Concerts and Live Music	Food Trucks		Movie Nights							I go to the Park during racing season to watch the car races. I have lived in Petaluma for over 50 years. This has always been a fun outing and tradition for our multi-generational family. Live live on the East side just about opposite the Speedway. When I can't be there I leave my front door open so I can hear the engines. So many special

			Movie Nights		Reservable Group Picnic Areas	Single-Family Picnic Areas	Teen Space	Library Programming	Informal Lawn Picnic	Our community very much needs a fully enclosed play space for your children, similar to what they offer in communities like Menlo Park or at the Children's Museum. As a new parent it brings so much peace of mind to know that you can possibly sit for a moment and your child can be engaged in play without the risk of exiting the area and heading for the street. Even the most engaged parent of young children needs a moment to sit and rest and this would allow a safe way to do this. My name is Rebecca Hachmyer and I can be reached at rhachmyer@oldadobe.org to chat and/or advocate for this further. It would be a huge draw to make this

			Willow Huts/Nature Retreats				I think it would be an excellent location for installation of Greenfields outdoor equipment that can be utilized for active seniors and adults.

		Traditional Swings		Sand and Water Play				
Slides		Traditional Swings						since there will be a teen area, the play areas should be usable by this age group too-not just little kids.

			Multi-Use Courts - Wall-Ball, 4-Square, Tetherball, etc.	
Pickleball				
Pickleball				

				An area to rollerskate/roller hockey, etc. Rollerskating interest has exploded and there is a strong and lively community of skaters (Cal-Skate adult nights have been packed!); it would give a home in Petaluma to this cultural activity. I have lived near this library and park since 1990 and have maybe seen volleyball played 1-5 times here. A small roller rink could be beautifully decorated/painted and flanked in seating options and beautiful native landscaping :)

Pickleball				This area is not well integrated into the design and ex. nature area. provide a loop trail and higher level of design. Potential to locate volleyball and sport courts in library parking area (multi use space repurpose existing pavement), and design so it can be used for events in conjunction with Kenilworth Teen Center. This is a high viibility intersection and should have visual interest. Possibly another art corner and sitting area near the intersection. Higher level of design! This is not thoughtful at all
	Basketball		Multi-Use Courts - Wall-Ball, 4-Square, Tetherball, etc.

Question 8						Question 9
The redesign of Kenilworth Park features a river-inspired framework that provides circulation while supporting the site's natural processes. Park users can walk alongside the shade trees and native plants, play in the dry creek, and see how water is collected and detained, improving Petaluma's overall water quality. In terms of CONNECTING TO NATURE, which of the following are the most important to you? Select your top 3 Natural connections proposed at Kenilworth Park					Other (please specify)	Is there anything else you would like to share with us about Kenilworth Park?
Shade						
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I think the layout plan looks great, it looks perfect to me
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
		Outdoor Learning Opportunities		Getting Up Close to nature		a place seniors can play games (chess, checkers and more)
Shade	Habitat for Birds and Pollinators					add fruit trees-Gravenstein apples, santa rosa plums, meyer lemons
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			i'm excited about the plan... looks like fun for everyone! i think a few more parking spaces would be good.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Water slide
Shade					Privacy and noise cancellation (I don't go to this park because of the busy street)	Most important is shade, privacy, and sound cancellation. The busy Washington street makes Kenilworth feel unappealing. Incorporating sound barriers or fountains could make it worth visiting.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		We're very excited for the new developments! I couldn't choose more than three but I think having a space for teens is extremely valuable. Having accessible play spaces should be front of mind for Kenilworth Park developers. There is a need to support enriching play for children of all bodies and abilities.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Safety, and keep it simple. Please think of the cost of maintenance!

Shade						We love the sand! We drive twice a week to this park specifically to play in the sand, we've never had an issue; yes we see trash in it sometimes but there is trash at every park; I would be sad to see it go. I love that there is a smaller kids park and a bigger kids park too, makes it easier for parents with kiddos of different ages to have fun and keep their kids safe and happy. This is our main park and has been since 2018 with all three kids. I'm honestly devastated to hear it's being torn up and hoping that the sand stays in some capacity and it doesn't become an overly funded park that's nice to look at, but terrible to actually play at. This park has fun things for kids, the slides, the bridges the places to hide and space to run and dig. My main complaints are the trees being cut down (why?) which meant we couldn't come much this summer. Terrible decision. With a little more love and upkeep this place could be/could have been a gem (the weed situation gets out of control), but now I'm worried a remodel will destroy the simple fun of it all and turn it into something that lacks longevity and intrigue for kid; kids want slides and to climb and run. You can only sit in a hut or walk a nature trail so many times; hoping the concept of the park reflects its core it's always had and it stays a simple, yet updated play place for kids. (Please incorporate sand!)
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I would like the park to have wheelchair accessible turf and a communication board like the one at bond park and miracle league/Lucchesei park.
Shade			Improving Water Quality			Anything to make it feel more private from payran (trees/bushes along road blocking park.
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		We can't wait for the new park. Thank you
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It's a fabulous opportunity to develop a play area for people of all ages
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Make it unique, something all of Petaluma will visit and be proud of.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		We love the library and visit multiple times a week, but never go to the park. We would love the park to feel safe and clean so I would feel comfortable bringing my children alone. We would love to see lots of natural elements, and shade
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		The reason we don't bring our kids there currently is due to feeling unsafe with the level of unhoused individuals.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Plenty of comfortable seats
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality		Lots of benches!	Very slow speed signs in front of the library, 2 lanes all the way through the front of the library and a continuation of pedestrian crossings across Fairgrounds Dr to the other side of the parking island to the parking lot.

		Outdoor Learning Opportunities		Getting Up Close to nature		Excited for the redevelopment. Would like to see some water play areas for kids to use during the hot summer months
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Don't spend a ton of taxpayers money try to work with what you have and make it attractive. Don't spend thousands of dollars on stupid equipment they can speed up.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade				Getting Up Close to nature		I like that the new redesign considers that non-parents/kids may also want to have something to do at the park. The stroll looks nice. I'd also love pickle ball. (A squash/racquetball court would be excellent if there is ever any indoor space added)
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		All I ask as a senior is seating and walking paths, but live music and exercise equipment for adults would be wonderful.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities	Improving Water Quality			looking forward to having a safe area for my kids to visit and play
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		The teen center is a great place and needs some work! I hope the plan includes a patio upgrade. Also, there should be a clearly marked bike path from the pedestrian freeway overpass through the target, shopping center through the Fairgrounds parking lot to the park!
Shade		Outdoor Learning Opportunities	Improving Water Quality			No homeless
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
					truck access	Please Contact: kkosik@sonomalibrary.org (or 707-978-1384) Sonoma County Library Delivery Supervisor regarding truck access to PETA back door next inside proposed park. Thanks, Kevin
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Teens need space in our town. They are negatively treated by downtown merchants and have no recreational, low cost spaces to gather. This has been a problem for decades. Stop leaving them out of the conversations. Puli realize every play structure choice was for small children? How do we keep them off drugs and vandalism if we don't support good choices? How much longer is this going to be ignored?
Shade				Getting Up Close to nature		Thank you. This space is perfectly centered for the Petaluma community and it will be beautiful
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		I think the proposed changes are too ambitious as to use of the space. Too much crammed into only part of the acreage-while the volleyball area would take up a lot of the useable space. Spread it out on the proposed volleyball area. Besides an errant volleyball would disrupt the other area activities. Cats would use sandbox for potty.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

