Greetings,

The Michigan Department of Health and Human Services Oral Health Program would like to congratulate your water system for achieving the CDC's Water Fluoridation Quality Award for 2019. This is a great honor for your city and for our state. This award recognizes those public water systems that adjust the fluoride concentration in drinking water and achieve a monthly average fluoride level that is in the optimal range for 12 consecutive months in a year, as documented in the Water Fluoridation Reporting System (WFRS).

WFRS is a national health surveillance tool that assists states in managing their water fluoridation program. The Water Fluoridation Quality Awards were initiated in 2002 to recognize outstanding performance in fluoridation management by public water systems. Over the past four years, 36 states have had at least one public water system in their state receive the award. In calendar year 2019, there were 1,523 adjusted systems in 29 states recognized by the CDC. In Michigan, 72 public water systems received the award.

Water utilities and their customers value the ability to demonstrate quality service. There are several award programs related to drinking water, including those conducted by the U.S. Environmental Protection Agency, the American Water Works Association, and state drinking water programs. CDC's Quality Awards can be a good opportunity to promote community water fluoridation. We hope you display your awards proudly!

Once again, congratulations on this outstanding award and for your continuing commitment to public health of all Michigan residents.

The Centers for Disease Control and Prevention commends this water system for its consistent and professional adjustment of the fluoride content to the recommended level for oral health for 12 consecutive months in 2019. To: Mayor and City Council

Warmer weather is upon us and summer is just around the corner.

The Parks department has begun getting ready for what looks to be a very busy summer season. We have begun getting the beach ready for the season. The beach is being leveled off this week so we can install the boardwalk. It looks like we will be able to put the entire boardwalk in this season as the water level has gone down considerably and we have gotten much of our beach back. The Kiosks are up and running and the new rates are installed. We have a new feature this year, boaters can now pay daily and season launch fees on the kiosk at the boat ramp. I am hoping this will help with some of the congestion both at the office and at the ramp.

The boat ramp is set to open and has been seeing a record number of users. The parking area is set to get patched on April 20th and the seal coated and striped on April 27th & 28th. We will be creating new parking spaces for the kayak parking and a thru lane near the ramps in hopes that this will help with some of the confusion from last season.

The Marina is set to open on April 19th. Currently the bathrooms are still under construction, but normally we don't see boaters until Memorial Day weekend. Hopefully things will be completed by then, if not I will get temporary bathrooms. Audrey has been doing an amazing job of getting things organized and cleaned up. The marina now has it's own Facebook page and Google listing, something we have never had before.

Spring sports will be taking place this year, and we have been working on getting the ball fields ready for play. Getting them ready requires us to till and drag the fields, hang the dugout screening, clean up the dugouts, fix and damage to the infields and outfields, and just make sure everything is safe for them to play ball.

Continual trash pick-up and maintenance continues at Oselka Park and the Dog park. Looking forward to another busy year.

Respectfully submitted,

Kristen D'Amico

Street Department Monthly Report
For March 2021

Mayor Humphrey, New City Manager Watson,
And City Council Members,

Let me start out by giving a big thank you to Rich Killips for all his assistance in his role as Interim City Manager. He helped the City and the City staff through what could have been a very difficult transition. Also I would like to say welcome to Darwin. I think he offers valuable knowledge to help the New Buffalo DPW improve its services to the City by working as a team to prioritize our projects, and improve and maintain our resources.

Here are some of the ways your loyal street department employees served the City of New Buffalo during the long month of March 2021.

- ✓ Leaves! From last year! Can you believe it?! We spent 6 different days picking up leaves and brush from areas throughout the City which then led to spending time in the stockyard chipping leaves and brush. (No snow plowing, though!)
- ✓ Hot patching! Last month's weather led to this month's hot patching. Street department employees could be seen patching around town, but that particular task also leads to servicing, maintaining, and loading the hot patcher.
- ✓ The following vehicles were serviced, repaired, or enhanced during the month of March:
 - Water Department Truck
 - Beach ATV and Bobcat
 - Street Department Truck 102 and Truck 103
 - Police Department units 4710, 4713, and 4759
 - Code Enforcement Vehicle
- ✓ Street Department input was requested at the following meetings:
 - Michigan Street – to discuss storm repairs
 - Budget – year end and future preparations
 - RPE – drain pipe issue in stockyard
 - Firehouse – regarding addition and pricing
 - Pine Grove Cemetery – with Vic
 - Hein Electric – Oselka Park
 - Pay Jay
 - MDOT

