 - (1) If a vehicle is parked on private property that is established as a private tow-away zone in accordance with subsection (a) of this section, without the consent of the owner of the private property or in violation of any posted parking condition or regulation, the owner of the private property may cause the removal of the vehicle by a towing service. The towing service shall remove the vehicle in accordance with this section. The vehicle owner and the operator of the vehicle are considered to have consented to the removal and storage of the vehicle, to the payment of the applicable fees established by the Public Service Commission in rules adopted under Ohio R.C. 4921.25, and to the right of a towing service to obtain title to the vehicle if it remains unclaimed as provided in Ohio R.C. 4505.101. The owner or lienholder of a vehicle that has been removed under this section, subject to subsection (c) of this section, may recover the vehicle in accordance with subsection (g) of this section.
 - (2) If a municipal corporation requires tow trucks and tow truck operators to be licensed, no owner of a private property located within the municipal corporation shall cause the removal and storage of any vehicle pursuant to subsection (b) of this section by an unlicensed tow truck or unlicensed tow truck operator.
 - (3) No towing service shall remove a vehicle from a private tow-away zone except pursuant to a written contract for the removal of vehicles entered into with the owner of the private property on which the private tow-away zone is located.

That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the

transaction. Upon payment of that fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the vehicle to the owner or operator. Upon its release the owner or operator immediately shall move the vehicle so that the vehicle is not parked on the private property established as a private tow-away zone without the consent of the owner of the private property or in violation of any posted parking condition or regulation.

- (d) (1) Prior to towing a vehicle under subsection (b) of this section, a towing service shall make all reasonable efforts to take as many photographs as necessary to evidence that the vehicle is clearly parked on private property in violation of a private tow-away zone established under subsection (a) of this section.

The towing service shall record the time and date of the photographs taken under this section. The towing service shall retain the photographs and the record of the time and date, in electronic or printed form, for at least thirty days after the date on which the vehicle is recovered by the owner or lienholder or at least two years after the date on which the vehicle was towed, whichever is earlier.

- (2) A towing service shall deliver a vehicle towed under subsection (b) of this section to the location from which it may be recovered not more than two hours after the time it was removed from the private tow-away zone, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.
- (e) (1) If an owner of a private property that is established as a private tow-away zone in accordance with subsection (a) of this section causes the removal of a vehicle from that property by a towing service under subsection (b) of this section, the towing service, within two hours of removing the vehicle, shall provide notice to the law enforcement agency of the municipal corporation concerning all of the following:
 - A. The vehicle's license number, make, model and color;

 - C. The date and time the vehicle was removed;
 - D. The telephone number of the person from whom the vehicle may be recovered;
 - E. The address of the place from which the vehicle may be recovered.
- (2) The chief of a law enforcement agency of the municipal corporation shall maintain a record of any vehicle removed from private property in the chief's jurisdiction that is established as a private tow-away zone of which the chief has received notice under this section. The record shall include all information submitted by the towing service. The chief shall provide any information in the record that pertains to a particular vehicle to a person who, either in person or pursuant to a telephone call, identifies self as the owner, operator or lienholder of the vehicle, and requests information pertaining to the vehicle.
- (f) (1) When a vehicle is removed from private property in accordance with this section, within three business days of the removal, the towing service or storage facility from which the vehicle may be recovered shall cause a search to be made of either of the following to ascertain the identity of the owner and any lienholder of the vehicle:

 - B. The records of any vendor or vendors, approved by the Registrar of Motor Vehicles, that are capable of providing real-time access to owner and lienholder information.
 - (2) The towing service or storage facility may search the National Motor Vehicle Title Information System in order to determine the state in which the vehicle is titled. The entity that provides the record of the owner and any lienholder under this division shall ensure that such information is provided in a timely manner.
 - (3) Subject to subsection (f)(6) of this section, the towing service or storage facility shall send notice to the vehicle owner and any known lienholder as follows:
 - A. Within five business days after the applicable entity provides the identity of the owner and any lienholder of the motor vehicle, if the vehicle remains unclaimed, to the owner's and lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt.
 - B. If the vehicle remains unclaimed thirty days after the first notice is sent, in the manner required under subsection (f)(3)A. of this section.
 - (4) Sixty days after any notice sent pursuant to subsection (f)(3) of this section is received, as evidenced by a receipt signed by any person, or the towing service or storage facility has been notified that delivery was not possible, the towing service or storage facility, if authorized under Ohio R.C. 4505.101(B), may initiate the process for obtaining a certificate of title to the motor vehicle as provided in that section.
 - (5) A towing service or storage facility that does not receive a signed receipt of notice, or a notification that delivery was not possible, shall not obtain, and shall not attempt to obtain, a certificate of title to the motor vehicle under Ohio R.C. 4505.101(B).
 - (6) With respect to a vehicle concerning which a towing service or storage facility is not eligible to obtain title under Ohio R.C. 4505.101, the towing service or storage facility need only comply with the initial notice required under subsection (f)(3)A. of this section.
- (g) (1) The owner or lienholder of a vehicle that is removed under subsection (b) of this section may reclaim it upon both of the following:

 - B. Payment of the following fees:
 - 1. All applicable fees established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25, except that the lienholder of a vehicle may retrieve the vehicle without paying any storage fee for the period of time that the vehicle was in the possession of the towing service or storage facility prior to the date the lienholder received the notice sent under subsection (f)(1)A. of this section;
 - 2. If notice has been sent to the owner and lienholder as described in subsection (f) of this section, a processing fee of twenty-five dollars (\$25.00).

- (2) A towing service or storage facility in possession of a vehicle that is removed under authority of subsection (b) of this section shall show the vehicle owner, operator or lienholder who contests the removal of the vehicle all photographs taken under subsection (d) of this section. Upon request, the towing service or storage facility shall provide a copy of all photographs in the medium in which the photographs are stored, whether paper, electronic, or otherwise.
- (3) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was lawfully towed, the owner may be able to file a civil action under Ohio R.C. 4513.611.
- (4) Upon presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle or a lease agreement, the owner of a vehicle that is removed under authority of subsection (b) of this section may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. The owner of the vehicle shall not retrieve any personal items from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability. For purposes of subsection (g)(4) of this section, "personal items" do not include any items that are attached to the vehicle.

(h) No person shall remove, or cause the removal of any vehicle from private property that is established as a private tow-away zone under this section, or store such a vehicle other than in accordance with this section, or otherwise fail to comply with any applicable requirement of this section.

(i) This section does not affect or limit the operation of Ohio R.C. 4513.60 or Ohio R.C. 4513.61 to 4613.65 as they relate to property other than private property that is established as a private tow-away zone under subsection (a) of this section.

(j) Whoever violates subsection (h) of this section is guilty of a minor misdemeanor.

(k) As used in this section, "owner of a private property" or "owner of the private property" includes, with respect to a private property, any of the following:

303.083 IMPOUNDING VEHICLES ON PUBLIC PROPERTY.

(a) The chief of a law enforcement agency of the municipal corporation, within the chief's respective territorial jurisdiction, or a state highway patrol trooper, upon notification to the chief of such action and of the location of the place of storage, may order into storage any motor vehicle, including an abandoned junk motor vehicle as defined in Ohio R.C. 4513.63, that:

- (1) Has come into the possession of the chief, or state highway patrol trooper as a result of the performance of the chief's or trooper's duties; or

- (2) Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer without notification to the chief of the reasons for leaving the motor vehicle in such place. However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:
 - A. The vehicle was involved in an accident and is subject to Ohio R.C. 4513.66, or any substantially equivalent municipal ordinance;
 - B. The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the chief, or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the chief, or state highway patrol trooper. If the chief, or state highway patrol trooper determines that the vehicle cannot be removed within the specified period of time, the chief, or state highway patrol trooper shall order the removal of the vehicle.
- (3) Subject to subsection (c) of this section, the chief shall designate the place of storage of any motor vehicle so ordered removed.

(b) If the chief, or a state highway patrol trooper issues an order under subsection (a) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed.

- (c)
 - (1) The chief shall cause a search to be made of the records of an applicable entity listed in Ohio R.C. 4513.601(F)(1) to ascertain the identity of the owner and any lienholder of a motor vehicle ordered into storage by the chief, or by a state highway patrol trooper within five business days of the removal of the vehicle. Upon obtaining such identity, the chief shall send or cause to be sent to the owner or lienholder at the owner's or lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt. The notice shall inform the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of the sending of the notice.
 - (2)
 - A. The owner or lienholder of the motor vehicle may reclaim the motor vehicle upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval

fee established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under Ohio R.C. 4513.69(B)(3), if applicable. However, the owner shall not do either of the following:

1. Retrieve any personal item that has been determined by the chief, or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation;
 2. Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.
- B. For purposes of subsection (c)(2) of this section, "personal items" do not include any items that are attached to the vehicle.
- (3) If the owner or lienholder of the motor vehicle reclaims it after a search of the applicable records has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the place of storage, and the notice was sent to the motor vehicle owner by the place of storage, the owner or lienholder shall pay to the place of storage a processing fee of twenty-five dollars (\$25.00), in addition to any expenses or charges incurred in the removal and storage of the vehicle.

