

AN ORDINANCE

BY: MRS. TURBEN NO. 4983

AN ORDINANCE TO AMEND "APPENDIX A – PUBLIC SERVICES RATE SHEET" OF THE OAKWOOD STREETS AND PUBLIC SERVICES CODE TO INCREASE THE WATER SERVICE RATES AND THE SANITARY SEWER UTILITY RATES.

WHEREAS, the City of Oakwood operates three (3) enterprise utility services (water, sanitary sewer, and stormwater) and one (1) quasi-utility service (refuse), for a total of four (4) city services (collectively, "city utilities"), each of which is supported primarily by user fees and not by general tax revenues; and

WHEREAS, as enterprise utility operations, all costs of the Sanitary Sewer Utility and Water Utility are built into the rates charged to Oakwood residents for those services; and

WHEREAS, for its Sanitary Sewer Utility, the city of Oakwood incurs outside costs because it contracts for the use of sewer pipes and wastewater treatment infrastructure operated by the city of Dayton and by Montgomery County; and

WHEREAS, the costs of city personnel and infrastructure maintenance account for approximately 37% of Sanitary Sewer Utility rates charged to Oakwood residents, while the outside costs of contracting services from the city of Dayton and Montgomery County account for approximately 63% of those rates; and

WHEREAS, Oakwood has absorbed sanitary sewer rate increases by Dayton and Montgomery County since 2018 and expects additional increases in both 2024 and 2025; and

WHEREAS, the City Manager has determined that the Sanitary Sewer Utility cannot sustain further increases in these outside costs without an adjustment to Oakwood's rate, and has proposed an increase to the Sanitary Sewer Utility base rates including both the minimum use charges and the standard consumption rates; and

WHEREAS, in addition, the City Manager has determined that the Water Utility rates must also be increased, including both the minimum use charges and the standard consumption rates, in order to meet operational and anticipated capital needs; and

WHEREAS, rates were last increased for water in 2017 and for sanitary sewer services in 2018; and

WHEREAS, the City Manager presented the recommended rate increases to the citizen Budget Review Committee ("BRC") as part of the 2023 budget briefings on September 12, 2023 and on October 17, 2023; and

WHEREAS, Council, based on the positive response from the BRC and its own study of the matter, finds that the recommended changes are justified and necessary, and will benefit the general health, safety and welfare of the citizens of Oakwood, and desires to implement the same;

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF OAKWOOD, STATE OF OHIO, THAT:

SECTION I.

Appendix A to the Streets and Public Services Code, which is incorporated by reference in the ordinances governing the city's water, sanitary sewer, stormwater, and refuse utility programs, is hereby amended as shown on the attached exhibit to reflect increases in the minimum use charges and the standard consumption rates for both water and sanitary sewer utilities.

SECTION II.

The rate increases set forth herein shall be effective as of January 1, 2024.

SECTION III.

It is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this ordinance were adopted in an open meeting of this Council, and that all deliberations of Council and any of its committees that resulted in that formal action were in meetings open to the public to the extent required by law.

SECTION IV.

This ordinance, as an ordinance to raise revenue, shall take effect upon passage as provided by Section 3.04 of the City Charter.

During these years with 27 pays, the annual salary, vacation, and sick leave accrual rates set forth herein, as well as the rates set forth in applicable labor contracts, shall be exceeded to accommodate the additional pay.

COMBINATION OF POSITIONS. The City Manager shall have the authority to combine any of the positions referred to in this Personnel Schedule so as to reduce the workforce by decreasing the number of persons employed by the City. In the event the City Manager elects to combine positions as provided herein, he or she may, if he or she so chooses, make such adjustments to the compensation to be paid in connection with the combined positions as he or she, at his or her sole discretion, deems fair and equitable.

COMPENSATION ADJUSTMENTS FOR DEPARTMENT HEADS. The City Manager, at any time and from time to time, may grant to department heads, increases in compensation in excess of the rates established herein, when he or she, at his or her sole discretion, determines that adjustments are dictated by equity. Any such adjustment shall result in increased compensation to the subject department head and shall be paid as hereafter provided. In contemplating such adjustment, the City Manager may consider the expectations and performance of the subject department head; the department head's level of compensation as it relates to compensation levels of subordinate personnel in the same department; and other factors deemed relevant by the City Manager. Any supplement to a department head's annual compensation, as provided herein, shall be by way of additional city-paid compensation to designated deferred compensation plans made available by the city.