- ✓ Time was spent training a new employee on the safe operations of the equipment and tools used by the Street department including the Tool Cat Sweeper.
- ✓ It's the time of year when we start working in the stockyard putting away winterization materials and equipment and prepare materials and equipment for "Summer in the City".
- ✓ The following streets and concerns were addressed:
 - River Walk – removed tree stumps
 - S. Berrien – worked with GRSD to locate sewer at 328
 - Stromer Road – picked up debris and patched (still slightly frozen)
 - Norton and Jefferson Streets – placed stop sign
 - Mayhew Street – pulled signs
 - Taylor Street – repaired manhole lid
 - Thompson Street – put up new light and install light pole top
 - Merchant Street – install box on exposed wires
 - Whittaker Street at US Hwy 12 – picked up trash and roadkill
 - Michigan Street – brought in stone for backfill
 - Various Streets – swept, signs repaired, summer signs put in place, and lights replaced
- ✓ Spring has sprung! On 14 occasions our Street department worked with Miss Dig at various locations in the City.
- ✓ Repairs and maintenance were addressed for various City departments:
 - Water Plant – worked on lights, effluent pump; twice cleaned out pit in stockyard
 - City Garage – met with MC Doors for quote, repairs, and install of new overhead
 - Boat Launch – dock repairs
 - Pond at Beach – relocate drain pipe, regrade soil, clear weeds, prep for mulch, install fabric and mulch, pumped out 3 times, installed new parking sign

Of course there were plenty of small chores, repairs, and maintenance issues to keep us busy in between the major projects. Let's not forget the paperwork. Lots and lots of paperwork!

X

To: Amy Fidler <afidler@cityofnewbuffalo.org>

Amy,

I just got your voicemail. We would like to do a parade for the graduates immediately following the fireworks, if that is allowed. Last year, we started at the high school and went west down Clay Street. We turned right on Whitaker and proceeded down to the city beach parking lot. We then re-traced that route back to the high school.

We would like the city to block off the parade route and join in with police cars/fire trucks, if possible.

Thank you,

Dr. Jeff Leslie

Good Morning Dr. Leslie,

We are having our Department Head meeting today and I plan to present your special event application for graduation . I noticed that on the application that there is no mention of the parade. If you are still planning on having the parade, could you please send me an email with details of the route and what you would like the City to provide.

Also, just a friendly reminder I still need the certificate of liability for the firework company. I know you might not have that yet but when you do receive it, please forward it on to me.

Thank you,

The Patty Wagon

4/1/2021

Greetings from the Redamak's Patty Wagon Team!

We thank you for your understanding as we continue to navigate these uncharted waters. We are excited to announce that we are opening the restaurant for our 2021 Season on **Thursday, April 1st at 12pm EDT**. We plan to reach out to any previous inquiries once we re-open the restaurant, thank you again for your patience.

With much consideration and recommendations from State and Local Health Departments we have been advised to not take our Patty Wagon Truck off-site until further notice. Our truck operations include setting up Buffet Stations, which are currently not permissible in the State of Michigan. We are also faced with varying COVID-19 restrictions between the surrounding States that we normally have our events. This poses a large risk to our Staff, and their health and safety is of the utmost importance.

This is truly an unprecedented time for us all, and we thank you for your patience and understanding. Please accept our most sincere apologies with the timing of this letter. With that being said we unfortunately are unable to book any off-site events with our Patty Wagon until further notice, please stay tuned for updates as things keep changing.

While we know this is not the most optimal news, we would still of course love to be a part of your event however possible and we appreciate your consideration.

May we suggest the option of a Curb-Side Pick-Up here in New Buffalo. We are happy to label and pack everything up, including all of the toppings and sides.

