#### INDEPENDENT AUDITOR'S REPORT

City of Oakwood Montgomery County 30 Park Avenue Dayton, Ohio 45419

To the City Council:

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oakwood, Montgomery County, Ohio (the City), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

City of Oakwood Montgomery County Independent Auditor's Report Page 2

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oakwood, Montgomery County, Ohio, as of December 31, 2013, and the respective changes in financial position and where applicable, cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and *required budgetary comparison schedule*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**Dave Yost** Auditor of State

Columbus, Ohio

September 8, 2014

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

Our discussion and analysis of the City of Oakwood, Ohio's financial performance provides an overall review of the financial activities of the City for the year ended December 31, 2013. We encourage readers to consider the information presented here in conjunction with additional information, including the financial statements and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

### **Financial Highlights**

- The City's total net position increased by \$48,388 or 0.10% while unrestricted net position decreased \$927,647 or 8.36%.
- Total revenues increased \$3,302,419 or 26.20% while total expenses increased \$344,665 or 2.22%.
- Total fund balances of governmental activities increased by \$1,115,171 or 15.31%.
- Governmental fund revenues increased \$2,237,742 or 20.83% while governmental fund expenditures increased \$125,562 or 1.07%.
- The net position of the City's business-type activities increased by \$198,074 or 3.57%.
- Total revenue of business-type activities increased \$89,401 or 3.37% while total expenses increased \$150,667 or 6.29%.
- The General Fund balance increased \$1.624.475 or 39.77%.
- The General Fund revenues increased \$2,243,818 or 22.66% while expenditures decreased \$523,197 or 5.27%.

### **Using this Annual Financial Report**

This annual report consists of a series of financial statements. The Statement of Net Position and Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements provide the next level of detail. For governmental activities, these financial statements tell how services were financed in the short-term as well as the amount of funds available for future spending.

### Reporting the City as a Whole

Statement of Net Position and the Statement of Activities

While this document contains a large number of funds used by the City to provide programs and activities, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during 2013?" The Statement of Net Position and the Statement of Activities help to answer this question. These

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2013

statements include all assets, liabilities and deferred inflows of resources using the accrual basis of accounting,

which is similar to the accounting used by most private-sector companies. All current year's revenues and expenses

are taken into account regardless of when cash is received or paid.

These two statements report the City's position and changes in that net position. This change informs the reader

whether the City's financial position, as a whole, has improved or diminished. In evaluating the overall financial

health, the reader of these financial statements should take into account non-financial factors that also impact the

City. Some of these factors include the City's tax base and the condition of its capital assets.

In the Statement of Net Position and the Statement of Activities, the financial information of the City is divided into

two kinds of activities:

Governmental Activities - Most of the City's services are reported here including police and fire

protection, recreation and parks, community environment, street repair and maintenance, and general

government.

Business-Type Activities – These services include the water, sewer and stormwater departments where the

fees charged for these services are based upon the amount of usage and the intent is to recoup operational

costs through the user fees.

Reporting the City's Most Significant Funds

Fund Financial Statements

Fund financial reports provide detailed information about each major fund. The major funds of the City include the

General, Capital Improvement, Water and Sewer funds. The City uses many funds to account for a multitude of

financial transactions. However, the focus of the fund financial statements is on the City's most significant funds,

and therefore only the major funds are presented in separate columns. All other funds are combined into one

column for reporting purposes.

**Governmental Funds** 

Most of the City's activities are reported in the governmental funds, which focus on how money flows into and out

of the funds, and the balances left at year-end which would be available for spending in future periods. These funds

are reported using an accounting method called modified accrual, which measures cash and all other financial assets

that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the

4

Management's Discussion and Analysis (Unaudited)

For the Year Ended December 31, 2013

City's general government operations and the basic services it provides. Governmental fund information helps you

determine whether there are more or fewer financial resources that can be spent in the near future on services

provided to our residents. The relationship (or differences) between governmental activities (reported in the

Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial

statements.

**Proprietary Funds** 

When the City charges citizens for the services it provides, with the intent of recouping operating costs, these

services are generally reported in proprietary funds. Proprietary funds use the same basis of accounting as business-

type activities; therefore, these statements will essentially match. Internal service funds are used to report activities

that provide services to the City's other funds and departments.

Agency Funds

The financial activity of custodial funds, for which the City acts as the fiscal agent, is reported separately in the

Statement of Assets and Liabilities. This financial activity is excluded from the City's other financial statements

because the City cannot use these assets to finance its operations. The City is responsible for ensuring the assets

reported in these funds are used for their intended purposes.

The City as a Whole

For 2013, the City's assets exceeded liabilities and deferred inflows of resources by a total of \$50.8 million. This

represents an increase of 0.10% from the prior year. The unrestricted net position, the net position that can be used

to finance daily operation without constraints established by enabling legislation or other legal requirements

decreased by \$927,647 or 8.36%.

Explanations for the significant fluctuations between 2013 and 2012 are as follows:

Estate Tax revenue increased approximately \$1.8 million from 2012.

Charges for services increased \$683,000 or 16% primarily as a result of the increase in refuse collection

The City increased its roadway expenditures in Public Works by \$770,000.

The City paid off short -term debt totaling \$2.4 million in 2013.

5

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

The following tables provide a summary of the City's net position and changes in net position for the year.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

#### Governmental Activities

The City has chosen to use unrestricted cash reserves to cover the shortfall between revenues and expenditures because of the significant amounts of estate tax revenue that have been received in the past.

Table 3 shows the percentage of total expenses each functional area comprises, the net cost of each functional area and the percentage of each functional area expenses financed with general revenue.

