

**Subject: Ordinance No. 1512 – Update
 To Chapter 16.07 RMC –
 Overweight Vehicles**

Dept. Origin: Mayor’s Office
**Prepared by: Jennifer Robertson,
 City Attorney’s Office**
For Agenda of: August 21, 2018
Exhibits: Ordinance #1512

Proposed Council Action:

On for First Reading. No action requested.
 Unless directed otherwise, this matter will
 Return to Council on September 4, 2018 for
 Second Reading and Action.

Initial & Date

Approved by City Planner: _____
Approved as to form by City Atty: JSR 8-14-18
Approved by Finance Director: _____
Approved by Department Head: _____

INFORMATION / BACKGROUND

Certain streets within the City limits have been damaged by heavy truck traffic. In most instances, there are alternate routes for heavy truck traffic on streets that can better handle the load. State law¹ allows the City to restrict certain types of trucks from using certain streets within the City.

In 2013, the City Council adopted Ordinances #1394 and #1413 to update Chapter 16.07 of the Ruston Municipal Code (“RMC”) to restrict large trucks on certain streets in the City. Since that time, the correct signage has been installed with Police issuing citations to vehicles in violation. This has been effective in reducing damage to the City’s streets. When there has been requests to use the City streets in violation of this chapter, the City has issued street excavation permits to allow such use with the conditions to repair the streets. Recently, a developer doing construction outside the City balked at obtaining a permit and has been hauling overweight vehicles on the City’s streets claiming the construction exemption under RMC 16.07.030(a)(6) which allows servicing of construction sites as an exempt use when alternate routes do not exist. In that case, the parties disputed whether alternate routes existed (the City believed they did, the developer claimed that the cost was too high and needed to use the City’s streets).

In order to increase the protection for the City’s roads, a new permit system is being established to require permits and roadway repairs when hauling for a nonexempt use or for a use related to construction type permits. This permit system will require a street survey and other information to be provided prior to the hauling. (See Section 3 of Ordinance No. 1512 (RMC 16.07.035).) A performance bond will be required to ensure street repair. The applicant then will need to repair

¹ RCW 46.44.080.

any damage that has occurred as a result of the hauling after the hauling is completed in order to obtain a release of the bond.

FISCAL CONSIDERATION

The fees for an overweight vehicle permit range from \$360 to \$720 depending and the weight of the vehicle. (See Section 7 of the draft Master Fee Resolution (RES 690) which is in tonight's packet.)

RECOMMENDATION / MOTION

No action requested. Unless directed otherwise, this matter will return to Council on September 4, 2018 for Second Reading and Action.

ORDINANCE NO. 1512

AN ORDINANCE OF THE CITY OF RUSTON, WASHINGTON REGARDING USE OF CITY RIGHTS OF WAY BY HEAVY VEHICLES, AMENDING CHAPTER 16.07 OF THE RUSTON MUNICIPAL CODE WHICH PROVIDES WEIGHT LIMITS ON CERTAIN CITY STREETS WITHIN THE RUSTON CITY LIMITS, AMENDING SECTIONS 16.07.020 AND 16.07.030 TO REFERENCE NEW PERMITTING REQUIREMENTS FOR OPERATING OVERWEIGHT VEHICLES ON CITY STREETS, ADDING A NEW SECTION 16.07.035 TO PROVIDE PERMITTING REQUIREMENTS AND PROCEDURES FOR OPERATION OF OVERWEIGHT VEHICLES, AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, in accordance with RCW 35A.11.020 the City has the authority to control its rights-of-way; and

WHEREAS, certain streets within the City limits have been or could be damaged by heavy truck traffic; and

WHEREAS, there are alternate routes for heavy truck traffic on streets that can better handle the load; and

WHEREAS, RCW 46.44.080 permits the City to restrict certain types of trucks from using certain streets within the City; and

WHEREAS, the City Council finds that it is necessary to establish and regulate truck routes within the city in order to promote compatible land uses, enhance public safety, and minimize street pavement maintenance and reconstruction costs; and

WHEREAS, in order to ensure that Ruston's streets remain in good repair, the City Council finds it in the City's best interest to restrict large trucks from use of certain streets in a manner consistent with State law; and

WHEREAS, on August 21, 2018, the City Council held the first reading on this Ordinance; and

WHEREAS, on September 4, 2018, the City Council adopted this Ordinance during its regular meeting at second reading; **NOW, THEREFORE**

THE CITY COUNCIL OF THE CITY OF RUSTON HEREBY ORDAINS AS FOLLOWS:

Section 1. Section 16.07.020 of the Ruston Municipal Code is hereby amended to read as follows:

16.07.020 - Weight limits on Winnifred Street, Baltimore Street, 49th Street, 50th Street, 52nd Street, 53rd Street, and 54th Street, Highland Street, Shirley Street and Bennett Street.