(d) If the owner or lienholder makes no claim to the motor vehicle within ten days of the date of sending the notice, and if the vehicle is to be disposed of at a public auction as provided in Ohio R.C. 4513.62 or any substantially equivalent municipal ordinance, the chief, without charge to any party, shall file with the Clerk of Courts of the county in which the place of storage is located an affidavit showing compliance with the requirements of this section. Upon presentation of the affidavit, the Clerk, without charge, shall issue a salvage certificate of title, free and clear of all liens and encumbrances, to the chief. If the vehicle is to be disposed of to a motor vehicle salvage dealer or other facility as provided in Ohio R.C. 4513.62 or any substantially equivalent municipal ordinance, the chief shall execute in triplicate an affidavit, as prescribed by the Registrar of Motor Vehicles, describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with. The chief shall retain the original of the affidavit for the chief's records, and shall furnish two copies to the motor vehicle salvage dealer or other facility. Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the Clerk of Courts, within thirty days of the presentation, shall issue a salvage certificate of title, free and clear of all liens and encumbrances.

(e) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the Clerk of Courts.

(2) In addition to any such penalty, the court may require any person who is convicted of or pleads guilty to a misdemeanor to make restitution for all or part of the property damage that is caused by his offense.

(3) Regardless of the penalties provided in subsection (1) above, an organization (as opposed to a natural person) convicted of an offense pursuant to Section 501.11 shall be fined, and the penalty of imprisonment shall not apply. Such fines shall be fixed by the court as follow:

(5)	When an organization is convicted of an offense, and the section defining the offense includes a penalty and that penalty includes a higher fine than that provided in subsection (b)(3) hereof, then the penalty imposed shall be pursuant to that higher penalty.
(6)	Subsection (b)(3) does not prevent the imposition of available civil sanctions against an organization convicted of an offense pursuant to Section 501.11, either in addition to or in lieu of a fine imposed pursuant to subsection (b)(3) hereof.

303.991 COMMITTING AN OFFENSE WHILE DISTRACTED PENALTY.

(a) As used in this section and each section of the Traffic Code where specified, all of the following apply:

- (1) "Distracted" means doing either of the following while operating a vehicle:
 - A. Using an electronic wireless communications device, as defined in Ohio R.C. 4511.204, in violation of that section.
 - B. Engaging in any activity that is not necessary to the operation of a vehicle and impairs, or reasonably would be expected to impair, the ability of the operator to drive the vehicle safely.
- (2) "Distracted" does not include operating a motor vehicle while wearing an earphone or earplug over or in both ears at the same time. A person who so wears earphones or earplugs may be charged with a violation of Section 331.43.
- (3) "Distracted" does not include conducting any activity while operating a utility service vehicle or a vehicle for or on behalf of a utility, provided that the driver of the vehicle is acting in response to an emergency, power outage or a circumstance affecting the health or safety of individuals.

As used in subsection (a)(3) of this section:

 - A. "Utility" means an entity specified in division (A), (C), (D), (E) or (G) of Ohio R.C. 4905.03.
 - B. "Utility service vehicle" means a vehicle owned or operated by a utility.

(b) If an offender violates any section of this Traffic Code which provides for an enhanced penalty for an offense committed while distracted and the distracting activity is a contributing factor to the commission of the violation, the offender is subject to the applicable penalty for the violation and, notwithstanding Ohio R.C. 2929.28, is subject to an additional fine of not more than one hundred dollars (\$100.00) as follows:

- (1) Subject to Traffic Rule 13, if a law enforcement officer issues an offender a ticket, citation or summons for a violation of any section of the Traffic Code that indicates that the offender was distracted while committing the violation and that the distracting activity was a contributing factor to the commission of the violation, the offender may enter a written plea of guilty and waive the offender's right to contest the ticket, citation or summons in a trial provided that the offender pays the total amount of the fine established for the violation and pays the additional fine of one hundred dollars (\$100.00).

In lieu of payment of the additional fine of one hundred dollars (\$100.00), the offender instead may elect to attend a distracted driving safety course, the duration and contents of which shall be established by the Ohio Director of Public Safety. If the offender attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall be required to pay the total amount of the fine established for the violation, but shall not be required to pay the additional fine of one hundred dollars (\$100.00), so long as the offender submits to the court both the offender's payment in full and such written evidence within ninety days of the underlying violation that resulted in the imposition of the additional fine under this section.

- (2) If the offender appears in person to contest the ticket, citation or summons in a trial and the offender pleads guilty to or is convicted of the violation, the court, in addition to all other penalties provided by law, may impose the applicable penalty for the violation and may impose the additional fine of not more than one hundred dollars (\$100.00).

If the court imposes upon the offender the applicable penalty for the violation and an additional fine of not more than one hundred dollars (\$100.00), the court shall inform the offender that, in lieu of payment of the additional fine of not more than one hundred dollars (\$100.00), the offender instead may elect to attend the distracted driving safety course described in subsection (b)(1) of this section. If the offender elects the course option and attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall be required to pay the total amount of the fine established for the violation, but shall not be required to pay the additional fine of not more than one hundred dollars (\$100.00), so long as the offender submits to the court the offender's payment and such written evidence within ninety days of the underlying violation that resulted in the imposition of the additional fine under this section.

(c) If a law enforcement officer issues an offender a ticket, citation, or summons for a violation of subsection (b) of this section that indicates that the offender was distracted while committing the violation and that the distracting activity was a contributing factor to the commission of the violation, the officer shall do both of the following:

- (1) Report the issuance of the ticket, citation, or summons to the officer's law enforcement agency;
- (2) Ensure that such report indicates the offender's race.

(a) No person shall place or knowingly drop upon any part of a street, highway or alley any tacks, bottles, wire, glass, nails or other articles which may damage or injure any person, vehicle or animal traveling along or upon such street, except such substances that may be placed upon the roadway by proper authority for the repair or construction thereof.

(c) Any person authorized to remove a wrecked or damaged vehicle from a street shall remove any glass or other injurious substance dropped upon the street from such vehicle.

(d) No person shall place any obstruction in or upon a street, alley or highway without proper authority. (Ord. 4583. Passed 4-18-05.)

(e) No person, with intent to cause physical harm to a person or vehicle, shall place or knowingly drop upon any part of a highway, lane, road, street or alley any tacks, bottles, wire, glass, nails or other articles which may damage or injure any person, vehicle or animal traveling along or upon such highway, except such substances that may be placed upon the roadway by proper authority for the repair or construction thereof.

- (f) (1) Except as otherwise provided in this subsection, whoever violates any provision of subsections (a) to (d) of this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates any provision of subsections (a) to (d) of this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates any provision of subsections (a) to (d) of this section is guilty of a misdemeanor of the third degree.
- (2) Whoever violates subsection (e) of this section is guilty of a misdemeanor of the first degree. (ORC 4511.74)

311.02 PARADES AND BLOCKING STREETS; PARADE AND ASSEMBLY APPEALS BOARD.

(a) No person shall conduct or participate in any parade upon that portion of any street or highway which is open to the use of the public as a thoroughfare for purposes of vehicular traffic, nor block off any such portion of a street or highway area, without first obtaining a permit from the Director of the Department of Public Safety of this City.

(b) A parade is defined to be a formal or informal march or procession of two or more individuals, vehicles or animals moving from one point to another in an organized manner so as to interfere with the free and uninterrupted use by the public of such street or highway.

(c) Applications for such permits shall be made on forms prescribed by the City and shall contain such information as is reasonably necessary to a fair determination of whether a permit should be issued, including but not limited to the exact portions of any street or highway to be blocked off, the exact route of the parade, the date and hours of the day for which the permit is requested, the number of persons anticipated to be involved and the number, type and size of vehicles and animals anticipated to be involved. Applications shall be filed with the Director of the Department of Public Safety not less than 4 days before the time intended for such parade or blocking off. (Ord. 3069. Passed 11-20-78.)

(d) The permit shall be issued unless the Director finds that the resultant conditions would unreasonably hinder the use by the public of such portion of the street or highway or would require the diversion of sufficient police officers or firemen so as to deprive the City of normal police and fire protection, in which case the application shall be rejected or conditions imposed as set forth below.

(e) The permit or any order accompanying it may prescribe reasonable conditions as to the hours, the places of assembly and of dispersal, the route and manner of march or travel, the number, type and size of animals and vehicles and the streets, highways or portions thereof which may be used or occupied. Further, the Director may require additional conditions for the issuance of the permit, including but not limited to requirements and restrictions that the person conducting the parade or blocking off the street assume, in writing, the obligation of paying the costs to the City of supervising and directing such parade or blocking off, including the cost of providing personnel from the Departments of Safety and Service or any other City personnel, including the costs of the services of outside contractors, and including that such person provide evidence of ability to pay such costs.

(f) The Director of the Department of Public Safety shall issue the permit (with or without conditions) or a written rejection of the application within four days after the application was filed. It shall be the duty of the applicant to pick up the permit or rejection at the City offices.

