

## Power Outage Rescheduled

The AEP (American Electric Power) outage that was scheduled for early the morning of August 30, 2021 has been rescheduled for Thursday, September 2, at 1:00 a.m., and will last approximately 4 hours.

The entire City of New Buffalo will be without electricity during the outage.

The outage is necessary to switch from the mobile station, installed during the storms the week of August 9, 2021, back to the main station.

If you have questions, please call AEP Customer Service at 800-672-2231.