Shade		Outdoor Learning Opportunities			The space being accessible for the senior and disabled population so that they can enjoy the nature and beauty	The Petaluma population is predominantly made up of seniors 55+ I think this location should be designed with that majority in mind as well. This location would be great for the installation of Greenfields Outdoor equipment that can be utilized by seniors and other community members to improve and maintain a healthy active lifestyle. Examples of this include Vintage Park in Yontville
Shade		Outdoor Learning Opportunities				
Shade						
Shade				Getting Up Close to nature		I'm not sure how the current library parking lot is going to be utilized, and I don't see that in any of the questions or renderings. There is barely enough parking for Library employees, so I want to ensure you keep their parking lot OUT of the redesign.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			As an employee at the library, I respectfully suggest that the small staff parking area be retained rather than changed to an infrequent space for other activities. Thanks!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade						
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			no. see my comments about the volley ball court.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators		Improving Water Quality			I'm excited to see what happens with this park!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Our city desperately needs a splash pad for kids to play in. Please give our city a splash pad!!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		I'm excited to learn about the plan to improve this underutilized space. The park should be a vibrant welcoming space with easier access for those without vehicles. Don't just put new play structures and picnic tables and call it done. Consider the roads around it and put children and people with disabilities at the center when redesigning it, please.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Please do not remove parking for library staff and turn it into a multi-use space. Not only will it affect public service employees, having noisy activities that close to the library will affect patrons as well.
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Please consider leaving library staff parking where it is now. Walking over from fairground parking lot is not possible for some and is often full
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		This park is often used as a gathering place for homeless people. How will these people be cared for if displaced? Also safety is always a concern at this park. How will this be addressed eg lighting, cameras, clear visibility from streets, etc
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

						I remember when the library was new and the park was new! We were so excited about the new Park and the beautiful library. Now that I've moved back to Petaluma after being gone many years, Kenilworth Park has lost its luster. I'm happy the city is committed to bringing the park back to something more relevant for children and families.

Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				We go to Petaluma Library at least 2x per week with our 2 year old daughter. We've never used the park, because of the lack of shade and trees. We're excited for the redesign. Thank you for giving the community a chance to share.
Shade	Habitat for Birds and Pollinators					
		Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade					would love beautiful and reliable landscaping with proper watering schedule. hate to see trees planted and not watered and then watching them die	I have seen some local park improvements include new landscaping that is not properly cared for. Please have a solid landscape maintenance plan including watering so new plants don't die or become overgrown and unsightly
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				It is a fantastic project and proposal, though the location of the volleyball court troubles me, being near a significant intersection. With rogue volleyballs easily traveling into the traffic lanes.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators					The "teen center" has not been operational for MANY years. Teens in this town need a functional place to go and engage in a safe environment. I think the funds should primarily go to revamping a functional teen program.
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		More area for children to play and families to hang out
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade						Splash pad. Petaluma has a few pools but my family can never get in to use them because there so busy. A nice toddler splash pad would be very nice.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Would love Bocce Courts instead of Tennis Courts. Could do without the water features to save construction and maintenance costs.
Shade		Outdoor Learning Opportunities	Improving Water Quality			We need more pickleball courts in Petaluma.

						I notice there are tall trees without lower branches along Washington and Payren right now, but they do not block out traffic noise and emissions on those two busy streets bordering the park. I can't tell if the tree shapes in the drawing are lower and thick enough to block visuals into the park, block traffic sound and block traffic emissions. If not, a quick growing hedge along those two sides of the park would do that nicely, in addition to creating more privacy from all the traffic.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
						I want to reiterate the importance of having a fully enclosed, gated play space for our youngest learners. This will draw families who visit the library out to the play area, secure in the knowledge that they can sit for a moment and their crawlers and new walkers will not be able to leave the general area. This would be a HUGE BOON for our community, it does not already exist in our city, and it is commonplace in areas of Marin and Silicon Valley. Please consider this as part of your design. Form should not trump function if we want this park to be more widely and consistently used. The park is located on a busy corner and this needs to be considered. Thank you.
Shade	Habitat for Birds and Pollinators

	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
						Protection from cars -- it's a busy commute area so whatever is created it would be nice to have some short fences around some areas (baby/toddler) or at least some concrete blocks to prevent cars from entering Access to water -- bottle filling station or at least fountains Decor -- welcoming signage and wayfinding in English and Spanish; colorful options Wifi!
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			I'm concerned about the seeming removal of staff parking for the Library. This is an issue of respect for staff as well as staff safety when exiting the building at night and in the dark.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Please provide lots of bike parking and ways to walk through the park to access the library. Please make the materials as sustainable as possible (ie rubber sidewalk instead of concrete, reclaimed wood or tree, etc) and low water use native plants! Thanks!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
						Level out the ground, fill the holes, natural walk ways, trees, places to sit, save trees, try to keep natural, please don't cover ground with artificial surfaces.
Shade						I would love to see these improvements take to to place and I feel like it will bring Petaluma people more close together as a community.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		love the design, integration of nature and the volleyball court. definitely would like playground to be ambitious and not cookie cutter playgrounds you see everywhere. thank you!!!!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
						Petaluma Parks Dept can't even be bothered to install and maintain trash cans at its current parks, opting instead for dirty contaminated and ill-placed flip top trash cans that they rarely even put out on the street. How do you expect them to maintain a manmade creek? While it sounds nice if done right, My fear is that this will be an expensive way to attract mosquitoes, mice, and rodents, making it unattractive to visit anyway. Or it will be allowed to dry out. Do we really need a 5 million dollar dry ditch or a mosquito breeding ground? I think not. If I want to take my child to learn about watersheds, I will take them to one of the plentiful nearby real ones, such as Drakes Estero. This will be wasted money and space if allowed in the design. VOTE NO!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
						I think the volleyball court is too much for the space, I honestly don't think it will be used in that location, and if the surface is sand will collect cat pee. It would be nice to keep that space multi functional and not tied into one thing that will be a waste if it doesn't get used. It would also be nice for the existing native garden to wrap around the E. Washington side to make a buffer for exhaust and pollution from the busy intersection. Lastly in the plan I don't see any large shade trees, shade is so important and will probably determine if my son and I visit the park. Thanks and look forward to what you come up with.
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
						PICKLEBALL
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade					Splash pads for children is preferred to fake stream	We have no dedicated pickleball on the west side of town. This would be an ideal spot for at least 4 courts and should take priority over the dedicated volleyball court concept.
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		Please build more single use pickleball courts! Pickleball is growing fast and we need a better space than what is offered at Lucchesi Park. Thank you
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			I hope that you guys make a park with a wide and tall slide. I want to see lots of wildlife and nature, stuff like shade and trees growing healthily. I hope the park goes good!
Shade						
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I worry about children running into the street. Will there be a fence?
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade				Getting Up Close to nature		

Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Needs fencing all around and more signs because cars speed by all the time. Need to keep kids safe
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Don't allow dogs in the kids playground area because there is always dog poop and pee in the sand and sometimes in these slides
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade		Outdoor Learning Opportunities	Improving Water Quality			With water, my concern is the geese. They already are at Kennelworth Park a lot. And the upkeep just doesn't seem to be there. I'd recommend less water if people are not gonna be cleaning the surrounding areas because the poop and the Lack of cleanup is offputting.
Shade			Improving Water Quality			How to address current issues of discarded needles and dog feces left by dog owners?
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators		Improving Water Quality			So excited! If we could incorporated types of amenities not found at our community parks ie zip lines, non plastic play structures, natural materials I would be grateful~ love incorporating parts of fairgrounds parcel
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Could we please get a zipline? Room for dodgeball?
Shade	Habitat for Birds and Pollinators					We come to the area everyday, and would love to use the playground here more often! Having shade and a comfortable picnic area, as well as some kind of barrier between the play area and the street to prevent kids running out, would increase our use of the park a lot!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		We go to the library everyday, and to school across the street, and would spend much more time at Kenilworth if it were a more welcoming space! Bathrooms make it easier with small kids, and a bike rack would make it easier to get there without a car
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities	Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality		Signs pointing out the importance of native plants and how they benefit wildlife and humans.	Safety measures such as slowing down traffic near the park, good lighting, clear pedestrian crosswalks, etc are important. Community events at the park will also be important.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Don't remove staff parking from the library, we have elderly volunteers, staff with mobility issues, and a lot of need to be close to the library for late hour closing times for safety.

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality			1.) I think it would be super cool to have a large wall or set of walls/structures that were ok for people to graffiti them, (where it would be legal and encouraged). These could also function as structures to block the wind for ping pong tables, as it gets so windy here in Petaluma. I hear it howling violently outside as I type this. 2.) I would love a place designated for public chess. It has gained a great amount of popularity over the last few years and I think people would quite enjoy the ability to go out and play other enthusiasts!
Shade	Habitat for Birds and Pollinators		Improving Water Quality

Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

Shade			Improving Water Quality	Getting Up Close to nature		<p>Making it safe to access the park and library by bike and on foot is important to me, the streets around are the busy ones in town and any ways to make bike lanes physically separated and away from roads are always appreciated. For example it seems like with the Huge amount of pavement that exists to the west at what could be the biggest parking lot in the north bay which does not belong to Costco, there seems like there's ample opportunity to create a fully physically separated bike path thru the lot from the mall area, to the adjacent pool/skate park, to library/park area, that has curbs and buggered vegetation to keep pedestrians physically safe from cars and busses would be a great step in promoting the connectivity this survey says is important. I agree connectivity is important but this mostly has to do with the surroundings outside of the park boundaries more than the park itself. Having it be a safe, fun journey TO the park will make it more usable and serve more people. We need much more vegetation in Petaluma in my opinion. Trees are getting cut down everywhere for the sake of fire safety, but we are not doing enough to replace them which is important for air quality, mental health and climate change. Thanks!</p>
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Benches near structures so parents can feel close to kids.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I'd like to see fencing or another barrier to keep kids safe from the street traffic.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				

Shade		Outdoor Learning Opportunities	Improving Water Quality			I grew up in Petaluma in the 1960s-70s, and while I no longer live there, I am so pleased to see these thoughtful plans for Kenilworth!
Shade		Outdoor Learning Opportunities				Rethink your teen area. It needs a stage for music and drama. An area they can hang out and feel safe and heard.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Because Kenilworth is so close to the Fairgrounds, the library, and the teen center, I think it's crucial to think how the park (and the reconstruction process) will impact them, and how they will work together.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Family gatherings
		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Please make sure the visibility is unobstructed. I don't like Leghorns park because I'm constantly trying figure out where my kids are due to the blind spots. You should be able to stand in one spot and see where your children are at all times.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I would really like a space that the whole family can enjoy with paved trails and open space
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I would like a place to ride my bike
						I am very interested in creating a year round youth volleyball center and tons of girls would want to play and learn!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		thank you for re designing this park! I look forward to seeing what the finished park looks like
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Keep it maintained - no gophers, dog poo picked up, sanitary
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Partner with ppsc or like entity to create a safe shared space for those who are unused to share space with families and other users. Please dont just push them off to another part of town so you dont see them
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		no
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Two concerns: if there is a volleyball meadow and/or a basketball court, how will they be enclosed so the balls don't roll into the street, and the enclosures don't look like they're walling off the park? Also, if the park has these great elements that draw large, diverse groups, where will there be parking? It was hard to choose three options for each question; all the ideas look great!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		It's kind of in a desert, in that it is surrounded by a huge busy stroad and acres of parking lots which make it relatively unpleasant to be in regardless of how nice the park is.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Keep the stray cats and the stray people out or it won't matter what you do with the land.

