

City of New Fairview
Operational Update
Week of June 15, 2020

Operations –

We have received 50 tons of road base. We used two loads on Graham Road to smooth it out before more gravel is put down. We are getting quotes to seal coat the road. The Pistols Volleyball Complex has offered to pay \$5,000 toward the project. If the bids are reasonable staff will bring an agenda item to Council for consideration.

In addition to making repairs to Graham Road, Public Works has been replacing culverts on Branding Iron and Hill Top. Door tags were hung last week and work started in earnest.

269 Branding Iron

172 Hilltop

214 Branding Iron

Administration –

The City's new website will be going live Friday, June 19. Please take some time to check it out and let us know what you think about it. www.newfairview.org .

Special shout out to Brooke who did a phenomenal job getting everything loaded. Instead of three months she got us up and running in 6 weeks. Thank you Brooke! And thank you to the City Council for making the investment in the new site!
