# INFORMATION / BACKGROUND

State law<sup>1</sup> mandates all local jurisdictions to annually adopt and submit to the state a six-year program of transportation improvements, known as the Local TIP. To be eligible to seek federal and state funding, the City must comply with state law and adopt an annual TIP.

**Background.** The six-year Local TIP serves as a general work plan for the development of local transportation systems and, as such, represents an important planning component under the State's Growth Management Act.<sup>2</sup> The Washington State Department of Transportation (WSDOT) and Puget Sound Regional Council (PSRC) use Local TIPs as a tool for coordinating the transportation programs of local jurisdictions with those of regional agencies. PSRC monitors Local TIPs for projects of regional significance (to be modeled for air quality conformity) and projects supported by federal funds. These projects are incorporated into the Regional TIP, which is then forwarded for inclusion in the State TIP. In most instances, projects must be included on a Local TIP to be eligible for state and federal grant programs. Local TIPs need not be revenue constrained; jurisdictions can include projects they would choose to implement within the timeframe, if funding were available.

The updated TIP reflects any changes since last June as well as the movement of projects which have been funded. The City issued a SEPA Determination of Non-Significance on June 14, 2024, and the comment period has now passed. The resolution adopting the 6-Year TIP may be approved following the public hearing which will be held on July 2, 2024.

**Discussion and Action.** The draft TIP is being presented to the Council for consideration and discussion on July 2<sup>nd</sup> and Action. Action cannot be taken until *after* the required Public Hearing has been held.

<sup>&</sup>lt;sup>1</sup> RCW 35.77.010.

<sup>&</sup>lt;sup>2</sup> Chapter 36.70A RCW.

# **FISCAL CONSIDERATION**

There is no direct fiscal impact of adopting the 2025-2030 Transportation Improvement Program. However, the projects listed on the TIP become eligible for federal and state grant funding.

# **RECOMMENDATION / MOTION**

## Hold a public hearing.

MOTION 1: I move to open the public hearing on the 6-Year Transportation Improvement Program.

[HOLD PUBLIC HEARING.]

MOTION 2: I move to close the public hearing.

## Adopt the new 6-year TIP.

MOTION 3: I move adoption of Resolution No. 794 authorizing the adoption of the City of Ruston's 2025-2030 Local Transportation Improvement Program.

#### **RESOLUTION NO.** <u>794</u>

# A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RUSTON, WASHINGTON, AUTHORIZING THE ADOPTION OF THE CITY OF RUSTON'S 2025-2030 TRANSPORTATION IMPROVEMENT PROGRAM.

WHEREAS, RCW 35.77.010 requires the City to adopt a Six-Year Transportation Improvement Program (Local TIP) annually; and

WHEREAS, the SEPA Responsible Official has issued a Determination of Nonsignificance on June 14, 2024 for the Local TIP and the comment period has passed; and

WHEREAS, in accordance with RCW 35.77.010, on July 2, 2024, after proper notice, the

City Council held a public hearing on the 6-Year TIP; and

WHEREAS, on July 2, 2024, following the public hearing and during its regular meeting,

the Council considered the Local TIP and approved its adoption; and

WHEREAS, the City Council finds that adoption of the Local TIP is in the best interests of the City of Ruston;

# NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF RUSTON, WASHINGTON, DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. Adoption of 6-Year TIP. The attached Six-Year Transportation Improvement Program, which is attached to this Resolution as Attachment 1 is hereby adopted by the City of Ruston.

Section 2. Directions to Clerk. The City Clerk is hereby directed to file a copy of this Resolution with attached Six-Year Transportation Improvement Program with the Washington State Secretary of Transportation not more than thirty days after its adoption.

