental Health Discussion will focus on suicide prevention.

**Thursday, August 11 at 7:00 p.m.**

**Terwilliger Lodge**

**The discussion features Tracy S. Cummings, MD, and Nancy Eigel-Miller.**

Dr. Cummings serves as the Chief of Child and Adolescent Psychiatry for the Lindner Center of HOPE.

Nancy Eigel-Miller, Founder and Executive Director of 1N5, created the James W. Miller Memorial fund in 2010 after losing her husband to suicide.

Look for more information to follow in the Montgomery Bulletin and the City Mental Health page at [www.montgomeryohio.gov/mental-health/](http://www.montgomeryohio.gov/mental-health/)

**The New 988 number for mental health, suicide emergencies took effect on July 16, 2022.**

It will route callers to the National Suicide Prevention Lifeline, connecting callers to 24/7 emotional support with trained professionals.

The current lifeline phone number is **1-800-273-8255**. It will remain available.

The 988 number results from the National Suicide Hotline Act, federal legislation passed in October 2020.

**Save the Date for the following presentation:**

**October 27** – Dr. Megan Schrantz will lead a discussion on **Anxiety/Depression**

## COMMUNITY-WIDE GARAGE SALE OFFERS GREAT DEALS

Looking for a bargain? Come to the City of Montgomery Community-Wide Garage Sale on Saturday, August 6, from 9:00 a.m. until 1:00 p.m. This grassroots public awareness campaign is designed to promote reuse, repair, and resale opportunities in the City of Montgomery.

A Garage Sale Treasure Map, with a complete list of locations, will be available at Montgomery City Hall, 10101 Montgomery Road, starting on Thursday, August 4, from 8:00 a.m. to 4:30 p.m., to help shoppers prepare for the sales and map out deal-finding strategies. Treasure Maps will also be handed out at City Hall on the Saturday morning of the sales, beginning at 8:00 a.m.

Registration ends Friday, July 29. Sign up on the City's website, [montgomeryohio.gov](http://montgomeryohio.gov), or call 513-891-2424. There is no fee to participate.

**GARAGE  
SALE**

## ONE-STOP DROP RECYCLING

### One-Stop Drop for Responsible Recycling event

Start sorting and cleaning out closets, basements, and garages now for the annual One-Stop Drop for Responsible Recycling event.

**Saturday, September 17, from 10 a.m. until 1 p.m.**  
**Public Works Facility, 7315 Cornell Road**  
**This event is free**

This event gives families an easy way to get rid of items that may have been sitting around the house.

To learn more about participating businesses and items being collected, please visit the City's website at [www.montgomeryohio.gov/one-stop-drop-recycling/](http://www.montgomeryohio.gov/one-stop-drop-recycling/).

## One-Stop Drop Recycling Event

## YOU CAN STOP RUMPKE TRUCK FIRES!

Since January, Rumpke reports 60 fires in their trucks and facilities caused by discarded combustible materials, primarily batteries. These fires disrupt service, add to air pollution, and risk injury to Rumpke workers, their trucks, and the public. The damage caused by these fires is significant and inevitably gets passed on to Rumpke customers through higher service fees. Rumpke does not accept batteries because they don't have a safe way to collect and process the material.

According to [easyship.com](http://easyship.com), Lithium-Ion Batteries are hazardous if they are improperly packaged for shipping because:

- They are highly flammable and can cause fires if improperly packaged
- They react sensitively to environmental factors
- There is a higher chance of their short-circuiting.

This is why the United States Postal Service (USPS) requires special packaging and documentation when shipping Lithium-ion Batteries, and the Federal Aviation Administration (FAA) does not allow Lithium-Ion batteries to be placed in checked baggage.

Keeping the above in mind, imagine the safety risk that is created when batteries are thrown into a trash or recycling bin. All trash and recycling materials are transported by compactor trucks, which mix and compress everything they collect, including batteries and any chemicals and flammable materials. This "dangerous cocktail" is then transported to a Rumpke processing facility, where it is dumped and sorted. Batteries are subjected to the same rough handling as other collected trash, creating a high risk that a battery could easily ignite and burn the collection truck or processing facility.

Please do not dispose of batteries in the trash or recycling bin. Instead, take them to be recycled at a responsible site. Hamilton County Solid Waste District keeps a list on its website at [www.hcdoes.org/265/batteries](http://www.hcdoes.org/265/batteries).