(a) No person shall operate a commercial motor vehicle on any of the following streets in the City limits of Ruston unless specifically exempt under RMC 16.07.030 without first obtaining a permit under RMC 16.07.035:

- (1) Winnifred Street - between 49th Street and 54th Street;
- (2) Baltimore Street - between 49th Street and Commercial Street;
- (3) 49th Street - between Pearl Street and Baltimore Street;
- (4) 50th Street - between Pearl Street and Winnifred Street;
- (5) 52nd Street - between Pearl Street and Bennett Street;
- (6) 53rd Street - between Pearl Street and Bennett Street;
- (7) 54th Street - between Pearl Street and Bennett Street;
- (8) Highland Street - between 51st Street and 54th Street;
- (9) Shirley Street - between 51st Street and 54th Street; and
- (10) Bennett Street - between 51st Street and 52nd Street.

(b) No person shall operate a motor truck or commercial motor vehicle which is more than 7,000 pounds empty weight on Baltimore Street between Commercial Street and Ruston Way without first obtaining a permit under RMC 16.07.035.

Section 2. Section 16.07.030 of the Ruston Municipal Code is hereby amended to read as follows:

16.07.030 - Exemptions.

(a) The following vehicles shall be exempt from the prohibition in RMC 16.07.020(a):

(1) Emergency vehicles.

(2) School buses.

(3) Commercial motor vehicles may be operated on the prohibited street only when transporting perishable commodities and when alternate routes do not exist.

(4) Commercial motor vehicles may be operated on the prohibited street only when installing, repairing or maintaining a public utility that is accessed from the street in question and when alternate routes do not exist.

(5) Commercial motor vehicles may be operated on the prohibited street when making pickups or deliveries to businesses or residences that are accessed from the street in question only when alternate routes do not exist.

(6) Commercial motor vehicles may be operated on the prohibited street when servicing construction sites accessed from the street in question only when alternate routes do not exist only when the property owner or contractor first obtains a permit in accordance with RMC 16.07.035.

(7) Garbage and recycling collection commercial motor vehicles may be operated on the prohibited street when providing services to premises accessed from the street in question.

(b) Emergency vehicles shall be exempt from the prohibition in RMC 16.07.020(b).

(c) Motor trucks and commercial motor vehicles covered by the exemptions in this section shall be limited to use of the prohibited street only to the extent which is reasonably necessary to accomplish the exempt function. However, for construction site access, or for any other trips that are made in accordance with a building permit, street excavation permit or permit issued by the City under Titles 12, 14 or 25, or an equivalent permit issued by another governmental entity, a permit must first be obtained from the City in accordance with RMC 16.07.035.

(d) Any non-exempt vehicles may apply for a permit to allow such use under RMC 16.07.035.

Section 3. A new section 16.07.035 is hereby added to the Ruston Municipal Code to read as follows:

RMC 16.07.035 Excess Weight Permits and Permit Procedures for Oversized Vehicles.

(a) Excess Weight Permit Required. Any motor truck or commercial motor vehicle as defined by this ordinance that does not meet the weight restrictions herein must have an excess weight permit from the City in order to move or travel on any City Streets with such weight limitations. Such motor trucks or commercial motor vehicles with excess weights create extraordinary wear and tear on the street or other public infrastructure within the right-of-way, and/or significant impacts to public safety, the environment, traffic, or noise. The City may impose permit conditions to mitigate the impacts of the motor truck or commercial motor vehicle traveling over the city streets, given the excess weight, including but not be limited to: restoration, alteration, or other improvements to the street deemed necessary by the City Engineer to mitigate the impacts of the excess weight.

