**REQUEST FOR PROPOSAL
FOR A FLOATING SOLAR ARRAY
AT THE ELLIS CREEK WATER RECYCLING FACILITY
FOR THE CITY OF PETALUMA**

The City of Petaluma is soliciting responses from consultants for professional services to provide the design, construction, financing, operation, monitoring and maintenance of a floating photovoltaic power system at the Ellis Creek Water Recycling Facility pond #3. The City is not interested in pursuing battery storage at this time.

The services include:

- Reviewing the electrical building layout and existing switchgear, electrical system, energy use data, terrain between the ponds and the electrical building, and the retention pond size, embankment, orientation and existing operational equipment.
- Providing recommendations of floating solar array size, orientation, efficiency, connection, longevity, tethering and anchoring.
- Designing the floating solar array in accordance with the measures detailed by all applicable codes.
- Reviewing existing facilities and planned projects for the most seamless fit into the current water recycling facility operations.
- Calculating floating solar array energy production, energy offset, demand offset/reduction, Power Purchase Agreement per kWh fee (inclusive of initial capital purchase and installation, system maintenance costs, equipment failure/replacement, system optimization, and all labor necessary to accomplish these tasks), and charting year-round solar production as compared to historical electrical usage.
- Preparing environmental documents for approval, documents for review & approval by additional agencies, design documents suitable for building permit review, product specifications and construction documents suitable for construction.
- Reviewing the intended project scope and enhancing the project based on industry expertise.
- Adhering to all local ordinances and State Labor Codes requiring Contractor Licensing, Contractor Registration, Fair / Livable Wages, and Department of Industrial Relations Registration.

Specific requirements for the response are defined as follows.

1.0 RESPONSE REQUIREMENTS

1.1 Cover Letter

The cover letter shall be signed by an official authorized to bind your firm and contain a statement that the information included in the response is valid for one hundred and twenty (120) days.

ATTACHMENT A

1.2 Introduction

Provide an overview of the project, including a brief description of your understanding of the services to be provided, the project's objective, and your approach to accomplishing the objectives.

1.3 Project Management Approach

Describe your approach for managing projects, budgets, schedules, quality control, and maintaining communication with the City.

1.4 Technical Approach/Scope of Work

Describe your technical approach for completing the project phases. Identify and detail specific tasks as necessary to complete the work. Respondents are encouraged to amplify the scope of work, identify any supplemental tasks necessary, and recommend any alternatives, enhancing the project or reducing costs.

Provide with your response an aerial diagram of the ponds with sufficient detail to show the total quantity of modules expected in their completed array, the tethers to the pond banks, the anchor within the bank, and any offset from existing equipment.

Provide with your response a proposed technical drawing of how the tethers are anchored on the bank. Describe how the tethers can adapt to a higher bank if the City needs to raise the banks as high as five feet to create additional pond storage capacity.

Provide with your response an aerial diagram of the inverter location, a single line path of connection to electrical room and meter, specifically calling out whether the connection is overhead or buried or in the case of both conditions, where the connection moves from one elevation to another and a diagram of how the change is made. Include details related to traversing the two creeks located between the ponds and the electrical room. Note that the Ellis Creek Water Recycling Facility has a preference for underground conduit installation.

Provide details applicable to the electrical conduit installation method and depths or heights, the main switchgear modifications, inverter installation, any required sub-meters or solar system monitoring equipment.

Provide a Milestone Schedule which includes an estimated start and end date of every activity required within the project starting with contract negotiations and ending with the estimated date of system operation. The City anticipates that these may be some, but not all, of the overall project activities: Design, PG&E Application, CEQA Approval, Permit Approval, Construction, Construction 50% Complete, Construction Completion, Testing, On-line and Operational.

Provide with your response a description of the ongoing maintenance activities over the life of the solar array and the frequency of activities and site visits. Describe the impacts to the Ellis Creek Water Recycling Facility during maintenance / replacement / improvement activities.

1.5 Experience and Qualifications

Describe the proposed personnel's qualifications for conducting the proposed work. Identify the key personnel and why they were selected for your team. For each proposed key person, provide a brief description of three projects where that person provided similar services in the last three

ATTACHMENT A

years. For each of the three projects referenced, provide the date when the service was provided, the client's name, contact name, address, and contact telephone number. These references will be contacted, so accurate and current phone numbers must be provided. Providing inaccurate information will adversely reflect on the quality of the response. Resume's may be attached as an additional appendix to your written response.

Please develop a proposal based upon the conditions and requirements of this RFP. If your team chooses to provide an alternate proposal which amplifies the scope and provides additional information your firm is aware of that may not be expressly requested below, your team may do so, provided the base proposal is submitted.

Describe your firm's previous experience developing, designing, constructing, and installing a floating solar system. Please include the total kWh size and the industry your customer works in. Please include the state of installation.

Describe the anticipated construction process at the Ellis Creek Water Recycling Facility. Describe the electrical connection to the main switchgear, the required laydown area, the component assembly process and any other details, including construction management, to fully explain the construction impacts to the overall plant operations.

Describe the purchasing process of all the components required to create the overall system. Describe the storage, delivery and site mobilization process.

Describe the system start up process after installation is complete.

Describe the anticipated impacts of all project phases to the Ellis Creek Water Recycling Facility.

Describe the regulatory requirements to be met for a project of this size. Describe how the project could be developed so the City of Petaluma can operate under the PG&E NEM 2.0 program.

Describe the process of incorporating the California Labor Code requirements of Sections 1770, 1775, 1777.5, and 1810-1815 into the project agreement.

Describe the process of installing in 2023-2024. The City of Petaluma has scheduled projects for the water recycling facility and may require the solar installation to follow the other scheduled improvements.

1.6 Fee Schedule

In a separate email to the City Clerk include your firm's current fee schedule for all relevant positions within your firm. Include all other reimbursable fees and expenses and mark-up on other direct costs.

2.1 Term. The Initial Term is as specified in the Special Conditions.

2.2 Early Termination.

(a) Purchaser may terminate this Agreement prior to any applicable Expiration Date for any reason upon sixty (60) days’ prior written notice. If Purchaser terminates the Agreement prior to the Expiration Date of the Initial Term, Purchaser shall pay, as liquidated damages, the Early Termination Fee set forth on Schedule 3, Column 1 of the Special Conditions, and Provider shall cause the System to be disconnected and removed from the Premises in accordance with Section 2.4. Upon Purchaser’s payment to Provider of the Early Termination Fee, this Agreement shall terminate automatically.