TABLE 3

| Interest and fiscal charges      |                                      | 21,814         | 0.16%            |             |             |              | 21,814                                  | 100.00%  |
|                                  | \$                                   | 13,312,438     | 100.00%          | \$          | (2,239,467) | \$           | 11,072,971                              | 83.18%   |

As indicated by Table 3, the City is spending more than half of its resources (52.61%) on the security of person and property (public safety) and community environment activities. The operation of the public safety department is 39.72% of total program expenses, revenues generated by the public safety department cover only 5.32% of functional expenses. This means that general revenues collected by the City, principally income and property taxes, must cover the remaining 94.68% of expenses reported by the public safety department. Refuse collection fees are the most significant program revenue source that helps offset the expenses reported for the community environment functions.

General government functions, principally legislative, administration and judicial activities, comprise 19.70% of the total governmental expenses. Most of the program revenue generated by this function is associated with court fees and fines, as well as other charges for services and operating grants. Charges for services and fees associated with the recreation department accounted for 50.39% of the leisure time activities functional expenses. Expenses associated with street resurfacing, street maintenance, snow removal and operation of the public works department are all included within the transportation function.

General revenues comprise 82.99% of the total governmental revenues collected by the City during 2013. Principal components of general revenues; grants and contributions not restricted to specific purposes, including income taxes

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

(56.95%) and property taxes (13.53%), are used to furnish the quality of life and services to citizens and businesses to which they have become accustomed.

**Business-Type Activities** 

The City's business-type activities include the Water, Sewer and Stormwater operations.

<u>Water</u> – The water department at the City of Oakwood is responsible for the production, treatment and delivery of quality water to businesses and citizens within the boundaries of the City. Various functions within the water department include administration, water production, water distribution and maintaining and upgrading the infrastructure used to produce, treat and distribute the water. The water department in 2013 experienced an operating loss of \$79,856, compared to income of \$49,822 in 2012. Operating results for the water fund can vary greatly depending in large part on the amount of irrigation water used throughout the city during the summer months, which is a function of the amount of rainfall during any given year. At December 31, 2013 the unrestricted net position represented 163.67% of the operating expenses reported for 2013.

<u>Sewer</u> – The City's sewer department is responsible for the collection and treatment of wastewater generated throughout the City. Various functions within the sewer department include administration, disposal, and maintaining and upgrading infrastructure used in the collection and disposal of wastewater. The sewer department recognized operating income of \$114,015 during 2013 as compared to \$234,356 reported for 2012.

<u>Stormwater</u> – The fund was created in 2013. The City's stormwater department is responsible for managing stormwater runoff in a manner consistent with the EPA's National Pollutant Discharge System standards. Citizens are charged a stormwater fee based on their impervious area of developed property. The fund experienced operating income in 2013 of \$48,682.

Overall, the City's business-type activities generated \$2.74 million in program revenue during 2013, while program expenses were \$2.54 million. The business-type activities incurred an overall increase in net position of \$198,074. This increase shows an improvement in overall operations in the last several years. It should be noted that the unrestricted net position of the business-type activities totaled \$3.50 million at the end of 2013. The amount of unrestricted net position for business-type activities reported at December 31, 2013 equaled 137.50% of the total expenses reported for business-type activities for 2013. Management will continue to monitor utility rate charges and necessary adjustments will be made to provide any additional financial resources needed.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

### The City's Funds

The governmental funds of the City are reported using the modified accrual basis of accounting. These funds had total revenues of \$12.98 million and expenditures of \$11.86 million for 2013. In total, the governmental funds reported a \$1,115,171 increase in total fund balance for the year. In 2012, the fund balance of the City's governmental funds decreased by \$997,009. Most of the increase in 2013 and decrease in 2012 is associated with estate tax receipts in both years. The restricted, committed, assigned, and unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year; these fund balances at December 31, 2013 were \$8.26 million, or 69.61% of the total expenditures reported for the governmental funds for 2013.

The City's General Fund realized a \$1,624,475 increase in fund balance during 2013 as compared to the \$1,320,206 decrease in 2012. The increase in fund balance in 2013 as compared to the decrease in 2012 is primarily the result of \$1.79 million in estate tax revenue in 2013. Annually, the General Fund transfers amounts to other funds to cover recreation, street maintenance, state highway and other programs. These transfers also pay for capital improvement projects and construction of capital assets. The General Fund transferred \$1,113,487 to other funds in 2013 as compared to \$1,291,153 to other funds in 2012.

Explanation of the changes in the three enterprise funds of the City, the water, sewer and stormwater funds, follow the same explanations as those provided in the assessment of the business-type activities noted above since enterprise funds are accounted for using full accrual accounting, the same accounting basis used in the city-wide statements.

### **General Fund Budgeting Highlights**

The City's budget is adopted on a fund basis. Before the budget is adopted, council reviews the detailed budgets of each department within the General Fund and other funds, and then adopts the budget on a fund basis. Within each departmental budget, a department head, with the City Manager's approval, may make small line adjustments within their budget, as long as the total operational and maintenance amount does not exceed their budgetary allotment.

For the General Fund, budget basis revenue was \$8.77 million as compared to the actual revenues received of \$10.56 million. The City's variances in revenues received were from the following:

- Estate tax receipts were \$1.66 million more than budget,
- A one-time rebate from the State of Ohio for workers' compensation premiums was received in miscellaneous income of \$64,000.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

The budgeted expenditures of the City did not change from the original budget to the final budget. Actual expenditures were \$438,921 less than budgeted expenditures. For the year ended December 31, 2013 the total actual budgetary change in fund balance for the General Fund was an increase of \$3,525,023 resulting in a reported \$3,951,755 ending budgetary fund balance. The ending budgetary fund balance or unencumbered fund balance reported at the end of the year was 52.50% of the total budgetary expenditures of the General Fund for 2013.

### **Capital Assets**

At the end of 2013, the City had a total of \$70.07 million invested in capital assets less accumulated depreciation of \$30.79 million resulting in total capital assets, net of accumulated depreciation of \$39.28 million.