(b) No excess weight permit shall be issued to any motor truck or commercial motor vehicle unless such vehicle is licensed for the maximum gross weight allowed by law. Furthermore, no excess weight permit shall be issued for movement on any street or alley where the gross weight, including load, exceeds 22,000 pounds on a single axle or 43,000 pounds on any group of axles having a wheel base between the first and last axle thereof less than 10 feet; provided, that the weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of 20 inches or more and a rim diameter of 24 inches or more or dual pneumatic tires having a rim width of 16 inches or more and a rim diameter of 24 inches or more; or the gross weight limitations may be waived when certification is made by military officials, or by officials of public or private power facilities that such movement or action is a necessary movement or action, and in the opinion of the City Engineer the structures and street or alley surfaces on the routes involved are determined to be capable of sustaining weights in excess of such limitations.

(c) Application. The applicant must supply the following information as part of his or her application for an excess weight permit:

1. The Application form, including the name, address, telephone and email of the person
2. A description of the object(s) to be transported, or the vehicle or vehicles to be driven or used, the route desired to be traversed, the hours within which it is desired to perform the work, the number of trips, the number of days the hauling will take and the means of locomotion to be used;
3. A description of why the proposed use of the street cannot be performed in compliance within the City's weight limitations;
4. A traffic study prepared by the applicant's engineer which shall incorporate the following items:
 - i. The intended haul routes;
 - ii. The intended number of trucks;
 - iii. Anticipated impacts to streets and intersections; and
 - iv. An analysis of the existing condition and structural integrity of streets along the truck route.
5. Moving, loading or parking operation. If the application is for a permit to move, load, stand, park or angle park a commercial motor vehicle contrary to the provisions of this ordinance, such application shall show the location and explain the necessity for the operation, and shall explain whether the operation may endanger other traffic or prevent it from using the street;
6. The applicable application fee(s) as adopted by Council Resolution; and
7. Any such other information as may be requested by the City to review the application.

(d) Conditions for approval. Any excess weight permit issued under this ordinance shall be upon such terms and conditions consistent therewith, as may be prescribed by the City Engineer. Such

excess weight permits shall entitle the permittee to carry such additional load in such an amount upon the streets or alleys as may be determined by the City Engineer to be capable of withstanding such increased load without undue injury to the street or alley for the use, frequency and time period identified in the permit. If, in the City Engineer's opinion the streets or roads identified in the application, in their current condition, cannot withstand the increased load, the City Engineer may deny the application.

In addition, any permit issued in accordance with this Ordinance shall contain at least the following conditions to which the applicant shall comply:

1. The routes to be traversed and the hours, frequency of trips, and dates during which the operation may be undertaken;
2. The loading or moving hours under which the activity will be permitted and the manner in which it shall be performed;
3. Any special precautions recommended by the City Engineer which may be required to protect the public and/or the integrity of the rights of way;
4. Any such other conditions as recommended by the City Engineer, including but not limited to, establishing a portable or stationary scale at a specified location to weigh each truck and its load, restricted hours of continuous operation, and restricted days of continuous operation;
5. Any requirement to perform work prior to use of the street to reinforce the rights of way deemed necessary by the City Engineer for the right of ways to withstand the proposed loads. Such work will require a Street Excavation Permit in accordance with Chapter 14.08 RMC;
6. Any requirement to perform repair or reconstruction of the rights of way to mitigate damage that occurs during the permitted operation. Such work will require a Street Excavation Permit in accordance with Chapter 14.08 RMC;
7. Proof of insurance that will remain in effect during all periods of use for excess weight permit. Such insurance will provide for public liability and property damage and shall be in a form and type that is acceptable to the City. The limits of said insurance shall be established by the Mayor or designee. A certificate evidencing the existence of said insurance or, upon written request of the Mayor or designee, a duplicate copy of the policy shall be provided to the City as evidence of the existence of the insurance protection prior to the applicant use of the City rights of way under the excess weight permit. Said insurance shall not be cancelable or reduced without prior written notice to the City, not less than 30 days in advance of the cancellation or alteration. Said insurance shall name the City as a named or additional insured and shall be primary as to any other insurance available to the City;
8. A performance bond sufficient to restore the rights of way to its original or better condition than existed prior to the use of the street under an excess weight permit. Such bond shall be provided in a form acceptable to the City Attorney. The amount of the bond shall be established by the Mayor or designee.