1 of the Special Conditions), (ii) terminate this Agreement with no liability whatsoever, including, but not limited to the Early Termination Fee, if Provider fails to commence construction of the System by the date that is ninety (90) days after the Guaranteed Construction Start Date, or (iii) if Provider fails to achieve Commercial Operation by the Guaranteed Commercial Operation Date, be entitled (as its sole remedy) to Delay Liquidated Damages not to exceed \$15/kW (DC) of the estimated nameplate capacity of the System (as set forth in Schedule 1 of the Special Conditions), plus (if Installation Work had commenced at the Premises as of the date of termination) any costs reasonably incurred by Purchaser to return its Premises to its condition prior to commencement of the Installation Work. Further, Purchaser may terminate this Agreement with no liability whatsoever, including, but not limited to the Early Termination Fee, if Provider fails to commence Commercial Operation by the date that is sixty (60) days after the Guaranteed Commercial Operation Date. The Guaranteed Construction Start Date and Guaranteed Commercial Operation Date shall be extended on a day-for-day basis if any of the following occurs: (x) notwithstanding Provider's commercially reasonable efforts, interconnection approval is not obtained within sixty (60) days after the Effective Date, provided that interconnection applications are submitted within 45 days of the later of (a) the Effective Date and (b) finalization of the System layout, (y) a Force Majeure Event occurs or for any delays by the Local Electric Utility or (z) an occurrence of any other unforeseeable event outside of Provider's reasonable control, provided that Provider makes reasonable efforts to mitigate the impact of such events on the Guaranteed Construction Start Date or Guaranteed Commercial Operation Date (as applicable). Any such extension pursuant to subsection (z) shall be subject to the approval of Purchaser which shall not be unreasonably withheld, conditioned or delayed.

2.3 Purchase Option.

(i) On any Purchase Date, so long as a Purchaser Default shall not have occurred and be continuing, Purchaser has the option to purchase the System for a purchase price (the "Option Price") equal to the greater of (a) the Fair Market Value of the System as of the Purchase Date, or (b) the Early Termination Fee as of the Purchase Date, as specified in Schedule 3, Column 2 of the Special Conditions. To exercise its purchase option, Purchaser shall, not less than one hundred and eighty (180) days prior to the proposed Purchase Date, provide written notice to Provider of Purchaser's intent to exercise its option to purchase the System on such Purchase Date. Within thirty (30) days of receipt of Purchaser's notice, Provider shall specify the Option Price, and provide all calculations and assumptions supporting said Option Price to Purchaser. Purchaser shall then have a period of thirty (30) days after notification to confirm or retract its decision to exercise the purchase option or, if the Option Price is equal to the Fair Market Value of the System, to dispute the determination of the Fair Market Value of the System. In the event Purchaser confirms its exercise of the purchase option in writing to Provider (whether before or after any determination of the Fair Market Value determined pursuant to Section 2.3(ii)), (i) the Parties shall promptly execute all documents necessary to (A) cause title to the System to pass to Purchaser on the Purchase Date, free and clear of any Liens, and (B) assign all vendor warranties for the System to Purchaser, and (ii) Purchaser shall pay the Option Price to Provider on the Purchase Date, such payment to be made in accordance with any previous written instructions delivered to Purchaser by Provider or Provider's Financing Party, as applicable, for payments under this Agreement. Upon execution of the documents and payment of the Option Price, in each case as described in the preceding sentence, this Agreement shall terminate automatically. Payment of the Option Price shall be in lieu of and instead of any payments as described in Section 2.2 hereof. In the event Purchaser retracts its exercise of, or does not timely confirm, the purchase option, the provisions of this Agreement shall be applicable as if Purchaser had not exercised any option to purchase the System.

(ii) Determination of Fair Market Value. If the Option Price indicated by Provider in accordance with Section 2.3(i) is equal to the Fair Market Value (as determined and demonstrated by supporting documentation provided by Provider) and Purchaser disputes such stated Fair Market Value within thirty (30) days of receipt of such notice from Provider, then the Parties shall mutually select an independent appraiser with experience and expertise in the Energy Services industry. Such appraiser shall have expertise and experience in valuing photovoltaic systems, resale markets for such systems and related environmental attributes, and shall act reasonably and in good faith to determine Fair Market Value and shall set forth such determination in a written opinion delivered to the Parties. The valuation made by the appraiser shall be binding upon the Parties in the absence of fraud or manifest error; however, if Purchaser in good faith disputes the valuation made by the appraiser, Purchaser shall have the right to retract its decision to exercise the Purchase Option. The costs of the appraisal shall be borne by Purchaser if such appraisal results in a value equal or greater than the value provided by Provider pursuant to Section 2.3(i); otherwise, the Parties shall equally share such cost.

2.4 Removal of System at Expiration. Subject to Purchaser's exercise of its purchase option under Section 2.3, upon the expiration or earlier termination of this Agreement, Provider shall, at Provider's expense, remove all of its tangible property comprising the System from the Premises on a mutually convenient date but in no case later than ninety (90) days after the Termination Date. The Premises shall be returned to its original condition, except for System mounting pads or other support structures on roof-mounted systems only, and ordinary wear and tear. If the System is to be located on a roof, then in no case shall Provider's removal of the System affect the integrity of Purchaser's roof, which shall be as leak proof as it was prior to removal of System (other than ordinary wear and tear). For purposes of Provider's removal of the System, Purchaser's covenants pursuant to Section 7.2 shall remain in effect until the date of actual removal of the System. Provider shall leave the Premises in neat and clean order. If Provider fails to remove or commence substantial efforts to remove the System by such agreed upon date, Purchaser shall have the right, at its option, to remove the System to a public warehouse and restore the Premises to its original condition (other than System mounting pads or other support structures and ordinary wear and tear) at Provider's reasonable cost.