Additionally, on the 3rd Saturday in September, Montgomery offers a One-Stop-Drop at the Public Works Facility, including a drop-off area for AAA, AA, C, D, and 9V batteries. These batteries will be taken to a site where they are recycled responsibly.

Information from [Rumpke.com](http://Rumpke.com) / Submitted by Donna Schwartz, member of EAC

# NIGHT SKY STAR PARTY

Fri. Sept 23 & Fri. Sept 30

**Pioneer Park**  
Fun for all ages!

7:30-8:00 p.m.  
Refreshments, mingling & an activity for kids

8:00 - 8:45 p.m.

8:45 - 9:30 p.m.  
Viewing through telescopes (weather dependent)

Free, registration required. Maximum of 40 participants. Held rain or shine. Register at [montgomeryohio.gov](http://montgomeryohio.gov)

Presented by the Montgomery Parks & Recreation Commission in conjunction with the Cincinnati Observatory.

## TREE HEALTH FOCUS: SPRUCE TREES

Rhizosphaera needle cast is the most common disease of spruce trees, including Colorado blue spruce, white spruce, Oriental spruce, and occasionally Norway spruce and red spruce. Healthy spruce will retain its needles for 5 to 7 years; however, spruce infected with Rhizosphaera needle cast may only hold the current year's needles. Mild temperatures and prolonged wet needles can lead to the disease. Needles on interior branches in the lower canopy are most infected first, because airflow is limited, and shade is more prevalent.

When infected, needles on the tree turn purple to brown and begin to drop. When the disease becomes well established in the tree's lower canopy, the disease spreads upwards in successive years, killing off the branches.

When branches in the lower canopy decline or die, it is important to prune out the infected branches.

In addition, should a chemical control of the disease be required, the application should be made in the spring, as the disease infects newly emerging spruce needles.

## 10 SIMPLE TIPS TO PREVENT A FALL

Simple changes can be made in and around your home to help prevent falls and eliminate tripping hazards.

### 1. Remove scatter rugs

Remove throw rugs throughout the home that are easy to trip over. Make sure it has a no-slip bottom.

### 2. Declutter

When you've lived in a place for several years, you can collect a lot of clutter, which can become a fall risk. Remove items, such as stacks of books or boxes, that you may trip over and cause you to fall.

### 3. Keep pathways clear

Clear pathways of trip hazards—such as clutter, power cords, or extra furniture—so that it's easier to move around. This includes hallways as well as the route around your bed.

### 4. Fix uneven surfaces

As people age, vision changes may mean their depth perception isn't as good as before, and they may not see the details of walking surfaces. Fix uneven walkways and steps inside and outside the home to help prevent falls.

### 5. Lights

Good lighting is important to illuminate pathways and surfaces inside and outside the home. Open curtains or blinds to let in natural light. Add extra lighting, such as nightlights in hallways or light strips on steps. Consider motion-sensor lighting inside or outside.

### 6. Bathroom

Install a higher toilet or a seat extender, which are better for people with arthritis or knee problems. Other fall-prevention changes include using nonslip rugs, adding a shower chair, and installing grab bars near the shower, tub and toilet.

### 7. Steps

Add a railing along stairs—or on both sides of steps—to help navigate inside or outside your home. Consider building a ramp that leads to the front or back door.

### 8. Furniture

Decrease the amount of furniture throughout your home, so there are fewer obstacles. If you can afford it, replace sharp-edged furniture with pieces that have soft, rounded edges to reduce the risk of injury should you fall.

### 9. Check your vision

Since poor eyesight can lead to falls, older adults should get an eye exam yearly. You may need glasses, have an age-related condition like cataracts, or need to update your eyeglass prescription.

### 10. Strengthen muscles

Age-related muscle weakness and deteriorating balance also can contribute to falls. Take brisk walks for 30 minutes three times a week to strengthen your leg muscles. Before walking, do some light stretches, such as easy bends and knee flexes while holding onto a chair. Exercise can help improve your balance.

Remove scatter rugs & fix uneven surfaces

Take brisk walks

Check your vision

## DID YOU KNOW?

The Montgomery Drive-in opened in 1939 and was one of the county's earliest drive-in theaters with one of the area's widest screens. The drive-in was a popular community gathering place and events were also held at the drive-in, such as weddings and Easter services. A large fire damaged the drive-in in the summer of 1948, but the theater continued to operate until it closed in 1971. The property was sold after another fire damaged the property in the fall of 1975. Today, the site is the location of Columbia Chevrolet at 9750 Montgomery Road.