9. A permit expiration date. In no case shall a permit be for longer than one year.

(e) Excess weight permit – Display. Any excess weight permit issued hereunder shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any peace officer or authorized agent of any authority granting such permit.

Section 4. Severability. If any section, sentence, clause or phrase of this Ordinance should be held to be unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other section, sentence, clause or phrase of this Ordinance.

Section 5. Publication. This Ordinance shall be published by an approved summary consisting of the title.

Section 6. Effective Date. This Ordinance shall be effective five days after publication as provided by law.

Section 7. Enforcement of Ordinance – Erection of Signs. This being an amendment to an existing Chapter of the Ruston Municipal Code, the required signs needed for the enforceability of this Ordinance are already erected and in place on the streets which have weight limitations within the City. Therefore, this Ordinance may take effect in accordance with Section 4 above.

ADOPTED by the City Council of the City of Ruston and attested by the City Clerk in authentication of such passage on this 4th day of September, 2018.

APPROVED by the Mayor this 4th day of September, 2018.

Bruce Hopkins, Mayor

RESOLUTION NO. 690

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF RUSTON, ESTABLISHING FEES FOR CITY SERVICES INCLUDING CERTAIN BUSINESS LICENSE FEES, PERMIT FEES, ELECTRICAL INSTALLATION FEES, ENGINEERING AND PLAN REVIEW FEES, AND MISCELLANEOUS FEES, AND REPEALING RESOLUTION #664.

WHEREAS, on December 19, 2017, the City Council adopted Resolution #664 which updated the City’s “Master Fee Resolution”; and

WHEREAS, in accordance with RCW 82.20.020 the City is permitted to recover the cost to the City of processing permit applications, inspecting and reviewing plans or preparing detailed statements as required by Chapter 43.21C RCW; and

WHEREAS, the City’s Planning Fees hourly rates have not been increased in many years and a 3 percent increase is appropriate and will aid in cost recovery; and

WHEREAS, the City’s hourly rates are well within the rates charged by other cities in the region; and

WHEREAS, the City has adopted a new update to its business license code and these fees should be amended to be consistent with the licenses described in the new code; and

WHEREAS, this Master Fee Resolution is amended from time-to-time; and

WHEREAS, the City is updating its business licensing code and therefore these fees need to be updated in the Master Fee Resolution; **NOW, THEREFORE,**

THE CITY COUNCIL OF THE CITY OF RUSTON HEREBY RESOLVES AS FOLLOWS:

Section 1. The City Council establishes construction code permit and plan review fees as follows:

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

A. Valuation Determination

The determination of value or valuation under any of the provisions of this section shall be made by the code official. The value to be used in computing the building permit and building plan review fees shall be the total value of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire-extinguishing systems and any other permanent equipment. At a minimum, a project’s valuation shall be as determined from the most current “*Square Foot Construction Costs*” table compiled by the International Code Council and published twice a year in the Building Safety Journal magazine.

B. Valuation based fees shall be as set forth below:

1. Permit Fee: All projects requiring a permit in accordance with any of the codes adopted in RMC Chapter 12.20, other than those with fees specifically described in subsections C through I below, shall have a permit fee based on the project’s valuation as established by subsection A, and then calculated in accordance with Table 1-A below. Permits and fees specifically described in subsections C through I below shall have permit fees as described therein.

2. Plan Review Fee: When submittal documents are required in accordance with IBC Section 106, IRC Section R106, IMC Section 106.3.1, or UPC Section 103.2.2, a plan review fee shall be paid at the time of submitting the documents for plan review. The plan review fee is separate from, and in addition to, the permit fee as set forth above. The plan review fee shall be equal to 65% of the permit fee.