2.5 Conditions Prior to the Commercial Operation Date.

(a) In the event that any of the following events or circumstances occur prior to the Commercial Operation Date, Provider may (at its sole discretion) provide notice that it is terminating this Agreement, in which case neither Party shall have any liability to the other except for any such liabilities that may have accrued prior to such termination, including but not limited to Provider's restoration of the Premises in accordance with Section 2.4:

(i) Provider determines that the Premises, as is, is insufficient to accommodate the System or unsuitable for construction or operation of the System.

(ii) There exist site conditions (including environmental conditions) or construction requirements that were not known as of the Effective Date and that could reasonably be expected to materially increase the cost of Installation Work or would adversely affect the electricity production from the System as designed.

(iii) There is a material adverse change in the regulatory environment, incentive program or federal or state tax code (including the expiration of any incentive program or tax incentives in effect as of the Effective Date) that could reasonably be expected to adversely affect the economics of the installation for Provider and its investors.

(iv) Provider is unable to obtain financing for the System on terms and conditions satisfactory to it.

(v) Provider has not received: (1) a fully executed a license in the form of Exhibit A of these General Conditions from the owner of the Premises (if the Purchaser is a tenant), (2) a release or acknowledgement from any mortgagee of the Premise, if required by Provider's Financing Party, to establish the priority of its security interest in the System, and (3) such other documentation as may be reasonably requested by

ATTACHMENT F

Provider to evidence Purchaser's ability to meet its obligations under Section 7.2(d)(ii) to ensure that Provider will have access to the Premises throughout the Term.

(vi) There has been a material adverse change in the rights of Purchaser to occupy the Premises or Provider to construct the System on the Premises.

(viii) Purchaser has determined that there are easements, CCRs or other land use restrictions, liens or encumbrances that would materially impair or prevent the installation, operation, maintenance or removal of the System.

(ix) There has been a material adverse change in Purchaser's credit-worthiness.

(b) If any of the conditions set forth in Section 2.5(a) are partly or wholly unsatisfied, and Provider wishes to revise the information in the Special Conditions, then Provider may propose modifications to the Special Conditions for acceptance by Purchaser. If Purchaser does not accept such modified Special Conditions, Provider may terminate this Agreement as provided in Section 2.5(a) and shall restore the Premises in accordance with Section 2.4. If Purchaser accepts such revised Special Conditions, such revised Special Conditions shall be deemed an amendment of this Agreement, and this Agreement shall remain in force and effect upon execution by both Parties.

2.6 Co-Located Systems. With respect to any Systems that are co-located at the same Premises and connected to the same meter, the Parties acknowledge that the Systems are intended to be owned and operated as one integrated system, and that the Energy Services Payment (a) represents the added value of integrating the Systems to enable Provider's delivery of the Energy Services pursuant to the Agreements when needed by Purchaser, and (b) is a component part of the total consideration payable to Provider in exchange for Provider's comprehensive duties under this Agreement and the Agreement(s) related to the other co-located System(s). Accordingly, the Parties further agree (x) to treat the Systems as one integrated system for all purposes, and (y) that any right or option that is exercised with respect to the System or this Agreement, whether in respect of early termination, purchase option or otherwise, shall also be exercised with respect to the Agreement(s) related to the other co-located System(s).

3. CONSTRUCTION, INSTALLATION AND TESTING OF SYSTEM.

3.1 Installation Work. Provider will cause the System (by using one or more qualified contractors holding the appropriate licenses required in the jurisdiction where the System will be installed) to be designed, engineered, installed and constructed substantially in accordance with Schedule 1 of the Special Conditions and Applicable Law. At its request, Purchaser shall have the right to review all construction plans and designs, including engineering evaluations of the impact of the System. Provider shall perform the Installation Work at the Premises between the hours of 7:00 a.m. and 7:00 p.m. in a manner that minimizes inconvenience to and interference with the use of the Premises to the extent commercially practical. Provider acknowledges and will comply with Purchaser's requirements for access to secure facilities, such as the (enter site locations here).

3.2 Approvals; Permits. Purchaser shall assist Provider in obtaining all necessary consents, approvals and permits required to perform Purchaser's obligations under this Agreement, including but not limited to those related to the Local Electric Utility, any Governmental Approval, and any consents, waivers, approvals or releases required pursuant to any applicable contract or CCR.

3.3 System Acceptance Testing.

(a) Provider shall conduct testing of the System in accordance with such methods, acts, guidelines, standards and criteria reasonably accepted or followed by providers of Energy Services similar to those provided by the System in the United States. Provider shall provide Purchaser with reasonable advanced notice of such testing and shall permit Purchaser or Purchaser's representative to observe such testing. Purchaser's observation of such testing shall not be construed as or deemed an approval of such testing or test results.

(b) If the results of such testing indicate that the System is capable of providing the Energy Services, using such instruments and meters as have been installed for such purposes, and the System has been approved for interconnected operation by the Local Electric Utility ("Commercial Operation"), then Provider shall send a written notice to Purchaser to that effect, and the date of such notice shall be the "Commercial Operation Date".

4. SYSTEM OPERATIONS.

4.1 Provider as Owner and Operator. The System will be owned by Provider or Provider's Financing Party and will be operated and maintained and, as necessary, repaired by Provider at its sole cost and expense; provided, any repair or maintenance costs incurred by Provider as a result of Purchaser's negligence or breach of its obligations hereunder shall be reimbursed by Purchaser.

4.2 Metering. Provider shall install and maintain a utility grade kilowatt-hour (kWh) meter for the measurement of electrical energy provided by the System and may, at its election, install a utility grade kilowatt-hour (kWh) meter for the measurement of electrical energy delivered by the Local Electric Utility and consumed at the Premises. Such meter(s) shall meet the general commercial standards of the solar photovoltaic industry or the required standards of the Local Electric Utility.

4.2.1 Meter Testing.

(a) Provider shall provide certificates of calibration for all meters prior to the time of their installation, no meter will be placed in service for which Provider has not provided certificates of calibration. Provider shall test or arrange for all meters to be tested in accordance with the meter manufacturer's recommendations. Provider shall bear all costs and expenses associated with each meter testing. Purchaser shall be notified at least ten (10) days in advance of such testing and shall have the right to be present during such tests. Provider shall provide Purchaser with detailed written results of all meter tests.