Manager's Report
4/19/21
Agenda Item A
Re-Assessing of Commercial Property

Summary:

City Staff has been noticing that there are some severe inconsistencies in the assessed values of commercial property in the City, with the assessments being unreasonably low. When commercial properties are not properly assessed, the tax capture for the City and DDA is adversely affected. We wish to engage the services of our current assessing company to re-assess all the commercial properties in town and report these numbers to the County to be used in their tax rolls. This will not cause an immediate tax increase for property owners because of Proposal A but will ensure that a proper dollar value would be used when there is a change in ownership of a commercial parcel.

Approximate total cost: \$21,300

Budgeted: No

Recommendation: Approve the contract with Northrop Assessing.

Respectfully submitted,
Rich Killips/Darwin Watson

This Agreement does not grant or convey to Licensee any rights, title, or interest in any fixtures, structures, equipment or furnishings, provided by the City with respect to the Beach.
- 2. Term and Renewal.** This Agreement shall be in effect through the end of calendar year 2023 unless terminated early pursuant to Section 9.
- 3. License Agreement.** Licensee shall pay to the City an annual license fee of \$2,000 on or before May 15 of each year that this Agreement is in effect. Additional fees outlined in Section 1 or 4 shall be paid in the week following the addition of concession days.

Licensee may sell other food items or non-alcoholic beverages, so long as such items are sold from the same truck and as so long as the Licensee complies with all applicable licensing and food-safety requirements. The sale of any other item requires written approval by the City Manager.
- 6. Maintenance of Premises.** Licensee shall maintain the Premises in a clean and orderly condition, regularly removing trash and other debris. Licensee shall not store its food truck unit on the Premises overnight.

Licensee shall provide the City a copy of a certificate of insurance showing the insurance to be fully in effect and stating that the insurance may not be terminated or modified without providing the City at least 30 days prior written notice. 11. Compliance with Laws. Licensee shall operate in accordance with generally accepted operating practices and maintain compliance with applicable laws, rules, regulations, ordinances, orders, permits, and licenses required by any governmental agency of competent jurisdiction. In addition, Licensee shall obtain and maintain all required permits, licenses, and other approvals.

12. Breach and Remedy.

a. If either party fails to comply with any of the terms and conditions of this Agreement, a written notice of failure to comply stating the specific breach shall be delivered to the allegedly breaching party. The recipient of any such written notice shall have 3 days to take any corrective actions required to cure the breach so as to be in compliance with this license. In the event it is impossible to remedy the breach within 3 days due to inclement weather, fire or other act of God, the recipient of a written notice shall be given a reasonable time to comply with the terms and conditions of this license. During the 3-day cure period the notice recipient shall inform the notice sending party in writing of the actions taken to remedy the breach.

b. The City Manager may, upon a reasonable belief that a breach of this Agreement has occurred and has not been corrected after 3 days' written notice, suspend the license granted by this Agreement or terminate this Agreement, effective immediately.

c. In addition or in the alternative to suspending the license or terminating this Agreement, if the notice-recipient fails to take reasonable steps to remedy the breach within 3 days of receiving notice of the same, the notice-sending party may perform the notice recipient's obligations so as to remedy the breach and recover from the notice-recipient all of the costs, including, without limitation, costs paid to those providing services or materials and its own wages if performing the work itself.

d. To the extent not prohibited by law, the prevailing party in any action brought pursuant to or to enforce any provision of this Agreement shall, in addition to any other remedies, be entitled to recover its actual costs, including, without limitation, its actual reasonable attorney fees, filing fees, expert fees and other expenses incurred to bring, maintain or defend any such action from its first accrual or first notice thereof through any appellate and collection proceedings. A party is a prevailing party if it improves its position from any offer made by the other party prior to filing the lawsuit. This provision shall not alter or affect any remedies under applicable court rules governing sanctions for rejected offers of judgment or case evaluation awards.

13. Assignment. Licensee may assign this Agreement to a subsidiary, parent company, or any similar affiliated entity with written consent of the City Manager, which shall not be unreasonably withheld.

14. Interpretation. This is the entire agreement between the parties as to its subject matter. This Agreement shall supersede and void any existing lease or other agreement between the parties. This agreement may not be modified except in writing signed by the Parties (in the case of the City, such modification shall require City Council approval). Its interpretation shall not be affected by any course of dealing. The captions

are for convenience and form no part of this Agreement, but the recitals are an integral part of this Agreement. This Agreement shall be construed as if it were mutually drafted.

