2021-22 BUDGET

General Comments

April 12, 2021

To: Mayor Humphrey and Council

The 2021-22 budget continues to take into account potential economic impacts and increasing expenses due to the COVID-19 pandemic. As a result, revenues have again been conservatively estimated and departments are aware that special projects might change or be delayed.

Revenues:

The funds expected to be impacted by the pandemic last fiscal year were the Major and Local Street funds (which are funded by the state gas tax), and the LRSB Fund (funded by revenue sharing from the casino). The changes in the Major and Local funds were not significant. However, the LRSB fund disbursement was almost \$70,000 less than previous years.

Major/Local Street Funds:

Since the City's budget for the Major and Local street funds already estimated lower, conservative revenues, the revised distributions did not negatively affect the budget last year. This year, the amounts are once again conservative, yet more aligned with amounts received in past years. The City will closely monitor changes in the distributions and make budget/project adjustments as necessary.

Both street funds have healthy fund balances, which are essentially savings accounts in that fund balance money is not allocated as part of the annual budget. The Major Street fund has a current fund balance of \$310,930; the Local Street fund has a fund balance of \$319,177. These "savings accounts" were intended to mitigate the effects of reduced state revenues.

Local Revenue Sharing Board Fund (LRSB), also known as the "Casino Fund": The LRSB fund revenue sharing disbursements in previous years ranged between \$275,000 and \$300,000. Due to COVID-19, last year the City received a reduced payment of \$220,880. For the 2021-22 budget year, the disbursement is expected to be on par with previous years.

The LRSB fund has historically been used, and continues to be used, as a special projects fund for the city. It does not fund the general operations of the city. The current fund balance of the LRSB account is \$491,247.

General Fund:

The General Fund is the main operating fund of the City and is primarily funded by property taxes. As noted in last year's budget comments, an increase in unpaid property taxes due to economic hardships brought on by the pandemic could result in less taxes being collected up front by the City. However, delinquent property taxes are sent to the County annually after the final tax collection date. Berrien County sends a check to the City in the amount of delinquent taxes outstanding, and then assumes the role of collecting delinquent taxes.

A noticeable change to the General Fund revenues for the 2021-22 fiscal year is the budgeted short term rental fee revenue, which due to fee increases is anticipated to be \$150,000.

A deficit of approximately \$105,000 is budgeted in the General Fund for the 2021-22 fiscal year. It is a “planned deficit” that allows the City to cover expenses by using money available in the fund balance.

At the end of last fiscal year, General Fund had a fund balance of \$1,986,363 of which \$1,872,953 was unassigned or unrestricted.

The City’s fund balance policy maintains that minimum unrestricted fund balance be the sum of the top two taxpayer’s total annual city tax or 25% of General Fund revenue, whichever is higher. The sum of the top two taxpayer’s total annual tax is \$44,208, while 25% of General Fund revenue is \$867,775. Therefore, the minimum fund balance is \$867,775.

Also per the policy, the maximum unrestricted fund balance shall be the sum of the minimum, plus and infrastructure emergency reserve of \$1 million, plus and operating reserve of 15% of General Fund expenditures. That total yields a maximum fund balance of \$2,340,504. The General Fund balance is therefore under the maximum allowed by the policy.

Should the council decide to designate a portion of the fund balance for upcoming special projects, the result would be a planned deficit at the end of the budget year.

Downtown Development Authority (DDA):

The DDA will not receive funds again this year due to a negative tax capture in the district. The DDA has not received funds since the 2016-17 fiscal year, when fund received \$1,193.00 in tax revenue. The DDA currently has approximately \$200 in operating funds.

Harbor Operations Fund: In response to a DNR requirement, the marina and harbor operations were taken out of the Parks fund and put into a newly created Harbor Operations fund. Historically the revenues and expenses were not separated; this fund may need to be amended during the upcoming fiscal year to classify the financials correctly.

Expenses:

Budgeted expenses include:

- An increase in annual General Fund expenses of approximately \$200,000 as a result of hiring a full-time code enforcement officer, a full-time police officer, and enrollment in a vehicle leasing program through Enterprise.
- Vehicle leases for 6 cars including upfront costs to equip trucks for plowing, total \$54,202. This will be an annual cost going forward, although lease amounts may fluctuate over time. Vehicle maintenance costs have been approximately \$35,000 per year; these costs should eventually be reduced due to newer vehicles being leased.
- Storm sewer repairs of approximately \$130,000.
- The transfer from the General Fund to the Parks Fund to support operating expenses was increased to \$100,000.
- Lifeguard costs were increased to \$60,000 for salaries, \$2,200 for lifeguard and equipment, and \$4,250 for lifeguard recruitment and training. The total program budget is \$66,450, an increase of \$18,546 from last year’s lifeguard program budget.

