#### 1. BASIC INFORMATION

Project Name: Accessory Dwelling Unit Basic Plans Project

Organization: Kitsap Regional Coordinating Council

Questions Due: July 22, 2024 at 4:30 PM Pacific Time

Proposal Due: August 19, 2024 at 4:30 PM Pacific Time

RFQ Contact: Pauline Mogilevsky, KRCC Land Use Lead, [pauline@kitsapregionalcouncil.org](mailto:pauline@kitsapregionalcouncil.org), 206-981-2217

RFQ Release Date: July 15, 2024

#### 2. PURPOSE OF THE RFQ

Kitsap Regional Coordinating Council (KRCC) and its membership has determined that a housing crisis exists within the jurisdictions making up KRCC. In furtherance of state requirements to provide housing that is affordable to households of all income levels (HB1220) and consistent with HB1337 requiring that cities and counties encourage Accessory Dwelling Units (ADUs), KRCC wishes to initiate a project to support the development of Accessory Dwelling Units (ADUs) in urban areas throughout Kitsap County. This project will provide public benefits to all residents of Kitsap County by providing a tool that may lead to the creation of additional units of a more affordable housing type, the ADU.

KRCC is soliciting Statements of Qualifications (SOQ) from qualified architects to create basic plans for ADUs. These basic plans are to be reusable construction plans that will be pre-approved by jurisdictions in Kitsap County and used by residents and builders for faster permitting. One or more architect(s) will be awarded an architectural services design contract for this work. The contract will provide that the architect may retain ownership of the plans, but will grant a non-exclusive, royalty-free, and irrevocable license for the reproduction, distribution, and use by others for the construction of ADUs in Kitsap County.

#### 3. SCOPE OF WORK

The selected architect(s) will be required to perform architectural services creating up to eight floor plans (plan sets) with at least two alternate elevations for each floor plan for

accessory dwelling units in the following categories. Areas of less than one square foot shall be rounded to the nearest whole square foot.

Accessible ADU (measuring up to 650 square feet)

Small ADU (measuring up to 400 square feet)

Medium ADU (measuring 401 - 650 square feet, inclusive)

Large ADU (measuring 651 - 900 square feet, inclusive)

Extra Large ADU (measuring 901 - 1,000 square feet, inclusive)

Small Carriage House ADU (measuring 400 square feet or less over a 2-car garage)

Medium Carriage House ADU (measuring over 400 square feet over a 2-car garage)

Large Carriage House ADU (up to 650 square feet over a 3-car garage)

The selected architect is required to retain and be responsible for all basic architectural building disciplines such as mechanical, electrical, plumbing, fire protection, civil engineering, and structural engineering as would be customary for the scope of work. The selected architect should consider the character of Kitsap County housing architecture and locally available and accessible materials for all plan sets.

#### **4. CONTRACT TIMEFRAME**

The contract is anticipated to last until the plans are designed with the goal of having the plans available for public use by March 2025. The design contract would stipulate that the architect shall update the plans for an additional building code update cycle once adopted by the WA Building Code Council to ensure that the plans are available for use under the current 2021 Building Codes as well as the next code cycle.

#### **5. RFQ PROCESS**

KRCC intends to identify an architect that can demonstrate qualifications in all areas identified in this RFQ and has the experience, expertise, and ability to complete project tasks under a tight project schedule and within a limited project budget. Proposers are solely responsible for all costs incurred in the development and submission of the response statement to this RFQ or any other presentations whether in response to this RFQ or to any subsequent requirements of the selection and negotiation process.
