## **ACKNOWLEDGMENTS**

Preparation of this document has been partially financed through a water quality management planning funds provided through the State of Ohio Environmental Protection Agency as part of Ohio's SFY 2010/2011 Biennium Budget; American Reinvestment and Recovery Act (ARRA) and with funds from NEFCO's dues-paying members.

## **FOREWORD**

This draft document represents the product from a merging of two previous documents: Clean Water Plan 208 Lake Erie Basin Water Quality Management Plan (2003) and the Clean Water Plan Ohio River Basin Update Water Quality Management Plan (2005). Where duplicative or similar sections existed from this merge, decisions were made as to what was appropriate to retain. Minor updates, where possible, were made throughout the document but do not constitute an update to any chapter.