- Health insurance is expected to incur an annual increase mid-way through the fiscal year. A 7% increase is budgeted. Increases in past years have ranged from 5-8%. Beginning with 2019-20 fiscal year, the employee contribution rate was doubled to offset the costs to the City.
- A 3% salary increase for both union and non-union employees.
- Notable special projects for the upcoming fiscal year remain to be finalized. However, projects budgeted to date include:
 - Completion of the renovation of the dune walk at the beach
 - Marquette Greenway trailhead, partially funded by the Recreation Passport Grant
 - Water main extension on North Drive
 - Repair storm sewers, address drainage issues and expand sewer service on several city streets

Potential projects to be determined by the council include:

- Galien River Seawall/Shoreline Stabilization (possibly utilizing fund balance of General Fund)
- Road repair and maintenance plan funded by the recently approved millage.

Debt:

Total debt for the 2021-22 fiscal year is \$610,036.35. The debt schedule is included in the budget packet.

The budget will be closely monitored and amended as necessary during the fiscal year in response to changes in the economic environment that may impact the City. Please do not hesitate to contact me should you have any questions.

Kind regards,

Kate Vyskocil, Treasurer

CITY OF NEW BUFFALO

A short primer on City funds

First...A brief overview of the Uniform Chart of Accounts.....

The Uniform Chart of Accounts provides a systematic arrangement and means for the uniform accumulation, recording, and reporting of financial information and transactions for all local units of government in Michigan. This system follows Generally Accepted Accounting Principles (GAAP) and Michigan law. The City of New Buffalo utilizes the Uniform Chart of Accounts and uses it to record and track revenues and expenditures by fund, department and account.

A fund is a separate account for specific revenues and expenses.

Each operating fund is assigned a number to identify it, which is written after the fund name in the descriptions below. For example, the General Fund is number 101. Departments also have their own number. The fire department is 336. And, each expense item has an account number. Operating supplies is 756. When looking at 101-336-756, it means it is the general fund (101), the department is Fire (336), and the expense is for operating supplies (756).

The funds are in numerical order in the budget, as well as on the revenue and expenditure reports that are part of the council packet.

The City of New Buffalo currently utilizes 16 active funds:

101 General Fund —the general fund is the chief operating fund of the City. It is used to account for all of the general revenues of the city that are not specifically levied or collected for other city funds, and for the expenditures related to the rendering of general services by the city.

Revenues are primarily from property taxes, which average \$2.5 million per year. The revenues fund the operating costs and expenses of the 23 departments within general fund, including Police, Streets, Fire, Ambulance services, Garbage Pickup, Street lighting, Inspection Services, Cemetery and general City service and administration.

105 PNLRSB Fund—also known as the Casino Fund. Revenues are discretionary payments received from the Local Revenue Sharing Board, based upon a percentage of net earnings from the casino. The PNLRSB fund paid for a significant part of the downtown redevelopment.

202 Major Street Fund—accounts for repairs, maintenance and construction on the City's major streets. The revenues consist primarily of state-shared gasoline and weight tax collections. The Michigan excise tax on gasoline is currently 19 cents per gallon.

203 Local Street Fund—accounts for repairs, maintenance and construction on the City's local streets. The revenues consist primarily of state-shared gasoline and weight tax collections.

208 Park Fund—to account for the operations and maintenance of the City's 8 parks. Revenues are primarily from beach parking, boat launch and marina fees.

(over)

209 Park Improvement Fund—to account for the proceeds of a special millage to provide for certain improvements within the park system.

225 Dredge Fund—to account for costs of dredging the City's harbor.

248 Downtown Development Authority Fund—to account for tax increment revenue that is derived from new construction in the Downtown Development District, which can be used for improvements in the downtown area.

265 Drug Law Enforcement Fund—to account for confiscated property and money related to drug law enforcement activity and to provide funds for future enforcement activity.

