PROJECT BACKGROUND

The ECWRF is located in Southeast Petaluma and is bound by Shollenberger Park to the northwest, Lakeville Hwy (Hwy 116) to the northeast, and farmland/open space to the southwest and southeast. The ECWRF was constructed in 2009 and currently provides secondary level treatment for the City's wastewater. Included in the ECWRF's infrastructure are an aerated lagoon and ten (10) oxidation ponds (see Attachment E) which receive secondary treated wastewater as well as untreated wastewater overflows during high rainfall events. These series of ponds were constructed in the 1970's and were part of the previous wastewater treatment system prior to the ECWRF going into operation. The aerated lagoon and oxidation ponds are comprised of unlined earthen dams, which also act as vehicular pathways between ponds. The ponds can be operated in either serpentine or parallel modes by opening/closing slide gates at transfer structures between ponds. However, the current operation of the slide gates prevents complete hydraulic isolation of the ponds. An accumulation of biosolids in the aerated lagoon, as well as Ponds 1, 2 and 3 has led to a reduction in hydraulic capacity for the system, and this service contract would include removal and offsite disposal of the accumulated biosolids. Furthermore, the City intends to install a floating solar photovoltaic array in Pond 3, beginning in September 2024, and must remove accumulated sludge prior to commencement of that project, to prevent delays.

SCOPE OF SERVICES

Pond 3 Biosolids Removal

Pond 3 work will include mobilization, site preparation, dewatering, dredging, drying/thickening, hauling offsite, and proper disposal of accumulated solids from Pond 3. The City anticipates removal of at least 50% of the accumulated biosolids in Pond 3 (refer to Pond 3 Bathymetric Survey Data for estimating existing solids accumulation) and may, at the City's discretion, decide to remove pond solids down to within 1 vertical foot of the existing pond bottom elevation. **Pond 3 sludge removal may begin no earlier than May 1, 2024, to protect water quality during the discharge season, and needs to be completed with site demobilization completed on or before August 30, 2024.**

The City is requesting a qualified service contractor and necessary subcontractors to partner with the City to provide maintenance services for the removal of the Pond 3 biosolids. At a minimum, the service provider and its team will need to perform the following tasks:

- Prepare and furnish a work plan and project schedule which should include but not limited to the following: mobilization dates, site preparation plans, dewatering schedule, plan, and requirements, biosolids removal production dates, a trucking plan and schedule, proposed land application and disposal sites, and demobilization. The work plan shall also include proposed construction equipment along with operating weight, so that the City can confirm that there will be no anticipated impacts on the pond berms due to slope stability and/or soil settlement. Contractor should assume work hours will be from 7:00 AM until 5:00 PM, Monday through Friday. Upon mutual agreement between the City and Contractor, the City may allow for extended daily hours or weekend workdays, at no additional cost to the City.
- Conduct a site visit with City staff to review operational impacts, site traffic constraints, and pond operating procedures during the biosolids removal efforts.
- Mobilize proposed equipment to the site, and complete site preparation work including biosolids sampling and laboratory testing. The date, time, and location of all samples collected shall be provided, by the contractor for observation by the City. All sampling costs should be paid by Contractor and included in the cost of the work. Contractor will be responsible for preparing the equipment laydown area to minimize damage to existing access roads, if needed.
- Furnish, operate, and maintain any temporary pumping equipment needed for transfer of water during biosolids removal, if required. **Note:** Pond 3 cannot be completely hydraulically isolated with the existing slide gate valves.
- Furnish, operate, and maintain all equipment required to conduct biosolids removal from Pond 3, including onsite dewatering, hauling, and offsite disposal. Contractor shall be responsible for estimating the amount of solids required to be removed based on the current Bathymetry survey. If other data is used contractor shall also provide underlying assumptions for their estimate. The contractor may use (City provided) tertiary recycled water at no cost, but will be responsible for providing all temporary connections, hose, piping, and/or other appurtenances to connect to the existing tertiary water system. City and Contractor will identify and mutually agree upon existing hydrant tie-in locations, as applicable.

- Provide daily weigh tickets, lab test chain of custody forms, and summaries of total volume of material removed from Pond 3, stored onsite, and removed from the site. Date, time and location of all samples collected will be provided for the City's record keeping purposes. All sampling costs should be paid by Contractor and included in the cost of the work.
- Provide weekly summaries of overall project status and updated schedule, including estimates of remaining biosolids within Pond 3 as well as remaining time to complete the work.
- Provide records of final disposal of all biosolids removed from the facility.
- Return Pond 3 to standard operations and demobilize equipment from the facility.