TABLE A-1

TOTAL VALUATION*	FEE
\$1.00 - \$500.00	\$26.45
\$501.00 up to \$2000.00	\$26.45 for the first \$500.00 plus \$4.00 for each additional \$100.00, or fraction thereof, to and including \$2,000.00
\$2,000.01 up to \$25,000.00	\$86.45 for the first \$2,000.00 plus \$16.00 for each additional \$1,000.00, or fraction thereof, to and including \$25,000.00
\$25,000.01 up to \$50,000.00	\$454.45 for the first \$25,000.00 plus \$11.90 for each additional \$1,000.00, or fraction thereof, to and including \$50,000.00
\$50,000.01 up to \$100,000.00	\$751.95 for the first \$50,000.00 plus \$7.65 for each additional \$1,000.00, or fraction thereof, to and including \$100,000.00
\$100,000.01 up to \$500,000.00	\$1,134.45 for the first \$100,000.00 plus \$6.70 for each additional \$1,000.00, or fraction thereof, to and including \$1,000,000.00
\$1,000,000.01 and up	\$7,164.45 for the first \$1,000,000.00 plus \$4.00 for each additional \$1,000.00, or fraction thereof
*Minimum valuation is based on a standard cost per square foot. (See Subsection A above.)	

C. Residential flat fee permit fees shall be as set forth below:

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

Manufactured home installed on a land parcel	\$450.00 each building
MH Title Elimination (permit research & inspection)	\$100.00 each
Pre-Move Inspections – Within 30 miles of Ruston	\$200.00
Pre-Move Inspections – Over 30 miles from Ruston	\$350.00
Adult Family Homes (per IRC R325)	\$100.00 each
Family Child Day Care Homes (per IRC R326)	\$100.00 each
Single-Stop Permit Fees:	
Demolition	\$ 90.00 each building
Fence (over 6 feet in height)	\$ 90.00 each parcel
Fireplace (freestanding, pre-fab, wood stove)	\$ 90.00 each
Furnace	\$ 90.00 each
Lawn Sprinkler System (backflow prevention)	\$ 90.00 each
Plumbing (Sewer or water pipe replacement)	\$ 90.00 each
Re-roofing (roof covering replacement)	\$ 90.00 each building
Siding	\$ 90.00 each building
Spa or hot tub	\$ 90.00 each
Water Heater	\$ 90.00 each
Window (and/or Door) replacement	\$ 90.00 each building

D. Commercial flat fee permit fees shall be as set forth below:

Revised Certificate of Occupancy (no work)	\$ 90.00 each cert.
Temporary building installation and removal	\$250.00 each building
Demolition	\$ 90.00 each building
Fence (over 6 feet in height)	\$ 90.00 each parcel

E. Energy Code Fees shall be as set forth below:

In addition to the building code fees set forth above, the following energy code plan review and inspection fees are hereby established for plan review and inspections to verify compliance with the requirements of the Washington State Energy Code:

Single Family	\$ 126.95
Residential Remodel/Addition	\$ 63.45
New Commercial or Multi-Family Building	
0 to 2,000 square feet	\$ 317.40
2,001 to 5,000 square feet	\$ 634.80
5,001 to 10,000 square feet	\$ 952.20
10,001 square feet and over	\$1,216.70
Commercial Remodels and Tenant Improvements	50% of the new building fee above
Warehouses	70% of the new building fee above

F. Miscellaneous Fees shall be as set forth below:

<u>Washington State Building Code Council surcharge:</u>	As required by RCW 19.27.085
--	------------------------------

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

Additional Review: Additional plan review required by changes, revisions, or addition to plans shall have a fee equal to \$90.00 per hour or the total cost of the permit, whichever is less.

Reactivation Fee (<1yr.): To reactivate a permit after permit expiration, if within 1 year of expiration, the permit fee shall be one half of the amount required for a new permit, or \$400.00, whichever is less, provided no changes have been made, or will be made in the original plans and specifications for such work.

Reactivation Fee (>1yr.): To reactivate a permit any time after the permit has been expired for more than one year, a full permit fee shall be paid in the amount required for a new permit.

Reactivation Fee, Final Only: To reactivate a permit after permit expiration, to perform a final inspection only for a permit that previously had all required inspections approved other than the final inspection, a fee shall be paid of \$90.00.

Re-inspection Fee: Whenever an inspection is requested but the project is not yet ready for inspection, or if access to the site is prevented, or if temporary silt and erosion control measures are not in place, a fee shall be paid of \$90.00.

Investigation Fee: Whenever any work for which a permit is required by this code has been commenced without first obtaining such permit, an investigation fee shall be paid in an amount equal to the permit fee for such project, in addition to the required plan review and permit fees.