(b) Provider shall test or arrange for meter inspection and testing bi-annually when performing System operations and maintenance.

(a) If meter testing, as described above demonstrates that a meter was operating outside of its allowable calibrations (+/- 2%), then Provider will pay for the cost of repairs or replacement necessary to restore a meter to proper working order.

(b) If a meter is found to be inaccurate by more than two percent (2%), invoices for the prior six (6) months or from the last date such meter was registering accurately, whichever period is less, shall be adjusted to reconcile the discrepancy and payment for the amount of the adjustment issued by the appropriate party within 45 days, except that Purchaser shall not be obligated to pay interest on any amount found to be due because a meter was operating outside of its allowable calibration (+/- 2%).

4.2.3 Meter Data. Provider shall gather and maintain the data from all meters, including but not limited to, interval data registered at least once every fifteen (15) minutes ("Meter Data"), and shall make such Meter Data promptly available to Purchaser at Purchaser's request.

4.3 System Disruptions. In the event that (a) the owner or lessee of the Premises repairs the Premises for any reason not directly related to damage caused by the System, and such repair requires the partial or complete temporary disassembly or movement of the System, or (b) any act or omission of Purchaser or Purchaser's employees, Affiliates, agents or subcontractors (collectively, a "Purchaser Act") results in a disruption or outage in System production, then, in either case, Purchaser shall (i) pay Provider for all work required by Provider to disassemble or move the System and (ii) continue to make all payments for the Energy Services during such period of System disruption (the "Disruption Period"),

ATTACHMENT F

and (iii) reimburse Provider for any other lost revenue during the Disruption Period, including any lost revenue associated with any reduced sales of Environmental Attributes and any reduced System-based Incentives, if applicable, during the Disruption Period. For the purpose of calculating Energy Services Payments and lost revenue for such Disruption Period, Energy Services for each month of said months shall be deemed to have been produced at the average rate over the same month for which data exists (or, if the disruption occurs within the first twelve (12) months of operation, the average over such period of operation). Notwithstanding the foregoing, Purchaser shall be entitled to exercise its rights under Section 9 (Allowed Disruption Time) of the Special Conditions.

Parties acknowledge that Public Safety Power Shutoff events, (i) as determined necessary by the Local Electric Utility from time to time and (ii) that directly render the Purchaser unable to consume Energy Services during such event, are not "Purchaser Acts" and Provider shall not be entitled to compensation from Purchaser for lost revenue caused by these events.

5.1 Throughout the duration of this Agreement, Provider or Provider's Financing Party shall be the legal and beneficial owner of the System at all times, and the System shall remain the personal property of Provider or Provider's Financing Party and shall not attach to or be deemed a part of, or fixture to, the Premises. The System shall at all times retain the legal status of personal property as defined under Article 9 of the Uniform Commercial Code. Purchaser covenants that it will use reasonable commercial efforts to place all parties having an interest in or lien upon the real property comprising the Premises on notice of the ownership of the System and the legal status or classification of the System as personal property. If there is any mortgage or fixture filing against the Premises which could reasonably be construed as attaching to the System as a fixture of the Premises, Purchaser shall provide, at Provider's request, a disclaimer or release from such lien holder. If Purchaser is the fee owner of the Premises, Purchaser consents to the filing by Provider, on behalf of Purchaser, of a disclaimer of the System as a fixture of the Premises in the office where real estate records are customarily filed in the jurisdiction of the Premises. If Purchaser is not the fee owner, Purchaser will, at Provider's request, use commercially reasonable efforts to obtain such consent from such owner.

5.2 Environmental Attributes And System-Based Incentives. Purchaser's purchase of Energy Services includes Environmental Attributes, but does not include System-based incentives. System-based Incentives shall be owned by Provider or Provider's financing party for the duration of the System's operating life. Purchaser disclaims any right to System-based Incentives based upon the installation of the System at the Premises, and shall, at the request of Provider, execute any document or agreement reasonably necessary to fulfill the intent of this Section 5.2.

6. PRICE AND PAYMENT.

6.1 Consideration. Purchaser shall pay to Provider a monthly Energy Services Payment for the Energy Services provided during each calendar month of the Term as set forth in the Special Conditions.

6.2 Invoice. Provider shall invoice Purchaser on or about the first day of each month (each, an "Invoice Date"), commencing on the first Invoice Date to occur after the Commercial Operation Date, for the Energy Services Payment in respect of the immediately preceding month. The last invoice shall include Energy Services provided only through the Termination Date of this Agreement. Invoices shall state, at a minimum, (i) the amount of actual electricity produced by the System and delivered to the delivery point during the invoice period (if applicable), (ii) the rates applicable to, and any charges incurred by, Purchaser under this Agreement, and (iii) the total amount due from Purchaser.

6.3 Time of Payment. Purchaser shall pay all undisputed amounts due hereunder within thirty (30) days after Purchaser's receipt of an invoice from Provider.

All payments that are not paid when due shall bear interest accruing from the date becoming past due until paid in full at a rate equal to the Stated Rate.

6.5 Disputed Payments. If a bona fide dispute arises with respect to any invoice, Purchaser shall not be deemed in default under this Agreement and the Parties shall not suspend the performance of their respective obligations hereunder, including payment of undisputed amounts owed hereunder. If an amount disputed by Purchaser is subsequently deemed to have been due pursuant to the applicable invoice, interest shall accrue at the Stated Rate on such amount from the date becoming past due under such invoice until the date paid.

7. GENERAL COVENANTS.

7.1 Provider's Covenants. Provider covenants and agrees to the following:

(a) Notice of Damage or Emergency. Provider shall (x) promptly notify Purchaser if it becomes aware of any damage to or loss of the use of the System or that could reasonably be expected to adversely affect the System, (y) immediately notify Purchaser if it becomes aware of any event or circumstance relating to the System or the Premises that poses a significant risk to human health, the environment, the System or the Premises. If Provider breaches its obligations under this Section, it shall (i) immediately notify Purchaser in writing, (ii) promptly cause such Lien to be discharged and released of record without cost to Purchaser, and (iii) defend and indemnify Purchaser against all costs and expenses (including reasonable attorneys' fees and court costs at trial and on appeal) incurred in discharging and releasing such Lien; provided, Provider shall have the right to contest any such Lien, so long as it provides a statutory bond or other reasonable assurances of payment that either remove such Lien from title to the Premises or that assure that any adverse judgment with respect to such Lien will be paid without affecting title to the Premises.