Any notices shall be made in writing to the addresses first written above or such other addresses as indicated by notice and shall be made by personal delivery or by postage prepaid United States first-class mail and shall be deemed completed when actually received or, if by first-class mail, three business days after mailing.

b. The waiver of or failure to enforce any part of this Agreement shall not prevent its subsequent enforcement. To be effective any waiver must be in writing signed by the waiving party.

c. This Agreement shall be binding upon the parties to this Agreement as well as their successors, heirs, executors, administrators, personal representatives, and permitted assigns.

The Parties have signed this Agreement as of the date first above written.

Agenda Item D
Proposed Sale of Property to NBAS

Summary:

The City and the School have a common goal to create as much “workforce affordable” housing as possible within the school district and we would like to see as much of it as possible inside in the City. We have been in discussions with the school regarding different locations and have concluded that the best location for some new housing would be on Jefferson St at Norton. This location historically been used lightly by City DPW as a material storage area and needs sprucing up. This project would allow the City the funds to clean up this area and allow the School Building trades program to build three homes on the property. The proposal on the table is to sell the three lots to the School for a cost of \$15,000.00. Keeping the cost low helps ensure that the homes can be built and subsequently sold at a lower price to help obtain the goal of “workforce affordable” housing. The proceeds would be used for the city’s site work to improve the looks of the existing “yard”.

Approximate total cost: \$15,000

Budgeted: No

Recommendation: Authorize the City Manager and City Attorney to prepare the legal documents needed to complete the sale of the property.

Good morning,

There had been discussions between City staff and NBAS regarding the feasibility of using the old lumberyard property as a new development of workforce affordable housing built by NBAS building trades. During the investigation in to this, the school paid for and completed a Phase 1 and 2 environmental on the property since its past uses were a rail yard and lumber processing facility. Unfortunately the environmental studies did not come back favorable to building residential housing without serious contaminant mitigation measures. The school still has a need to find some areas to build their building trades houses starting as early as this year and we have worked together to find an alternate site that would allow three workforce affordable homes to be built. The area that has been discussed is just to the East of the Medic Garage along Jefferson St. and can be seen in the illustration below.

This parcel can be divided into three buildable lots and already has water and sewer at the street, eliminating the need for expensive infrastructure additions. There will need to be some site work, and our storage bins will have to be moved to accommodate the housing. The discussions involved selling this portion of property to the School for \$15,000 which would help us offset the cost of moving around the dirt, fixing drainage, and arranging all of our DPW space in that area. This price would also help ensure that the houses could be re-sold and stay "affordable". The school, as well as the City, plans to have measures in place to help control the price of these houses long-term, such as deed restrictions and or rights-of-first-refusal. The houses would be arranged as shown below.

Please let me know what questions you have on this.

Concrete repairs and replacement at Municipal Marina

Summary:

The condition of the concrete sidewalks and wooden deck on the lake side of the Municipal Marina have deteriorated (mainly settled) to the point where walking on them has become dangerous. These sidewalks and deck need to be replaced as soon as possible to avoid trip and fall accidents. City staff had contacted multiple contractors for bids on the project and to-date has only received an actual bid from one. Stark Solid Concrete is a local contractor who has done quality work at a reasonable price for the City in the past.

Approximate total cost: \$13,165.00

Budgeted: No but funds are available.

Recommendation: Approve bid of Stark Solid Concrete for repairs and replacement of concrete.

Respectfully submitted,
Rich Killips/Darwin Watson

2021 Road Project

Summary:

The City has funds available currently to move forward with a smaller road repair project. Sections of streets that are in the worst state of repair have been noted by city staff and Abonmarche has put together a project to deal with these hot-spots. The City has approximately \$200,000 available, \$125,000 that was budgeted for a different section of street repair that has proven to be less urgent and the remaining funds from a capital improvement bond. These sections of streets noted are by far the worst in the City and have been a problem for quite some time.

Approximate total cost: \$26,000

Budgeted: No but funds are available

Recommendation: Approve engineering and construction management contract with Abonmarche for \$26,000 to move the project forward.

