

# Smart Irrigation Controller Rebate Program Rules

A weather-based irrigation controller, or Smart Controller, is an effective technology for reducing water usage outdoors, replacing the standard automatic timer that controls landscape sprinkler systems. Unlike a standard automatic timer that turns water on at set intervals regardless of plant needs, a Smart Controller uses weather data and site information such as plant type and sprinkler system output to adjust watering times and frequency. This provides more efficient watering, reduces water run-off and improves the health of your landscape.

This technology is more expensive than the standard equipment found in most homes today. In order to make this technology more accessible, the City of Petaluma will provide a rebate for the purchase of a Smart Controller. A limited number of rebates are available on a first-come, first-served basis while funding lasts.

I am the owner of the above described property. In exchange for rebating to me certain costs specified in the Smart Irrigation Controller Program Rules, I agree to install, maintain, and manage the use of the Smart Irrigation Controller (Smart Controller) for a minimum of two (2) years. During this two-year period, I agree to allow Sonoma County Water Agency and Water Provider staff to monitor my water usage through billing data. I also give the Sonoma County Water Agency and Water Provider permission to enter and to be on my property for the purpose of conducting the mandatory installation verification and reviewing and/or modifying the Smart Controller programming. I agree that participation in this program does not exempt me from any water use ordinances that may become or are already in effect, including imposed landscape watering restrictions during periods of drought. I, the property owner am responsible for complying with all ordinances and restrictions.

I agree on behalf of myself, and my heirs, executors, legal representatives, and assigns, to release, defend, indemnify, protect, and hold harmless the Sonoma County Water Agency (SCWA) and Water Provider, their agents, officers, and employees, from and against any and all costs or expenses, including attorneys' fees, and all claims asserted or liability established for costs or expenses including attorneys' fees, and/or damages or injuries to any persons or property, or from conditions on my property arising out of or in connection with the Smart Irrigation Controller Rebate Program; provided, however, that my duty to indemnify and hold harmless shall not include any liability arising from the established sole negligence or willful misconduct of SCWA or Water Provider, their agents, officers or employees, in performing the above described work or services for me.

I agree that SCWA and Water Provider have the right to deny any application for the following two reasons: (1) SCWA and/or Water Provider lack sufficient funds to honor the rebate, or (2) the rebate application does not meet all program requirements as specified in the Rebate Program Rules. I have read, understand and agree to the terms and conditions above and as specified in the Program Rules in the program description included as part of this application.
