Spend up to 30% less on  
your daily commute

Hello!

We're **Navia Benefit Solutions** and we administer the GoNavia Commuter Benefits provided to you by your company. This toolkit will help you understand what a commuter benefit account is, how it works, and the many ways you can save money by participating. It also offers tips and tools for understanding your transit and parking finances.

# GoNavia Commuter Benefit

Commuter benefits allow you to set aside pre-tax dollars to pay for transit or vanpool rides to and from work, as well as for your work-related parking expenses.

---

## Many ways to use your dollars

Employees can use their GoNavia benefit for parking passes, transit passes, or vanpooling services at over 10,000 service locations.

## Flexible, month-to-month benefit

**IMPORTANT!** As a month-to-month benefit, you can opt in and out of the benefit at any time based on your transit and parking needs. Any unused funds at the end of the month will roll over to the next month.

## Easy to use

Pay for transit and parking expenses with your Navia Benefits Card or by loading your transit smartcard (where available). If a parking provider does not accept debit card payments, you can pay out-of-pocket and submit a claim reimbursement online or on the Navia mobile app.

## Maximum contribution

The contribution limit varies by employer, but you may be able to contribute up to \$300 per month for both transit and \$300 per month for parking.

# Make your commute easier and more affordable, no matter how you get to work

Employees spend on average \$2,600 a year on their commute. The GoNavia Commuter Benefit allows you to pay for your commuter costs with pre-tax dollars, saving you up to 30% and leaving you extra money in your pocket each month.

There's an opportunity to save no matter what your commute is like. Some examples of eligible transit and parking expenses include the bus, subway, streetcar, commuter trains, ferry, vanpool, and downtown parking garages.

## Pay up to 30% less on your commute

Federal, state, and FICA taxes lower your take-home pay by 30% or more, leaving the remaining 70% for your living expenses. When you use a commuter benefit account, you are setting aside a portion of your paycheck for your commuting expenses *before* it is taxed, so you get to spend the entire 100% of your earned income. This means you save up to 30% on your out-of-pocket commuting costs AND save on taxes which increases your paycheck.

**EXAMPLE:** Donovan pays \$250 each month to park his car in the parking garage behind his office building. With his GoNavia Commuter benefits, Donovan is able to place an order online each month for his parking needs. The order amount will be deducted from his paycheck, pre-tax and loaded onto his Navia Benefits Card, which he can use to pay the parking garage directly. Because Donovan is purchasing his parking services with tax-free money, he saves 30% (based on his tax bracket) or \$75 each month (\$900 per year) on his parking expenses. **That's like getting free parking for three months!**

# How does it work?

## **Enroll in minutes, anytime**

You can enroll in GoNavia Commuter Benefits at any time --there is no need to wait for the next open enrollment period. To get started, register on Navia's website at [www.naviabenefits.com](http://www.naviabenefits.com).

## **Estimate your monthly expenses**

Estimate your monthly transit and/or parking expenses and determine a monthly election that is right for you.

## **Place your commuter order monthly**

Log in and place your monthly order for transit or parking expenses. Your orders must be made by the 20th of the month if you plan on using the benefit in the following month. Funds will be loaded on your Navia Benefits Card before the 1st of each month.

## **Access your funds**

Conveniently pay for eligible parking and/or transit expenses directly using your Navia Benefit Card. If a Parking provider does not accept debit card payments, you can pay out-of-pocket and submit a claim for reimbursement online or using the MyNavia mobile app.

# Why should I enroll?

## More money in your paycheck

The GoNavia commuter benefit lets you pay for qualified parking expenses on a pre-tax basis. The money you contribute to your account is not taxed, so you end up paying less in taxes and taking home more of your paycheck.

## Save enough money to pay for three months of groceries

Employees spend an average of \$2,600 a year on their commute. With a commuter benefit account, you only pay \$1,820 for those same expenses—saving \$780 (assuming a tax rate of 30%). If you elect the full \$300/month, you save over \$1000.

## Rest easy knowing unused funds roll over month-to-month

As a month-to-month benefit, you can opt in and out of the benefit at any time based on your transit or parking needs for the upcoming months. If you don't use all of your funds within the month, the balance will automatically roll over to the following month as long as you are an active employee and remain eligible for the benefit.