(g) If the decision of the Director was to reject the application, or to approve it but subject to conditions imposed by the Director, the City shall take the initiative in providing for an administrative hearing and review within 5 days after the rejection or conditional approval was issued. There is hereby created a Parade and Assembly Appeals Board to conduct such hearings and to review and make determinations as authorized herein. The members of the Local Board of Tax Review, as established under Chapter 148-1, shall, for the purposes set forth herein, constitute such Parade and Assembly Appeals Board. The character of the Board and terms of office of its members shall be as prescribed in Codified Ordinance 148-1.18(A). (See ADMIN 160.02 for subpoena power)

- (1) Notice. Notice of the hearing before such Board shall be given to the applicant for the permit by telegram, night-letter or other form of delivery of a written notice of the date, place and hour of the hearing.
- (2) Decision. The Board shall reverse the decision of the Director and shall grant the permit applied for, without conditions, unless it finds that the rejection of the application, or the conditions imposed upon approval of the application, were based upon a valid and correct determination by the Director, supported by clear and convincing evidence presented to the Board, that resulting conditions would have unreasonably hindered use by the public of such street or highway or would have required the diversion of police or fire personnel so as to deprive the City of its normal protection. The decision of the Board shall be made and issued at a public meeting of that body held not later than three days after the administrative review hearing referred to above.
- (3) Judicial appeal. Decisions of this board shall constitute final administrative decisions so as to be subject to judicial review under Chapter 2506 of the Ohio Revised Code upon appeal to the court system by the applicant for such a permit. The applicant may combine such an appeal with a request for immediate restraining order and/or injunctive relief as authorized by the Ohio Rules of Civil Procedure. The applicant shall be informed of this right of judicial review.
(Ord. 4819. Passed 2-22-16.)

This section shall not apply to:

- (1) Any street while it is set aside as a play street under Section 311.04;
- (2) The use of a scooter, skateboard, or pair of inline roller skates, provided the same is used or operated in accordance with Section 371.13. For purposes of this provision, the following definitions shall apply:

(Ord. 4928. Passed 1-4-21.)

311.06 TRAFFIC IN AREAS ADJOINING GASOLINE FILLING STATIONS.

In order to prevent traffic congestion caused by a back-up of vehicles attempting to enter onto the premises of a gasoline filling station, any entrance drive to such a business establishment shall be located not less than 200 feet from the nearest intersection (formed by the right-of-way liens of the nearest intersecting streets). In order to provide a safe and convenient means of exit for vehicles leaving such premises, the exit drives shall be located no less than 200 feet from the nearest intersection as defined above. These requirements shall not apply to existing exit drives of existing establishments of this nature.

311.07 SPECIAL POLICE REQUIRED FOR COMMERCIAL ESTABLISHMENTS CREATING TRAFFIC PROBLEMS.

Commercial establishments which by the nature of their merchandising techniques or location create particular traffic control hazards on public streets or create crowd control problems shall be required to hire special private policemen or private detectives when, in the opinion of the Chief of Police, such private policemen or detectives would help to control such problems.

311.08 AUTHORITY OF REAL ESTATE OWNER TO CONTROL TRAFFIC ON THAT LAND.

The provisions of this Traffic Code do not prevent the owner of real property (used by the public for purposes of vehicular traffic by permission of the owner and not as a matter of right) from prohibiting that use or from requiring conditions or types of performance in addition to those specified in the Traffic Code, or otherwise regulating such vehicular use in the manner which seems best to that owner.

311.09 LITTERING.

(a) No operator or occupant of a motor vehicle shall, regardless of intent, throw, drop, discard or deposit litter from any motor vehicle in operation upon any street, road or highway, except in a litter receptacle in a manner that prevents its being carried away or deposited by the elements.

313.01 OBEDIENCE TO TRAFFIC CONTROL DEVICES.

(a) No pedestrian or driver of a vehicle shall disobey the instructions of any traffic control device placed in accordance with the provisions of this Traffic Code, unless at the time otherwise directed by a police officer.

No provisions of this Traffic Code for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section of this Traffic Code does not state that signs are required, that section shall be effective even though no signs are erected or in place.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.12)

313.02 THROUGH STREETS; STOP AND YIELD RIGHT-OF-WAY SIGNS.

(a) All State routes are hereby designated as through streets or highways, provided that stop signs, yield signs or traffic control signals shall be erected at all intersections with such through streets or highways, except as otherwise provided in this section. Where two or more State routes that are through streets or highways intersect and no traffic control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Ohio Department of Transportation, except as otherwise provided in this section.

Whenever the Ohio Director of Transportation determines on the basis of an engineering and traffic investigation that stop signs are necessary to stop traffic on a through highway for safe and efficient operation, nothing in this section shall be construed to prevent such installations. When circumstances warrant, the Director also may omit stop signs on roadways intersecting through highways under his jurisdiction. Before the Director either installs or removes a stop sign under this paragraph, he shall give notice, in writing, of that proposed action to the Municipality at least thirty days before installing or removing the stop sign.

(b) Other streets or highways or portions thereof, are hereby designated through streets or highways, if they are within the Municipality, if they have a continuous length of more than one mile between the limits of such street or highway or portion thereof, and if they have "stop" or "yield" signs or traffic control signals at the entrances of the majority of intersecting streets or highways. For purposes of this section, the limits of such street or highway or portion thereof, shall be a municipal corporation line, the physical terminus of the street or highway or any point on such street or highway at which vehicular traffic thereon is required by regulatory signs to stop or yield to traffic on the intersecting street, provided that in residence districts the Municipality may by ordinance designate such street or highway, or portion thereof, not to be a through highway and thereafter the affected residence district shall be indicated by official traffic control devices. Where two or more streets or highways designated under this subsection (b) intersect and no traffic control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Ohio Department of Transportation or by Council or the authorized local authority, except as otherwise provided in this section.

(EDITOR'S NOTE: See Section 333.09 for certain streets expressly declared not to be through streets.)

(c) Stop signs need not be erected at intersections so constructed as to permit traffic to safely enter a through street or highway without coming to a stop. Signs shall be erected at such intersections indicating that the operator of a vehicle shall yield the right of way to or merge with all traffic proceeding on the through street or highway.

(d) Council or the authorized local authority may designate additional through streets or highways and shall erect stop signs, yield signs or traffic control signals at all streets and highways intersecting such through streets or highways, or may designate any intersection as a stop or yield intersection and shall erect like signs at one or more entrances to such intersection. (ORC 4511.65)

313.021 STOP AND YIELD SIGNS.

(a) Every stop sign shall bear the word "stop" in letters not less than six inches in height. Every stop sign shall be located as near as practicable at the property line of the street or highway at the entrance to which the stop must be made, or at the nearest line of the crosswalk thereat, or, if none, at the nearest line of the roadway.
(Ord. 2965. Passed 6-21-76.)

(b) See 313.02 as to placement of stop or yield signs with relationship to through streets and highways.

(c) As permitted by Ohio R.C. 4511.65(D) and 4511.07(F), the city may (by ordinance or by traffic regulation under Section 305.03) designate any intersection as a stop or yield intersection; and the City shall thereafter erect stop or yield signs at one or more entrances to that intersection.

313.03 TRAFFIC CONTROL SIGNAL TERMS AND LIGHTS.

Highway traffic signal indications for vehicles, and pedestrians shall have the following meanings:

(a) Steady Green Signal Indication:

- (1) A. Vehicular traffic facing a circular green signal indication is permitted to proceed straight through or turn right or left, or make a u-turn movement except as such movement is modified by a lane-use sign, turn prohibition sign, lane marking, roadway design, separate turn signal indication, or other traffic control device. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn movement to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) Vehicular traffic facing a green arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 - A. Pedestrians lawfully within an associated crosswalk.
 - B. Other traffic lawfully using the intersection.
- (3) A. Unless otherwise directed by a pedestrian signal indication, as provided in Section 313.05, pedestrians facing a circular green signal indication are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection or so close as to create an immediate hazard at the time that the green signal indication is first displayed.
- B. Pedestrians facing a green arrow signal indication, unless otherwise directed by a pedestrian signal indication or other traffic control device, shall not cross the roadway.

(b) Steady Yellow Signal Indication:

- (1) Vehicular traffic facing a steady circular yellow signal indication is thereby warned that the related green movement or the related flashing arrow movement is being terminated or that a steady red signal indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady circular yellow signal indication is displayed.