266 Criminal Justice Training (ACT 302) Fund—to account for state funds used for law enforcement training.

351 Debt Service Fund—reserve established to service principal and interest on short-term and long-term debt. Revenues are from transfers into the debt service fund from other funds. For example, the water fund will transfer in money to pay for water-related debt.

402 Equipment Purchase Fund—to account for the acquisition and replacement of City equipment and vehicles.

403 Capital Improvement Construction Fund—to account for the proceeds of the 2017 Capitol Improvement bond, which partially funded the downtown revitalization project and continues to fund street paving projects. The bond money remaining to date is approximately \$68,408. The fund will be closed after the remaining money is expended.

703 Current Tax Fund—to account for the collection and disbursement of property tax payments and special assessments. Tax monies collected go into the account and then are sent out to taxing entities.

Enterprise Funds

The city has two enterprise funds. These operations are financed and operated in a manner similar to that of a private business enterprise where the intent is that all the costs, including depreciation, related to the provision of goods and services to the general public on a continuing basis, be financed or recovered primarily through user charges.

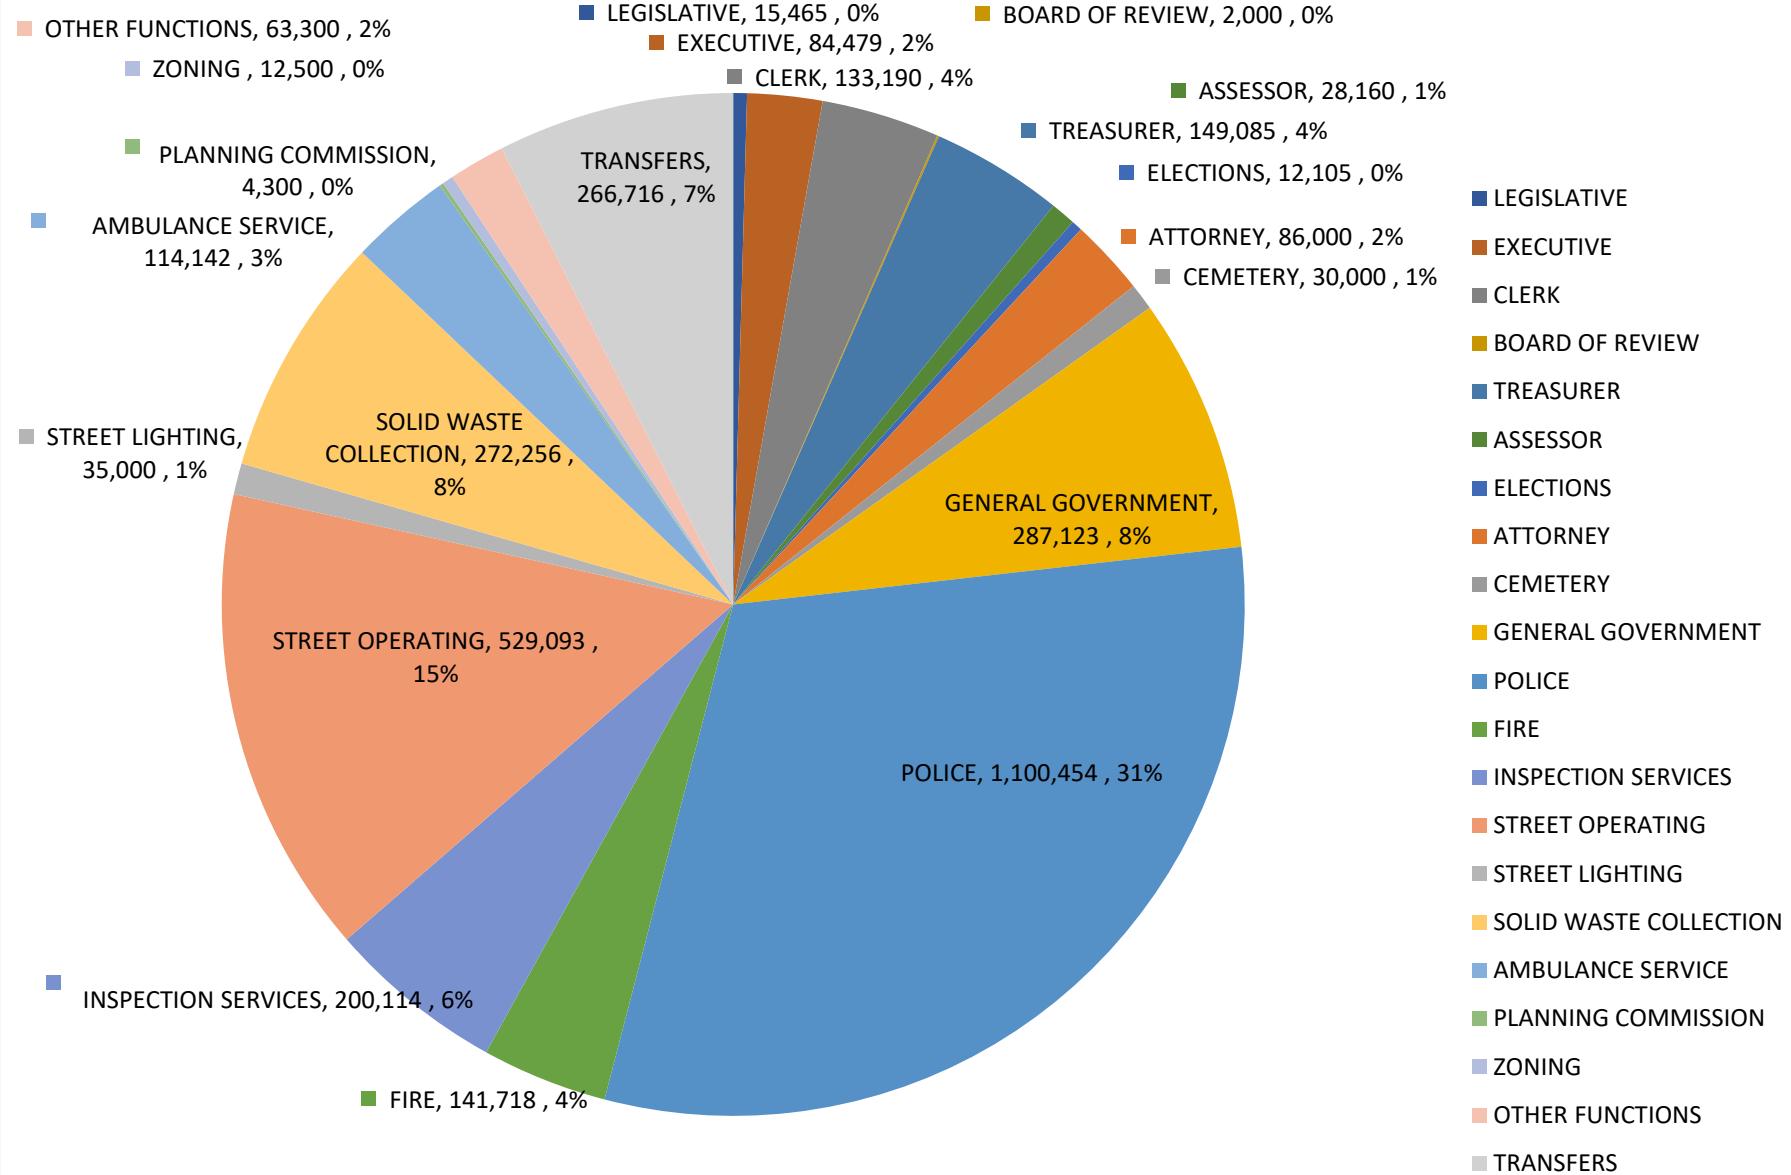

590 Sewer Fund—an enterprise fund, meaning it provides goods or services to the public for a fee that makes the entity self-supporting. It accounts for revenues and expenditures related to the City's sewage disposal and treatment systems.

591 Water Fund— an enterprise fund, meaning it provides goods or services to the public for a fee that makes the entity self-supporting. It accounts for the operations of the City's Water treatment and distribution systems, including maintaining the water treatment plant, water tower, and intake.

A word about fund balance...

Fund balance is an accumulation of revenues minus expenditures. Each fund maintained by the city has a fund balance. It is essentially a savings account. Any surplus revenues in excess of expenditures at the end of a fiscal year fall to a fund balance within that particular fund. These funds are invested in the city's pool of invested funds and earn interest in proportion to their participation in the pool. Fund balance from any fund can be re-appropriated for future use through the budget process, but any restrictions on that particular fund continue to apply to re-appropriated funds.
