

Sidney Road Non-Motorized Improvements Memorandum

Date Published: August 31, 2023

Submittal Deadline: September 8, 2023

Notice to consultants:

The City has received questions regarding the RFQ and RFQ submittals. Questions and answers are as follows:

Question No. 1

- Can you please confirm if “10 sheets, double sided” is 10 pages of content total or 20 pages of content (front and back on 10 sheets)?
 - Total content can be 20 pages maximum.

Question No. 2

- Are you able to provide the Safe Routes funding application or other information related to the extent of the improvements that were submitted for grant funding? Please confirm the extent of sidewalk proposed on either side of the road and the anticipated storm improvements.
 - A conceptual layout can be found on the City’s bids and proposals website. The Safe Routes to School award letter has been posted to the bids and proposals page as well.

Question No. 3

- The evaluation criteria is heavily weighted towards WSDOT LAG manual familiarity. Is there an expectation for future FHWA funding or does the City utilize the LAG Manual for all projects?
 - The City expects to receive State funding from the SRTS program for this project. The project will be completed with current funding.
