

CITY OF PETALUMA
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
AMENDED CITIZEN PARTICIPATION PLAN 2024

First Modified January 27, 2021

Draft for March 7th 2024

INTRODUCTION

The City of Petaluma receives an annual entitlement grant under the federal government Community Development Block Grant (CDBG) program. As a requirement for receiving these entitlement grants, Title I of the National Affordable Housing Act mandates that jurisdictions prepare:

1. A five-year Consolidated Plan (Con Plan) and Consolidated Annual Action Plan (Annual Action Plan or AAP) that identify the local community development needs and set forth a funding strategy to address those needs. The purpose of the Consolidated Plan (Con Plan) is to state, in one document, the jurisdiction's plan to pursue the CDBG program's goals of developing viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities principally for low- and moderate-income persons.
2. A Consolidated Annual Performance Evaluation Report (CAPER) that assesses the jurisdictions annual achievements relative to the goals described in the Consolidated Plan and is the last step in the annual process.
3. Assessment of Fair Housing (AFH) is an analysis of fair housing data, an assessment of fair housing issues and contributing factors, and identification of fair housing priorities and goals. The AFH analyzes fair housing issues in the City and surrounding region, which results in goals the City sets forth to achieve over its planning cycle and can be found on the city housing webpage at: <https://cityofpetaluma.org/housing-reports-documents/>.
4. The Citizen Participation Plan (CPP) describes the City's process to facilitate and engage citizens to participate in an advisory role in the planning, implementation, and assessment of the Consolidated Plan and Annual Action Plans (Action Plan).

The March 2024 Citizen Participation Plan amends the 2011 Plan and modifies the 2021 Citizen Participation Plan to more fully describe the actions that Petaluma will take to support the participation of all residents of the City.

Below are some ways of the ways we strive for inclusivity in our communications:

ADA Compliance

From our website to our public meetings to our social media channels, we strive to be compliant with the Americans with Disabilities Act (ADA) Standards for Accessible Design. These standards require organizations to offer and maintain websites that people with disabilities can use and access. We welcome your feedback on how we can continue to improve: econdev@cityofpetaluma.org.

Spanish Translations

Petaluma is proud to be home to a large Spanish-speaking population. It is our pleasure to make much of our city communications (like emails, website content, social media posts, and flyers) available in both Spanish and English so each of our community members has access to important information. Key public meetings are also broadcast in both Spanish and English. Additionally, we have equipped our website with a translate button to easily turn English to Spanish.

Consolidated Plan and Annual Action Plan

To identify the needs of low- and moderate-income persons of the City, priorities will be established based on housing and community development needs. To solicit community input, the following will occur:

The final documents will have a section that includes all comments, plus explanations as to why any comments were not accepted.

The Role of Low-Moderate Income Programs and Services

The law requires that the primary purpose of the programs covered by this Citizen Participation Plan is to improve communities by providing decent housing, a suitable living environment, and growing economic opportunities – all focused on providing services for low- and moderate-income people.

To ensure programs are meeting the needs of the low and moderate income households in the community, it is necessary that the city's public participation include all members of the community but specifically to ensure that low to moderate income households with lived experience are encouraged to participate and are involved at all stages of the process:

- Identifying needs
- Setting priorities among those needs
- Monitoring program implementation

Diversity, Equity, Inclusion and Belonging in Action

The City of Petaluma prioritizes fostering a prosperous, healthy, and equitable community. Embracing diversity, equity, inclusion and belonging (DEIB) in all policies, programs, and services is essential to our success. City employees from various departments are participating

in internal DEIB training. We actively listen, take action, and remain committed to advancing inclusivity, ensuring a safe environment for all Petaluma residents.

To review the ways we support inclusivity in communications please see the section Public Participation found on pages 3 and 4 of this document or visit the city DEIB webpage at:

<https://cityofpetaluma.org/departments/diversity-equity-inclusion-and-belonging/>

The Stages of the Consolidation Plan Process

The policies and procedures in this Citizen Participation Plan relate to several stages of action mentioned in law or regulation:

1. Identification of housing and community development needs
2. Preparation of a draft use of funds for the upcoming year (the Annual Action Plan) and the Consolidated Plan every five years
3. Formal approval of the Annual Action Plan by the Petaluma City Council
4. On occasion during the Plan year, it may prove necessary to redirect funds already approved in the Action Plan. In that event, an amendment will be proposed, considered, and acted upon by the Authorizing Official (the City Manager) or the City Council.
5. After a program year is complete, the CAPER is drafted for public review, City Council review, and submittal to HUD.

