It shall be unlawful for any person, firm or corporation to erect, construct, alter, extend, repair, move, remove, demolish or occupy any building, structure or equipment regulated by any code adopted in this title, or cause same to be done, in conflict with or in violation of any of the provisions of Title 12 RMC.**

B. Additional violations. In addition to the above, it is a violation of this title to:

1. Remove or deface any sign, notice, complaint or other order required by or posted in accordance with this chapter or any other chapter in Title 12;
2. Misrepresent any material fact in any application, plans or other information submitted to obtain any building or construction authorization;

4. To use, construct, locate, demolish or cause to be used, constructed, located or demolished, any structure, land or property within Ruston in any manner that is not permitted by the terms of any permit or authorization issued pursuant to the codes in Title 12 RMC.

14.20.020. Enforcement.

A. The building official/fire code official shall have the ability to enforce this chapter. The building official/fire code official may call upon the police, fire, planning and community development or other appropriate town departments to assist in enforcement. As used in this chapter, "building official/fire code official" shall also mean his or her duly authorized representative.

B. Upon presentation of proper credentials, the building official/fire code official may, with the consent of the owner or occupier of a building or premises, or pursuant to a lawfully issued inspection warrant, enter at reasonable times any building or premises subject to the consent or warrant, in order to perform the duties imposed by this title.

C. This chapter shall be enforced for the benefit of the health, safety and welfare of the general public, and not for the benefit of any particular person or class of persons.

D. It is the intent of this chapter to place the obligation of complying with its requirements upon the owner, occupier or other person responsible for the condition of the land and buildings within the scope of this title.

E. No provision of or any term used in this chapter is intended to impose any duty upon Ruston or any of its officers or employees which would subject them to damages in a civil action.

12.40.030. Investigation and Notice of Violation.

A. Investigation. The building official/fire code official shall investigate any structure or use which the building official/fire code official reasonably believes does not comply with the standards and requirements of this title 12 RMC.

B. Notice of Violation. If, after investigation, the building official/fire code official determines that the standards or requirements of this title have been violated, the

building official/fire code official shall serve a notice of violation upon the owner, tenant or other person responsible for the condition. The notice of violation shall contain the following information:

1. A separate statement of each standard, code provision or requirement violated;
2. What corrective action, if any, is necessary to comply with the standards, code provision or requirements;
3. A reasonable time for compliance;
4. A statement that if the violation is not already subject to criminal prosecution, any subsequent violations may result in criminal prosecution as provided in RMC 12.40.080(B).

C. Service. The notice shall be served on the owner, tenant or other person responsible for the condition by personal service, registered mail, or certified mail with return receipt requested, addressed to the last known address of such person. If, after a reasonable search and reasonable efforts are made to obtain service, the whereabouts of the person(s) is unknown or service cannot be accomplished and the building official/fire code official makes an affidavit to that effect, then service of the notice upon such person(s) may be made by:

1. Publishing the notice once each week for two consecutive weeks in the Town's official newspaper; and
2. Mailing a copy of the notice to each person named on the notice of violation by first class mail to the last known address as shown on the official Pierce County assessor's parcel data, or if unknown, to the address of the property involved in the proceedings.

D. Posting. A copy of the notice shall be posted at a conspicuous place on the property, unless posting the notice is not physically possible.

E. Other Actions May Be Taken. Nothing in this section shall be deemed to limit or preclude any action or proceeding pursuant to RMC 12.40.010, 12.40.050, 12.40.060, 12.40.080 or 12.40.090.

F. Optional Notice to Others. The building official/fire code official may mail, or cause to be delivered, to all residential and/or non-residential rental units in the structure or post at a conspicuous place on the property, a notice which informs each recipient or resident about the notice of violation, stop work order or emergency order and the applicable requirements and procedures.

G. Amendment. A notice and order may be amended at any time in order to:

1. Correct clerical errors; or
2. Cite additional authority for a stated violation.

H. Withdrawal. Ruston may choose to withdraw a notice of violation at any time, without prejudice to Ruston's ability to reissue it, if a certificate of compliance has not been obtained for the specific violations.

12.40.040. Time To Comply.

A. Determination of Time. When calculating a reasonable time for compliance, the building official/fire code official shall consider the following criteria:

1. The type and degree of violation cited in the notice;
2. The stated intent, if any, of a responsible party to take steps to comply;
3. The procedural requirements for obtaining a permit to carry out corrective action;
4. The complexity of the corrective action, including seasonal considerations, construction requirements and the legal prerogatives of landlords and tenants; and
5. Any other circumstance beyond the control of the responsible party.

B. The building official/fire code official may file a copy of the notice of violation with the Pierce County Auditor. The building official/fire code official may choose not to file a copy of the notice of violation if the notice is directed only to a responsible person other than the owner of the property, or if there is reasonable expectation that the owner will promptly take action to resolve the issue or correct the violation. This subsection (B) does not apply to emergency orders or stop work orders.

12.40.050. Stop Work Order.

Whenever the building official/fire code official finds any work regulated by this code is being performed in a manner either contrary to the provisions of this code, dangerous or unsafe, or if he/she finds that a continuing violation of this code will materially impair the building official/fire code official's ability to secure compliance with this code, or when the continuing violation otherwise threatens the health or safety of the public, the building official/fire code official shall issue a stop work order specifying the violation and prohibiting any work or other activity at the site. The stop work order shall also include a reference to the procedure in RMC Section 12.40.070, which allows for an administrative appeal. Failure to comply with a stop work order shall constitute a violation of this chapter.

12.40.060. Emergency Order.

Whenever any use or activity in violation of this title threatens the health and safety of the occupants of the premises or any member of the public, the building official/fire code official may issue an emergency order directing that the use or activity be discontinued and the condition causing the threat to the public health and safety be corrected. The emergency order shall specify the time for compliance and shall be posted in a conspicuous place on the property, if posting is physically possible. The emergency order shall include a reference to the procedure in RMC Section 12.40.070, which

allows for an administrative appeal. A failure to comply with an emergency order shall constitute a violation of this chapter. Any condition described in the emergency order which is not corrected within the time frame specified is hereby declared to be a public nuisance and the building official/fire code official is authorized to abate such nuisance summarily by such means as may be available. The cost of such abatement shall be recovered from the owner or person responsible or both in the manner provided by law.

12.40.070 Administrative Appeals.

A. There is no administrative appeal of a notice of violation issued pursuant to this chapter if the violation cited is subject to criminal penalties under RMC Section 12.40.080(B).

B. Notice of Violation (citing to civil penalties), Stop Work Orders and Emergency Orders.