During 2013, asset additions were as follows:

- \$50,000 irrigation system at the Old River Soccer Fields;
- Various equipment totaling \$59,000;
- \$32,800 of new radio transmitters for the water meters.

Table 4 shows 2013 capital asset balances compared to those of 2012:

TABLE 4

Additional information on the City's capital assets can be found in Note 4 to the basic financial statements.

Management's Discussion and Analysis (Unaudited) For the Year Ended December 31, 2013

#### **Debt Administration**

At December 31, 2013, the City had a total of approximately \$567,000 of long-term debt obligations compared with approximately \$2.4 million in short-term and \$600,000 of long-term debt reported at December 31, 2012.

Governmental debt obligations include \$502,628 of police and fire pension liability.

The \$64,647 Ohio Public Works Commission (OPWC) loan reported in the City's sewer fund was reduced by \$25,859 from the \$90,506 reported on December 31, 2012. This is an interest free loan which was used to improve the City's sanitary sewer system and is being repaid through operating revenues of the sewer fund.

At December 31, 2013, the City's overall legal debt margin was \$31.41 million and the unvoted debt margin was \$16.45 million. See Note 8 to the basic financial statements for more detailed information on the debt obligations of the City.

### **Contacting the City's Finance Department**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances. If you have questions or need additional financial information, please contact Cindy Stafford, Director of Finance, City of Oakwood, 30 Park Avenue, Dayton, Ohio 45419 or call (937) 298-0402.

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position December 31, 2013

| Fund balance - total governmental funds   | \$<br>8,401,304  |
|---|------------------|
| Amounts reported for governmental activities in the Statement of  |                  |
| Net Position are different because:   |                  |
| Capital assets used in governmental activities are not financial  |                  |
| resources, and therefore, are not reported in the funds.  | 33,153,544       |
| Some receivables are not available to pay for current-period  |                  |
| expenditures therefore, related revenues are deferred in the funds:   |                  |
| Property and other taxes 29,461   |                  |
| Income taxes 1,339,992  |                  |
| Intergovernmental 472,701   |                  |
| Special assessments 154,951   |                  |
| Charges for services 59,248   |                  |
| Interest 1,113  |                  |
|   | 2,057,466        |
| Internal service funds are used to charge the costs of certain activities such as providing insurance as well as the service center to the individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of |                  |
| Net Position.   | 3,890,787        |
| The internal balance represents the portion of the internal service   |                  |
| funds' assets and liabilities that are allocated to the enterprise funds.   | (810,268)        |
| Long-term liabilities are not due and payable in the current period, and therefore, are not reported in the funds:  |                  |
| Police and fire pension (502,628)   |                  |
| Compensated absences payable (1,138,198)  |                  |
|   | <br>(1,640,826)  |

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Reporting Entity**

The City of Oakwood, Ohio, (the "City") is a home rule municipal corporation operating under the laws of the State of Ohio and under its own charter. The City was incorporated on July 29, 1907. A charter was first adopted on July 1, 1960.

The municipal government provided by the charter is known as a Council-Manager form of government. Legislative power is vested in a five-member council, each elected to four-year terms. The council appoints the Mayor and City Manager. The City Manager is the chief executive officer and the head of the administrative agencies of the City. The City Manager appoints all department heads and employees, except as otherwise provided in the charter.

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) governmental organizations for which the primary government is not financially accountable, but for which the nature and significance of their financial relationship with the primary government are such that exclusion would cause the reporting entity's statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. In addition, component units can be governmental organizations for which the primary government is not financially accountable, but for which the nature and significance of their financial relationship with the primary government are such that exclusion would cause the reporting entity's statements to be misleading or incomplete. No separate government units meet the criteria for inclusion as a component unit.

### **Description of Government-wide Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which are normally supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external customers for support.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### Basis of Presentation - Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities and the business-type activities.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include (a) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or identifiable activity and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program or identifiable activity. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the charter of the City.

The *Capital Improvement Fund* accounts for the construction of approved public improvements and services from general governmental resources.

The City reports the following major enterprise funds:

The *Water Fund* accounts for the provisions of water treatment and distribution to the residential and commercial users located within the City.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

The Sewer Fund accounts for the provisions of sanitary sewer service to the residents and commercial users located within the city.

The *Stormwater Fund* is not a major enterprise fund; however, it is the only other enterprise fund. The fund accounts for all activities associated with managing stormwater runoff within the city.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for the financing of goods or services provided by one department to other departments in the City. These goods and services include vehicle maintenance and payment of self-insurance vision program deductibles.

The Agency Funds are used to account for the collection and disbursement of monies by the City on behalf of other individuals or entities. The City has two agency fiduciary funds. The Martin Luther King Jr. Community Recognition Fund accounts for funds related to the annual Dr. Martin Luther King Jr. holiday celebration event, jointly sponsored by the cities of Oakwood and Kettering. The Municipal Court Fund accounts for activity relating to the Oakwood Municipal Court.

### **Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured and the basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Agency funds have no measurement focus; however, they use the accrual basis of accounting to recognize assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough after to pay liabilities of the current period. For this purpose, the City considers revenues available if they

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

For the Year Ended December 31, 2013

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)** 

are collected within 30 days of the end of the current fiscal period. Expenditures generally are recorded when a

liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures

related to compensated absences, claims and judgments, are recorded only when payment is due.

Property taxes, income taxes and investment income associated with the current fiscal period are all considered to be

susceptible to accrual and so have been recognized as revenues of the current fiscal period. All revenue items are

considered to be measurable and available only when cash is received by the City.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and

expenses generally result from providing services and producing and delivering goods in connection with a

proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds include

the cost of these goods and services provided. Operating expenses of the enterprise funds include the cost of these

goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not

meeting this definition are reported as non-operating revenues and expenses.