COMPENSATION ADJUSTMENTS FOR CITY MANAGER. City Council, at any time, may grant to the City Manager increases in compensation in excess of the rates established herein, when they determine that such adjustments are warranted. Any such adjustment shall result in increased compensation to the City Manager and shall be paid as hereafter provided.

TEMPORARY INCREASES IN SALARY. The City Manager is authorized to make a temporary increase in salary paid to any employee who is required to assume the duties of a higher position for an extended, but temporary, period of time (as opposed to being promoted to a higher position). This temporary addition to salary may not be greater than twenty percent (20%) of the rate of compensation paid for the lower position.

PARAMEDIC CERTIFICATION PAYMENT. In addition to annual salary compensation, an employee in the Public Safety Captain classification who holds and maintains a paramedic certification shall receive a lump sum payment of \$1,631.76. CLOTHING ALLOWANCE. In addition to annual salary compensation, an employee in the Public Safety Captain classification shall receive an annual lump sum clothing allowance payment of \$500 to be paid at the end of each calendar year.

FULL-TIME EMPLOYEES. These are employees scheduled to work at least 30 hours per week throughout the year. Said employees shall have all rights, benefits, and obligations as determined by the Personnel Schedule and Personnel Regulations.

REGULAR PART-TIME EMPLOYEES. These are employees working twenty-nine (29) hours or fewer per week on a year-round basis. Eligibility for regular part-time employees to be entitled to benefits as outlined in the Personnel Schedule or the Personnel Regulations shall be determined by the City Manager.

TEMPORARY EMPLOYEES. These are employees who work less than 1,250 hours per year. Said employees shall not be entitled to any benefits outlined in the Personnel Schedule or the Personnel Regulations, except for holidays which may occur during their employment.

SPECIAL EMPLOYEES. The City Manager is authorized to enter into agreements to hire individuals as employees so as to obtain their personal services which the City Manager determines are in the best interests of this city. Such employees shall be known as "Special Employees," whose status shall be temporary and whose term of employment shall be set by individual agreement. The compensation and benefits for such Special Employees shall be set and controlled by contractual agreements which shall be limited by budgetary authorization intended for such purposes. The city shall make deductions from the Special Employee's pay as required by law, such as federal, state, and

local tax withholdings and any contributions to FICA/Medicare or the applicable State of Ohio Retirement System, that may apply.

HOLIDAYS. The City Manager may substitute holidays listed under this section, however, no additional holidays shall be granted to the personnel positions listed in this schedule. The holidays currently recognized are New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Juneteenth Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, Day after Thanksgiving, Christmas Day, and the employee's birthday. SICK LEAVE. Sick leave for all the full-time personnel positions covered by this Personnel Schedule shall be accrued at a day and a quarter per month, per year, with a maximum accumulation of one hundred fifty (150) days. These amounts shall be pro-rated for regular part-time employees based upon their hours of work.

MILITARY LEAVE. All full-time and regular part-time employees who are members of the Ohio National Guard, the Ohio Military Reserve, the Ohio Naval Militia, or members of other reserve components of the US Armed Forces, or are otherwise members of the uniformed services as defined by Section 5923.05 of the Ohio Revised Code, are entitled to a leave of absence to perform military duty for a period of 30 days in any calendar year ("Short-Term Military Leave"), with no requirement to apply for reinstatement thereafter.

In addition, these employees are entitled to up to 24 months of active duty leave ("Active Duty Military Leave"), subject to timely application for reinstatement thereafter. For an employee returning from uniformed service of 31 to 180 days, an application for reinstatement must be made within 14 days of completing uniformed service. For an employee on leave for more than 180 days, an application for reinstatement must be made within 90 days of completing uniformed service. Except where reinstatement is impossible or would impose an undue hardship on the City, an employee on leave for less than 180 days shall be reinstated into his or her former position; employees on leave in excess of 180 days may be placed in any position of equivalent status, seniority and pay.

The City Manager is authorized to adopt policies as necessary to implement the military leave set forth in this section, including but not limited to policies pertaining to employee compensation and continuation of employment benefits during an employee's military leave. Any such policies shall be consistent with the requirements of Section 5923.05 of the Ohio Revised Code and shall also ensure that eligible employees are entitled to all rights and benefits conferred by the federal Uniformed Service Employment and Reemployment Rights Act of 1994 ("USERRA").