Stop Work Fee: (in addition to the investigation fee) \$50.00 each

Inspections Outside of Normal Business Hours Fee: (2-hour min.) \$125.00 per hour

Inspections for which no fee is specifically indicated: \$90.00 per hour

G. Mechanical Permit Fees shall be as set forth below:

Residential:

“One-Stop” type mechanical installation \$ 90.00
Includes installation of equipment such as a furnace, heat pump, exhaust fan, fireplace or woodstove. “One-stop” permits may include multiple installations if performed at the same time.

“Two-Stop” type mechanical installations \$145.50
Includes installation of “One-Stop” type equipment along with a new natural or LP gas piping system and/or storage tank.

Residential mechanical permits, when part of a construction project for which a building permit is issued, are exempt from additional mechanical permit fees, provided mechanical equipment is identified and specified in the building plans, and inspections are coordinated with building inspection requirements.

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

Commercial:

Commercial mechanical plan review and permit fees are based on the project’s valuation as determined by Sections A and B above.

Commercial mechanical permits, when part of a construction project for which a building permit is issued, are exempt from additional mechanical permit fees, provided mechanical equipment is identified and specified in the building plans, and inspections are coordinated with building inspection requirements.

H. Plumbing Permit Fees shall be as set forth below:

Residential:

“One-Stop” type plumbing installation	\$ 90.00
Includes installation or repair of plumbing systems such as the addition of supply, vent and drainage piping for a fixture such as a toilet, sink or dishwasher; replacement of a fixture or appliance such as a water heater; or replacement of an exterior building sewer lateral.	
“One-stop” permits may include multiple fixtures if performed at the same time.	

Residential plumbing permits, when part of a construction project for which a building permit is issued, are exempt from additional plumbing permit fees, provided the plumbing system components are identified and specified in the building plans, and inspections are coordinated with building inspection requirements.

Commercial:

Commercial plumbing plan review and permit fees are based on the project’s valuation as determined by Sections A and B above.

Commercial plumbing permits, when part of a construction project for which a building permit is issued, are exempt from additional plumbing permit fees, provided the plumbing system components are identified and specified in the building plans, and inspections are coordinated with building inspection requirements.

I. Fire Code Permit (FCP) fees shall be as set forth below:

Fire Code Construction plan review and permit fees are based on the project’s valuation as determined by Sections A and B above.

In addition, if specialized third party review or inspection is required, the amount of consultant fees accrued by the City of Ruston shall be paid by the permit applicant.

J. Fee Refunds

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

The code official may authorize the refunding of any fee paid which was erroneously paid or collected.

The code official may authorize the refunding of not more than 80 percent of the permit fee paid when no work has been done under a permit issued in accordance with this code, provided the permit is not expired.

The code official may authorize the refunding of not more than 80 percent of the plan review fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or cancelled before any review is performed.

K. Code Enforcement.

Mitigation Hearing Fee: \$200.00
Contested Hearing Fee: \$350.00

Section 2. The City Council establishes other fees for Planning and Engineering Service as follows:

PLANNING AND ENGINEERING SERVICE DEPARTMENT FEES

Section 2.1 - Base fee and hourly rate

- A. The base fee for Planning and Development Services (hereinafter DPD or the “Department”) shall be charged as specified in this Section and shall be \$257.50.
- B. Any services provided by the Department for which an hourly charge is assessed shall be charged at a rate specified in this Section.

The hourly rate for land use review is \$177.68. The rate for all other hourly fees is \$195.70 an hour except where a different hourly rate is specified in this Section. Where "DPD hourly rate" is specified in this Section, the rate is \$177.68 an hour. Minimum increments shall be in one-quarter of an hour increments, in addition to other permit fees established by this Section.

Section 2.2 - Miscellaneous and special fees.