- (2) Vehicular traffic facing a steady yellow arrow signal indication is thereby warned that the related green arrow movement or the related flashing arrow movement is being terminated. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady yellow arrow signal indication is displayed.
- (3) Pedestrians facing a steady circular yellow or yellow arrow signal indication, unless otherwise directed by a pedestrian signal indication as provided in Section 313.05 or other traffic control device, shall not start to cross the roadway.
- (c) Steady Red Signal Indication:
 - (1) A. Vehicular traffic facing a steady circular red signal indication, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, traffic shall stop before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, before then before entering the intersection; and shall remain stopped until a signal indication to proceed is displayed except as provided in subsections (c)(1), (2) and (3) of this section.
 - B. Except when a traffic control device is in place prohibiting a turn on red or a steady red arrow signal indication is displayed, vehicular traffic facing a steady circular red signal indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be subject to the provisions that are applicable after making a stop at a stop sign.
 - (2) A. Vehicular traffic facing a steady red arrow signal indication shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication or other traffic control device permitting the movement indicated by such red arrow is displayed.
 - B. When a traffic control device is in place permitting a turn on a steady red arrow signal indication, vehicular traffic facing a steady red arrow indication is permitted, after stopping, to enter the intersection to turn right or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be limited to the direction indicated by the arrow, and shall be subject to the provisions that are applicable after making a stop at a stop sign.
 - (3) Unless otherwise directed by a pedestrian signal indication as provided in Section 313.05 or other traffic control device, pedestrians facing a steady circular red or steady red arrow signal indication shall not enter the roadway.

- (4) Local authorities by ordinance, or the Director of Transportation on State highways, may prohibit a right or a left turn against a steady red signal at any intersection, which shall be effective when signs giving notice thereof are posted at the intersection.
 - (d) Flashing Green Signal Indication. A flashing green signal indication has no meaning and shall not be used.
 - (e) Flashing Yellow Signal Indication:
 - (1) A. Vehicular traffic, on an approach to an intersection, facing a flashing circular yellow signal indication, is permitted to cautiously enter the intersection to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by lane-use signs, turn prohibition signs, lane markings, roadway design, separate turn signal indications, or other traffic control devices. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 - 1. Pedestrians lawfully within an associated crosswalk;
 - 2. Other vehicles lawfully within the intersection.
 - B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
 - (2) A. Vehicular traffic, on an approach to an intersection, facing a flashing yellow arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or other such movement as is permitted by other signal indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn, shall yield the right-of-way to both of the following:
 - 1. Pedestrians lawfully within an associated crosswalk;
 - 2. Other vehicles lawfully within the intersection.
 - B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (3) Pedestrians facing any flashing yellow signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.

- (4) When a flashing circular yellow signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory or warning requirements of the other traffic control device, which might not be applicable at all times, are currently applicable.
- (f) Flashing Red Signal Indication:
 - (1) Vehicular traffic, on an approach to an intersection, facing a flashing circular red signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. The right to proceed shall be subject to the provisions that are applicable after making a stop at a stop sign.
 - (2) Pedestrians facing any flashing red signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing red signal indication is first displayed.
 - (3) When a flashing circular red signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory requirements of the other traffic control device, which might not be applicable at all times, are currently applicable. Use of this signal indication shall be limited to supplementing stop, do not enter, or wrong way signs, and to applications where compliance with the supplemented traffic control device requires a stop at a designated point.
- (g) General Application: In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.
- (h) Exception. This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by Ohio R.C. 4511.61 and 4511.62. (ORC 4511.13)

313.04 LANE-USE CONTROL SIGNAL INDICATIONS.

- (a) The meanings of lane-use control signal indications are as follows:
 - (1) A steady downward green arrow: A road user is permitted to drive in the lane over which the arrow signal indication is located.
 - (2) A steady yellow "X": A road user is to prepare to vacate the lane over which the signal indication is located because a lane control change is being made to a steady red "X" signal indication.
 - (3) A steady white two-way left-turn arrow: A road user is permitted to use a lane over which the signal indication is located for a left turn, but not for through travel, with the understanding that common use of the lane by oncoming road users for left turns also is permitted.
 - (4) A steady white one-way left-turn arrow: A road user is permitted to use a lane over which the signal indication is located for a left turn, without opposing turns in the same lane, but not for through travel.

- (5) A steady red "X": A road user is not permitted to use the lane over which the signal indication is located and that this signal indication shall modify accordingly the meaning of other traffic controls present.
(ORC 4511.131)

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.
(ORC 4511.99)

313.05 SPECIAL PEDESTRIAN CONTROL SIGNALS.

(a) Whenever special pedestrian control signals exhibiting the words "walk" or "don't walk", or the symbol of a walking person or an upraised palm are in place, such signals shall indicate the following instructions:

- (1) A steady walking person signal indication, which symbolizes "walk", means that a pedestrian facing the signal indication is permitted to start to cross the roadway in the direction of the signal indication, possibly in conflict with turning vehicles. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection at the time that the walking person signal indication is first shown.
- (2) A flashing upraised hand signal indication, which symbolizes "don't walk", means that a pedestrian shall not start to cross the roadway in the direction of the signal indication, but that any pedestrian who has already started to cross on a steady walking person signal indication shall proceed to the far side of the traveled way of the street or highway, unless otherwise directed by a traffic control device to proceed only to the median of a divided highway or only to some other island or pedestrian refuge area.
- (3) A steady upraised hand signal indication means that a pedestrian shall not enter the roadway in the direction of the signal indication.
- (4) Nothing in this section shall be construed to invalidate the continued use of pedestrian control signals utilizing the word "wait" if those signals were installed prior to March 28, 1985.
- (5) A flashing walking person signal indication has no meaning and shall not be used. (ORC 4511.14)

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.
(ORC 4511.99)

313.06 FLASHING TRAFFIC SIGNALS.

(Former Ohio R.C. 4511.15 from which Section 313.06 was derived was repealed by House Bill 349, effective April 20, 2012.)

313.07 UNAUTHORIZED SIGNS AND SIGNALS, HIDING FROM VIEW, ADVERTISING.

(a) No person shall place, maintain or display upon or in view of any street any unauthorized sign, signal, marking or device which purports to be, is an imitation of or resembles a traffic control device or railroad sign or signal, or which attempts to direct the movement of traffic, or hides from view or interferes with the effectiveness of any traffic control device or any railroad sign or signal, and no person shall place or maintain, nor shall any public authority permit upon any street any traffic sign or signal bearing thereon any commercial advertising. 331.01 DRIVING UPON RIGHT SIDE OF ROADWAY; EXCEPTIONS.

(a) Upon all roadways of sufficient width, a vehicle shall be driven upon the right half of the roadway, except as follows:

- (1) When overtaking and passing another vehicle proceeding in the same direction, or when making a left turn under the rules governing such movements;
- (2) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
- (3) When driving upon a roadway divided into three or more marked lanes for traffic under the rules applicable thereon;
- (4) When driving upon a roadway designated and posted with signs for one-way traffic;
- (5) When otherwise directed by a police officer or traffic control device.

- (b) (1) Upon all roadways any vehicle proceeding at less than the prevailing and lawful speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, and far enough to the right to allow passing by faster vehicles if such passing is safe and reasonable, except under any of the following circumstances:
 - A. When overtaking and passing another vehicle proceeding in the same direction;
 - B. When preparing for a left turn;
 - C. When the driver must necessarily drive in a lane other than the right-hand lane to continue on the driver's intended route.
- (2) Nothing in subsection (b)(1) of this section requires a driver of a slower vehicle to compromise the driver's safety to allow overtaking by a faster vehicle.

(c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic control devices designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use the lanes, or except as permitted under subsection (a) (2) hereof.

This subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway.

(d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.25)

331.02 PASSING TO RIGHT WHEN PROCEEDING IN OPPOSITE DIRECTIONS.

(a) Operators of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each operator shall give to the other one-half of the main traveled portion of the roadway or as nearly one-half as is reasonably possible.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.26)

331.03 OVERTAKING, PASSING TO LEFT; DRIVER'S DUTIES.

(a) The following rules govern the overtaking and passing of vehicles proceeding in the same direction:

- (1) The operator of a vehicle overtaking another vehicle proceeding in the same direction shall, except as provided in subsection (a)(3) hereof, signal to the vehicle to be overtaken, shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle. When a motor vehicle overtakes and passes a bicycle or electric bicycle, three feet or greater is considered a safe passing distance.
- (2) Except when overtaking and passing on the right is permitted, the operator of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle at the latter's audible signal, and the operator shall not increase the speed of the operator's vehicle until completely passed by the overtaking vehicle.

- (3) The operator of a vehicle overtaking and passing another vehicle proceeding in the same direction on a divided street or highway as defined in Section 331.31, a limited access highway as defined in Ohio R.C. 5511.02 or a highway with four or more traffic lanes, is not required to signal audibly to the vehicle being overtaken and passed.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.27)

331.04 OVERTAKING AND PASSING UPON RIGHT.

(a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

- (1) When the vehicle overtaken is making or about to make a left turn;
- (2) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(b) The driver of a vehicle may overtake and pass another vehicle only under conditions permitting such movement in safety. The movement shall not be made by driving off the roadway.

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.28)

331.05 OVERTAKING, PASSING TO LEFT OF CENTER.

(a) No vehicle shall be driven to the left of the center of the roadway in overtaking and passing traffic proceeding in the same direction, unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made, without interfering with the safe operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for traffic approaching from the opposite direction before coming within 200 feet of any approaching vehicle.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.29)

331.06 ADDITIONAL RESTRICTIONS ON DRIVING UPON LEFT SIDE OF ROADWAY.

(a) No vehicle shall be driven upon the left side of the roadway under the following conditions:

- (1) When approaching the crest of a grade or upon a curve in the highway, where the operator's view is obstructed within such a distance as to create a hazard in the event traffic might approach from the opposite direction;
- (2) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct or tunnel;
- (3) When approaching within 100 feet of or traversing any intersection or railroad grade crossing.