Additional Alternates: Aerated Lagoon, Pond 1, and Pond 2 Biosolids Removal

The City may, at its option and depending on funding availability, choose to also proceed with solids removal from Ponds 1, 2 and the aerated lagoon. This additional work should be quoted as an additional alternative to the Pond 3 solids removal work. Site schedule constraints will still apply, with the requirement for site demobilization by August 30, 2024. Otherwise, the same scope as outlined above will apply to the solids removal in Ponds 1, 2, and the aerated lagoon.

RESPONSE TO RFP

Proposals **must** be received by the City of Petaluma by **2:00 PM, Thursday, February 29, 2024.** At or before the time mentioned above, Contractor shall send an email to **Steve Worrell at the email: sworrell@cityofpetaluma.org**, which shall contain the following attachment:

3. Dividers can be used in the proposal and will **not** be counted as part of the fifteen (15) page limit. However, please note that any content on the divider pages will not be used as part of the RFP scoring.

4. 11x17 sheets are permitted to be used for proposed schedules **only** and will be counted as one (1) page.

Contractor further covenants that, in the performance of this Agreement, it shall not employ any subcontractor or person having such a conflict of interest. Contractor represents that no one who has or will have any financial interest under the Agreement is an officer or employee of City. If such conflict of interest arises during this Agreement or any extension, Contractor will immediately advise City and City may, at its sole discretion, immediately terminate this Agreement. Certain Contractors are subject to the requirements, including the disclosure and reporting requirements, of the City's Conflict of Interest Code adopted pursuant to the Political Reform Act. Such Contractors subject to the City's Conflict of Interest Code include those whose work may involve: making government decisions regarding approval or adoption of rates, rules, or regulations, action on permits or other applications, authorization to enter into or modify contracts, or approval of plans, designs, reports, or studies. Contractor

agrees to comply fully with all such requirements to the extent they apply to Contractor's performance of the Services.

- B. Certain contractors, in addition to being subject to the City's Conflict of Interest Code, may be subject to other conflict of interest prohibitions, including those in the Political Reform Act, Government Code Section 81000 and following, and Section 1090 and following of the Government Code. The Political Reform Act prohibits public officials, employees and certain contractors from participating in making governmental decisions that the official, employee or consultant knows or has reason to know will result in a material financial effect on their economic interests. Government Code Section 1090 and following prohibits government officials, employees, and certain contractors from participating in making government contracts in which the official, employee or contractor has a financial interest. As a result of the financial interest City contractors have in their City contracts, the Section 1090 prohibition regarding City contractors focuses on whether a contractor is or would be "making a government contract" in a quasi-governmental capacity for purposes of Section 1090. Section 1090 prohibits City contractors from using their role as a contractor to influence how the City spends the public's funds in a way that benefits the contractor. As a result, Section 1090 may in certain circumstances prohibit the Contractor from responding to solicitations for, or being awarded, subsequent contracts that result from or relate to the Services performed pursuant to this Agreement. . Penalties for violating Section 1090 are severe, and may include felony criminal penalties, permanent disqualification from holding public office in California, disgorgement of any benefit received by the financially interested contractor, civil and administrative penalties, and voiding of the prohibited contract.
13. **Contractor No Agent.** Except as the City may otherwise expressly specify in writing, the Contractor shall have no authority, express or implied, to act or transact on behalf of City in any capacity whatsoever, including advising or representing the City concerning City public contracts as an agent of the City. Contractor shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.
14. **Standard of Performance.** Contractor shall perform all the Services in a manner consistent with the standards of Contractor's profession. All instruments of service of whatsoever nature, which Contractor delivers to City pursuant to this Agreement, shall be prepared in a substantial, workmanlike manner and conform to the standards of Contractor's profession. All such instruments of service shall become the sole and exclusive property of City upon delivery of the same.
15. **Assignment/Transfer.** No assignment or transfer in whole or in part of this Agreement shall be made without the prior written consent of City.
16. **Subcontractors.** Contractor shall directly perform all Services, and shall not subcontract any portion of performance of the Services without the prior written consent of City. Any such subcontractors shall be required to comply, to the full extent applicable, with the terms and conditions of this Agreement, including but not limited to, procuring and maintaining insurance coverage as required herein and which shall name City as an additional insured.
17. **Compliance With All Laws.** Contractor shall fully comply with all applicable local, state and federal rules, laws, regulations and ordinances pertaining to the performance of the