	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		The proposed design appears to have too many activities jammed into a space. The volleyball meadow takes a lot of area. Doubtful it would be used much.
						Waterpark. No swings.
Shade			Improving Water Quality	Getting Up Close to nature		Hello
Shade	Habitat for Birds and Pollinators					PLEASE NO pickle ball
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It looks uninviting now that the large trees have been chopped down. Planting more trees would be great for shade and would improve its visual appeal. It's also near a main road so some sort of low fence or landscaping to protect kids from traffic and provide a sense of separation from traffic would be good
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators		Improving Water Quality			The plan looks like it will take away space that the library uses for book delivery and employee parking. What's up with that?
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Where is the parking? What about for library staff. Space for lounging on grass would be wonderful. I believe this would involve clearing out and keeping out gophers. Do you have a plan for this.
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Why the name Kenilworth? Could we rename it after a waterway or native people?
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		What a lovely plan! I worry about the intersection just outside the fairgrounds gates, even with the added stop sign. With extra pedestrian use of the new park, traffic flow/right of way needs to be clear to ensure no accidents. Thank you.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Drinking fountain for humans and pets.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			The plans that were noted in the Argus this week seem ridiculous to me. Way, way too much stuff. Overkill to the max. And, who is going to maintain such an outrageous endeavor? Thanks for asking our opinions and allowing me to vent.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		

Shade			Improving Water Quality			The accessibility to the park by foot and bicycle via the highway bridge going from Stuart Dr to the East Washington place shopping center needs to be refurbished as well.
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators					Safety- no homeless encampments
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			I wonder how this is going to be maintained after it's built? Right now most of our many parks are in serious disrepair. Is this where this park is also headed?
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			A path to walk and jog around. Exercise stations and benches. Water fountains for drinking.
Shade	Habitat for Birds and Pollinators				Quiet areas. Which means finding ways to block traffic noise from Washington St.	As an Old East Side neighbor, I know that the traffic noise from E. Washington St. is very intrusive. The addition of some kind of noise barrier will enhance this project, be it an earthen berm close to E. Washington, shrubbery or a "living fence" on lattice, or other innovative buffer. Sound walls or solid walls are less attractive but may have a place as well.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature	These are all great ideas!	The history of the people of Petaluma. Enjoying their town and respecting each other is very special and is something we should all work to preserve.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators				Please use all native plants. This is Sonoma County and we have an enormous amount of Native Plants available.	If you are providing a park for children, it should be fenced to avoid a child running into the very busy streets. We almost lost a child due to a park with no fence on a very busy road and there were at least 6 adults supervising. It can happen in a flash.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		I couldn't help myself ! All were Great Ideas.
Shade				Getting Up Close to nature		Shade and options of some seclusion at the park. Right now it is just too open/hot
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It would be great to have a bocce ball court or two as well.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Cleaned up and usable. It so close to library which has great things for kids but area around it is an embarrassment. Unsanitary and scary for kids
	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality			We need more dog parks, that are kept well maintained
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

						I recently kayaked Petaluma River and thought there would be access along the way to get a cup of coffee/tea/taste port, visit a park, etc. There was a huge gate & cyclone fence across the access point where the dock is dilapidated. Such a shame! Please make it more river friendly along the way!!! Please pass on to the appropriate committee. kind thanks
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			
Shade		Outdoor Learning Opportunities	Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Make it safer to visit. Won't go over there due to the homeless camping out. If that is resolved, would visit a lot more.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature

Shade						
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Big trees for shade! Even without a full redesign, this park desperately needs some shade trees/ structures
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		My grandchildren live in NYC, where they play for hours at the really fabulous playgrounds in Central Park. Check it out: https://www.centralpark.com/things-to-do/activities/playgrounds/#page=1 Please make this playground as exciting and wonderful as the playgrounds in Central Park.
Shade			Improving Water Quality			
Shade	Habitat for Birds and Pollinators					I strongly support the active park use ideas. But I'll also note that the area is the front door to the fairgrounds, which is now in a state of flux. If we're going to be climate friendly, we need this park space to integrate effectively with the future uses of the fairgrounds. It's out of order to proceed with too many park improvements in advance of a fairgrounds vision.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade		Outdoor Learning Opportunities		Getting Up Close to nature

Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Not sure why the Volleyball Meadow- I don't see volleyball a big sport around here. I think people would get more use from pickleball, tennis courts and basketball.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade						Large trees for shade and an park that promotes healthy exercise

Shade				Getting Up Close to nature	
Shade		Outdoor Learning Opportunities	Improving Water Quality		more parking spaces, if there are not considering that yet.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities			how can we help? so exciting to think about
Shade			Improving Water Quality	Getting Up Close to nature	
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	Fair grounds remain I hope
Shade				Getting Up Close to nature	I'm excited about the overhaul. However, it doesn't need to be crazy fancy. Re-doing/maintaining the grass so it's easier to run around, and a fence so it feels safer next to Payran and E Washington. Re-doing the basketball court. Weeding the playground area. Shade. I think it'll be fine as a simple playground. It just needs to be maintained more.
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature	Please overhaul drainage and plant trees in watering zones, such as low water, surround trees with mulch, and reduce lawn area, which should have separate irrigation from trees.
				Getting Up Close to nature	
Shade			Improving Water Quality	Getting Up Close to nature	Please try to make it safe for families. My family does not use it now because of the Homeless activity.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	Homeless do Migrate through since the soho kitchen is right there so it will be important to not have the homeless population trash it (paraphernalia is concerning)
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	Payran and E Washington is a very busy intersection. Unless the park is completely surrounded by fencing (not particularly appealing), balls should not be in the air near the intersection. Volleyball at the corner seems like a bad idea (as does basketball, one of my favorites). We will encourage more intergenerational use of the park with bocce ball courts instead of a volleyball court, and the balls won't be in the air. Noise from the street will bury music and movie sounds at the park. Not sure this is a good spot for an event center, though it would be great to further activate the library grounds.
Shade				Getting Up Close to nature	How does the project further the city's 2030 carbon neutrality goals? For example, how many years will the vegetation take to sequester the carbon emissions from the park construction and materials. Will the park demonstrate recycled water irrigation? Is the park designed to be maintained without two stroke engine equipment? Has the project proposed changes to Payran and Fairgrounds to reduce vehicle speed? Is there bicycle storage and electric vehicle charging? How can the park use waste water from the library? (direct graywater reuse or wastewater drip irrigation reuse using standards systems like an Orenco Advantex.) Ok I'll stop :)
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature	Having a team that watches for drug uses and overnight sleeping
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	
Shade	Habitat for Birds and Pollinators		Improving Water Quality		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	I stopped taking my daughter to the park when she was young because there were adults at the park who I didn't feel safe sharing the space with, there were intoxicated and/or on drugs and were yelling and swearing etc. The park should be patrolled for safety for the visitors to the park.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature

	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It's wonderful to see the city reinvesting in this neighborhood.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Will it be actively monitored by parks and recs department? It would nice to have a safe, clean area to visit after going to the library.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		What are the plans to help the unhoused that are often in this area?
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade			Improving Water Quality			In your design, it's still hard to enter the library if you come by bike or foot from D St. Please make a clear path and bike racks. Thanks.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Not now
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				I like that the park is being updated and seems will be more useable. Would still like to see a pump track in Petaluma especially given there are 4 bike shops in Petaluma
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade						
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I think it adding a splash pad to the children's park would be an amazing amenity for our town.
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			We love the library and currently don't go to Kenilworth Park because there are better parks in town. Excited to hear about this!
Shade					Splash pad	Splash pad
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It would be so amazing if a pickleball court is at the park!
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade		Outdoor Learning Opportunities	Improving Water Quality			Would be good to have ADA accessible for all amenities such as picnic areas/benches, play structures play areas. In addition create a bike and pedestrian network that connects to the park that is accessible for all disabilities.
		Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		The park itself used to be very clean and full of trees. A few years back it began to decline and there was a lot of trash and just overall dirty feeling of being there. I hope with these improvements I can take my daughter to the park I used to go to as a kid.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Maybe we could have a splash pad!
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

Shade						While I appreciate the intent of this survey and what you all are doing, the output already seems like the classic "Frankenstein", where you are trying to please too many people at once. My POV: keep it simple and to the basics - swings, slides, shade, & picnic tables. Think about ongoing maintenance - even though we frequent the library, we rarely go to that park bc it's often not in great condition. And be realistic about the location - leverage its proximity to the library and the teen center to think about your target audience - but be aware that it's a fairly high traffic area. I don't see folks relaxing in a big open lawn that is essentially a connector parking lot to Target. Or playing volleyball (which I envision becoming an unused sand pit) near such a busy intersection. Even though, I, personally prefer other sports, basketball & a multipurpose hard top surface seem to make more sense. Again, keep it simple. It's less about a splashy grand unveiling photo/headline & more about true, every day use & enjoyment particularly by our city's children. Thank you & good luck.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			it is such a great space. To keep it multi-use by catering to several types of people is the way to go. Adding a basketball court/ slides/ dry riverbed/ open spaces is the way to go
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				An outside venue for concerts would be a good use for this area.
Shade			Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Where will you be relocating the homeless people that live/hangout there??
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature	Comfortable & safe place for all	More than anything, Petaluma needs a new pool away from road w/indoor and outdoor play area
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I would love to see outdoor music based apparatus installed in the children's area.
Shade						It's good the city is doing something with this park - it's quite sad at the moment. Every time I've taken my 2 year old we've left due to the homeless people wandering around.

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Would love it to be a safe space to play. I don't take my child there because there are homeless camped out.
Shade				Getting Up Close to nature		
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		

					Whose idea was this? Definitely do not try to enhance "nature" here other than using natural materials and providing a nice balanced space with a little more shade. You can't mix trying to make habitat and supporting birds in a setting like this. That garden planted next to the library is just several feet from heavy traffic and already in a terrible location. This is not a location at all to "teach" about water conservation. And don't try and subject habitat and birds to a location like this. The suggestions here are SO typical of the uninformed groups and the City in trying to display interest in the natural environment like a sledgehammer. Like the Petaluma River Park theme of proclaiming "Nature" after putting in a wide access trail for people around the peninsula, decimating the wild natural land that was there, and putting people everywhere, displacing all the wildlife and birds who once freely accessed that peninsula with no people. So sad.	Yes, don't over congratulate the City and those who provide input for any kind of "Nature" theme. That garden planted by Daily Acts is out of place there and please do not confuse children. Make the park inviting with some swings, play structures, use natural and sustainable materials, picnic tables shade. Stop trying to make "art" and "nature" in areas that are best for a well planned play and family area. Especially the habitat and birds option, that's so inappropriate in an active play and gathering space. Whomever included that has no idea about sensitivity to species and the environment. It sounds like something Daily Acts, clueless about birds, wildlife and supportive habitat, would be suggesting. Just stop it
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade						
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Water activities
Shade		Outdoor Learning Opportunities	Improving Water Quality			
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		It should be better integrated with the fairgrounds after the city takes over the fair, and the park uses expanded onto the currently inaccessible space.

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Make it easily accessible by bikes!
Shade		Outdoor Learning Opportunities	Improving Water Quality			Shade is the most important thing to me in that space! Both in lounge/picnic areas and also around a play structure too.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Lots of trees and any kind of fun play areas
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		I hope there is a good amount of attention focused on safety, for kids wandering off, cars on neighboring streets, and fences/enclosures.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature	All	We like the park and use it when we visit the library. The park used to have big shade trees that were cut, a big disappointment. We would like more trees, fewer unhoused drunk people, less needles (yes, I have found them by senior center side), more community feeling and play spaces similar to "Tunnel Tops" play area with science component like in San Francisco's presidio. I wanted to mark more than 3 of equipment and play areas. We don't like the big group swings though, please include individual swings. Thank you.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		So happy to see a better park being close to the library! This park is surrounded by busy streets and I know every parent would love to see a fence of sorts. Not completely locking kids in, but just providing one extra level of security for young kids. It would probably make parents feel a lot more comfortable.
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade				Getting Up Close to nature		Last time I took my child to the existing playground, I found a needle/syringe under a swing. Who will maintain the playground to make sure it's kept clean and safe every night and day?

Shade	Habitat for Birds and Pollinators		Improving Water Quality			Maybe consider fencing in some or all of the playground because of concerns of little kids and nearby traffic, with the gate on a less busy side
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Water fountains with that have ground fountains for dogs and the ability to fill a water bottle. If you build pickleball courts, maybe having some shade? Maybe over benches?
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade				Getting Up Close to nature	Water play areas for kids	Area should be expanded into the fairgrounds and include bike paths, multiple parks, local farm stands and an outdoor dining park
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Necesita mas seguridad, hay muchos personas sin hogar alrededor y basura. Hemos encontrado agujas, medicamentos tirados. Necesita Tambien iluminacion.

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade						
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I think Kenilworth Park's central location and the nearby parking make it a great gathering space but I have a few concerns about renting a picnic spot. \$150+ for a picnic rental seems really restrictive, especially for lower-income families that might consider a park as a cheap and easy way to gather. It'd be helpful if the fees associated with picnic rentals were reduced to less than \$75 per day and if there was a revamped reservation system where someone could book online or see if there's availability online before they submit the application. I love our parks and would love to use them more often!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Having an edible garden such as blueberries, apple trees, pear trees, strawberries, etc for kids to enjoy throughout the year!

