NO. \_\_\_\_\_

AMENDING SECTION 913.06, *SCHEDULE OF RATES*, OF THE OAKWOOD STREETS AND PUBLIC SERVICES CODE, TO ENABLE THE CITY'S STORMWATER UTILITY TO OFFER BILLING CREDITS TO USERS WHO MITIGATE STORMWATER RUNOFF VIA ON-SITE RETENTION AND/OR DETENTION SYSTEMS.

WHEREAS, the city operates a stormwater management utility to protect public surface and groundwaters from degradation by accelerated soil erosion and pollutants, and to maintain compliance with federal and state environmental regulations; and

WHEREAS, on-site stormwater retention and/or detention facilities are desirable, particularly in connection with larger commercial and institutional properties because they can reduce the amount of runoff directed to the city's stormwater management system, thereby reducing wear and tear and extending the useful life of the city's stormwater management infrastructure; and

WHEREAS, the City Manager has recommended the adoption of a credit system whereby owners of commercial or institutional properties can earn billing credits by taking steps to materially reduce stormwater runoff from their properties; and

WHEREAS, Council finds that a credit system will encourage the construction of on-site retention and/or detention facilities, and will benefit the public health, safety and welfare of the city of Oakwood, and therefore desires to implement the City Manager's recommendation;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF OAKWOOD, STATE OF OHIO:

SECTION I.

Section 913.06, *Schedule of Rates*, of the Oakwood Streets and Public Services Code, is hereby amended to read as follows, with new text in **bold** font and deleted text in ~~strikethrough~~ font:

913.06 SCHEDULE OF RATES; **ADJUSTMENTS.**

There is hereby established the following uniform schedule of rates for the services and use of facilities of the stormwater management system by the owner, tenant or occupant of the premises using the services and facilities of the system.

(a) The City Council, upon recommendation of the City Manager, shall, by resolution, establish reasonable rates for stormwater management systems for each one-family, two-family, and three-family residential property; each such property shall be billed a flat fee established by the City Council.

(b) For all residential properties containing four (4) or more dwelling units, and all nonresidential properties, the rate shall be computed based on the total impervious area of the property divided by the average impervious area of an equivalent residential unit, times the rate established under section (a), above, for an equivalent residential unit (ERU). The billing amount shall be updated by the Engineering Department based on any additions to or deletions from the impervious areas as approved through the building permit process. **Similarly, the billing amount shall be adjusted by the Engineering Department to account for the addition or deletion of any on-site facilities for the detention, retention, or other management of stormwater runoff, as follows:**

(1) **In order to qualify for a credit or billing reduction for on-site facilities, such facilities must materially reduce stormwater runoff that would otherwise be attributable to the impervious area of the subject property, and must be maintained in a manner that ensures that the on-site facilities continuously function as originally designed. Such reduction must be demonstrable and quantifiable, to the satisfaction of the City Engineer, in a manner that allows for the calculation of the subject property's effective, rather than actual, impervious area.**

(2) **To the extent that a property receives a credit or billing reduction for on-site facilities, the deletion, removal, or abandonment/disuse of such facilities shall result in a proportional decrease in the amount of the credit or billing reduction applicable to the subject property. The net effect shall be an increase in the billing amount for the subject property, which shall not exceed the amount determined on the basis of the subject property's actual impervious area.**

**(3) The City Engineer may require the applicant for any credit or reduction under this section to substantiate the request for credit or reduction with such reports, studies, product literature, and/or documentation, with the certification of an Ohio-licensed engineer, as he or she deems necessary to make any determination under this section.**

**(4) This section shall not be construed to authorize credits or refunds that are retroactive in nature, nor shall it be construed to authorize credits or refunds relating to facilities installed prior to the effective date of this ordinance. Any credit or adjustment made under this section shall be made on a prospective basis only.**

**SECTION II.**

That it is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this Ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code.

**SECTION III.**

This ordinance shall take effect as of the earliest date permitted by law.

In addition to the Special Assessments, the County Auditor of Montgomery County, Ohio may impose a special assessment collection fee with respect to each semi-annual payment, which amount will be added to the Special Assessments by the County Auditor of Montgomery County, Ohio.

NO. \_\_\_\_\_

AMENDING SECTION 17-107.5, *PRE-SALE INSPECTION AND CERTIFICATE OF OCCUPANCY REQUIRED FOR NEW OWNERS AND TENANTS*, OF THE OAKWOOD PROPERTY MAINTENANCE CODE, TO PROVIDE FOR THE WAIVER OF RENTAL INSPECTIONS WHEN A RENTAL UNIT HAS ALREADY BEEN INSPECTED IN THE PREVIOUS 12 MONTHS.

WHEREAS, the city operates a program for the inspection of residential rental properties; and

WHEREAS, pursuant to the program, a rental unit inspection is required every time there is a change of tenant for a particular rental unit, with no cap on the number of potential inspections that could be required; and

WHEREAS, to ensure that inspections are reasonably related to legitimate governmental interests, and are not undertaken any more frequently than necessary, staff has recommended that in the absence of any complaint or other objective basis to inspect, rental inspections should be capped at not more than one (1) per rental unit per year; and

WHEREAS, Council finds that imposing a reasonable limit on the number of rental inspections that may occur within a year balances legitimate governmental interests with private property rights, and benefits the public health, safety and welfare of the city of Oakwood;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF OAKWOOD, STATE OF OHIO:

SECTION I.

