

LANCE KUEHNE

Age: 63

Occupation: Photographer, Teacher, Businessperson

I want to improve Petaluma's quality-of-life and ensure a vibrant future. We need safe streets, improved parks and pathways, and protection of our greenbelts. We need vision in our planning for a sense of place, and we need a government that listens.

We must protect our city's unique character and exceptional architecture; I am against a six-story overlay in our historic downtown.

I support turning the upper Petaluma River into a park for the benefit of all, and I will make sure the public is involved with any changes to our Fairgrounds. I support affordable infill housing, and I will push for design guidelines so that new developments look beautiful and fit in with our existing architecture.

My wife and I have lived in Petaluma for 22 years. I ran the Riverfront Art Gallery in downtown Petaluma for 15 years, and I taught at Petaluma High, so I am familiar with Petaluma's history, business environment, and its schools.

I've worked on many campaigns and have been involved with various nonprofits in town. I know how our city operates and the issues we face, and I would be honored to have your vote to preserve what makes Petaluma special.