RE: Proposal for Professional Services – 2021 New Buffalo Paving Project

Dear Mr. Killips:

Abonmarche is pleased to present this proposal for Engineering Services related to the 2021 Street Resurfacing Program. We have reviewed the preliminary scope of work identified for the proposed 2021 streets and understand that the project will be completed with local funds and will include asphalt resurfacing. The project will not include any underground work (water main, sanitary sewer, storm sewer, etc.). Abonmarche has recently completed similar resurfacing projects and is familiar with the design and construction administration efforts needed to successfully complete this project. The following will detail our understanding of the project, scope of services and fees.

SCOPE OF SERVICES

The New Buffalo paving project will include milling and resurfacing the existing asphalt pavement on the following streets:

Street Segment	Beginning Street	Ending Street
Indiana Street	Whittaker Street	Norton Street
Indiana Street	Willard Street	Mayhew Street
Michigan Street	Griffith Street	Franklin Street
Griffith Street	Buffalo Street	Michigan Street

The budget for construction has been established at \$174,000. The work is planned to be completed in the summer of 2021. We expect that the timeframe for construction will be flexible to include a window of available time to complete the work. This should lead to more favorable pricing. The following information details our approach to assisting the City with the successful completion of the project.

Preliminary/Final Design

1. A pavement coring will be completed to supplement existing coring data for each street in the project area to determine the existing pavement sections and to help guide design of the improvements.
2. Development of recommended pavement rehabilitation cross-sections. This will include meeting with the City to review alternatives for each street.

3. Log plan sheets including title sheet, details, cross-sections, removal and plan sheets, and traffic maintenance plan(s).
4. Specifications and Special Provisions
5. Utility coordination including gathering information from utility companies and resolving conflicts as necessary.
6. Quantities and Cost Estimates
7. Project meetings with city staff, as necessary.

Bidding Phase

Support for city staff for one (1) local bid letting, including:

1. Distribution of plans to contractors and plan rooms.
2. Maintaining a bid register.
3. Attendance at a pre-bid meeting, if necessary.
4. Answering questions and providing clarifications and/or addenda, as necessary.
5. Attendance at the bid opening
6. Compiling a bid tabulation and recommendation for award of the contract.
7. Compiling and distribution of contracts for execution by the city and contractor.

Construction Phase

We anticipate that there will be one contract awarded to one contractor for the entire project. Our construction phase services will consist of the following items listed below:

1. Administering a Pre-Construction Meeting with the Contractor, City staff, and utility companies. Meeting minutes will be compiled and distributed to all attendees and other interested parties.
2. Full time construction observation will be provided during the critical phases of the project. Services will include inspecting and reviewing traffic control items, cold milling operations, HMA paving operations, density testing by use of a Troxler Nuclear Gauge, and reviewing drainage structure adjustments. Construction field services will be completed with one full time technician on site while work is progressing.
3. Completion of one asphalt extraction test to verify mix design conformance.
4. Completion of weekly progress meetings during construction to review schedule, upcoming work, and progress.

5. Construction administration including measuring and verifying quantities, creating contractor construction pay estimates and any necessary change orders.
6. Construction closeout including a final walk-through once the project is complete, development of a punchlist, and closeout paperwork necessary per City requirements.

Fees

Our fees to complete this project are proposed as follows:

<u>Phase</u>	<u>Fee</u>
Preliminary/Final Design	\$10,000
Bidding Phase	\$ 3,000
Construction Phase	<u>\$13,000</u>
TOTAL	<u>\$26,000</u>

Exclusions

The following items are excluded for this project:

1. Completion of Maintenance of Traffic plans and provisions beyond typical details and notes
2. Permanent sign replacement design or administration.
3. Changes in selected streets for paving, after submittal of draft plans.

Schedule

The following schedule is anticipated for this project:

Design	April-May, 2021
Advertise for bidding	May, 2021
Construction Contract Award	June, 2021

This obligation of the Client to pay Abonmarche's collection costs shall survive the term of this Agreement or any earlier termination by either party.