Section 17-107.5, *Pre-Sale Inspection and Certificate of Occupancy Required for New Owners and Tenants*, of the Oakwood Property Maintenance Code, is hereby amended to read as follows, with new text in **bold** font and deleted text in ~~strikethrough~~ font:

17-107.5            PRE-SALE INSPECTION AND CERTIFICATE OF  
                                 OCCUPANCY REQUIRED FOR NEW OWNERS AND TENANTS.

The title of this section is amended to read as set forth above. The content of this section is revised to read as follows:

- A. It shall be unlawful for the owner of any real estate premises to transfer legal or equitable ownership of that premises ("title"), or change of tenant, without having obtained a pre-sale inspection of it under this code. This inspection will enable the code official to work toward accomplishing the purposes of this code by listing any repairs or other work necessary to eliminate any unsafe or hazardous conditions, to comply with applicable requirements of the Fire Code, Zoning Code and other ordinances, and also to correct any unlawful nuisance conditions in the form of violations of this Property Maintenance Code. Such an inspection and list shall be part of the process of issuing the required certificate of occupancy.
- B. Application for a pre-sale inspection shall be made on such form and in such manner as may be prescribed from time to time by the code official. The city may charge a fee for this service as provided for under Chapter 153.
- C. Within 21 days after application was made for a pre-sale inspection, the code official shall have completed the inspection, compiled a list of any items to be brought into compliance with this code and applicable provisions of the Fire Code, Zoning Code and other ordinances, and shall have issued a violation letter to the owner or lienholder of a premises. This period of time may be extended by the code official if a delay is caused by any matter beyond the reasonable control of that official.
- D. A certificate of occupancy shall be valid for one year after the violations have been corrected to the satisfaction of the code official or until 60 days after the premises may be transferred to a new owner or tenant, whichever occurs sooner.
- E. **Any rental unit inspection required under this chapter may be waived by the code official, and an occupancy certificate may be granted without such inspection, so long as all of the following conditions are met:**
  - 1. **The subject property has already undergone a pre-sale or rental unit inspection during the twelve (12) months immediately prior to the most recent change of tenant;**

2. **The city has not received any zoning or property maintenance complaints about the subject property during the twelve (12) months immediately prior to the most recent change of tenant; and**
3. **The property owner is otherwise in compliance with all requirements of this Property Maintenance Code, including but not limited to the timely provision of Tenant Information forms with each change of tenant at the property.**

**E.F.** If the owner, occupant, or agent thereof does not consent to the proposed inspection, the code official may appear before any judge in a court of competent jurisdiction and seek an administrative search warrant to allow an inspection. Any such application shall be made within ten (10) calendar days after the nonconsent. The application for the warrant shall specify the basis upon which the warrant is being sought and shall include a statement that the inspection will be limited to a determination whether there are violations of the code provisions identified in this section. The court may consider any of the following factors along with such other matters as it deems pertinent in its decision as to whether a warrant shall issue:

1. Eyewitness account of violation;
2. Citizen complaints;
3. Tenant complaints;
4. Plain view violations;
5. Violations apparent from city records;
6. Property deterioration;
7. Age of property;
8. Nature of alleged violation;
9. Condition of similar properties in the area;
10. Documented violations on similar properties in the area;
11. Passage of time since last inspection;
12. Previous violations on the property.

If a warrant is issued, no owner, occupant, or agent thereof shall fail or neglect, upon presentation of a warrant, to properly permit entry therein by the code official or his/her duly authorized designee for the purpose of inspection and examination pursuant to this section and consistent with the terms of the warrant. If the court declines to issue a warrant, or if no warrant is sought, the inspection shall still take place but the scope thereof shall be limited to such areas as are in plain view. A limited-scope inspection conducted pursuant to this paragraph shall be considered an “inspection” for purposes of Section 17-106 and all other provisions of Title 17 pertaining to the pre-sale inspection program set forth in this section. No criminal penalty shall attach, nor shall any certificate of occupancy be denied, solely by reason of the owner’s, occupant’s, or agent’s refusal to consent to a full inspection.

A certificate of occupancy signed by the code official shall be evidence that the premises complies with the requirements of this code and all other applicable ordinances, provided however, that if a limited-scope inspection is conducted pursuant to subsection E above, the certificate of occupancy shall note that fact and shall not constitute evidence of code compliance as to any uninspected portions of the premises. If the inspection disclosed aspects of the property not in compliance, the certificate shall be merely a conditional certificate of occupancy. The condition shall be that the defective aspects of the premises must be brought into compliance with this code within such reasonable length of time as may be set forth in the certificate.

Such a conditional certificate shall be deemed to be a notice under 17-110.1 and/or 17-110.2 that the premises and its owners are in violation of this code or other applicable ordinances and that the unsafe, hazardous, or unlawful conditions must be corrected. The certificate shall constitute a notice, as referred to in 17-106.1 and its subparts, and shall include all matters required by that section.

## SECTION II.

That it is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this Ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and of any of its committees that resulted in such formal action, were in meetings open to the public, in compliance with all legal requirements including Section 121.22 of the Ohio Revised Code.

## SECTION III.

This ordinance shall take effect as of the earliest date permitted by law.