Internal balance amounts are eliminated in the governmental and business-type activities columns of the statement

of net position, except for any net residual amounts due between governmental and business-type activities, which

are presented as "internal balances". The internal balances line item comprises the allocation of the business-type

activities interest in the internal service funds that are included within the governmental activities.

**Equity in Pooled Cash and Investments** 

Investments are reported at fair value, which is based on quoted market prices. For investments in open-end mutual

funds, fair value is determined by the fund's share price. Investments with an original maturity of three months or

less at the time of purchase, and investments of the cash management pool are reported as cash equivalents on the

financial statements.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is

expected to be uncollectible.

25

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)** 

**Inventory** 

Inventories consist of consumable supplies and are stated at cost, using the first-in/first-out (FIFO) method. The

cost of such inventories is recorded as expenses / expenditures when consumed rather than purchased.

**Prepaid Items** 

Payments made to vendors for services that will benefit future periods are recorded as prepaid expenses in both the

government-wide and fund financial statements. The cost of prepaid items is recorded as expenses / expenditures

when consumed rather than purchased.

**Long-Term Obligations** 

In the government-wide and proprietary fund type financial statements, long-term debt and other long-term

obligations are reported as liabilities in the applicable governmental activities, business-type activities, or

proprietary fund type statement of net position.

**Capital Assets** 

Capital assets include land, land improvements, buildings, improvements, vehicles, machinery, equipment,

infrastructure, construction in progress and all other assets used in operations and that have initial useful lives

expending beyond a single reporting period. Infrastructure is defined as long-lived capital assets that are normally

stationary in nature and can be preserved for a significantly greater number of years than most capital assets.

Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated

useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased

or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Capital assets are

recorded as expenditures of the current period in the governmental fund financial statements and are not depreciated.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives

is not capitalized. All capital assets are depreciated except for land and construction in progress. Improvements are

depreciated over the remaining useful lives of the related capital assets.

26

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Machinery, vehicles and equipment 5-20 years
Buildings and improvements 10-50 years
Infrastructure 15-50 years

### **Compensated Absences**

The City's policy permits employees to accumulate earned but unused vacation and sick leave benefits, which are eligible for payment upon separation from government service. All vacation and sick leave is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured as a result of employee resignations and retirements.

### **Fund Balance Classifications**

The following classifications of fund balances are used by the City:

- Nonspendable fund balance amounts that are not in a spendable form (such as inventory) or are required to be maintained intact;
- > Restricted fund balance amounts constrained to specific purposes by their providers (such as grantors, donors, and higher levels of government), through constitutional provisions, or by enabling legislation;
- > Committed fund balance amounts committed to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- Assigned fund balance amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- Unassigned fund balance amounts that are available for any purpose; positive amounts are reported in the general fund only.

City Council establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. This is typically done through adoption or amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund (such as the purchase of fixed assets, construction, or for other purposes.)

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)** 

**Net Position** 

Net position is reported as restricted when there are limitations imposed on their use either through enabling

legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations

of other governments. The City applies restricted resources when an expense is incurred for purposes for which

both restricted and unrestricted net position is available. Of the City's \$1,425,647 in restricted net position, none

was restricted by enabling legislation.

**Estimates** 

The preparation of the financial statements in conformity with generally accepted accounting principles in the

United States of America requires management to make estimates and assumptions that affect the reported amounts

of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and

the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those

estimates.

**Grants and Other Intergovernmental Revenues** 

All reimbursement-type grants are recorded as intergovernmental receivables and revenues or deferred inflows of

resources when the related expenditures are incurred.

**Interfund Activity** 

Transfers between governmental and business-type activities on the government-wide statements are reported in the

same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds

and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without

requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing

sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayment

from funds responsible for particular expenditures/expense to funds that initially paid for them are not presented on

the financial statements.

28

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

### NOTE 2 – POOLED CASH AND INVESTMENTS

The City maintains a cash and investments pool that is available for use by all funds. Money for all funds, including proprietary funds, is maintained in this pool. Individual fund integrity is maintained through the City's records. Each fund's interest in the pooled bank account is presented as "equity in pooled cash and investments" on the financial statements.

Investment earnings are distributed to the funds according to charter and statutory requirements. Investment earnings reported in the statement of activities for 2013 amounted to \$5,942. This amount includes a decrease of \$49,138 to reflect the market value of the City's investments at December 31, 2013.

The provisions of the Charter and Codified Ordinances of the City and the Ohio Revised Code govern the investment and deposit of City monies. In accordance with these provisions, only financial institutions located in Ohio and primary securities dealers are eligible to hold public deposits. The provisions also permit the City to invest its monies in certificates of deposit, savings accounts, money market accounts, the State Treasurer's investment pool (STAR Ohio) and obligations of the United States government or certain agencies thereof. The City may also enter into repurchase agreements with any eligible depository for a period not exceeding five years.

Public depositories must give security for all public funds on deposit. According to the City's Deposit and Investment Policy, these institutions may either specifically collateralize individual accounts in lieu of amounts insured by the Federal Deposit Insurance Corporation (FDIC), or may pledge a pool of government securities, the face value of which is at least 105 percent of the total value of public monies on deposit at the institution.

*Deposits:* At year end, the carrying amount of the City's cash on hand was \$1,375, the City's deposits were \$3,870,057 and the bank balance was \$4,032,089. Of the bank balance, \$1,303,518 was covered by federal deposit insurance; the remaining \$2,728,571 of the City's bank balance was exposed to custodial risk and was collateralized with securities held by the pledging financial institutions trust department or agent but not in the City's name, per Ohio Revised Code Section 135.181. The City has no deposit policy for custodial credit risk.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

### **NOTE 2 – DEPOSITS AND INVESTMENTS (Continued)**

Investments: At year-end, the City had the following investments:

|                        | Fair<br>Value |           | Less | tment Mat<br>than<br>Year | s (in Years) ne to Five Years | Five to Seven<br>Years |   |  |
|------------------------|---------------|-----------|------|---------------------------|-------------------------------|------------------------|---|--|
| Federal Home Loan Bank | \$            | 7,449,635 | \$   | - Tear                    | \$<br>7,449,635               | \$                     | - |  |
| Total                  | \$            | 7,449,635 | \$   | -                         | \$<br>7,449,635               | \$                     | - |  |

*Interest Rate Risk* – The City's investment policy states that the maximum maturity for any investment is limited to a final stated maturity of seven years, an expected call of seven years, or an expected average life of seven years, where the average life is estimated by nationally recognized firms independent of the dealer selling the security to the City.