(b) This section does not apply to vehicles upon a one-way roadway, upon a roadway where traffic is lawfully directed to be driven to the left side or under the conditions described in Section 331.01(a)(2).

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.30)

331.07 HAZARDOUS OR NO PASSING ZONES.

(a) Hazardous zones, commonly called "no passing zones," shall consist of an auxiliary yellow line marked on the roadway pavement and placed parallel to the normal center line or marked lane line. When the auxiliary yellow line appears on the left side in the driver's lane of travel and to the right of the normal center line or marked lane line, no driver shall drive across the auxiliary yellow line to overtake and pass another vehicle proceeding in the same direction. When auxiliary yellow lines appear on both sides of the normal center line or marked lane line, drivers proceeding in either direction shall not drive across such auxiliary yellow lines to overtake and pass another vehicle proceeding in the same direction. No driver shall, at any other time, drive across the yellow auxiliary line when it appears in the driver's lane of travel, except to make a lawfully permitted left-hand turn under the rules governing such movement. No passing signs may also be erected facing traffic to indicate the beginning and end of each no passing zone.

When appropriate signs or markings indicating hazardous or no passing zones are in place and clearly visible, every operator of a vehicle shall obey the directions of the signs or markings, notwithstanding the distance set out in Section 331.06.

(b) Subsection (a) of this section does not apply when all of the following apply:

- (1) The slower vehicle is proceeding at less than half the speed of the speed limit applicable to that location.
- (2) The faster vehicle is capable of overtaking and passing the slower vehicle without exceeding the speed limit.

- (3) There is sufficient clear sight distance to the left of the center or center line of the roadway to meet the overtaking and passing provisions of Section 331.05, considering the speed of the slower vehicle.

(c) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.31)

331.08 DRIVING IN MARKED LANES OR CONTINUOUS LINES OF TRAFFIC.

(a) Whenever any roadway has been divided into two or more clearly marked lanes for traffic or wherever traffic is lawfully moving in two or more substantially continuous lines in the same direction, the following rules apply:

- (1) A vehicle shall be driven, as nearly as is practicable, entirely within a single lane or line of traffic and shall not be moved from such lane or line until the driver has first ascertained that such movement can be made with safety.
- (2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or when preparing for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is posted with signs to give notice of such allocation.
- (3) Official signs may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway, or restricting the use of a particular lane to only buses during certain hours or during all hours, and drivers of vehicles shall obey the directions of such signs.
- (4) Official traffic control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.33)

331.09 FOLLOWING TOO CLOSELY.

(a) The operator of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicle and the traffic upon and the condition of the highway.

The driver of any truck, or motor vehicle drawing another vehicle, when traveling upon a roadway outside a business or residence district shall maintain a sufficient space, whenever conditions permit, between such vehicle and another vehicle ahead so an overtaking motor vehicle may enter and occupy such space without danger. This paragraph does not prevent overtaking and passing nor does it apply to any lane specially designated for use by trucks.

Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade, shall maintain a sufficient space between such vehicles so an overtaking vehicle may enter and occupy such space without danger. This paragraph shall not apply to funeral processions.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.34)

331.10 TURNING AT INTERSECTIONS.

(a) The driver of a vehicle intending to turn at an intersection shall be governed by the following rules:

- (1) Approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.
- (2) At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.
- (3) At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle, and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane of the roadway being entered lawfully available to the traffic moving in that lane.
- (4) Markers, buttons or signs may be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when such markers, buttons or signs are so placed, no operator of a vehicle shall turn such vehicle at an intersection other than as directed and required by such markers, buttons or signs.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code. (ORC 4511.36)

(a) The driver of a vehicle intending to turn into a private road or driveway, alley or building from a public street or highway shall be governed by the following rules:

- (1) Approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.
- (2) Upon a roadway where traffic is proceeding in opposite directions, approach for a left turn and a left turn shall be made from that portion of the right half of the roadway nearest the center line thereof.
- (3) Upon a roadway where traffic is restricted to one direction, approach for a left turn and a left turn shall be made as close as practicable to the left-hand curb or edge of the roadway.

It shall be the duty of the driver of any vehicle entering a private road or driveway, alley or building to yield the right of way to pedestrians lawfully using the sidewalk or sidewalk area extending across any alleyway, private road, driveway or building.

(b) Whoever violates this section is guilty of a minor misdemeanor on a first offense; on a second offense within one year after the first offense, the person is guilty of a misdemeanor of the fourth degree; on each subsequent offense within one year after the first offense, the person is guilty of a misdemeanor of the third degree.

331.12 "U" TURNS RESTRICTED.

(a) Except as provided in Section 313.03 and subsection (b) hereof, no vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to or near the crest of a grade, if the vehicle cannot be seen within 500 feet by the driver of any other vehicle approaching from either direction.

(b) The driver of an emergency vehicle or public safety vehicle, when responding to an emergency call, may turn the vehicle so as to proceed in the opposite direction. This subsection applies only when the emergency vehicle or public safety vehicle is responding to an emergency call, is equipped with and displaying at least one flashing, rotating or oscillating light visible under normal atmospheric conditions from a distance of 500 feet to the front of the vehicle, and when the driver of the vehicle is giving an audible signal by siren, exhaust whistle or bell. This subsection does not relieve the driver of an emergency vehicle or public safety vehicle from the duty to drive with due regard for the safety of all persons and property upon the highway.
(ORC 4511.37)

(c) Except as provided in subsection (b) hereof, no vehicle shall be turned so as to proceed in the opposite direction within an intersection, or upon any street in a business district, or upon a freeway, expressway or controlled-access highway, or where authorized signs are erected to prohibit such movement, or at any other location unless such movement can be made with reasonable safety to other users of the street and without interfering with the safe operation of any traffic that may be affected by such movement.

(d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. (h) General OVI Penalty.

(1) Whoever violates any provision of subsections (a)(1)A. to I. or (a)(2) of this section is guilty of operating a vehicle under the influence of alcohol, a drug of abuse, or a combination of them. Whoever violates subsection (a)(1)J. of this section is guilty of operating a vehicle while under the influence of a listed controlled substance or a listed metabolite of a controlled substance. The court shall sentence the offender for either offense under Ohio R.C. Chapter 2929, and this Traffic Code, except as otherwise authorized or required by subsections (h)(1)A. to E. of this section:

A. Except as otherwise provided in subsections (h)(1)B., C., D. or E. of this section, the offender is guilty of a misdemeanor of the first degree, and the court shall sentence the offender to all of the following:

1. If the sentence is being imposed for a violation of subsections (a)(1)A., B., C., D., E., or J. of this section, a mandatory jail term of three consecutive days. As used in this subsection, three consecutive days means seventy-two consecutive hours. The court may sentence an offender to both an intervention program and a jail term. The court may impose a jail term in addition to the three-day mandatory jail term or intervention program. However, in no case shall the cumulative jail term imposed for the offense exceed six months.

The court may suspend the execution of the three-day jail term under this subsection if the court, in lieu of that suspended term, places the offender under a community control sanction pursuant to Ohio R.C. 2929.25 and requires the offender to attend, for three consecutive days, a drivers’ intervention program certified under Ohio R.C. 5119.38.

The court also may suspend the execution of any part of the three-day jail term under this subsection if it places the offender under a community control sanction pursuant to Ohio R.C. 2929.25 for part of the three days, requires the offender to attend for the suspended part of the term a drivers’ intervention program so certified, and sentences the offender to a jail term equal to the remainder of the three consecutive days that the offender does not spend attending the program. The court may require the offender, as a

condition of community control and in addition to the required attendance at a drivers' intervention program, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Ohio R.C. Chapter 5119 by the Director of Mental Health and Addiction Services that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose on the offender any other conditions of community control that it considers necessary.

If the court grants unlimited driving privileges to a first-time offender under Ohio R.C. 4510.022, all penalties imposed upon the offender by the court under subsection (h)(1)A.1. of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under subsection (h)(1)A.1. of this section upon granting unlimited driving privileges in accordance with Ohio R.C. 4510.022.

2. If the sentence is being imposed for a violation of subsection (a)(1)F., G., H. or I. or (a)(2) of this section, except as otherwise provided in this subsection, a mandatory jail term of at least three consecutive days and a requirement that the offender attend, for three consecutive days, a drivers' intervention program that is certified pursuant to Ohio R.C. 5119.38. As used in this subsection, three consecutive days means seventy-two consecutive hours. If the court determines that the offender is not conducive to treatment in a drivers' intervention program, if the offender refuses to attend a drivers' intervention program, or if the jail at which the offender is to serve the jail term imposed can provide a drivers' intervention program, the court shall sentence the offender to a mandatory jail term of at least six consecutive days.

If the court grants unlimited driving privileges to a first-time offender under Ohio R.C. 4510.022, all penalties imposed upon the offender by the court under subsection (h)(1)A.2. of this section for the offense apply, except that the court shall suspend any mandatory or additional jail term imposed by the court under subsection (h)(1)A.2. of this section upon granting unlimited driving privileges in accordance with Ohio R.C. 4510.022.