1

**RESOLVED** this 2nd day of July, 2024.

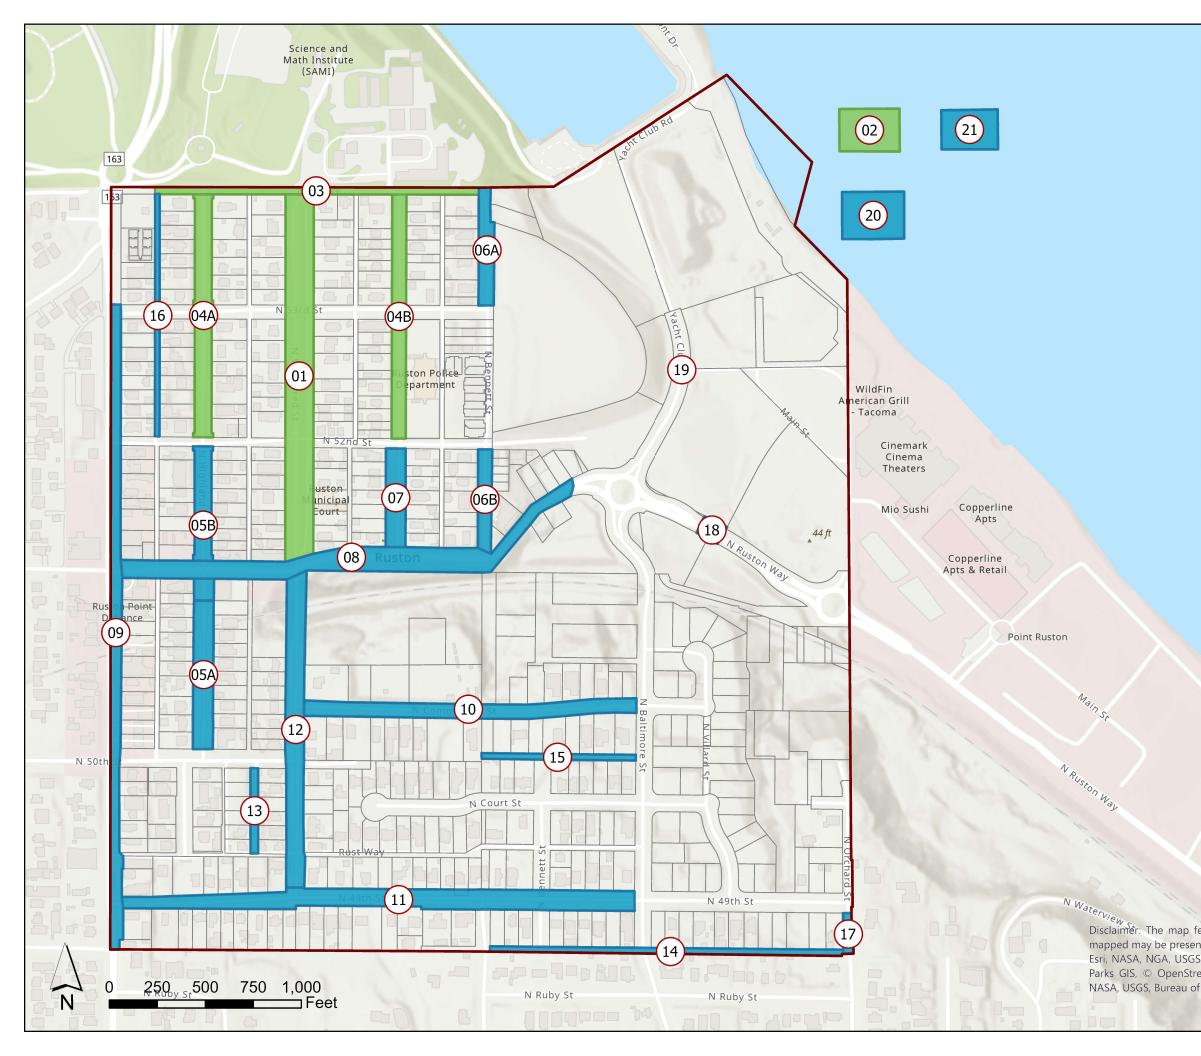

# **APPROVED:**

Bruce Hopkins, Mayor

# **ATTEST/AUTHENTICATED:**

Judy Grams, City Clerk

|  | 51st Street Realignment Project (2028-2030)  | \$4,500,000     |
|  | The primary purpose of this project is to provide maximum bicycle and pedestrian comfort and safety along 51st Street, between Pearl Street and Ruston Way - li  |                 |
|  | residential areas of Ruston and North Tacoma with the waterfront. Project elements include, vehicle travel lane width reductions from 14-15 feet in width down   | -               |
| 8  | width; shifting vehicle travel lanes to the southern extent of the available right of way to make room for maximum sidewalk width along the north; installation of   | bicycle lanes;  |
|  | installation of new guard rail structure along the south side; increased on-street parking where feasible; install bulb-outs to reduce pedestrian crossing widths at   | Bennett/51st,   |
|  | Shirley/51st, Highland/51st, and Pearl/51st.   |                 |
|  | Potential Funding Sources: TIB/Small City Arterial Program (SCAP) 95%, Ruston REET/General Fund 5%, and/or Developer Mitigation  |                 |
|  |  |                 |

|    | Pearl Street Pedestrian Safety/Bulb Out Project (2028-2030)  | \$3,000,000        |  |
|----|--|--------------------|--|
|    | The purpose of this project is to combine storm water treatment/storage facilities with bulb outs along Pearl Street to increase pedestrian comfort and safety an  | d to improve       |  |
|    | storm water facilities. Primary project elements include installation of bulb-outs containing storm water facilities; bulb-outs to reduce cross walk widths; restrip   | ing, using         |  |
| 9  | thermoplastic where feasible; and replacing traffic control and wayfinding signage. This project may be phased as needed to increase the likelihood of receiving   | potential grant    |  |
|    | funding.   |                    |  |
|    | Potential Funding Sources: TIB/Small City Arterial Program (SCAP), Ecology Stormwater Fund, Ruston REET/General Fund   |                    |  |