*Credit Risk* – The City's investment policy states that investment in corporate entities must have a debt rating of AA or better by Standard & Poors' or Moody's rating service. The City's investments in US government agencies all have a rating of AA+ by Standard & Poors' and AAA by Moody's.

Concentration of Credit Risk – The City's investment policy does not place any limit on investments in any single issuer. Five percent or more of the City's investments are in the following:

| Investment             | Percent |
|------------------------|---------|
| Federal Home Loan Bank | 100.00% |

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

NOTE 3 – RECEIVABLES AND PAYABLES

**Income Tax** 

The City levies a municipal income tax of two and one-half percent on substantially all income earned within the

City. Additional increases in the income tax rate require voter approval. City residents pay City income tax on

income earned outside the City; however, a credit is allowed for income taxes paid to other municipalities. Filing is

mandatory for all residents of the City. Employers within the City are required to withhold income tax on employee

compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers

pay estimated taxes quarterly and file an annual declaration.

**Property Taxes** 

Property taxes include amounts levied against all real, public utility and tangible (used in business) personal

property located in the City.

Real property taxes are levied each December 31st on the assessed value listed as of the prior December 31st.

Assessed values are established by State law at 35% of true value. Property market values are required to be

updated every three years and revalued every six years. Property values were revalued in 2008 and updated in 2011.

The property tax calendar is as follows:

Levy date December 31, 2012

Lien date December 31, 2012

Tax bill mailed January 20, 2013

First installment payment due February 15, 2013

Second installment payment due July 19, 2013

The assessed values for the City at December 31, 2013 were as follows:

Assessed Value

Real Estate \$297,361,440

Tangible Personal Property 1,788,500

Total \$299,149,940

The County Treasurer collects property taxes on behalf of all taxing districts including the City of Oakwood. The

County periodically remits to the City its portion of the taxes collected. Property taxes may be paid on either an

annual or semiannual basis.

31

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

## **NOTE 3 – RECEIVABLES AND PAYABLES (Continued)**

#### **Receivables / Deferred Inflows of Resources**

Governmental funds report deferred inflows of resources in connection with receivable for revenues that are not considered available to liquidate liabilities of the current period. The balances at December 31, 2013 were:

|                     | Governmental Funds |     |                |  |  |  |  |
|---------------------|--------------------|-----|----------------|--|--|--|--|
|                     |                    | Det | ferred Inflows |  |  |  |  |
|                     | Receivables        | 0   | f Resources    |  |  |  |  |
| Property taxes      | \$<br>2,170,259    | \$  | 2,170,259      |  |  |  |  |
| Income taxes        | 2,200,736          |     | 1,339,992      |  |  |  |  |
| Accounts receivable | 173,837            |     | 59,247         |  |  |  |  |
| Special assessments | 154,951            |     | 154,951        |  |  |  |  |
| Interest            | 3,926              |     | 1,114          |  |  |  |  |
| Intergovenmental    | <br>517,650        |     | 472,701        |  |  |  |  |
|                     |                    |     |                |  |  |  |  |
|                     | \$<br>5,221,359    | \$  | 4,198,264      |  |  |  |  |

Accounts receivable consists of primarily charges for refuse services, sidewalk repair and emergency medical transportation services provided by the City of Oakwood. Special assessments consist of mainly charges for street lighting. Intergovernmental receivables are amounts due to the City from other governmental units, primarily estate and gasoline taxes.

## **Payables**

The balances at December 31, 2013 were:

Governmental Funds Payables

| Accounts payable  | \$<br>19,545  |
|-------------------|---------------|
| Contracts payable | 48,540        |
| Accrued wages     | 255,025       |
| Intergovernmental | 355,918       |
|                   |               |
|                   | \$<br>679,028 |

The payables and accrued liabilities were primarily for materials and services, payroll and payroll related liabilities that were expensed but the funds had not been disbursed, both due to the normal lag in processing such transactions at year-end.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

# **NOTE 4 – CAPITAL ASSETS**

Capital asset activity for the year ended December 31, 2013 was as follows:

|                                   | Beginning Balance  | Additions             | Deletions | Ending<br>Balance |
|-----------------------------------|--------------------|-----------------------|-----------|-------------------|
| Governmental Activities           |                    |                       |           |                   |
| Non-depreciable capital assets:   |                    | Ф                     | ф         | Φ 4.672.504       |
| Land                              | \$ 4,672,504       | \$ -                  | \$ -      | \$ 4,672,504      |

## NOTE 5 – DEFINED BENEFIT PENSION PLANS

Substantially all City employees are covered by one of the two cost-sharing multiple-employer defined benefit pension plans, namely, the Ohio Police and Fire Pension Fund (OP&F) or the Ohio Public Employees Retirement System of Ohio (OPERS). Both funds provide retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries.