The court may require the offender, under a community control sanction imposed under Ohio R.C. 2929.25, to attend and satisfactorily complete any treatment or education programs that comply with the minimum standards adopted pursuant to Ohio R.C. Chapter 5119 by the Director of Mental Health and Addiction Services, in addition to the required attendance at drivers' intervention program, that the operators of the drivers' intervention program determine that the offender should attend and to report periodically to the court on the offender's progress in the programs. The court also may impose any other conditions of community control on the offender that it considers necessary.

3. In all cases, a fine of not less than three hundred seventy-five dollars (\$375.00) and not more than one thousand seventy-five dollars (\$1,075).
 4. In all cases, a suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege for a definite period of one to three years. The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under Ohio R.C. 4510.022.
- B. Except as otherwise provided in subsection (h)(1)E. of this section, an offender who, within ten years of the offense, previously has been convicted of or pleaded guilty to one violation of subsection (a) or (b) of this section or one other equivalent offense is guilty of a misdemeanor of the first degree. The court shall sentence the offender to all of the following:
1. If the sentence is being imposed for a violation of subsection (a)(1)A., B., C., D., E., or J. of this section, a mandatory jail term of ten consecutive days. The court shall impose the ten-day mandatory jail term under this subsection unless, subject to subsection (h)(3) of this section, it instead imposes a sentence under that subsection consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the ten-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.
In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court shall require the offender to be assessed by a community addiction services provider that is authorized by Ohio R.C. 5119.21, subject to subsection (k) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is warranted. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.
 2. If the sentence is being imposed for a violation of subsection (a)(1)F., G., H. or I. or (a)(2) of this section, except as otherwise provided in this subsection, a mandatory jail term of twenty consecutive days. The court shall impose the twenty-day mandatory jail term under this subsection unless, subject to subsection (h)(3) of this section, it instead imposes a sentence under that subsection consisting of both a jail term and a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court

may impose a jail term in addition to the twenty-day mandatory jail term. The cumulative jail term imposed for the offense shall not exceed six months.

In addition to the jail term or the term of house arrest with electronic monitoring or continuous alcohol monitoring or both types of monitoring and jail term, the court shall require the offender to be assessed by a community addiction services provider that is authorized by Ohio R.C. 5119.21, subject to subsection (k) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The purpose of the assessment is to determine the degree of the offender's alcohol usage and to determine whether or not treatment is warranted. Upon the request of the court, the services provider shall submit the results of the assessment to the court, including all treatment recommendations and clinical diagnoses related to alcohol use.

4. In all cases, a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for a definite period of one to seven years. The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13. (ORC 4511.19)
5. In all cases, if the vehicle is registered in the offender's name, immobilization of the vehicle involved in the offense for ninety days in accordance with Ohio R.C. 4503.233 and impoundment of the license plates of that vehicle for ninety days. (ORC 4511.193)

1. If the sentence is being imposed for a violation of subsection (a)(1)A., B., C., D., E., or J. of this section, a mandatory jail term of thirty consecutive days. The court may impose a jail term in addition to the thirty-day mandatory jail term. Notwithstanding the jail terms set forth in Section 303.99, the additional jail term shall not exceed one year, and the cumulative jail term imposed for the offense shall not exceed one year.

2. If the sentence is being imposed for a violation of subsection (a)(1)F., G., H. or I. or (a)(2) of this section, a mandatory jail term of sixty consecutive days. The court shall impose the sixty-day mandatory jail term under this subsection unless, subject to subsection (h)(3) of this section, it instead imposes a sentence under that subsection consisting of both a jail term and a term of electronically monitored house arrest with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The court may impose a jail term in addition to the sixty-day mandatory jail term. Notwithstanding the terms of imprisonment set forth in Section 303.99, the additional jail term shall not exceed one year, and the cumulative jail term imposed for the offense shall not exceed one year.
 3. In all cases, notwithstanding the fines set forth in Section 303.99, a fine of not less than eight hundred fifty dollars (\$850.00) and not more than two thousand seven hundred fifty dollars (\$2,750).
 4. In all cases, a suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege for a definite period of two to twelve years. The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13. (ORC 4511.19)
 5. In all cases, if the vehicle is registered in the offender's name, criminal forfeiture of the vehicle involved in the offense in accordance with Ohio R.C. 4503.234. Subsection (h)(5) of this section applies regarding any vehicle that is subject to an order of criminal forfeiture under this subsection. (ORC 4511.193)
 6. In all cases, the court shall order the offender to participate with a community addiction services provider authorized by Ohio R.C. 5119.21, subject to subsection (k) of this section, and shall order the offender to follow the treatment recommendations of the services provider. The operator of the services provider shall determine and assess the degree of the offender's alcohol dependency and shall make recommendations for treatment. - E. An offender who previously has been convicted of or pleaded guilty to a violation of Ohio R.C. 4511.19(A) that was a felony, regardless of when the violation and the conviction or guilty plea occurred, is guilty of a felony of the third degree and shall be prosecuted under appropriate state law.
- (2) An offender who is convicted of or pleads guilty to a violation of subsection (a) of this section and who subsequently seeks reinstatement of the driver's or occupational driver's license or permit or nonresident operating privilege suspended under this section as a result of the conviction or guilty plea shall pay a reinstatement fee as provided in division (F)(2) of Ohio R.C. 4511.191.
- (3) If an offender is sentenced to a jail term under subsection (h)(1)B.1. or 2. or (h)(1)C.1. or 2. of this section and if, within sixty days of sentencing of the offender, the court issues a written finding on the record that, due to the unavailability of space at the jail where the offender is required to serve the term, the offender will not be able to begin serving that term within the sixty-day period following the date of sentencing, the court may impose an alternative sentence under this subsection that includes a term of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring.

As an alternative to a mandatory jail term of ten consecutive days required by subsection (h)(1)B.1. of this section, the court, under this subsection, may sentence the offender to five consecutive days in jail and not less than eighteen consecutive days of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The cumulative total of the five consecutive days in jail and the period of house arrest with electronic monitoring, continuous alcohol monitoring, or both types of monitoring shall not exceed six months. The five consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

As an alternative to the mandatory jail term of twenty consecutive days required by subsection (h)(1)B.2. of this section, the court, under this subsection, may sentence the offender to ten consecutive days in jail and not less than thirty-six consecutive days of house arrest with electronic monitoring, with continuous alcohol monitoring, or with both electronic monitoring and continuous alcohol monitoring. The cumulative total of the ten consecutive days in jail and the period of house arrest with electronic monitoring, continuous alcohol monitoring or both types of monitoring shall not exceed six months. The ten consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

The thirty consecutive days in jail do not have to be served prior to or consecutively to the period of house arrest.

- (4) If an offender's driver's or occupational driver's license or permit or nonresident operating privilege is suspended under subsection (h) of this section and if Ohio R.C. 4510.13 permits the court to grant limited driving privileges, the court may grant the limited driving privileges in accordance with that section. If division (A)(7) of that section requires that the court impose as a condition of the privileges that the offender must display on the vehicle that is driven subject to the privileges restricted license plates that are issued under Ohio R.C. 4503.231, except as provided in division (B) of that section, the court shall impose that condition as one of the conditions of the limited driving privileges granted to the offender, except as provided in division (B) of Ohio R.C. 4503.231.
- (5) If title to a motor vehicle that is subject to an order of criminal forfeiture under this section is assigned or transferred and division (B)(2) or (3) of Ohio R.C. 4503.234 applies, in addition to or independent of any other penalty established by law, the court may fine the offender the value of the vehicle as determined by publications of the national auto dealers association. The proceeds of any fine so imposed shall be distributed in accordance with division (C)(2) of that section.
- (6) In all cases in which an offender is sentenced under subsection (h) of this section, the offender shall provide the court with proof of financial responsibility as defined in Ohio R.C. 4509.01. If the offender fails to provide that proof of financial responsibility, the court, in addition to any other penalties provided by law, may order restitution pursuant to Ohio R.C. 2929.18 or 2929.28 in an amount not exceeding five thousand dollars (\$5,000) for any economic loss arising from an accident or collision that was the direct and proximate result of the offender's operation of the vehicle before, during or after committing the offense for which the offender is sentenced under subsection (h) of this section.
- (7) A court may order an offender to reimburse a law enforcement agency for any costs incurred by the agency with respect to a chemical test or tests administered to the offender if all of the following apply:

(i) Vehicle Operation After Underage Alcohol Consumption Penalty. Whoever violates subsection (b) of this section is guilty of operating a vehicle after underage alcohol consumption and shall be punished as follows:

- (1) Except as otherwise provided in subsection (i)(2) of this section, the offender is guilty of a misdemeanor of the fourth degree. In addition to any other sanction imposed for the offense, the court shall impose a class six suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(6) of Ohio R.C. 4510.02.
The court may grant limited driving privileges relative to the suspension under Ohio R.C. 4510.021 and 4510.13. The court may grant unlimited driving privileges with an ignition interlock device relative to the suspension and may reduce the period of suspension as authorized under Ohio R.C. 4510.022. If the court grants unlimited driving privileges under Ohio R.C. 4510.022, the court shall suspend any jail term imposed under subsection (i)(1) of this section as required under that section.
- (2) If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one or more violations of subsection (a) of this section or other equivalent offenses, the offender is guilty of a misdemeanor of the third degree. In addition to any other sanction imposed for the offense, the court shall impose a class four suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(4) of Ohio R.C. 4510.02. (ORC 4511.19)

(j) Physical Control Penalty. Whoever violates subsection (d) hereof is guilty of having physical control of a vehicle while under the influence, a misdemeanor of the first degree. In addition to other sanctions imposed, the court may impose on the offender a class seven suspension of the offender's driver's license, commercial driver's license, temporary instruction permit, probationary license, or nonresident operating privilege from the range specified in division (A)(7) of Ohio R.C. 4510.02. (ORC 4511.194)

(k) Compliance With Ohio R.C. Chapter 5119 Standards.