|    | Commercial Street Improvement Project (2028-2030)  | \$1,850,000        |  |
|    | The primary goals of this project are to enhance pedestrian comfort and safety along Commercial Street from Winnifred Street to Baltimore Street, maximize on  |                    |  |
|    | and replace the existing patchwork of asphalt with new asphalt through grinding and inlaying. Key elements include reducing travel lane widths to 10 feet, instal  | -                  |  |
| 10 | the south side, and replacing sidewalks on the north side along Rust Park with wider ones. The project also involves installing retaining walls where necessary, ac  | -                  |  |
|    | at pedestrian crossings, installing street lighting throughout, restriping using thermoplastic where feasible, and replacing all traffic control and wayfinding signag   | e. To increase     |  |
|    | the likelihood of securing potential grant funding, the project may be phased as needed.   |                    |  |
|    | Potential Funding Sources: TIB/Small City Arterial Program (SCAP) 95%, Ruston REET/General Fund 5%   |                    |  |
|    | 49th Street Improvement Project (2028-2030)  | \$1,850,000        |  |
|    | The primary purposes of this project are to increase pedestrian comfort and safety along 49th Street from Orchard Street to Pearl Street; maximize on-street pair  | rking; install     |  |
|    | bicycle lanes as part of Ruston's bicycle route connecting the Winnifred bicycle lanes (currently N of 51st) to the Baltimore Street bicycle lanes at 49th Street; an  | d replace the      |  |
| 11 | existing patch work of asphalt through grind and inlay of new asphalt. Elements include alignment of travel lane widths to 10 feet; install new sidewalks on both  | sides of the       |  |
|    | street; install bulb outs at all pedestrian crossings; add street lighting throughout; restriping, using thermoplastic where feasible; replace all traffic control and w   | ayfinding          |  |
|    | signage. This project may be phased as needed to increase the likelihood of receiving potential grant funding.   |                    |  |