## **Ohio Public Employees Retirement System**

The City of Oakwood participates in the Ohio Public Employees Retirement System of Ohio (OPERS), which administers three separate pension plans; the Traditional Pension Plan (TP), the Member-Directed Plan (MD) and the Combined Plan (CO). The TP is a cost sharing, multiple-employer defined benefit pension plan. The MD is a defined contribution plan in which the member invests both employee and employer contributions (employer contributions vested over five years at 20 percent per year), and members accumulate retirement assets equal to the

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

## **NOTE 5 – DEFINED BENEFIT PENSION PLANS (Continued)**

value of member and (vested) employer contribution plus any investment earnings. The CO is a cost sharing, multiple-employer defined benefit plan where employer contributions are invested by OPERS to provide a formula retirement benefit similar to the TP benefit, but the member contribution is self-directed by the members and accumulate retirement assets in a manner similar to the MD.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the TP and CO Plans. Members of the MD do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by state statute per Chapter 145 of the Ohio Revised Code. OPERS issues a standalone financial report. Interested parties may obtain a copy by visiting <a href="https://www.opers.org/investments/cafr.shtml">https://www.opers.org/investments/cafr.shtml</a>, by writing OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

The Ohio Revised Code provides statutory authority for employee and employer contributions. For 2013, member and employer contribution rates were consistent across all three plans. The 2013 member contribution rate was 10.0% and the City's contribution rate was 14.0% of covered payroll. The City's required contributions to the plans for the years ending December 31, 2013, 2012 and 2011 were \$554,821, \$583,101, and \$554,906, respectively. Total contributions for 2013 represented 88.5% of required contributions for the year, with 100% being contributed for 2012 and 2011.

## **Ohio Police and Fire Pension Fund**

The City of Oakwood contributes to the Ohio Police and Fire Pension Fund (OP&F), a cost-sharing multiple-employer defined pension plan. OP&F provides retirement and disability benefits, cost-of-living adjustments, and death benefits to plan member and beneficiaries. Authority to establish and amend benefits is provided by state statute per Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by visiting <a href="https://www.op-f.org">https://www.op-f.org</a> or by writing OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

From January 1, 2013 thru July 14, 2013 plan members were required to contribute 10.0% of their annual covered salary. From July 15, 2013 thru December 31, 2013, plan members were required to contribute 10.75% of their annual salary. Throughout 2013, employers were required to contribute 19.5% for the City's safety officers. The City's contributions to OP&F for the years ending December 31, 2013, 2012 and 2011 were \$558,420, \$620,254 and \$618,746, respectively. Total contributions for 2013 represented 88.9% of required contributions for the year, with 100% being contributed for 2012 and 2011.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

#### NOTE 6 – OTHER POST EMPLOYMENT BENEFITS

In addition to the pension benefits described in Note 5, both the Ohio Public Employees Retirement System (OPERS) and the Ohio Police and Fire Pension (OP&F) provide post retirement health care coverage, which meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB 45, "Accounting and Financial Reporting by Employers for Post-employment Benefits other than Pension." For both systems, the Ohio Revised Code (ORC) permits, but does not mandate, OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in the ORC Chapter 145 for OPERS and Chapter 742 for OP&F.

#### **Ohio Public Employees Retirement System**

OPERS administers three separate pension plans, the Traditional Pension Plan (TP), the Member-Directed Plan (MD) and the Combined Plan (CO), all of which are described in note 5. OPERS maintains a cost-sharing multiple employer defined benefit post employment healthcare plan, which provides a medical plan, prescription drug plan program and Medicare Part B premium reimbursement, to age and service retirees with 10 or more years of qualifying Ohio service credit of both the TP and CO. Members of the MD do not qualify for ancillary benefits, including post employment health care coverage. Health care coverage for disability recipients and qualified survivor benefit recipients is available.

The ORC provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OPERS. A portion of each employer's contribution is set aside for the funding of post retirement health care benefits. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 14.0%. The ORC states that the employer contribution may not exceed 14.0% of covered payroll. Active members do not make contributions to the OPEB Plan.

OPERS post-employment healthcare plan was established and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Retirement Board determines the portion of the employer contribution rate that will be set aside for funding of post employment healthcare benefits. For Traditional Plan members in 2013, the employer contribution allocated to the health care plan was 1.0% of covered payroll. For Combined Plan members in 2013, the employer contribution allocated to the health care plan was 1.0% of covered payroll. The OPERS Retirement Board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. City contributions allocated to fund post-employment benefits for 2013, 2012 and 2011 were \$39,614, \$166,600 and \$158,537 respectively, equal to the required contributions. Changes to the health care plan were adopted in 2012 with a transition plan beginning in 2014. Because of these changes and the

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

## **NOTE 6 – OTHER POST EMPLOYMENT BENEFITS (Continued)**

recent passage of pension legislation, OPERS expects to be able to consistently allocate 4.0% of the employer contributions toward the health care fund after the transition period.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <a href="https://www.opers.org/investments/cafr.shtml">https://www.opers.org/investments/cafr.shtml</a>, by writing OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

#### **Ohio Police and Fire Pension Fund**

OP&F sponsors a cost-sharing multiple employer defined post retirement health care plan administered by OP&F. OP&F provides healthcare benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

The ORC provides the statutory authority requiring public employers to fund post retirement health care through their contributions to OP&F. A portion of each employer's contribution is set aside for the funding of post retirement health care benefits. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5%. The ORC states that the employer contribution may not exceed 19.5% of covered payroll. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS code section 115 trust accounts and one for Medicare Plan B reimbursements administered as an IRS code section 401(h) account, both of which are within the defined benefit pension plan, under authority granted by the ORC to the OP&F board of trustees. The board of trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to Section 155 trust and the Section 401(h) account as the employer contribution for retiree healthcare benefits. The portion of employer contributions allocated to health care was 4.69% of covered payroll from January 1, 2013 thru May 31, 2013 and 2.85% of covered payroll from June 1, 2013 thru December 31, 2013. The amount of employer contributions allocated to the healthcare plan each year is subject to the trustees' primary responsibility to ensure that pension benefits are adequately funded and also is limited by the provisions of Sections 115 and 401(h). The OP&F board of trustees is authorized to establish requirements for contributions to the healthcare plan by retirees and their eligible dependents, or surviving beneficiaries. Payment amounts vary depending upon the number of covered dependents and the coverage selected. City contributions allocated to fund post-employment benefits for 2013, 2012 and 2011 were \$82,400, \$214,703 and \$136,743, respectively, equal to the required contributions for the year.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

## **NOTE 6 – OTHER POST EMPLOYMENT BENEFITS (Continued)**

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by visiting <a href="https://www.op-f.org">https://www.op-f.org</a> or by writing OP&F, 140 East Town Street, Columbus, Ohio 43215-5164.

