NOTICE OF DECISION

Issuance Date: May 18, 2023

Applicant: City of Port Orchard
216 Prospect St
Port Orchard, WA 98366

File Number(s): PW23-011 & PW23-012

Project Name: City of Port Orchard Marina Pump Station

Type of Application(s): Major Land Disturbing Activity & Storm Drainage Permit

Assessor Parcel Number(s): 262401-1-007-2008

Site Location: 721 Sidney Pkwy

PROPOSAL:

Repairs & improvements to existing marina pump station & removal of top portion of existing control building.

DETERMINATION OF CONSISTENCY 20.24.100

Administrative applications are reviewed by the City to determine consistency between the proposed project and the applicable regulations and the Comprehensive Plan provisions. A determination of consistency shall consider the type of land use, the level of development, availability of infrastructure, and the character of development. The application shall be found to be consistent with the Comprehensive Plan, the provisions of Title 20, the Washington State Environmental Policy Act (SEPA), and the City's Design Standards.

PUBLIC COMMENT AND RESPONSE:

Notice of Application was issued February 10, 2023 with comment period running through February 24, 2023. The City received no comments during the comment period.

FINDINGS MADE BY THE PUBLIC WORKS DIRECTOR/CITY ENGINEER

1. Counter complete applications for an LDAP and SDP were submitted on February 6, 2023.
2. The application was determined to be technically complete on February 8, 2023.
3. A Notice of Application was issued February 10, 2023, with a two-week comment period that ended February 24, 2023.
4. The Notice of Application was properly noticed by mailing to surrounding property owners, publishing in the newspaper of record, and posting on the site.
5. No comments were received in response to the Notice of Application.

6. The City of Port Orchard SEPA Responsible Official issued a Determination of Non-Significance on October 28, 2022.
7. The City of Port Orchard determined the project meets concurrency requirements for water, sewer and transportation and issuance of a Capacity Reservation Certificate is not required.
8. The application is consistent with the Comprehensive Plan, the provisions of Title 20, the Washington State Environmental Policy Act (SEPA), and the City's Design Standards. The application is consistent with the criteria of approval as identified in this report.

Approved Documents:

- Civil Drawings, stamped received February 6, 2023
- Storm Drainage Report, stamped received April 14, 2023
- Geotechnical Report, stamped received February 6, 2023

CONDITIONS OF APPROVAL

1. The decision set forth herein is based upon representations made and information submitted, including development plans and proposals submitted to the Director. Any substantial change(s) or deviation(s) in such development plans, proposals, or conditions of approval imposed shall be subject to the approval of the Director, and may require additional permitting, public notification, and comment.
2. The authorization(s) granted herein is/are subject to all applicable federal, state, and local laws, regulations, and ordinances. Compliance with such laws, regulations, and ordinances are conditions precedent to the approvals granted and are continuing requirements of such approvals. By accepting this/these approvals, the applicant represents that the development and activity allowed will comply with such laws, regulations, and ordinances. If, during the term of the approvals granted, the developments and activities permitted do not comply with such laws, regulations or ordinances, the applicant agrees to promptly bring such developments or activities into compliance.
3. Upon approval of the application and issuance of the land disturbing activity permit, no work shall be done that is not provided for in the permit.
4. Applicable fees shall be paid prior to permit issuance.
5. The approved permit must be picked up within sixty (60) days of notification. If the permit is not picked up within 60 days of notification, it may be canceled by the director and become null and void. If the permit is canceled, the director shall notify the applicant by mail. Permit review fees are not refundable for a permit that is canceled due to a failure to pick up.
6. The land disturbing permit application expires as specified in POMC 20.140.090(4).
7. Per POMC 20.140.090(4), an issued land disturbing activity permit shall automatically expire or be extended when the building permit expires or is extended; or, if a building permit is not issued for the same site, the LDAP shall expire if the authorized work has not begun within 180 days from the date of permit issuance, or if work is abandoned for over 60 consecutive days, unless an extension has been granted. The applicant shall be responsible for notifying the director, in writing, if delays or unforeseen circumstances are impacting the start or continuation of the work. If the authorized work is continually performed, the permit shall expire one year from the date of issuance, unless a different time frame is

specified on the permit, or an extension is granted. Up to two one-year extensions may be granted by the director for a land disturbing activity permit, provided the request is in compliance with provisions found in POMC 20.140.090(5).

