Johnny Appleseed Street Tree Planting Program

City of Oakwood
Department of Leisure Services
105 Patterson Road
Dayton, Ohio 45419

TREE CITY USA.

Johnny Appleseed Street Tree Project

The Johnny Appleseed Street Tree Project began in 1976 in an effort to support the City of Oakwood's commitment to urban forestry and the environment. To date, this program has been responsible for planting over 3,204 trees. Below are the highlights of the program:

-  Cost of the selected species are discounted 50% to Oakwood residents. Trees must be planted in the city right-of-way.
-  Species of trees will be 2" in diameter and are excellent for planting.
-  The areas of Oakwood that need trees the most, as determined by the City, will be given first priority.
-  One tree will be allocated at the 50% discount for each approved property site.
-  Tree specie selections are well suited for planting and most are resistant to disease.
-  The tree will be guaranteed for one growing season by the nursery who plants it.

Applications are available at the Oakwood Community Center during business hours, Monday through Sunday. Once the application has been completed, please return it along with your payment to the Oakwood Community Center or mail the application to the:

**City of Oakwood
Johnny Appleseed Street Tree Project
105 Patterson Road
Oakwood, Ohio 45419**

Applications will be time-stamped upon receipt and are approved first according to need and then according to when the application was received. Checks are to be made payable to The City of Oakwood - Johnny Appleseed Program. Applications can also be emailed to occ@oakwoodohio.gov and we can accept payment over the phone by calling 937-298-0775.

The application deadline is:

Sunday, November 6, 2022

TREE CITY USA.

Congratulations to the city of Oakwood for being chosen as a Tree City USA for 40 years!

This award demonstrates Oakwood's commitment to the environment, beautifying our community, and maintaining our urban forestry. Tree City USA has been a source of pride for decades.

Thank you for your support!!!!

Eastern Red Oak

Quercus rubra borealis

Tree Characteristics:

Mature Height: Generally over 70'

Rate of Growth: Medium

Shape: Upright and rounded, broadens with age

Leaves: Dark, glossy green

Fall Color: Bright red to dull red

Fruit: Acorns

Comments: An attractive residential tree; no serious disease problems; higher water requirements necessary for establishment.

'Ivory Silk'
Japanese Lilac
Syringa reticulata
'Ivory Silk'

Tree Characteristics:

Mature Height: 25'

Rate of Growth: Medium

Shape: Upright and oval

Leaves: Medium to dark green

Fall Color: Faded green to chartreuse brown

Flowers: Creamy white inflorescences in early June

Comments: Virtually disease and pest free ornamental tree.

**Swamp
White Oak**
Quercus bicolor
Swamp White Oak

**'Green Mountain'
Sugar Maple**
Acer saccharum
'Green Mountain'

Tree Characteristics:

Mature Height:	50' - 80'
Rate of Growth:	Slow to Medium
Shape:	Broad, open, rounded top
Leaves:	Lustrous dark green on top, light velvety green on bottom.
Fall Color:	Normally yellow but some red tones might appear
Fruit:	Acorns
Comments:	A beautiful <u>native</u> tree. Good street in residential areas.

Tree Characteristics:

Mature Height:	60' - 75'
Rate of Growth:	Medium
Shape:	Upright-oval
Leaves:	Medium to dark green
Fall Color:	Brilliant yellow, burnt orange and limited red tones
Fruit:	Samaras
Flowers:	Insignificant flowers that emerge before leaf set
Comments:	Excellent native shade tree for lawns, large areas and street trees.

**'Sunburst'
Honeylocust**
Gleditsia tricanthos
'Sunburst'

**'Frontier'
Elm**
Ulmus carpinifolia x parifolia
'Frontier'