Provider and Purchaser, in performing any of their obligations hereunder, shall be independent contractors or independent parties and shall discharge their contractual obligations at their own risk.

18.11 Successors and Assigns. This Agreement and the rights and obligations under this Agreement shall be binding upon and shall inure to the benefit of Provider and Purchaser and their respective successors and permitted assigns.

18.12 Counterparts. This Agreement may be executed in one or more counterparts, all of which taken together shall constitute one and the same instrument.

18.13 Electronic Delivery. This Agreement may be duly executed and delivered by a Party by execution and facsimile or electronic, "pdf" delivery of the signature page of a counterpart to the other Party.

18.14 Liquidated Damages Not Penalty. Purchaser acknowledges that the Early Termination Fee constitutes liquidated damages, and not penalties, in lieu of Provider's actual damages resulting from the early termination of this Agreement. Purchaser further acknowledges that Provider's actual damages may be impractical and difficult to accurately ascertain, and in accordance with Purchaser's rights and obligations under this Agreement, the Early Termination Fee constitutes fair and reasonable damages to be borne by Purchaser in lieu of Provider's actual damages.

Exhibit A of General Terms and Conditions

Certain Agreements for the Benefit of the Financing Parties

Purchaser acknowledges that Provider will be receiving financing accommodations from one or more Financing Parties and that Provider may sell or assign the System or this Agreement and/or may secure Provider's obligations by, among other collateral, a pledge or collateral assignment of this Agreement and a first security interest in the System. In order to facilitate such necessary sale, conveyance, or financing, and with respect to any such Financing Party, Purchaser agrees as follows:

- (a) **Consent to Collateral Assignment.** Purchaser consents to either the assignment, sale or conveyance to a Financing Party or the collateral assignment by Provider to a Financing Party, of Provider's right, title and interest in and to this Agreement.
- (b) **Notices of Default.** Purchaser will deliver to the Financing Party, concurrently with delivery thereof to Provider, a copy of each notice of default given by Purchaser under this Agreement, inclusive of a reasonable description of Provider default. No such notice will be effective absent delivery to the Financing Party. Purchaser will not mutually agree with Provider to cancel, modify or terminate this Agreement without the written consent of the Financing Party, however, this provision shall not be interpreted to limit any termination rights of either Party as set forth in the Agreement.
- (c) **Rights Upon Event of Default.** Notwithstanding any contrary term of this Agreement:
 - i. The Financing Party shall be entitled to exercise, in the place and stead of Provider, any and all rights and remedies of Provider under this Agreement in accordance with the terms of this Agreement and only in the event of Provider's or Purchaser's default. The Financing Party shall also be entitled to exercise all rights and remedies of secured parties generally with respect to this Agreement and the System.
 - ii. The Financing Party shall have the right, but not the obligation, to pay all sums due under this Agreement and to perform any other act, duty or obligation required of Provider thereunder or cause to be cured any default of Provider thereunder in the time and manner provided by the terms of this Agreement. Nothing herein requires the Financing Party to cure any default of Provider under this Agreement or (unless the Financing Party has succeeded to Provider's interests under this Agreement) to perform any act, duty or obligation of Provider under this Agreement, but Purchaser hereby gives it the option to do so.
 - iii. Upon the exercise of remedies under its security interest in the System, including any sale thereof by the Financing Party, whether by judicial proceeding or under any power of sale contained therein, or any conveyance from Provider to the Financing Party (or any assignee of the Financing Party) in lieu thereof, the Financing Party shall give notice to Purchaser of the transferee or assignee of this Agreement. Any such exercise of remedies shall not constitute a default under this Agreement.
 - iv. Upon any default not reasonably susceptible to cure by a Finance Party, including, without limitation, rejection or other termination of this Agreement pursuant to any process undertaken with respect to Provider under the United States Bankruptcy Code, at the request of the Financing Party made within ninety (90) days of such default, Purchaser shall enter into a new agreement with the Financing Party or its designee having the same terms and conditions as this Agreement.
- (d) **Right to Cure.**
 - i. Purchaser will not exercise any right to terminate or suspend this Agreement unless it shall have given the Financing Party prior written notice by sending notice to the Financing Party (at the address provided by Provider) of its intent to terminate or suspend this Agreement, specifying the condition giving rise to such right, and the Financing Party shall not have caused to be cured the condition giving rise to the right of termination or suspension within thirty (30) days after such notice or (if longer) the periods provided for in this Agreement. The Parties agree that the cure rights described herein are in addition to and apply and commence following the expiration of any notice and cure period applicable to Provider. The Parties respective obligations will otherwise remain in effect during any cure period; provided, if such Provider default reasonably cannot be cured by the Financing Party within such period and the Financing Party commences and continuously pursues cure of such default within such period, such period for cure will be extended for a reasonable period of time under the circumstances, such period not to exceed additional ninety (90) days.
 - ii. If the Financing Party (including any purchaser or transferee), pursuant to an exercise of remedies by the Financing Party, shall acquire title to or control of Provider's assets and shall, within the time periods described in Sub-section (c)(i). above, cure all defaults under this Agreement existing as of the date of such change in title or control in the manner required by this Agreement and which are capable of cure by a third person or entity, then such person or entity shall no longer be in default under this Agreement, and this Agreement shall continue in full force and effect.

Exhibit C of General Conditions

Requirements Applicable to the Installation Work

Section B.1 **Prohibition Against Use of Tobacco.** All properties and facilities owned, leased or operated by the Purchaser are tobacco-free work places. No person on, at or in any Purchaser-controlled property or facility, including, without limitation, the Premises, may smoke, chew or otherwise use tobacco products. Provider shall be responsible for: (i) informing any and all persons present on or at the Premises on account of the Installation Work about the Purchaser's tobacco-free policy; and (ii) strictly enforcing such policy with respect to the Premises. The Purchaser, Provider, and each Subcontractor shall require that any person present on or at the Premises on account of the Installation Work who violates such policy must permanently leave the Premises, and shall prohibit such person from thereafter being present or performing any of the Installation Work on or at the Premises.