				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		

Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
						Ways to maybe reduce homeless people camping out there. Everytime we go there are always a few camped out/sleeping some attempt to interact and it makes me a bit uncomfortable with my young children there, I can tell they feel weird too :(
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			I would be more likely to use it if I didn't worry it was dirty or inhabited by the house-less.
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade			Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Bicycling connections to the park from the east side of town need to be improved. The current route is either E Washington which is dangerous or the overpass which is difficult to bike on.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Being that it is very close to a busy street, an additional fence or gate with ONE exit would be crucial. As a parent with a special needs child who eloped, this is something I look for in parks, especially any that are so close to the road.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade		Outdoor Learning Opportunities	Improving Water Quality			
Shade		Outdoor Learning Opportunities				
Shade			Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I grew up loving "library park" but rarely take my children (1 and 4) there because it has been so neglected. I hope to see the teen center revived so that they have a place to go in a few years and can't wait til our library day includes a trip to the park!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade			Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				It would be great to have basketball courts with lights at night
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade						
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade						It needs shade!!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			EV charging stations should be part of the plan.
Shade			Improving Water Quality			
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators			Getting Up Close to nature		How about a splash pad, water play area?
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I am so glad it is getting redesigned!

Shade	Habitat for Birds and Pollinators					
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade						
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Updated play structures are great, but shade is my number one concern, and the main reason we do not utilize the park more, even though it is walking distance from our house.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It would be great if it can be a community area but not become a place for drugs and homeless so families feel safe and can use it.
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Sounds great. Would love to have more pickleball courts. The few we have are so crowded.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Please build beautiful naturalistic playground that are enclosed by natural elements like trees, bushes, and gated so kids can't run into the street. The play structure does not have to be visible from the street or the center of the design but it should be enclosed so that it's safe and naturalistic so that it's unobtrusive. Love the food trucks idea! Play spaces should have food sources!
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I am curious if the teen center is being revived and open for teen activities- with McKinley and live Oak and Potentially Cherry Valley so Close, that would be great.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Make it safer or fenced-in
Shade				Getting Up Close to nature	A place to drive toy trucks	I go by the park and want to go there but it is hot and dry and nobody is there to play with
Shade						Please keep picnic areas and enclosed playground structures visible from the street so PD can easily patrol and see issues early
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade			Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		This park is in desperate need of revamp! We frequent after visiting the library and are excited to see it become a great park!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Due to the hot summers, play areas that have shading from the sun helps!

Shade		Outdoor Learning Opportunities		Getting Up Close to nature	We would like a safe way across E. Washington for walking and bikes. Shade and natural features with a safe playground. Closed to public at night so no worry of needles, bottles in the morning. Please build soon! A real need for our neighborhood!
Shade					Outdoor senior movement classes
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities			
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature	We do not maintain the parks we have. They are in terrible shape. Difficult to want another park the city will not maintain. I see many dead trees, poor pathways, etc
					See above. We have MANY parks for young children and many are almost never used. Our population is aging, we have fewer children every year. This park should be for teens and adults.
Shade	Habitat for Birds and Pollinators		Improving Water Quality		What the Sonoma County children's museum provides in terms of natural river play is amazing, but it would be difficult to successfully replicate in a public park w/out the oversight of volunteers and staff.
					As an educator, parent, and doctoral candidate researching parenting self efficacy, I believe strongly that our community needs a fully enclosed playspace for exhausted parents. Please consider working this into your design plan.
Shade				Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	I can't wait for this park (which is the closest park to my house) to be a fun, multi functional place to be
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	A barrier around the play area so that kids don't run out into street is needed. Sand features never stay maintained. Lighting is needed to hinder the drug use and sexual activity at night. A splash pad would be well utilized.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature	
Shade			Improving Water Quality	Getting Up Close to nature	One of the reasons we have not visited this park more is because it feels, dirty, neglected, and doesn't feel safe. I hope the new plan includes strategies to address these concerns as well.
Shade				Getting Up Close to nature	
Shade					
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature	
Shade	Habitat for Birds and Pollinators		Improving Water Quality		It's kind of a dangerous corner for traffic. My child has autism and is a runner. I would love for some sort of barrier to prevent kids from running into traffic. Also I take my kids to the library several times a month and we would spend time in the park if it were safer.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	

						We need more Pickleball courts. We are inviting more and more people to learn and nowhere to play.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Definitely hoping to prioritize shade and interactive water features to serve as a respite on hot days.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Safety issues need to be addressed. The current location in the current condition has not seemed safe to visit
	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		Great location
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Bathrooms & water stations
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		I have young children, and feel this park needs fencing, if California preschools, and schools for TK and K, are required to follow Cal. Code Regs. Tit. 5, Â§ 17778; it really only makes sense that any new public space utilized by his age group should consider following the same requirements. Also, I would like to see a maintenance plan. There are other Petaluma parks that need maintenance as it is. Like the very sad Cavanagh Landing pocket park and the Larry Jones sculpture in the park that fell over in 2020 (or before?) and is still sitting in the grass ---rotting.
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators					
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		It has so much potential. Please make it a nature play space for kids. There are little to no places for kids under five to play in nature safely in their community as a group. These kids need nature.
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Bring pickle ball to the west side please!!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				I don't go to this park due to a lot of homeless in the past. I have found needles, used condoms, and trash. It is not somewhere I would bring my children or go myself unless it is cleaned up a bit and homeless are directed elsewhere. I would love to have a place for teens to go. There isn't a lot for our teens to do in Petaluma.

Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade		Outdoor Learning Opportunities				
Shade		Outdoor Learning Opportunities				The sand was often dirty with animal feces and garbage. Sand might not be a good option in that area. When I was a kid there was a tower that people peed in and it smelled awful. Anything enclosed might also end up quickly unusable for kids.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Please consider taller landscaping or fencing around the volleyball area. As a parent I worry about balls going into the sidewalk and street and children running after the balls. Cars and pedestrians could also be hit by volleyballs.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				We don't play there because my children have found used drug paraphernalia in the sand of the playground. It will have to be monitored for safety.
Shade		Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Design so it is not a gathering place for the homeless population that is already hanging out there. That is a main reason why I don't take my family there now.
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Thank you!!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Love all the new elements that are or might be proposed
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		A well expanded children's park and play area! With lots of shade so children can play on warm sunny days and maybe even covered space so children can play on rainy days too!!! Safe space from homeless loitering on play areas Thanks
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Whatever can be done to make it more enjoyable and a great town center would be great!
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade				Getting Up Close to nature		Would be nice to add additional parking, rather than expect to use fairground parking lot and walk over. Library lot is often full just from library use. Very excited for a new place to explore with the kiddos!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Why spend money here rather than achieving minimal maintenance standards at all parks? Why is this not part of the Fairgrounds visioning process?
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Excited about this project!
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Make it a safe place to visit.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I hope there will be ample trash receptacles. That park seems to collect a lot of trash. And I hope for lots of shady spots.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Would be amazing to have a small splash pad or interactive water fountain feature to run through for hot summers that are only getting hotter.
Shade						

Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Do not allow homeless to pitch a tent and ruin this beautiful space. It scares people and children away from using open areas. It does not feel safe.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		A fence around entire property so kids can't run into street.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Make it energy efficient like installing solar panels.
Shade						
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Please make it inclusive! Check out Miracle Bridge park or connect with Common Ground Society.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Kenilworth should stay the same at how it has been for the past 40 plus years Volleyball and playground with shade picnic table.
	Habitat for Birds and Pollinators		Improving Water Quality		Fruit trees and good production	
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade				Getting Up Close to nature		
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Pet friendly areas.
Shade		Outdoor Learning Opportunities	Improving Water Quality			
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		Better walking biking paths to get there
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		As a family in the Old East neighborhood, we are very excited about this!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		The overall design is looking great. Happy to see that the volleyball court will remain, it's heavily requested.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Traffic flow would be better, where the 3 streets come together at the entrance to the fairgrounds, with a traffic circle.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Water playground water squirting up from ground
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Because of Kenilworth's issue with attracting people who are a concern for parents, I think that the children's play area must be located closer to the library entrance to foster a greater sense of safety. I think that this could also create an natural back and forth for children between library and park.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		Don't just throw a volleyball court in that extra space in the back of library- consider the view that it's an intersection so make it pretty! Plant loads of trees to hide the cars, add pickeball or smaller play area. Volleyball courts are often not used and take up space and look dead and sad
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Multi age attractions
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators		Improving Water Quality			

Shade	Habitat for Birds and Pollinators				
Shade		Outdoor Learning Opportunities	Improving Water Quality		Happy about the project. Need traffic help rainier connector too
Shade	Habitat for Birds and Pollinators				I often walk to the library and think it would be nice to chill on the park lawn, but the thing that really turns me off is traffic density on that intersection. It just feels like a dirty place to sit because of the noise pollution and actual pollution. Maybe a thick tree line along the sidewalk or fence to reduce noise would be good.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	With a new water feature, would be concerned about transient population (who already hang out in this area) using it for bathing / clothes washing.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature	
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	It would be wonderful to incorporate a splash pad! With the hot days we've been seeing water play can help get kids out on hot days!!
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	If you can maintain the park from all the homeless that meet there and have a safe fence since it's a busy area with cars, buses and other vehicles that drive too fast.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	seems like a lot of activity for a relatively small parcel adjacent to the library, which needs to be a quiet zone.
Shade				Getting Up Close to nature	I'm worried about the homeless. Needs to be completely fenced
Shade		Outdoor Learning Opportunities	Improving Water Quality		
Shade	Habitat for Birds and Pollinators				Seating and walking paths
Shade					NO pickle ball - noise issues
Shade	Habitat for Birds and Pollinators		Improving Water Quality		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	We are really looking forward to our neighborhood park having lots of shade, lots of nature and natural elements, and lots of opportunity for *creative* play in nature (i.e. play structures where u can do more than just one designed thing with them- such as walk up the steps and slide down the slide...this doesnt support creative open-ended play!) We hope there are elements of sand and water and rocks for digging and playing. We hope there are opportunities for engaging the whole body through climbing etc. Also, we hope there is ample seating for parents near the play spaces!
Shade	Habitat for Birds and Pollinators		Improving Water Quality		These ideas sound lovely, but how will the park attract families if there are homeless living in the bushes? What will prevent transients and drug abuse on site? Also, is this really the most urgent item on the city's list of priorities? How about solutions to cross town traffic, fixing more roads, cleaning up existing green spaces along major arterials (like Sonoma Mountain Parkway) and getting them connected to recycled water?
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	My family does not use Kenilworth Park due to vagrants/drifters and unsafe conditions
Shade	Habitat for Birds and Pollinators				

						Thank you for considering more volleyball capability in Petaluma. I love to see more sand volleyball opportunities! Maybe indoor too I hear? There is a high demand for sand courts in Petaluma. Would be awesome for there to be quality local courts.
	Habitat for Birds and Pollinators		Improving Water Quality		BEACH VOLLEYBALL COURTS!!!!!!!!!!!!	
	Habitat for Birds and Pollinators		Improving Water Quality		Volleyball sand courts	Please make sand volleyball courts!!!!
Shade		Outdoor Learning Opportunities				Splash pad
Shade						
		Outdoor Learning Opportunities		Getting Up Close to nature		Thanks for this awesome plan. As a directly impacted neighbor, it feels like our thoughts at the community meeting were considered and executed. Very excited for the finished product!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Very happy to hear that petaluma is considering putting volleyball courts in. the park!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Juegos para infantes o niños pequeños y para niños con necesidades especiales!
Shade			Improving Water Quality	Getting Up Close to nature		We love this park. It's special to our family and live in the neighborhood. Any improvements are great improvements. But please put in a pickleball court.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Beautiful ideas but if it is a hang out for homeless, no one else will hang out there. The city must make a place where homeless can stay where they are not living in and making a mess of our parks.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade						
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators					Make useable for masses. Currently a bypass space. AT THIS TIME great space for trendy food trucks! Dead center of town! Have FUN with City space!
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Yes. I work at the library, and your plan shows a multiuse area where our staff parking lot is. We use the entire lot every day and NEED that space for staff. Please do not get rid of our parking or staff will have to move to patron parking and patrons will be mad they have to walk so far.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			The gophers are a major problem on that parcel. Any redesign needs to deal with the gopher problem or they'll just ruin whatever you build, by continuing to make the ground unstable, creating holes that are tripping hazards, and gnoshing on the new plants.
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Having a space free of encampments and drug paraphernalia would make this park more attractive for our family to use
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators				Beautification of the gateway.	It needs to remain a facility to use in the event of a disaster to include areas for the animals. Also the overall use needs to be inclusive for all ages and abilities.
						Please don't turn this into a place that will be ridiculous art like the "bath tubs". Or a place that is controversial about beliefs, or drag queens or that is controversial in anyway. This needs to be a neutral place of peace!

Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Thinking about permaculture - long term - sustainability of the park, low water use, but also big trees for shade for future kiddos and folks during hot days...
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		The park will need Restrooms. Yay new park! Yeah I'm excited
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
					Nope	Use the fairgrounds as intended. Upgrade what we have. No reason to reinvent the wheel!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				I am concerned about the speed of traffic around the park and ensuring kids are safe
Shade	Habitat for Birds and Pollinators		Improving Water Quality			Kenilworth Park has long been a forgotten place on our East side and still very much used by our community. I grew up playing here and was immensely sad to see the loss of the giant trees (although understanding that they are probably not the right trees in the long-run). There is a need for better access to the park for pedestrians and a redesign of the parking lot, which I refer to as the wild West - it is exciting to see how the park might grow to better serve our community. It is at the heart of Petaluma and deserves to shine - some art and statement of place and representation of the Miwok people would do it a greater justice than her current state. And please consider with compassion and critical thought to the care of our homeless and struggling members of our community who are some of the main park go-ers. In creating a park here it will be vital to understand this and not act surprised later when people for whom this park is some form of home, continue to enjoy the park. And please heartily consider a skate rink area!
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade				Getting Up Close to nature		Don't separate the swings from the rest of the play area, as pictured parents may not be able to see their child from one area to the other.
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Leave it alone
Shade	Habitat for Birds and Pollinators		Improving Water Quality	Getting Up Close to nature		We are near regularly but don't stop. With this plan we would likely use it more.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Looking forward to the improvements. Please have bike racks.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Don't forget benches throughout and ADA walkways are a must. Also, restrooms?? Can't wait for this improved park in Petaluma. I will come much more often with my kids!!!
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators		Improving Water Quality			
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		At least clean it up and maintain it on a regular schedule! It's mostly unsafe due to the homeless population and this should be taken into account

Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				We need a splash pad in our town for kiddos when it's so hot outside
Shade		Outdoor Learning Opportunities	Improving Water Quality			Due to the high volume of traffic near the park, I would hope that there is a plan to have a low wall, fence, or bush wall separating the area from the road.
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Sad about the loss of the mature shade trees and the degeneration of the sand volleyball area... Hoping to see shade trees and sandy area in the new park!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Keeping it safe for families would need to be a priority, as well as keeping it clean. We need to prevent it from becoming just another place for our growing unhoused population if you want families to visit. This area is notorious for unhoused individuals which is why we presently dont feel safe taking children there
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade						
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		It should be well lit so it's safe and have restrooms
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		I like the idea of different areas set up for different ages and multi use courts and outdoor events. We live so close and it will be great to be able to have a good park
Shade						
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Please put in a splash pad, Petaluma doesn't have one and we have been asking for years.
Shade			Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				Please include water features, ie fountains, ponds, etc
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality			This is so exciting! Please put lights at the basketball court.
Shade			Improving Water Quality	Getting Up Close to nature		The new tunnel tops park in SF is a great model for play areas that facilitate connecting to nature. Am so excited at the idea of bringing something like this to Petaluma!
	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature		Thank you for working to improve this important part of Petaluma!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		It is great to see this project is happening!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				PLEASE include wheelchair friendly features. One play element with a tie down option. No bark or sand that wheelchairs can't get through. And shaded areas to sit are crucial.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade						Please make it a safe and clean environment. Our family visits the library weekly, and the odor of human waste is a real detractor for spending time in the library/garden/park, as is the challenge of the shelter less who are sadly often unfriendly to the library patrons and garden visitors.

Shade	Habitat for Birds and Pollinators		Improving Water Quality		
Shade	Habitat for Birds and Pollinators		Improving Water Quality		Keeping homeless out of the park
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities			Have dog play area as there is no good play area for both kids and dogs
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	We would love this as a theme for the family - heart for the family from the heart of petaluma
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	Very excited to see this come to life!
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	Appropriate fencing to protect children from the busy adjacent streets.
Shade		Outdoor Learning Opportunities		Getting Up Close to nature	
Shade				Getting Up Close to nature	The concern I would have is the homeless community leaving behind bodily fluids (we've seen) and needles. When planning the park the city needs to consider what areas they add so the homeless community isn't using and sleeping in those areas at night that would put the children in danger during the day.
Shade					Keep the homeless and needles out of the park. Keep it well lit. Signs posted no camping / trespassing, NO smoking or drug use at ALL
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities		Getting Up Close to nature	Please have things for older kids to do. Teen center should be open, thanks. Park should be cleaned daily and check for needles, condoms, hazards.
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	The design looks great! But I think the play area and swings need to be next to each other, not separated by trees
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature	An attractive fence around playground area, shade and seating (benches) in playgrounds and walkways/bikeways from sidewalks to various parts of the park.

						To be successful, the Park #1 needs to be a safe space. This design puts the play components near the center (to protect the users?) and creates a large buffer to the adjacent streets and sidewalk. The design should consider the sidewalk user and include design features along it that are inviting and useful. This might be a parallel non paved path that weaves along the bioswale or stepping stones, benches, art elements, etc. The sidewalk should be integrated into the park, and the paths that bicycles use should be wider to discourage conflict. Look at the Southeast Community Center in SF https://sfpub.org/learning/come-visit/southeast-community-center?utm_source=ClearChannel&utm_medium=Bus-Shelter&utm_campaign=SECC_Cafe that is interactive with the streetfront. Where is the connection to transit and other modes? Good start for south side, north side nonexistent. Thanks for opportunity to input.
Shade					Why is the river theme limited to an arc on the south side? The river theme, bioswales and design elements should carry through to E Washington frontage. This design is only half a job.	
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		
Shade				Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Fenced Play area would be ideal for that location

Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities				
Shade	Habitat for Birds and Pollinators					
Shade	Habitat for Birds and Pollinators					I would have liked to have seen this update proposal in conjunction with long term fairgrounds planning but understand that they are on two different planning timeline trajectories
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		We need to think about our homeless population and being sure that they are not living at these structures. Currently there are 4-5 homeless folks living at and around the teen center.
Shade						This looks great. We don't use the park currently because we aren't comfortable bringing our kid to that space. I appreciate the plan, and we also need to find safe spaces for people who don't have homes. I don't have a solution. All I can do is wish you luck as you try to realistically juggle priorities.

Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		Growing up in Petaluma, this park used to have giant slides. As a kid, we requested the slide park. Would love to see some fun slides brought back.

Shade		Outdoor Learning Opportunities	Improving Water Quality			Love all of this!!! Cannot wait to see it all come together.

Shade	Habitat for Birds and Pollinators			Getting Up Close to nature		
Shade		Outdoor Learning Opportunities		Getting Up Close to nature		Currently it does not feel safe because if all the homeless around. Please make sure you address this issue in your plans
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Native plants please for the pollinators!
Shade	Habitat for Birds and Pollinators	Outdoor Learning Opportunities	Improving Water Quality	Getting Up Close to nature		Climbing
Shade	Habitat for Birds and Pollinators					I'm not sure why you think that improving this park will keep the homeless out of it or the drug deals out of it. You're going to pay a lot of money to have a really nice park that still nobody will use
Shade		Outdoor Learning Opportunities	Improving Water Quality			
Shade				Getting Up Close to nature		Please keep the area safe & clear of needles & trash - the main reasons our family doesn't visit that area.