8. Per POMC 20.150.150, an issued stormwater drainage permit shall expire three years from the date of issuance if the permitted work has not yet commenced. If construction has begun and is continuing, the property owner or permit applicant may request an extension in writing to the director prior to expiration. Inspections performed and approved within every 360 days are evidence that work has commenced and is continuing. The director may grant a one-time extension not to exceed two additional years.
9. The contractor is responsible for providing the required temporary traffic control per the MUTCD.
10. Erosion and sedimentation control devices shall be installed in accordance with best management practices. Provide gravel construction entrance mat and other appropriate BMPs as required. Protect all exposed soils. Contact Port Orchard Permit Center to schedule an inspection by calling (360) 874-5533.
11. Cover and properly locate stockpiles. (1) Earth stockpiles should be set back at least 50 feet from downslope drainage features (e.g. channels, catch basins, detention ponds, pavement, stream banks, critical drainage areas); (2) Stockpiles should be located on the uphill side of the excavated area wherever possible so that they can act as diversions; (3) Earth stockpiles should not be placed on pavement without implementation of a procedure to prevent sediment transport; (4) Earth stockpiles should be completely covered or otherwise stabilized with an appropriate BMP on a daily basis during winter months and within 30 days during dry seasons; (5) The bottom of the stockpile should be circled with an interceptor swale and/or Filter Fabric Fence to catch sediment-laden runoff from the stockpile.
12. It is the responsibility of the Contractor to schedule all paving operation inspections for approval.
13. The required drainage facilities must be inspected and approved by the City of Port Orchard Public Works Department prior to the final inspection.
14. Submit soil compaction testing reports when complete to the City of Port Orchard Assistant Engineer.
15. WITHIN 5 FEET OF BUILDING STRUCTURE: The required sanitary sewer system must be inspected and approved by the City of Port Orchard Building Inspector prior to backfilling the trench and the final inspection. Call (360)874-5533 to set up inspection.
16. 5 FEET OUTSIDE OF BUILDING STRUCTURE: The required sanitary sewer system must be inspected and approved by the City of Port Orchard Public Works Department prior to backfilling the trench and prior to final inspection. Call (360)876-4991 to set up inspection.
17. Sewer Manholes shall be vacuum tested prior to final inspection. If contractor is testing the manholes, the City Inspector shall be present for all testing, if a third party performs the testing a report shall be submitted to the City.

18. Inspection shall occur for every fitting, restraint (including, but not limited to Field-Lok Gaskets, Tiebacks, etc.), service line, and pipe every 100 feet for both the water and sewer installations.
19. LANDSCAPE INSPECTION: The contractor must schedule a landscape inspection for compliance with the approved landscape plan. This inspection must be approved prior to Final Inspection. Schedule the inspection by calling the Permit Center at (360)874-5533 or by emailing inspections@portorchardwa.gov.
20. The required water system must be inspected and approved by the City of Port Orchard Public Works Department prior to the final inspection.
21. Permanent stabilization and restoration of the project site. Final replanting may be delayed to the appropriate season, provided that temporary soil stabilization measures are in place and financial security is provided to assure the completion of work.
22. Completion, to the satisfaction of City of Port Orchard Public Works Department, of all work indicated on the plans.
23. The Contractor must keep track of any field changes which will be turned over to the engineer of record to use in preparation of the as-built drawings for the project. The owner must submit the as-built plan set drawings to the Permit Center for the City's review and approval prior to submitting the final copies. Once approved, submit as-built plans to the Permit Center consisting of one paper copy and an electronic copy of both DWG and vector-converted PDF digital drawings.

DECISION

A Type II permit action is reviewed and considered in accordance with the procedures for such actions as set forth in Subtitle II of POMC Title 20 and applicable chapters.

The request to retrofit the existing sewer lift station, as described and set forth in this report and decision, is hereby approved subject to the conditions of approval listed above.

ORDERED this 18th day of May, 2023.

Ian Smith, PE, Assistant City Engineer
On behalf of,
Tony Lang, Public Works Director

The effective date of approval for this request is June 1, 2023, provided no appeal is filed.

APPEAL PROCEDURES

PLEASE NOTE: This approval is subject to a 14-day appeal period per POMC Chapter 20.22.040.

APPEAL PERIOD CLOSES: June 1, 2023 at 4:00 PM.

APPEAL TO HEARING EXAMINER: Pursuant to Section 20.22.040 of the *Port Orchard Municipal Code*, a party of record may file an appeal within fourteen (14) days after the issuance of the Notice of Decision.