Section B.2 **Prohibition Against Use of Drugs.**

(a) **Purchaser Drug-Free Policy.** All properties and facilities owned, leased or operated by the Purchaser are drug-free work places. No person on, at or in any Purchaser-controlled property or facility, including, without limitation, the Premises, may: (i) engage in the unlawful manufacture, dispensation, possession or use, including being under the influence, of any controlled substance, (ii) possess or use any alcoholic beverage, or (iii) use any substance which may cause significant impairment of normal abilities. Provider shall be responsible for: (i) informing any and all persons present on or at the Premises on account of the Installation Work about the Purchaser's drug-free policy; and (ii) strictly enforcing such policy with respect to the Premises. The Purchaser, Provider, and each Subcontractor shall require that any person present on or at the Premises on account of the Installation Work who violates such policy must permanently leave the Premises, and shall prohibit such person from thereafter being present or performing any of the Installation Work on or at the Premises.

Section B.3 Compliance with Labor Requirements. The Installation Work is a “public works” project as defined in Section 1720 of the California Labor Code (“Labor Code”) and made applicable pursuant to Section 1720.6 of the Labor Code. Therefore, the Installation Work is subject to applicable provisions of Part 7, Chapter 1, of the Labor Code and Title 8 of the California Code of Regulations, Section 16000 et seq. (collectively, “Labor Law”). Provider acknowledges that, as provided by Senate Bill 854 (Stats. 2014, Ch. 28), the Project is subject to labor compliance monitoring and enforcement by the California Department of Industrial Relations (“DIR”).

Contractor shall comply fully with all applicable requirements of the City Municipal code, Chapter 8.36, Living Wage (the “Living Wage Ordinance”), as the same may be amended from time to time. Upon Purchaser’s request Provider shall promptly provide to Purchaser documents and information verifying Provider’s compliance with the requirements of the Living Wage Ordinance, and shall within fifteen (15) calendar days of the Effective Date of this Agreement, notify each of its affected employees as to the amount of wages and time off that are required to be provided to them pursuant to the Living Wage Ordinance. The Acknowledgement and Certification Pursuant to (Purchaser Name) Living Wage Ordinance, attached to this Agreement as Exhibit D, shall be a part of this Agreement for all purposes, and Contractors that are subject to Living Wage Ordinance requirements, as determined by Purchaser, must provide a properly completed Exhibit D in accordance with the requirements of the Living Wage Ordinance. Provider’s noncompliance with the applicable requirements of the Living Wage Ordinance shall constitute cause for Purchaser’s termination of this agreement subject to Section 2 hereof.

Section B.4 Compliance with Labor Code Requirements. Provider must be, and shall be deemed and construed to be, aware of and understand the requirements of the Labor Law that require the payment of prevailing wage rates and the performance of other requirements on public works projects. Provider, at no additional cost to the Purchaser, must: (i) comply with any and all applicable Labor Law requirements, including, without limitation, requirements for payment of prevailing wage rates, inspection and submittal (electronically, as required) of payroll records, interview(s) of workers, et cetera; (ii) ensure that its Subcontractors are aware of and comply with the Labor Law requirements; (iii) in connection with Labor Law compliance matters, cooperate with the DIR, the Purchaser and other entities with competent jurisdiction; and (iv) post all job-site notices required by law in connection with the Installation Work, including, without limitation, postings required by DIR regulations. A Subcontractor that has been debarred in accordance with the Labor Code, including, without limitation, pursuant to Sections 1777.1 or 1777.7, is not eligible to bid on, perform, or contract to perform any portion of the Installation Work. Wage rates for the Installation Work shall be in accordance with the general prevailing rates of per-diem wages determined by the Director of Industrial Relations pursuant to Labor Code Section 1770. The following Labor Code sections are by this reference incorporated into and are a fully operative part of the Contract, and Provider shall be responsible for compliance therewith:

- (a) Section 1735: Anti-Discrimination Requirements;
- (b) Section 1775: Penalty for Prevailing Wage Rate Violations;
- (c) Section 1776: Payroll Records;
- (d) Sections 1777.5, 1777.6 and 1777.7: Apprenticeship Requirements;
- (e) Sections 1810 through 1812: Working Hour Restrictions;
- (f) Sections 1813 and 1814: Penalty for Failure to Pay Overtime; and
- (g) Section 1815: Overtime Pay.

Section B.5 Requirements for Payroll Records. Provider must comply with all applicable provisions of Labor Code Sections 1776 and 1812, which relate to preparing and maintaining accurate payroll records, and making such payroll records available for review and copying by the Purchaser, the DIR Division of Labor Standards Enforcement, and the DIR Division of Apprenticeship Standards. The payroll records must be certified and made available as required by Labor Code Section 1776.

Section B.6 Contractor Registration. On and after March 1, 2015, no contractor may bid on a public works project unless the contractor is, and no subcontractor may be listed in any bid for a public works project unless the subcontractor is, currently registered with the DIR and qualified to perform public work pursuant to Labor Code Section 1725.5. On and after April 1, 2015, no contractor or subcontractor may be awarded a contract for work on a public works project, or may perform any work on a public works project, unless the contractor or subcontractor is currently registered with the DIR and qualified to perform public work pursuant to Labor Code Section 1725.5. It is not a violation of Labor Code Section 1725.5 for an unregistered contractor to submit a bid authorized by Business and Professions Code Section 7029.1 or Public Contract Code Section 20103.5, if the contractor is registered at the time the contract is awarded.

Section B.7 Permits and Licenses. Without limiting anything set forth in Section B.7 of this Exhibit C, Provider, its Subcontractors, and all of their respective employees and agents: (i) shall secure and maintain in force at all times during the performance of the Installation Work such licenses and permits as are required by law; and (ii) shall comply with all federal and State, and County laws and regulations, and other governmental requirements applicable to the System or the Installation Work. Provider or its subcontractors shall obtain and pay for all permits and licenses, including a City Business License, required for the performance of, or necessary in connection with, the Installation Work, and shall give all necessary notices and deliver all necessary certificates to the Purchaser, and shall pay all royalties and license fees arising from the use of any material, machine, method or process used in performing the Installation Work. Provider shall be solely responsible for all charges, assessments and fees payable in connection with any such licenses, permits, materials, machines, methods, and processes.

