This median income schedule is based on the FY 2019 median household income for Petaluma as determined by the United States Department of Housing and Urban Development ("HUD"). Household income is adjusted for family size in accordance with HUD standard adjustment factors. The current median income became **effective on April 24, 2019.** For questions concerning income limits or local housing information, call Sue Castellucci at (707) 778-4563.

The HUD definition of “affordable housing:” Low and moderate income households should spend no more than 30% of their income on housing.