- (1) No court shall sentence an offender to an alcohol treatment program under this section unless the treatment program complies with the minimum standards for alcohol treatment programs adopted under Ohio R.C. Chapter 5119 by the Director of Mental Health and Addiction Services.

- (2) An offender who stays in a driver's intervention program or in an alcohol treatment program under an order issued under this section shall pay the cost of the stay in the program. However, if the court determines that an offender who stays in an alcohol treatment program under an order issued under this section is unable to pay the cost of the stay in the program, the court may order that the cost be paid from the court's indigent drivers' alcohol treatment fund.

(l) Appeal Does Not Stay Operation of License Suspension. If a person whose driver's or commercial driver's license or permit or nonresident operating privilege is suspended under this section files an appeal regarding any aspect of the person's trial or sentence, the appeal itself does not stay the operation of the suspension.

(m) Subsection (a)(1)J. of this section does not apply to a person who operates a vehicle while the person has a concentration of a listed controlled substance or a listed metabolite of a controlled substance in the person's whole blood, blood serum or plasma, or urine that equals or exceeds the amount specified in that subsection, if both of the following apply:

- (1) The person obtained the controlled substance pursuant to a prescription issued by a licensed health professional authorized to prescribe drugs.
- (2) The person injected, ingested, or inhaled the controlled substance in accordance with the health professional's directions.

(n) The prohibited concentrations of a controlled substance or a metabolite of a controlled substance listed in subsection (a)(1)J. of this section also apply in a prosecution of a violation of Ohio R.C. 2923.16(D) in the same manner as if the offender is being prosecuted for a prohibited concentration of alcohol.

(o) Conflict of Terms. All terms defined in Ohio R.C. 4510.01 apply to this section. If the meaning of a term defined in Ohio R.C. 4510.01 conflicts with the meaning of the same term as defined in Ohio R.C. 4501.01 or this Traffic Code, the term as defined in Ohio R.C. 4510.01 applies to this section. (ORC 4511.19)

(p) Indigent Drivers Alcohol Treatment Fund. Twenty-five dollars (\$25.00) of any fine imposed for a violation of subsection (a) hereof shall be deposited into the municipal or county indigent drivers alcohol treatment fund pursuant to Ohio R.C. 4511.193. (ORC 4511.193)

(ORC 4511.201)

(d) Whenever a person is found guilty under this section of operating a motor vehicle in violation of this section relating to reckless operation, the trial court of any court of record, in addition to or independent of all other penalties provided by law, may impose a class five suspension of the offender's driver's or commercial driver's license or permit or nonresident operating privilege from the range specified in division (A)(5) of Ohio R.C. 4510.02. (ORC 4510.15)

333.03 MAXIMUM SPEED LIMITS; ASSURED CLEAR DISTANCE AHEAD.

(a) No person shall operate a motor vehicle at a speed greater or less than is reasonable or proper, having due regard to the traffic, surface and width of the street or highway and any other conditions, and no person shall drive any motor vehicle in and upon any street or highway at a greater speed than will permit the person to bring it to a stop within the assured clear distance ahead.

(b) It is prima-facie lawful, in the absence of a lower limit declared pursuant to Ohio R.C. 4511.21 by the Ohio Director of Transportation or Council, for the operator of a motor vehicle to operate the same at a speed not exceeding the following:

- (1) A. Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected. The end of every school zone may be marked by a sign indicating the end of the zone. Nothing in this section or in the manual and specifications for a uniform system of traffic control devices shall be construed to require school zones to be indicated by signs equipped with flashing or other lights, or giving other special notice of the hours in which the school zone speed limit is in effect.

B. As used in this section, "school" means all of the following:

1. Any school chartered under Ohio R.C. 3301.16;
2. Any nonchartered school that during the preceding year filed with the Ohio Department of Education and Workforce in compliance with O.A.C. § 3301-35-08, a copy of the school's report for the parents of the school's pupils certifying that the school meets state minimum standards for nonchartered, nontax-supported schools and presents evidence of this filing to the jurisdiction from which it is requesting the establishment of a school zone;
3. Any special elementary school that in writing requests the County Engineer to create a school zone at the location of the school. Upon receipt of such written request, the County Engineer shall create a school zone at that location by erecting appropriate signs;

4. Any preschool education program operated by an educational service center that is located on a street or highway with a speed limit of forty-five miles per hour or more, when the educational service center in writing requests that the County Engineer create a school zone at the location of that program. Upon receipt of such a written request, the County Engineer shall create a school zone at that location by erecting the appropriate signs.
- C. As used in this section, "school zone" means that portion of a street or highway passing a school fronting upon the street or highway that is encompassed by projecting the school property lines to the fronting street or highway. Upon request from the Municipality for streets and highways under its jurisdiction, the Ohio Director of Transportation may extend the traditional school zone boundaries. The distances in subsections (b)(1)C.1. to 3. hereof shall not exceed 300 feet per approach per direction and are bounded by whichever of the following distances or combinations thereof the Director approves as most appropriate:
1. The distance encompassed by projecting the school building lines normal to the fronting highway and extending a distance of 300 feet on each approach direction;
 2. The distance encompassed by projecting the school property lines intersecting the fronting highway and extending a distance of 300 feet on each approach direction;
 3. The distance encompassed by the special marking of the pavement for a principal school pupil crosswalk plus a distance of 300 feet on each approach direction of highway;
- Nothing in this section shall be construed to invalidate the Director's initial action on August 9, 1976, establishing all school zones at the traditional school zone boundaries defined by projecting school property lines, except when those boundaries are extended as provided in subsections (b)(1)A. and C. hereof.
- D. As used in this subsection, "crosswalk" has the meaning given that term in Section 301.09. The Director may, upon request by resolution of Council, and upon submission by the Municipality of such engineering, traffic and other information as the Director considers necessary, designate a school zone on any portion of a State route lying within the Municipality that includes a crosswalk customarily used by children going to or leaving a school during recess and opening and closing hours, whenever the distance, as measured in a straight line, from the school property line nearest the crosswalk to the nearest point of the crosswalk is no more than 1,320 feet. Such a school zone shall include the distance encompassed by the crosswalk and extending 300 feet on each approach direction of the State route;
- (2) Twenty-five miles per hour in all other portions of the Municipality, except on State routes outside business districts, through highways outside business districts and alleys;
 - (3) Thirty-five miles per hour on all State routes or through highways within the Municipality outside business districts, except as provided in subsections (b)(4) and (5) hereof;
 - (4) Fifty miles per hour on controlled-access highways and expressways within the Municipality, except as provided in subsections (b)(8) to (b)(12) of this section;

- (5) Fifty miles per hour on State routes within the Municipality outside urban districts unless a lower prima-facie speed is established as further provided in this section;
- (6) Fifteen miles per hour on all alleys within the Municipality;
- (7) Fifty-five miles per hour on freeways with paved shoulders inside the Municipality other than freeways as provided in subsection (b)(10) and (12);
- (8) Sixty miles per hour on rural expressways with traffic control signals and on all portions of rural divided highways, except as provided in subsections (b)(9) and (10) of this section;
- (9) Sixty-five miles per hour on all rural expressways without traffic control signals;
- (10) Seventy miles per hour on all rural freeways;
- (11) Fifty-five miles per hour on all portions of freeways or expressways in congested areas as determined by the Director and that are located within a municipal corporation or within an interstate freeway outerbelt, except as provided in subsection (b)(12) of this section;
- (12) Sixty-five miles per hour on all portions of freeways or expressways without traffic control signals in urbanized areas.

(c) It is prima-facie unlawful for any person to exceed any of the speed limitations in subsection (b)(1)A. to (b)(6) hereof, or any declared or established pursuant to this section by the Director or local authorities and it is unlawful for any person to exceed any of the speed limitations in subsection (d) hereof. No person shall be convicted of more than one violation of this section for the same conduct, although violations of more than one provision of this section may be charged in the alternative in a single affidavit.