Services required hereunder, including but not limited to, the California Building Standards Code as in effect in the City, the Americans with Disabilities Act, and any laws and regulations related to any copyright, patent, trademark or other intellectual property right involved in performance of the Services. Contractor's failure to comply with any law(s) or regulation(s) applicable to the performance of the Services hereunder shall constitute a material breach of this Agreement. To the extent that any other government agency or entity provides compensation for any Services, Contractor shall comply with all rules and regulations applicable to such fiscal assistance.

18. **Prevailing Wages.** This Agreement is subject to the requirements of the California Prevailing Wage Law, California Labor Code Section 1720 et seq., and the Services as described in Exhibit A will be performed in accordance with all applicable requirements of the California Prevailing Wage Law, including, but not limited to, all applicable requirements contained in Exhibit _____, which is attached to and made a part of this Agreement.
19. **Living Wage Ordinance.** Without limiting the foregoing Section 17, Contractor shall comply fully with all applicable requirements of Petaluma Municipal Code, Chapter 8.36, Living Wage (the "Living Wage Ordinance"), as the same may be amended from time to time. Upon the City's request Contractor shall promptly provide to the City documents and information verifying Contractor's compliance with the requirements of the Living Wage Ordinance, and shall within fifteen (15) calendar days of the Effective Date of this Agreement, notify each of its affected employees as to the amount of wages and time off that are required to be provided to them pursuant to the Living Wage Ordinance. The Acknowledgement and Certification Pursuant to City of Petaluma Living Wage Ordinance, attached to this Agreement at Exhibit _____, shall be a part of this Agreement for all purposes, and Contractors that are subject to Living Wage Ordinance requirements, as determined by the City, must provide a properly completed Exhibit _____ in accordance with the requirements of the Living Wage Ordinance. Contractor's noncompliance with the applicable requirements of the Living Wage Ordinance shall constitute cause for City's termination of this Agreement pursuant to Section 4 hereof.
20. **Discrimination.** During the performance of this Agreement, Contractor shall not discriminate against any employee or applicant for employment because of race, religion, creed, color, national origin, ancestry, gender, sexual orientation, age or physical or mental disability in violation of any applicable law.

25. **Amendment.** This Agreement may be amended only by a written instrument executed by both Parties.

26. **Litigation.** If litigation ensues which pertains to the subject matter of Contractor's services hereunder, Contractor, upon request from City, agrees to testify therein at a reasonable and customary fee.
27. **Construction.** This Agreement is the product of negotiation and compromise on the part of both Parties and that the Parties agree that, notwithstanding Civil Code section 1654, any uncertainty in the Agreement shall not be construed against the drafter of the Agreement.

30. **Severability.** If any term or portion of this Agreement is held to be invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement shall continue in full force and effect.
31. **No Third Party Beneficiaries.** The Parties do not intend to create, and nothing in this Agreement shall be construed to create any benefit or right in any third party.
32. **Mediation.** The Parties agree to make a good faith attempt to resolve any dispute arising out of this Agreement through mediation prior to commencing litigation. The Parties shall mutually agree upon the mediator and shall divide the costs of mediation equally.

Otherwise, unless an alternative is mutually agreed upon, the records shall be available at Contractor's address indicated for receipt of notices in this Agreement.

D. Where City has reason to believe that such records or documents may be lost or discarded due to dissolution, disbandment or termination of Contractor's business, City may, by written request by any of the above-named officers, require that custody of the records be given to the City and that the records and documents be maintained in Petaluma City Hall. Access to such records and documents shall be granted to any party authorized by Contractor, Contractor's representatives, or Contractor's successor in interest.

35. **Survival.** All obligations arising prior to the termination or expiration of this Agreement and all provisions of this Agreement allocating liability between City and Contractor shall survive the termination or expiration of this Agreement.
36. **Entire Agreement.** This Agreement, including the exhibits attached hereto and incorporated herein, constitutes the entire agreement between the Parties with respect to the Services, and supersedes all prior agreements or understandings, oral or written, between the Parties in this regard.