Section B.8 Protection of Minor-Aged Students. Provider, in conformance with Education Code Section 45125.1, shall require and be responsible for ensuring compliance by each and every person who will be on or at the Premises in connection with the construction, maintenance, operation or other purposes related to the System with all California Department of Justice guidelines and requirements relating to fingerprinting and criminal-history background checks, regardless of whether Section 45125.1 otherwise by its terms would apply to any such activities. In the event Education Code Section 45125.1 is repealed or superseded, Provider, following receipt of written notice from the Purchaser, shall comply with such successor or other requirements as determined by the Purchaser in its reasonable discretion. The Purchaser, in its discretion, may exempt in writing any person(s) from the foregoing requirements if Provider makes alternative arrangements for supervision of such person(s) that are acceptable to the Purchaser in its sole discretion.

ENERGY SERVICES AGREEMENT – SOLAR

This Energy Services Agreement (“Agreement”) is made and entered into as of this ____ day of _____, 2020 (the “Effective Date”), between (COMPANY NAME), (“Provider”), and (Purchaser Name), a California Municipal Corporation (“Purchaser”; and, together with Provider, each, a “Party” and together, the “Parties”).

RECITALS

- A. Purchaser desires that Provider install and operate a solar photovoltaic system at the Premises (as hereafter defined) for the purpose of providing Energy Services (as hereafter defined), and Provider is willing to have the Installation Work performed by using one or more qualified contractors holding the appropriate licenses required in the jurisdiction where the System will be installed;
- B. Provider is in the business of designing, constructing, owning, financing, and operating solar photovoltaic systems for the purpose of selling power generated by the systems to its purchasers;
- C. California Government Code sections 4217.10 et seq. authorizes a public entity to enter into energy service contracts, facility financing contracts, and related agreements to implement the State’s conservation and alternative energy supply source policy;
- D. Purchaser’s governing body has made those findings required by Government Code section 4217.12 that the anticipated cost to the Purchaser for Energy Services provided by the System under this Agreement is expected to be less than the anticipated marginal cost to the Purchaser of electrical energy that would have been consumed by Purchaser in the absence of its purchase of the Energy Services;
- E. Provider and Purchaser acknowledged those certain General Terms and Conditions of Energy Services Agreement between (Company Name) and Purchaser dated as of _____, 202_ (“General Terms and Conditions”), which are incorporated by reference as set forth herein; and
- F. The terms and conditions of this Energy Services Agreement, excluding the General Terms and Conditions incorporated herein, constitute the “Special Conditions” referred to in the General Terms and Conditions. In consideration of the mutual promises set forth below, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

- 1. Incorporation of General Terms and Conditions. The General Terms and Conditions are incorporated herein as if set forth in their entirety.
- 2. Initial Term. The initial term of this Agreement shall commence on the Effective Date and shall continue for Twenty (20) years from the Commercial Operation Date (as defined in the General Terms and Conditions), unless and until extended or terminated earlier pursuant to the provisions of this Agreement (the “Initial Term”). After the Initial Term, this Agreement may be renewed for an additional five (5) year term (a “Renewal Term”). At least one hundred and eighty (180) days, but no more than three hundred and sixty-five (365) days, prior to the expiration of the Initial Term, Provider shall give written notice to Purchaser of the availability of the Renewal Term. Purchaser shall have sixty (60) days to agree to continuation of this Agreement for the Renewal Term. Absent agreement to the Renewal Term this Agreement shall expire on the Expiration Date. The Initial Term and the subsequent Renewal Term, if any, are referred to collectively as the “Term”.

- 3. Schedules. The following Schedules hereto are hereby incorporated into this Agreement:

Schedule 1	Description of the Premises, System and Subsidy
Schedule 2	Energy Services Payment
Schedule 3	Early Termination Fee
Schedule 4	Estimated Annual Production
Schedule 5	Notice Information
Schedule 6	Reserved
Schedule 7	Specific Items for Scope of Work
Schedule 8	System Layout

- 4. Privacy. Purchaser acknowledges that the System may collect certain information about Purchaser’s electricity usage and the System performance. Such information may be stored and processed in the United States or any other country in which Provider or its third-party service providers, or its or their respective affiliates, subsidiaries, or service providers, maintain facilities. Purchaser consents to any such transfer of information outside of Purchaser’s country.

- 5. Milestone Dates.

- 5.1 The Guaranteed Construction Start Date is 210 days from Effective Date.
- 5.2 The Guaranteed Commercial Operation Date is 180 days from Guaranteed Construction Start Date.

- 6. Purchase Requirement: Energy Services Payment. “Energy Services” means the supply of electrical energy output from the System and any associated reductions in Purchaser’s peak demand from its Local Electric Utility. Purchaser agrees to purchase one hundred percent (100%) of the Energy Services generated by the System and made available by Provider to Purchaser during each relevant month of the Term, up to a maximum of one hundred and ten percent (110%) of Estimated Annual Production, as defined in Schedule 4. While the Energy Services are calculated and billed on a per kWh basis as set forth in Schedule 2 of these Special Conditions, they represent a package of services and benefits.

- 7. Estimated Annual Production. The annual estimate of electricity generated by the system for each year of the initial term is set as forth in Schedule 4 of the Special Conditions (“Estimated Annual Production”). Within sixty (60) days of each annual anniversary of the Commercial Operation Date, Provider will provide a statement to Purchaser that shows the actual annual kWh production from the System for the Term Year, the Estimated Annual Production, and the Minimum Guaranteed Output (defined below).

- 8. Minimum Guaranteed Output. If the System fails to generate at least ninety-five percent (95%) of the Estimated Annual Production for a full Term Year (such amount, the “Minimum Guaranteed Output”), other than as a result of the acts or omissions of Purchaser or the Local Electric Utility (including a Disruption Period), or an Event of Force Majeure, Provider shall credit Purchaser an amount equal to Purchaser’s Lost Savings on the next invoice or invoices during the following Term Year. The formula for calculating Lost Savings for the applicable Term Year is as follows:

Lost Savings = (MGO*WPR - AE) x RV

MGO = Minimum Guaranteed Output, as measured in total kWh, for the System for the applicable Term Year.

