

Public Works & Utilities

Pavement Restoration 18/19 Sonoma Mountain Parkway Reconstruction

Petaluma, CA

Public Works & Utilities provides creative and responsible stewardship of the City infrastructure and water resources.

Project Number C16101823

Project Description

The project includes the full reconstruction of Sonoma Mountain Parkway beginning at Corona Road and ending at Campus Circle Drive. Also included is the pavement section from Wyndham Way to East Washington Street. Associated work will include replacing curb ramps, signal upgrades and improved striping.

Current Project Status: Starting June 3, traffic will be shifted to one side of SMP and one lane provided in each direction and one side of SMP will be reconstructed at a time. Access will be limited and detours will be in place. Thank you for your patience and please respect the construction speed zone.