10. **Hazardous or Contaminated Materials/Conditions.** Abonmarche does not provide environmental services. As such, Client will advise Abonmarche, in writing and prior to the commencement of services, of all known or suspected hazardous or contaminated materials/conditions present at the site(s). Abonmarche and the Client agree that the discovery of unknown or unconfirmed hazardous or contaminated materials/conditions constitutes a changed condition that may require Abonmarche to renegotiate the scope of work or terminate its services. Abonmarche and Client also agree that the discovery of said materials/conditions may make it necessary for Abonmarche to take immediate measures to protect health, safety, and welfare of those performing services. Client agrees to compensate Abonmarche for any costs incident to the discovery of said materials/conditions. Client acknowledges that Abonmarche cannot guarantee that contaminants do not exist at a project site. Similarly, a site which is in fact unaffected by contaminants at the time of Abonmarche's surface or subsurface exploration may later, due to natural phenomenon or human intervention, become contaminated. The Client further agrees, to the fullest extent permitted by law, to defend, indemnify and hold harmless Abonmarche, its officers, directors, employees and subconsultants (collectively, Abonmarche) against any damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising or allegedly arising from subsurface penetrations in locations authorized by the Client or from the inaccuracy or incompleteness of information provided to Abonmarche by the Client, except for damages caused by the sole negligence or willful misconduct of Abonmarche.

Abonmarche has no control over market or contracting conditions and does not warrant that bids or ultimate construction or total project costs will not vary from such estimates.
15. **Ownership of Instruments of Service.** Abonmarche will remain the owner of all original drawings, reports, and other materials provided to the Client, whether in hard copy or electronic media form. The Client is authorized to use the copies provided by Abonmarche only in connection with the Project. Upon request, the Client and Abonmarche will each deliver to the other certificates of insurance evidencing their coverage. A certificate of insurance evidencing the additional insured and primary coverage status of Abonmarche under the General and Automobile liability from the Contractor shall be provided to Abonmarche.
19. **Third Party Invoicing.** If the Client directs Abonmarche to invoice third party payers, Abonmarche will do so, but the Client agrees to be ultimately responsible for Abonmarche's compensation until the Client provides Abonmarche with the third party's written acceptance of all terms of this Agreement and until Abonmarche agrees to the substitution.
20. **Third Party Beneficiaries.** Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Client or Abonmarche. Abonmarche's services under this Agreement are being performed solely for the Client's benefit, and no other party or entity shall have any claim against Abonmarche because of this Agreement or performance or nonperformance of services hereunder. The Client and Abonmarche agree to require a similar provision in all contracts with contractors, subcontractors, subconsultants, vendors and other entities involved in this Project to carry out the intent of this provision.
21. **Suspension of Services.** In the event of non-payment or other breach by Client, Abonmarche will have the absolute right and without any liability whatsoever to the Client for any costs or damages as a result of such suspension caused by any breach of this Agreement by the Client. Abonmarche shall not be liable to any party for the failure of the Contractor to perform the Work consistent with the Plans and Specifications and applicable Codes and Regulations. Abonmarche and its personnel have no authority to exercise any control over any construction contractor or its employees in connection with their work or any health or safety programs or procedures. The Client agrees that the construction contractor shall be solely responsible for jobsite and worker safety.
23. **ADA and Code Compliance.** The Americans with Disabilities Act (ADA) provides that alterations to a facility must be made in such a manner that, to the maximum extent feasible, the altered portions of the facility are accessible to persons with disabilities. The Client acknowledges that the requirements of ADA will be subject to various and possibly contradictory interpretations. To the extent applicable, Abonmarche will use its reasonable professional efforts and judgement to interpret ADA requirements and other federal, state, and local laws, rules, codes, ordinances, and regulations as they may apply on the Project. Abonmarche does not warrant or guarantee that the Project will comply with all interpretations of the ADA requirements and/or the requirements of other federal, state and local codes, rules, laws, ordinances, and regulations as they may apply to the Project. Client shall pay Abonmarche its customary hourly fees plus reimbursable expenses for any design changes made necessary by newly enacted laws, codes and regulations, or changes to existing laws, codes, or regulations after the date that this Agreement is executed.
24. **Notice of Lien Rights.** Abonmarche hereby notifies, and the Client acknowledges that Abonmarche has lien rights on the Client's land and property when Abonmarche provides labor and materials for Projects on the Client's land and the Client

