

Public Works & Utilities

B Street Sewer Replacement B St, 5th St, E St, Hinman Lane Petaluma, CA

Public Works & Utilities provides creative and responsible stewardship of the City infrastructure and water resources.

Project Number C66401941

Project Description

The project will remove and replace existing sewer main lines on B Street, E Street, 5th Street and Hinman Lane. The project will also include upgrading an existing water main for fire flow capacity, and pavement rehabilitation on all impacted streets.

Project Status

Construction estimated to begin by end of August 2019 and end within 100 days.

Engineer's Estimate

\$2,400,000

City Contact

(707) 778-4589

Bid Opening

June 13, 2019

City Council Award

July 15, 2019

Project Manager

Dan Herrera, P.E.

Traffic Impact

Construction work will take place from late-August to December. A lane will be open in each direction and affected by sporadic delays. All traffic restrictions will be posted for drivers with signage. Ingress and egress to homes and businesses will be maintained.

Drivers are recommended to use surrounding streets to navigate around downtown.
