

# City of Port Orchard

## Department of Community Development

### Viewer Instructions

#### Home Page

The home page of the Zoning Viewer will appear as it is displayed below.

Change the active layers by checking and unchecking the options in the left column.

Search for parcels by address or parcel number in the upper right search box.

Legend, Measure Tool, Basemap Gallery.

#### Parcel Information

Once a parcel is searched for and selected, the following options will appear.

The following information box will appear for the selected parcel.

Click the arrow in the top right of the information box to toggle through the active layers associated with the selected parcel.

Click on the links to view additional information about the parcel.