## **Other Employee Benefits**:

#### **Compensated Absences:**

#### **Accumulated Unpaid Vacation**

City employees earn vacation leave at varying rates based upon length of service. In the case of death or retirement, an employee (or his estate) is paid for his unused vacation leave. The total obligation for vacation leave for the City amounted to \$512,908 at December 31, 2013.

## **Accumulated Unpaid Sick Leave**

City employees hired before December 31, 2011 and all union employees earn sick leave at a rate of 10 hours per month. Non-union city employees hired after December 31, 2011 earn sick leave at a rate of 6.67 hours per month. A maximum of 150 days of sick leave can be carried forward from year to year.

Any employee hired before December 31, 2011 and all union employees who retire under the provisions of the Ohio Public Employees Retirement System or the Ohio Police and Fire Pension Fund, or any other plan of the State of Ohio or the City of Oakwood, will be compensated for accumulated sick leave of sixty (60) days or more, upon the basis of one day's pay for every three (3) days sick leave. If an employee has accumulated one hundred twenty (120) days of sick leave or more, the employee or his beneficiary will be compensated at retirement or death at one day's pay for each two (2) days of sick leave, on the same terms as outlined above, but in place of the formula outlined above.

Non-union city employees hired after December 31, 2011 and who retire under the provisions of the Ohio Public Employees Retirement System or the Ohio Police and Fire Pension Fund, or any other plan of the State of Ohio or the City of Oakwood, will be compensated for accumulated sick leave of sixty (60) days or more, upon the basis of one day's pay for every three (3) days sick leave.

The total obligation for the sick leave accrual for the City amounted to \$848,061 at December 31, 2013.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

## **NOTE 7 – OTHER COMMITMENTS**

Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

| General fund              | \$<br>62,326  |
|---------------------------|---------------|
| Capital improvement funds | 49,720        |
| Other governmental funds  | 47,151        |
| Internal Service Funds    | 8,236         |
| Enterprise Funds          | <br>488,731   |
| Total                     | \$<br>656,164 |

## NOTE 8-LONG-TERM OBLIGATIONS AND OTHER FINANCING ARRANGEMENTS

## **Short-term Obligations**

In March, 2012 the City issued a general obligation note that matured on March 7, 2013. The proceeds of the note were used to pay the debt service on the \$2.15 million 2007 Capital Facilities Note and the \$2.10 million 2007 Land Acquisition Note. These short-term notes were originally issued to provide financing for the construction of a new public works facility, the renovations to the City's administration and safety building and the acquisition of land for parks and recreational activities. Interest expense on the notes amounted to \$26,947 for the year ended December 31, 2013.

The following is a summary of the short-term note transactions for the year ended December 31, 2013:

|  |          | Beginning<br>Balance | Add | itions | R  | eductions | End<br>Bala | ling<br>ince |
|--|----------|----------------------|-----|--------|----|-----------|-------------|--------------|

|  |          | \$<br>2,402,000      | \$  | -      | \$ | 2,402,000 | \$          | -            |

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

# NOTE 8-LONG-TERM OBLIGATIONS AND OTHER FINANCING ARRANGEMENTS (Continued)

#### **Long-term Obligations**

In 1969, the City entered into an agreement with the State of Ohio to fund the unfunded pension costs associated with police and fire service. The original obligation was \$718,825 and is being repaid through local property tax revenues.

In 1996, the City received an interest free loan through the State of Ohio's Public Works Commission Issue II program in the amount of \$517,177. The proceeds were used to improve the City's sanitary sewer system. Repayment is being made from operating revenues of the sewer fund.

Compensated absences will be paid from the fund in which the employee who has earned the leave is paid.

The Ohio Revised Code provides that the total net debt of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of a municipal corporation cannot exceed 5.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. As of December 31, 2013, the City had legal debt margin for total debt of \$31,410,744 and a legal debt margin for unvoted debt of \$16,453,247.

The following is a summary of long-term liability activity for the year ended December 31, 2013:

|   | eginning<br>Balance        | A  | dditions    | Re | ductions          | Ending<br>Balance          | <br>ie within<br>ne Year |

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

# NOTE 8-LONG-TERM OBLIGATIONS AND OTHER FINANCING ARRANGEMENTS (Continued)

Principal and interest requirements to retire the city's long-term obligations outstanding at December 31, 2013 were:

| Year Ending  | Police and | Fire Pension | OPWC Lo   | an Payable |
|--------------|------------|--------------|-----------|------------|
| December 31, | Principal  | Interest     | Principal | Interest   |
| 2014         | 14,735     | 21,207       | 25,859    | -          |
| 2015         | 15,367     | 20,574       | 25,859    | -          |
| 2016         | 16,027     | 19,914       | 12,929    | -          |
| 2017         | 16,716     | 19,225       | -         |            |
| 2018         | 17,434     | 18,507       |           |            |
| 2019-2023    | 99,066     | 80,641       | -         | -          |
| 2024-2028    | 122,248    | 57,458       | -         | -          |
| 2029-2033    | 150,856    | 28,850       | -         | -          |
| 2034-2035    | 50,179     | 2,114        |           |            |
| Total        | \$ 502,628 | \$ 268,490   | \$ 64,647 | \$ -       |

## **NOTE 9 – TRANSFERS**

The following is a summary of transfers in and out for all funds in 2013:

| <u>Fund</u>         | <u>Transfers-in</u> |           | Tra | ansfers-out |
|---------------------|---------------------|-----------|-----|-------------|
| General             | \$                  | -         | \$  | 1,113,487   |
| Capital improvement | \$                  | 450,708   | \$  | -           |
| Other governmental  |                     | 662,779   |     |             |
| Total transfers     | \$                  | 1,113,487 | \$  | 1,113,487   |

All interfund transfers are routine in nature and are to subsidize the operations of the applicable fund.

