City of Palmview History of Election of Mayors & City Officials

The City of Palmview was incorporated on April 15, 1972.

The city's "Founding Fathers" were known as "Directors" serving voluntarily in an unofficial capacity from inception until the first organized election was held. Unfortunately, from the time of incorporation to the first election, there was no official recordkeeping as there was no secretary and no City Hall; nonetheless, individuals with personal recollection affirmed that directors met at people's homes to dicuss matters of the city and visions for future growth. Directors were known to be: Miguel de Luna, Juan G. Garza, Jose Rolando Pena, Rodolfo Rodriguez, Robert Rodrigue Jr., Mario Saenz, and Ramiro Vela.

HISTORY LESSON: The City of Palmview name was derived from two business establishments from the early 1970's known as *Palmview Fruit Stand* and thereafter *Palmview Drive In*, which were established by Roberto Garza Sr. It is important to recognize the Garza Family as they also established numerous businesses in the early 1970's known as *Ricky's Auto Sales*, *Becky's Hair Fashions*, and *Robert's Western Wear*, that were also located adjacent to a building along our current Frontage Road - that served as City Hall in the late 1970's.