VACATIONS. Employees in the full-time positions covered by the Personnel Schedule receive the following annual vacations with pay, and such amounts shall be pro-rated for regular part-time employees based upon their hours of work:

- a. Employees who have completed a minimum of one year of service, but less than six work years, shall receive twelve (12) working days of vacation.
- b. Employees who have completed six work years, but less than eleven work years, shall receive fourteen (14) working days of vacation.
- c. Employees who have completed eleven work years, but less than sixteen work years, shall receive eighteen (18) working days of vacation.
- d. Employees who have completed sixteen work years, but less than twenty work years, shall receive twenty (20) working days of vacation.
- e. Employees who have completed twenty work years, but less than twenty-five work years, shall receive twenty-two (22) working days of vacation.
- f. Employees who have completed twenty-five work years or more shall receive twenty-five (25) working days of vacation.

- g. Every employee shall be entitled to one additional day of vacation for each three days of unused sick leave that the employee may have accumulated in excess of ninety days. This exchange of sick leave for vacation leave shall be limited to a maximum of five additional vacation days for any work year. The additional vacation leave obtained through this type of exchange must be used during the work year in which the exchange is made, except that up to two such additional vacation days may be accumulated so as to be carried forward to a succeeding year.

VACATION ACCUMULATION. The City Manager is hereby authorized to establish a regulation limiting the amount of vacation time an employee may accumulate. In so doing, the City Manager may distinguish between various employee classifications.

VACATION CONVERSION. Prior to September 30th of each year, the City Manager shall be permitted to convert to cash up to twenty-two (22) but not less than five (5) days of accumulated vacation. Department heads may be permitted to convert up to fourteen (14) but not less than five (5) days of accumulated vacation upon written approval of the City Manager. The classifications of Assistant Finance Director, Income Tax Administrator, Public Safety Captain, Planning & Zoning Manager, and Human Resources Manager may be permitted to convert up to eight (8) but not less than five (5) days of accumulated vacation upon written approval of the City Manager. In order to be eligible to convert vacation, the employee must meet certain performance standards which are to include, as a minimum, but not exclusively, better than satisfactory work toward completion of organization work goals and objectives and the discrete and conservative use of sick leave. The City Manager is authorized to promulgate such performance criteria and to approve such buybacks if, in his or her opinion, such criteria have been met. Under special circumstances, the City Manager may permit eligible employees to convert additional accumulated vacation over and above the maximum number of days enumerated above and allow vacation conversion for other salaried employees in special circumstances, subject to the same performance standards outlined above. Any decision on vacation conversion by the City Manager shall be his or her exclusive management right and shall be final. Since vacation conversion is compensation to the employee, it shall be subject to all of the applicable rules and provisions relative to the Ohio Public Employees Retirement System and the Ohio Police and Fire Pension Fund.

RETIREMENT OR DEATH. The following provision shall apply concerning the conversion of sick leave unused at the time of retirement or death into pay:

- a. If the employee has accumulated sick leave of between sixty and one hundred twenty days, he or she, or their beneficiary will be compensated for accumulated sick leave at the time of retirement or death upon the basis of one day's pay for every three days of sick leave.
- b. If the employee has accumulated over one hundred twenty days of sick leave, he or she, or their beneficiary will be compensated at retirement or death at one day's pay for each two days of sick leave.

MANAGEMENT BANQUET - CLERICAL AND OFFICE LUNCHEON - COFFEE. The council may from time to time, elect to give a Management Banquet for its management personnel and guests. The City Manager is authorized to furnish coffee or other amenities, from time to time, for office use at the location designated by him or her; and is also authorized to furnish a special luncheon for the office personnel, from time to time.

AUTOMOBILES. In the event a City employee must use his or her personal vehicle in the conduct of official City business, the employee shall receive a mileage allowance equal to the Internal Revenue Service optional mileage allowance for each mile driven while engaged in such official business provided, however, that:

- a. The employee has prior permission from his or her respective department head to utilize his or her personal vehicle; and
- b. Requests for reimbursement are filed on a monthly basis, not later than the last working day of each month. If, however, an employee's official business necessitates his or her absence from the City at month's end, he or she may file his or her reimbursement request immediately upon his or her return.

The City Manager, at his or her sole discretion, shall have the right to promulgate rules and regulations relating to the use of both City vehicles and employees' personal vehicles on City business. The City

Manager may also designate those employees who are subject to said rules and regulations and may determine which employees are authorized for the personal use of city vehicles.