The Program Year

The “Program Year” for the City of Petaluma coincides with our fiscal year, July 1 through June 30.

When non-English speaking residents are expected to attend a public hearing, upon request, the City will supply interpreter services from appropriate service organization assisting such persons.

Upon Request, the City will provide sign language interpreters, materials in accessible formats for the visually impaired, or ensuring virtual participation options for those unable to attend in person.

Beginning March 1, 2023, all committee and commission meetings will be held in-person in the same manner they were prior to when the COVID-19 emergency protections went into effect. City Council meetings are currently being held in a pilot hybrid format. At this time, the City is temporarily suspending virtual participation (comments) by Zoom at City Council meetings and will re-evaluate it at a future date. Members of the public attending through Zoom will be able to observe the meeting only and will not be able to provide comments through Zoom. Members of the public who are unable to attend in-person, but who still wish to comment on items may submit their comments to the City Clerk at cityclerk@cityofpetaluma.org.

Information on how to join a City Council meeting via Zoom is published at the top of the agenda for each meeting. Public meetings may also be viewed on the Public Access channel. Local channels are not currently available on Satellite/DISH Networks. We will be recording each meeting and the recording is available to the public on the city webpage at <https://cityofpetaluma.org/meetings/>.

Allowance of Virtual Meetings During a Public Emergency

In case of an unexpected and uncontrollable circumstance that makes holding in-person public gatherings unfeasible or ill-advised, like during a natural disaster or a pandemic, the City of

Petaluma encourages the public to view City Council and commission meetings online instead of attending in person. Members of the Public who wish to comment on matters before the Council, in lieu of attending in person, may submit comments.

Virtual hearings will provide reasonable notification and access for citizens, timely responses from local officials to all citizen questions and issues, and public access to all questions and responses. In addition, accommodations for people with disabilities and people with limited English proficiency will be made available to the greatest extent possible. Beginning March 1, 2023, all committee and commission meetings will be held in-person in the same manner they were prior to when the COVID-19 emergency protections went into effect. City Council meetings are currently being held in a pilot hybrid format, allowing live public participation via Zoom as well as in-person in the Council Chamber. The hybrid format is a pilot project and not yet available for committee or commission meetings. The public may watch the live stream video of committee and commission meetings from the City website but will need to submit public comments in writing prior to the meeting or attend in-person to provide oral comments.

City Council meetings are currently being held in a pilot hybrid format, allowing both in-person participation and virtual observation. At this time, the City is temporarily suspending virtual participation (comments) by Zoom at City Council meetings and will re-evaluate at a future date. Members of the public attending through Zoom will be able to observe the meeting only and will not be able to provide comments through Zoom. Members of the public who are unable to attend in-person, but who still wish to comment on items may submit their comments to the City Clerk at cityclerk@cityofpetaluma.org.

Information on how to join a City Council meeting via Zoom is published at the top of the agenda for each meeting. It is a good idea to set yourself up to attend the meeting in advance.

If you are having trouble streaming a live meeting, try tuning into our local Public Access channel. Petaluma Community Access broadcasts on Comcast and Petaluma's local channels 26, 27, and 28. With AT&T U-Verse, PCA's channels are accessible through channel 099. Local channels are not currently available on Satellite/DISH Networks. We will be recording each meeting and making that recording available to the public even if it is not available for live streaming.

The Conduct of Public Hearings

To ensure that public hearings are meaningful to the residents, each public hearing will be conducted in the presence of the Mayor and City Council. After completing and submitting a brief speaker's card, each resident wishing to speak will be given 3 minutes to do so.

Public Comment for items not on the agenda takes place at the beginning of the Council meeting. Public Comment on agenda items takes place before each item on the agenda. If you wish to speak, you must fill out a Speaker Card (available at the rear of the Council Chambers) and give it to the City Clerk before the Public Comment period starts.