## **NOTE 10 – RISK MANAGEMENT**

The City is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets, errors and omissions, and natural disasters. The City secures general liability, property and automobile coverage through the Ohio Plan Risk Management, Inc. (OPRM). This plan does not operate as a risk pool, but provides insurance protection through reinsurance treaties. The plan retains 50% of the premiums and losses on the first \$250,000 of the casualty treaty and 10% of the first \$1,000,000 property treaty.

Notes to the Basic Financial Statements For the Year Ended December 31, 2013

## **NOTE 10 – RISK MANAGEMENT (Continued)**

The City pays an annual premium to OPRM for this coverage. Insurance will cover up to the limits as stated below:

|                                    | Per | Per Occurrence |    | nual Aggregate | Deducti           | ble       |
|------------------------------------|-----|----------------|----|----------------|-------------------|-----------|
| General liability                  | \$  | 6,000,000      | \$ | 8,000,000      | \$                | 1,000     |
| Employers liability                | \$  | 6,000,000      | \$ | 6,000,000      | N/A               |           |
| Employee benefits liability        | \$  | 6,000,000      | \$ | 8,000,000      | N/A               |           |
| Law enforcement officers liability | \$  | 6,000,000      | \$ | 8,000,000      | \$                | 2,500     |
| Public official liability          | \$  | 6,000,000      | \$ | 8,000,000      | \$                | 2,500     |
| Automobile liability               | \$  | 6,000,000      |    | N/A            | Comprehensiv      | e - \$500 |
|                                    |     |                |    |                | Collision - \$1,0 | 000       |

There were no reductions in insurance coverage during the year in any category of risk. Settled claims did not exceed insurance coverage in each of the past three years.

The City pays the State Workers' Compensation System a premium based on salaries paid. The City also provides medical, dental, vision and life insurance to all full-time employees. In 2013, the City paid approximately 90% of the premiums for medical coverage, approximately 80% of the premiums for dental insurance, and 100% of the premiums for life insurance. The City is self-insured for vision insurance. Vision payments were \$12,597, \$13,986 and \$8,513 for the years ended December 31, 2013, 2012 and 2011, respectively.

#### **NOTE 11 – CONTINGENT LIABILITIES**

The City is named in a variety of lawsuits in the course of its normal governmental operations. Liability, if any, which might result from these proceedings would not, in the opinion of management and legal counsel, have a material adverse effect on the financial position of the City.

Amounts received or receivables from grant agencies are subject to audit and adjustment by grantor agencies, principally the Federal or State governments. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

The City currently receives a significant amount of estate tax as intergovernmental revenue from the State. Effective January 1, 2013, the State has eliminated the estate tax. It is expected that the loss of this revenue will reduce current fund balance reserves and the City will be looking at ways to compensate for this loss of revenue.

**Required Supplementary Information** 

Schedule of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual Budgetary (Non-GAAP) Basis General Fund

Notes to the Required Supplementary Information For the Fiscal Year Ended December 31, 2013

## Note 1 – Budgetary Basis of Accounting

While the City is reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis, as provided by law is based upon accounting for certain transactions on the basis of cash receipts, disbursements, and encumbrances. The schedule of revenues, expenditures and changes in fund balances – budget (non-GAAP) and actual presented for the general fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

- 1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
- Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
- 3. Outstanding year-end encumbrances are treated as expenditures (budget basis) rather than as an assignment of fund balance for governmental fund types.
- Proceeds from and principal payments on short-term note obligations are reported on the operating statement (budget basis) rather than as balance sheet transactions (GAAP basis).
- The general fund (GAAP Basis) includes several funds required to be combined as opposed to the general fund (Budget basis) which is just the general fund.

Additionally, all annual appropriations lapse at year-end to the extent they have been expended or lawfully encumbered. The ending find balances shown are unencumbered cash balances. This basis is utilized for all interim financial statements issued during the year.

## Note 2 – Budgetary Process

All funds, except for agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriation resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a

Notes to the Required Supplementary Information For the Fiscal Year Ended December 31, 2013

# **Note 2 – Budgetary Process (Continued)**

need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriation resolution is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by the Council at the fund level for all funds. Appropriations may be allocated within each function, department and object level within each fund. Council must approve any revisions that alter total fund appropriations.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary schedules reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary schedules reflect the amounts on the amended certificate at the time final appropriations were adopted.

The appropriation resolution is subject to amendment by Council throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covers the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year.

## Note 3 – Reconciliation of Budget Basis to Governmental GAAP Basis

The following table summarizes the adjustments necessary to reconcile the Governmental GAAP basis statements to the budgetary basis statements:

|                                 | General |           |  |  |  |
|---------------------------------|---------|-----------|--|--|--|
|                                 | Fund    |           |  |  |  |
| GAAP Basis                      | \$      | 1,624,475 |  |  |  |
| Adjustments:                    |         |           |  |  |  |
| Other fund balances included in |         |           |  |  |  |
| governmental GAAP basis         |         | 2,035,847 |  |  |  |
| Revenue accruals                |         | 65,660    |  |  |  |

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

City of Oakwood Montgomery County 30 Park Avenue Dayton, Ohio 45419

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oakwood, Montgomery County, (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated September 8, 2014.

## Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

#### **Compliance and Other Matters**

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

## Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