WPR = Weather Performance Ratio, measured as the ratio of the actual insolation over typical (pro-forma) insolation. Such Weather Performance Ratio shall only apply if the ratio is less than 1.00.

ATTACHMENT G

AE = Actual Electricity, as measured in total kWh, delivered by the System for the Term Year plus the estimated lost energy production during a Disruption Period.

RV = (ATP - kWh Rate)

ATP = Average tariff price, measured in \$/kWh, for the Term Year paid by Purchaser with respect to the Premises. This price is determined by dividing the total cost for delivered electricity, including all charges associated with such electricity howsoever named, including, without limitation, charges for distribution, transmission, demand, and systems benefits, paid to the Local Electric Utility during the applicable Term Year by the total amount of delivered electricity by the electric utility during such Term Year.

kWh Rate = the kWh Rate in effect for the applicable Term Year(s), measured in \$/kWh.

If the RV is zero or less, then no Lost Savings payment is due to Purchaser. Any Lost Savings payment shall occur no later than sixty (60) days after the end of the Term Year during which such Lost Savings occurred.

9. **Allowed Disruption Time.** Notwithstanding the provisions in Section 4.3 of the General Terms and Conditions to the contrary, during years 4 through 20 (but not years 1 through 3) of the Term, Purchaser shall be afforded a one-time allocation of fifteen (15) days which may be used consecutively or in separate periods of at least twenty-four (24) hours each (“Allowed Disruption Time”) during which the System shall be rendered non-operational. Purchaser shall not be obligated to make payments to Provider for electricity not received during the Allowed Disruption Time, nor shall Purchaser be required to reimburse Provider for any other lost revenue during the Allowed Disruption Time, including any lost revenue associated with any reduced sales of Environmental Attributes, and Provider shall be credited for the estimated lost production the System would have produced during such Allowed Disruption Time toward satisfaction of its Minimum Guaranteed Output, as set forth in Section 8 of the Special Conditions, such estimated lost production to be calculated in the same manner as set forth in Section 4.3 of the General Conditions.

Parties acknowledge that Public Safety Power Shutoff events, (i) as determined necessary by the Local Electric Utility from time to time and (ii) that directly render the Purchaser unable to consume Energy Services during such event, are not “Purchaser Acts” and Provider shall not be entitled to compensation from Purchaser for lost revenue caused by these events.

10. **Sunlight Access.** Purchaser will take all reasonable actions as necessary to prevent other buildings, structures or flora from overshadowing or otherwise blocking access of sunlight to the System.

11. **Use of System.** Purchaser will not use electrical energy generated by the System for the purposes of heating a swimming pool within the meaning of Section 48 of the Internal Revenue Code.

IN WITNESS WHEREOF and in confirmation of their consent to the terms and conditions contained in this Agreement and intending to be legally bound hereby, Provider and Purchaser have executed this Agreement as of the Effective Date.

If distribution upgrades are required and exceed the maximum kWh increase of \$_____ per kWh, and Provider issues notice that Provider will not be responsible for such excess costs, then Purchaser shall have thirty (30) days to notify Provider that Purchaser wishes to 1) terminate the Agreement or 2) share in the excess costs. Should Purchaser fail to respond accordingly then Provider has the option to terminate the Agreement.

Scope Changes (ITC Eligible). If changes in project scope occur that are eligible for the Federal Investment Tax Credit (including but not limited to adverse geotechnical conditions or the inclusion of spare conduit) and the costs directly related such changes go beyond those contemplated as part of the development and implementation of the System in this Agreement, Provider will provide reasonable documentation demonstrating the direct and actual time and materials costs relating to such costs to Purchaser. Within thirty (30) days after Purchaser receives such documentation, Purchaser will provide written notice to Provider of Purchaser’s election of one of the following options:

- a. Purchaser will bear all of the reasonably documented scope change costs, and the kWh rate as stated in Table 1 will remain unchanged.
- b. For every \$____ per watt DC of such costs, the kWh rate in Table 1 will increase \$_____ per kWh, with an additional maximum kWh rate increase of \$_____ per kWh. If costs are required and exceed the maximum kWh increase of \$_____ per kWh, and Provider issues notice that Provider will not be responsible for such excess costs, then Purchaser shall have thirty (30) days to notify Provider that Purchaser wishes to 1) terminate the Agreement or 2) share in the excess costs. Should Purchaser fail to respond accordingly then Provider has the option to terminate the Agreement.

Scope Changes (Non-ITC Eligible). If changes in project scope occur that are not eligible for the Federal Investment Tax Credit (including but not limited to ADA compliance costs not related to System configuration or construction) and the costs directly related such changes go beyond those contemplated as part of the development and implementation of the System in this Agreement, Provider will provide reasonable documentation demonstrating the direct and actual time and materials costs relating to such costs to Purchaser. Within thirty (30) days after Purchaser receives such documentation, Purchaser will provide written notice to Provider of Purchaser’s election of one of the following options:

- a. Purchaser will pay the entire amount of such associated costs, and the kWh rate as stated in the PPA Rate Table will remain unchanged.
- b. For every \$____ per watt DC of such associated costs, the kWh rate in the PPA Rate Table will increase \$_____ per kWh, with an additional maximum kWh rate increase of \$_____ per kWh. If costs are required and exceed the maximum kWh increase of \$_____ per kWh, and Provider issues notice that Provider will not be responsible for such excess costs, then Purchaser shall have thirty (30) days to notify Provider that Purchaser wishes to 1) terminate the Agreement or 2) share in the excess costs. Should Purchaser fail to respond accordingly then Provider has the option to terminate the Agreement.

III. Schedule 3 – Early Termination Fee

The Early Termination Fee with respect to the System under this Agreement shall be calculated in accordance with the following:

Early Termination Occurs in Year:	Column 1 Early Termination Fee where Purchaser does <u>not</u> take Title to the System (\$/Wdc including costs of removal)	Purchase Date Occurs on the 91 st day following: (Each “Anniversary” below shall refer to the anniversary of the Commercial Operation Date)	Column 2 Early Termination Fee where Purchaser takes Title to the System (\$/Wdc, does <u>not</u> include costs of removal)