- (d) No person shall operate a motor vehicle upon a street or highway as follows:
- (1) At a speed exceeding fifty-five miles per hour, except upon a highway, expressway or freeway as provided in subsection (b)(8), (9), (10) and (12) hereof;
 - (2) At a speed exceeding sixty miles per hour upon a highway as provided in subsection (b)(8) hereof;
 - (3) At a speed exceeding sixty-five miles per hour upon an expressway as provided in subsection (b)(9) hereof, or upon a freeway as provided in subsection (b)(12) of this section, except upon a freeway as provided in subsection (b)(10) hereof;
 - (4) At a speed exceeding seventy miles per hour upon a freeway as provided in subsection (b)(10) hereof;
 - (5) At a speed exceeding the posted speed limit upon a highway, expressway or freeway for which the Director has determined and declared a speed limit pursuant to Ohio R.C. 4511.21(I)(2) or (L)(2).

(e) In every charge of violation of this section the affidavit and warrant shall specify the time, place and speed at which the defendant is alleged to have driven, and in charges made in reliance upon subsection (c) hereof also the speed which subsections (b)(1)A. to (b)(6) hereof, or a limit declared or established pursuant to this section declares is prima-facie lawful at the time and place of such alleged violation, except that in affidavits where a person is alleged to have driven at a greater speed than will permit the person to bring the vehicle to a stop within the assured clear distance ahead the affidavit and warrant need not specify the speed at which the defendant is alleged to have driven.

(f) When a speed in excess of both a prima-facie limitation and a limitation in subsection (d) hereof is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both subsections (b)(1)A. to (b)(6) hereof, or of a limit declared or established pursuant to this section by the Director or local authorities, and of the limitation in subsection (d) hereof. If the court finds a violation of subsection (b)(1)A. to (b)(6) hereof, or a limit declared or established pursuant to this section has occurred, it shall enter a judgment of conviction under such subsection and dismiss the charge under subsection (d) hereof. If it finds no violation of subsections (b)(1)A. to (b)(6) hereof or a limit declared or established pursuant to this section, it shall then consider whether the evidence supports a conviction under subsection (d) hereof.

(g) Points shall be assessed for violation of a limitation under subsection (d) hereof in accordance with Ohio R.C. 4510.036.

(h) Whenever, in accordance with Ohio R.C. 4511.21 or this section, the speed limitations as established herein have been altered, either higher or lower, and the appropriate signs giving notice have been erected as required, operators of motor vehicles shall be governed by the speed limitations set forth on such signs. It is prima-facie unlawful for any person to exceed the speed limits posted upon such signs.

(b) This section does not relieve the driver of a public safety vehicle, emergency vehicle, road service vehicle, waste collection vehicle, vehicle used by the Public Utilities Commission to conduct motor vehicle inspections in accordance with Ohio R.C. 4923.04 and 4923.06, or a highway maintenance vehicle from the duty to drive with due regard for the safety of all persons and property upon the highway.

(ORC 4510.04)

(c) No court shall impose an alternative sentence of house arrest with electronic monitoring under subsection (b)(1) or (2) of this section unless, within sixty days of the date of sentencing, the court issues a written finding on the record that, due to the unavailability of space at the jail where the offender is required to serve the jail term imposed, the offender will not be able to begin serving that term within the sixty-day period following the date of sentencing.

An offender sentenced under this section to a period of house arrest with electronic monitoring shall be permitted work release during that period.

(d) Fifty per cent of any fine imposed by a court under subsection (b)(1), (2) or (3) of this section shall be deposited into the county indigent drivers alcohol treatment fund or municipal indigent drivers alcohol treatment fund under the control of that court, as created by the county or municipal corporation pursuant to division (H) of Ohio R.C. 4511.191.

When permitted as specified in Ohio R.C. 4510.021, if the court grants limited driving privileges during a suspension imposed under this section, the privileges shall be granted on the additional condition that the offender must display restricted license plates, issued under Ohio R.C. 4503.231, on the vehicle driven subject to the privileges, except as provided in division (B) of that section.

A suspension of a commercial driver's license under this section shall be concurrent with any period of suspension or disqualification under Ohio R.C. 3123.58 or 4506.16. No person who is disqualified for life from holding a commercial driver's license under Ohio R.C. 4506.16 shall be issued a driver's license under Ohio R.C. (ORC 4510.14)

- (g) (1) If a person is convicted of or pleads guilty to a violation of a municipal ordinance that is substantially equivalent to Ohio R.C. 4510.14, the court, in addition to and independent of any sentence that it imposes upon the offender for the offense, if the vehicle the offender was operating at the time of the offense is registered in the offender's name, shall do whichever of the following is applicable:

(e) Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of a motor vehicle being operated on any street or highway to stop the motor vehicle for the sole purpose of determining whether a violation of subsection (c) or (d) of this section has been or is being committed or for the sole purpose of issuing a ticket, citation, or summons for a violation of subsection (c) or (d) of this section or causing the arrest of or commencing a prosecution of a person for a violation of subsection (c) or (d) of this section, and absent another violation of law, a law enforcement officer's view of the interior or visual inspection of a motor vehicle being operated on any street or highway may not be used for the purpose of determining whether a violation of subsection (c) or (d) of this section has been or is being committed.

(i) Nothing in this section shall be construed to require any person to carry with the person the birth certificate of a child to prove the age of the child, but the production of a valid birth certificate for a child showing that the child was not of an age to which this section applies is a defense against any ticket, citation or summons issued for violating this section.

(j) Whoever violates subsection (a), (b), (c) or (d) of this section shall be punished as follows, provided that the failure of an operator of a motor vehicle to secure more than one child in a child restraint system, booster seat, or occupant restraining device as required by this section that occurred at the same time, on the same day, and at the same location is deemed to be a single violation of this section:

Such protectors or flaps shall have a ground clearance of not more than one-

third of the distance from the center of the rearmost axle to the center of the flaps under any conditions of loading of the vehicle, and they shall be at least as wide as the tires they are protecting. If the vehicle is so designed and constructed that such requirements are accomplished by means of fenders, body construction or other means of enclosure, then no such protectors or flaps are required. (b) No motor vehicle or trailer shall be driven unless the tailboard or tailgate, tarpaulins, chains (except ground or contact chains), ropes, stakes, poles, and the like, or any part of the load, are securely fastened to prevent dangling, flapping, swinging or falling from the side, end or top of the load or body.  - (2) The operator of a motorcycle may back the motorcycle into a parking space that is located on the side of, and parallel to, a road or highway. The motorcycle may face any direction when so parked. Not more than two motorcycles at a time shall be parked in a parking space as described in subsection (c)(2) of this section irrespective of whether or not the space is metered.

(c) Notwithstanding any provision of this Code, trucks and other equipment being used in the construction, reconstruction, installation, repair, or removal of facilities near, on, over or under a street may stop, stand or park where necessary in order to perform such work, provided a flagman is on duty, or warning signs or lights are displayed as may be prescribed by the state director of transportation.

351.06 ANGLE PARKING.

Upon streets where angle parking is permitted, no person shall stop, stand or park a vehicle other than at the angle to the curb so designated and so that the front of the vehicle is facing the curb, against which it is parked. (Ord. 2970. Passed 7-12-76.)

351.10 PARKING OF TRUCKS AND COMMERCIAL VEHICLES.

No person shall stand or park any truck (or other vehicle used or equipped to be used for a commercial purpose) upon a street at any time except for the minimum period required in the usual course of business for making delivery of or loading merchandise for delivery.

(b) The operator of a bus shall not stop, stand or park such vehicle upon any street at any place (for the purpose of loading or unloading passengers or their baggage) other than at a bus stop so designated and posted as such, except in case of an emergency. (d) The operator of a taxicab shall not stand or park such vehicle upon any street at any place other than in a taxicab stand so designated and posted as such. This provision shall not prevent the operator of a taxicab from temporarily stopping in accordance with other stopping or parking provisions at any place for the purpose of and while actually engaged in the expeditious loading or unloading of passengers.

351.12 PARKING IN ALLEYS AND NARROW STREETS; EXCEPTIONS.

No person shall stop, stand or park any vehicle upon a street, other than an alley, in such a manner or under such conditions as to leave available less than 10 feet of the width of the roadway for free movement of vehicular traffic, except that a driver may stop temporarily during the actual loading or unloading of passengers or when directed to by a police officer or traffic control signal.

No owner or operator of any vehicle shall permit it to park or stand upon any such street or portion of street within such area designated for no parking.

(b) If any vehicle is found parked in violation of the provisions of subsection (a) hereof, a police officer shall remove such vehicle or cause the same to be removed as provided in Section 303.08.

351.15 18-HOUR PARKING LIMIT.

No person shall park a motor vehicle on the streets of the city in excess of 18 consecutive hours.

The locations shall be designated through the posting of an elevated sign, whether permanently affixed or movable, imprinted with the international symbol of access and shall be reasonably close to exits, entrances, elevators, and ramps. All elevated signs posted in accordance with this division and Ohio R.C. 3781.111(C) shall be mounted on a fixed or movable post, and the distance from the ground to the bottom edge of the sign shall measure not less than five feet. 351.22 PAYMENT OF FINE WITHOUT COURT APPEARANCE.