JOB SPECIFICATIONS AND DUTIES. All compensation and fringe benefits referred to in this Schedule shall be paid and granted upon the basis of each employee performing the duties described in the job specification for each position, as those specifications may be amended from time to time, and in accordance with applicable state and federal requirements. Should an employee be hired with exceptional or professional skills, compensation paid to the employee may be increased by authorization from the City Manager.

DEFERRED COMPENSATION. The City is hereby authorized to enter into deferred compensation plans for any of its management, office, and clerical personnel. As additional compensation to the City Manager, the City Council may approve the payment of deferred compensation annually to the Ohio Public Employees Deferred Compensation Program.

CONTRACT PERSONNEL AS OPPOSED TO CITY EMPLOYEES. The City Manager is authorized to fill any of the positions listed in this Personnel Schedule by contract, as opposed to using employees of this City. When this occurs, the term of that contract will apply, up to the maximum allowed by this Schedule.

EMPLOYEE ASSISTANCE PROGRAM. The City Manager may enter into an agreement with a private institution to provide support services to employees to include alcohol and drug rehabilitation, family counseling, retirement planning, etc. The cost of such services may be paid for by the City or the employee as determined by the City Manager.

The benefits provided under such a plan shall be determined by the City Manager upon consultation with the City Council.

SICK LEAVE DONATION PROGRAM. The City Manager is hereby authorized to establish a sick leave donation program for full-time and permanent part-time employees. This program will be available to qualified employees, consistent with regulations adopted by the City Manager, and under those circumstances in which other available leave benefits have been exhausted.

HEALTH CARE, VISION AND DENTAL INSURANCE COVERAGE. All full-time city employees shall have access to health, dental, and vision insurance:

- a. Health insurance coverage for inpatient and outpatient services, preventative services, physician/office services, hospice, home health care, diagnostic services, emergency and urgent care, mental health and substance abuse services, and prescription drug coverage. Such healthcare coverage may be provided through a High Deductible Health Plan with a Health Savings Account (HSA) or a Health Reimbursement Account (HRA) for employees who do not qualify for an HSA. The city may contribute to an employee's HSA and HRA an annual amount as determined by the City Manager
- b. Dental insurance.
- c. Vision care coverage to include an annual eye exam and partial payment for ophthalmic lenses, contact lenses, and frames.

The City Manager is hereby authorized to adopt a policy requiring employees eligible for health and dental insurance to contribute towards a portion of the costs of the monthly premiums for said health and dental insurance coverage.

City Council members shall also be eligible to be covered by the city's health, vision, and dental programs provided, however, that participation shall be at the election of the City Council member who shall bear the full cost of the monthly premium.

PAYMENT IN LIEU OF HEALTH INSURANCE. Any employee eligible for health insurance benefits and who elects not to enroll in the city's health insurance plan and signs a form as required by the AFFORDABLE CARE ACT that he/she is covered under another health insurance plan shall be entitled to compensation equal to 25% of the annual insurance premium which would have been paid by the city on behalf of the employee. In order to qualify, an employee must be eligible at the start of the benefit year and may not be enrolled in the city's health insurance plan during any portion of the benefit year. Payment under this program shall be made at the conclusion of the benefit year.

LIFE INSURANCE. Except under medical or other exceptional circumstances which make the purchase of life insurance benefits impracticable, management personnel shall receive the following types of life insurance coverage.

- a. Forty thousand dollar (\$40,000) term life insurance for each person holding a management position, and
- b. Additional life insurance in the following amounts:

The reference to dollar amounts of life insurance coverage shall not preclude the purchase of additional life insurance and related products, including but not limited to annuity investments, to enhance the current life insurance program for management personnel. If an employee retires from city service and is immediately eligible to receive retirement benefits, the employee shall have the option to: 1) receive any cash values that may have accumulated on his or her behalf; 2) convert the benefits under the terms and conditions of the policy; or, 3) continue the existing benefits as his or her own policy.

Office personnel and clerical and support personnel shall be provided with \$40,000 term life insurance for each person holding such a position.

Except as may be otherwise provided in an applicable collective bargaining agreement, all life insurance referred to in this Personnel Schedule shall be provided six months after the date of hiring, with the City Manager to have the authority to direct that it be provided at an earlier date within those first six months through a written memorandum to the Personnel Officer and the Finance Director.

I hereby certify that this Amended Personnel Schedule is a true and correct compilation of the Personnel Schedule and all amendments thereto previously enacted by the Council for the city of Oakwood.