25. **Legal Expenses.** If Abonmarche brings a lawsuit against the Client to collect invoiced fees and expenses, the Client shall be legally liable to pay Abonmarche's expenses, including its actual attorney fees and costs.
26. **Liability Limitation.** In recognition of the relative risks and benefits of the Project to both the Client and Abonmarche, the risks have been allocated such that Client agrees, to the fullest extent permitted by law, and not withstanding any other provision of this Agreement, to limit the total liability, in the aggregate, of Abonmarche and Abonmarche's officers, directors, partners, employees, shareholders, owners and subconsultants, for any and all claims, losses, costs, or damages of any nature whatsoever, including attorneys' fees and costs and expert-witness fees and costs of any nature whatsoever or claims and expenses resulting from or in any way related to the Project or the Agreement from any cause or causes shall not exceed the total compensation received by Abonmarche under this Agreement, or the total amount of \$50,000, whichever is greater. It is intended that this limitation apply to any and all liability or cause of action, including without limitation active and passive negligence, however alleged or arising, unless otherwise prohibited by law. In no event shall Abonmarche's liability exceed the amount of available insurance proceeds. Client acknowledges that Abonmarche is a corporation and agrees that any claim made by Client arising out of any act or omission of any director, officer, or employee of Abonmarche, in execution or performance of this Agreement, shall be made against Abonmarche and not against such director, officer, or employee.

29. **Governing Law.** This Agreement will be deemed to have been made in the location where the services are performed, and shall be governed by and construed in accordance with the laws of that state.
30. **Exclusive Choice of Forum.** Each party irrevocably and unconditionally agrees that it will not bring any action, litigation, or proceeding against any other party in any way

arising from or relating to this Agreement in any forum other than the courts of the state and county where the work is performed. Each party irrevocably and unconditionally submits to the exclusive jurisdiction of those courts and agrees to bring any such action, litigation, or proceeding only in those courts. Each party agrees that a final judgment in any such action, litigation, or proceeding is conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

31. **Considerations.** The successors, executors, administrators, and legal representatives of the Client and Abonmarche are hereby bound onto the other with respect to the covenants, Agreements, and obligations of this Agreement.
32. **Acts of God.** Neither the Client nor Abonmarche will have any liability for nonperformance caused in whole or in part by causes beyond Abonmarche's reasonable control. Such causes include, but are not limited to, Acts of God, civil unrest and war, labor unrest and strikes, acts of authorities, and events that could not be reasonably anticipated.
33. **Termination.** Either the Client or Abonmarche may terminate this Agreement by giving ten (10) days written notice to the other party. In such an event, the Client will pay Abonmarche in full for all services previously authorized and performed prior to the effective date of the termination, plus (at the discretion of Abonmarche) a termination charge to cover finalization of services necessary to bring ongoing services to a logical conclusion. Such charge will not exceed thirty (30) percent of all charges previously incurred. Upon receipt of such payment, Abonmarche will return to the Client all documents and information that are the property of the Client. If the Client fails to make payment to Abonmarche in accordance with the payment terms herein, this shall constitute a material breach of this Agreement and shall be cause for termination of this Agreement by Abonmarche.
34. **Severability.** In the event that one or more provisions contained in this Agreement are declared invalid, illegal, or unenforceable in any respect, the validity, legality, and enforceability of the remaining provisions of the Agreement shall not be affected or impaired.
35. **Dispute Resolution.** Any claims or disputes made during design, construction or post-construction between the Client and Abonmarche shall be submitted to non-binding mediation. The Client and Abonmarche agree to include a similar mediation agreement with all contractors, sub-contractors, sub-consultants, suppliers and fabricators, thereby providing for mediation as the primary method for dispute resolution between all parties. The mediation shall be governed by the then current Construction Industry Mediation Rules of the American Arbitration Association ("AAA"). Mediation shall be a condition precedent to the initiation of any other dispute resolution process, including court actions.
36. **Entire Agreement.** This Agreement contains the entire agreement between the parties and there are no agreements, representations, statements, or understandings which have been relied on by the parties which are not stated in this Agreement.

End of Agreement