- A. General. Miscellaneous and special fees shall be assessed to recover City costs for services and materials which are not otherwise specified in this Fee Resolution or where the valuation or other methodology normally used does not reflect actual conditions which may include but are not limited to the following:
 - 1. Notification, examination, consultation, testing, or inspection of proposals, sites (or locations), particular plans, construction, equipment, personnel or material which may be related to, but not directly covered by, a specific permit or approval process;
 - 2. Furnishing or certification of affidavits, reports, data, or similar documentation;
 - 3. Recording or filing documents with other agencies;

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

- 4. Delivery and mailing costs.
- 5. Rental of venues for public meetings.
- B. Failure to Cancel Missed Appointments. A fee of ½ the DPD base fee per appointment shall be charged for failure by applicant to notify the Department at least twenty-four (24) hours prior to a scheduled application intake appointment or a pre-application conference appointment that the appointment will not be kept.
- C. Expert Witness Testimony. The fee for expert witness testimony shall be the DPD hourly rate.
- D. Address Change. The fee to correct the address on an application or, if applicable, on an issued permit is \$52. If an address change is requested that is unrelated to an application for a permit or for an issued permit, a fee one times the base fee shall be assessed.
- E. Copies of electronic records. Charges for plans reproduced from electronic records are shown in Table B-1

Table B-1—FEES FOR
REPRODUCTIONS FROM ELECTRONIC RECORDS

Page Size	Price
Electronic Records	No cost, except if scanning is required, then pay staff time for scanning. If placed onto a CD, \$5.00 per CD.
8½" × 11"	\$0.15 per printed page or actual cost if sent out
8½" × 14"	\$0.55 per printed page or actual cost if sent out
11" × 17"	\$0.55 per printed page or actual cost if sent out

- F. Reinspection. To obtain a reinspection, a permit holder shall be charged at the rate of ½ times the base fee per reinspection. No reinspection of the work shall be performed until the required fees have been paid; provided, that in the case of boilers and refrigeration systems, the permit holder may be billed for the reinspection fee. Reinspections of fuel-gas piping shall be charged according to this Fee Resolution.

Section 2.3 - Time of collection of fees.

- A. Fees shall be collected at the times specified in the City Code or this Fee Resolution. If not specified, the minimum fee shall be collected at the time of application. The City may bill an applicant and require payment for accrued fees at any time in the permit review process.
- B. The fee collected at the time of application will be based on Department estimates of the total fees due at the time of permit issuance. The final fees will be recalculated during review, and any additional amount due shall be collected prior to the issuance of the permit, approval, denial, decision or recommendation. Any fee in excess of the final calculated fee shall be refunded pursuant to the Refund Section below.

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

- C. At the time an application or permit is denied or canceled, the final fee shall be determined and collected. If a balance is due to the Department, the Mayor shall have the authority to waive fees when strict application of the fees is inconsistent with the purpose of collecting the fee.

Section 2.4 - Refunds.

Applicants may apply for refunds of fees collected pursuant to the Fee Schedule when an application or permit is withdrawn or canceled prior to the completion of the review and inspection process. To request a refund, the applicant shall submit a request to the City Clerk on a refund request form. Such request must be made within 90 days of the withdrawal or cancellation of the application and may be issued only to the extent that the City's costs are less than the fee deposit. If the applicant has any outstanding balance due to the City for any other development or application procedures, any refund shall be applied to the outstanding balance(s).

Section 2.5 - Revisions and additions to applications.

- A. The City may assess an additional fee for the plan examination of previous designs if a subsequent redesign of a project is submitted prior to permit issuance if the costs of review exceed or are projected to exceed the deposit. The revision fee shall be assessed at the DPD hourly rate not to exceed the fee that would have been charged for the original design, provided that if the application is a Land Use application that requires additional Land Use review, the Land Use hourly rate in effect at the time the revision is filed shall be charged for that portion of the work. The total fee is the fee for the final design plus the revision fee.
- B. The City may assess a fee in addition to fees already charged for the original permit if the applicant makes an amendment to an existing unexpired or reestablished permit. The applicable fees will be assessed for all work necessary to process the amendment, including review by the other departments, including engineering, environmental, building, electrical, etc. associated with the submitted amendment.

Section 2.6 - Fees for Land Use Review.

- A. Land Use Review Fees. The land use review fee for Master Use Permits, Council and Hearing Examiner approvals, environmentally critical area reviews and other miscellaneous reviews, research and services shall be charged according to Table C-1 unless otherwise specified. For any review, research or service that is not listed in Table C-1, the minimum fees will be determined by the Director based on the estimated complexity of work, but in no case shall be less than 0.5 hours' time the current Land Use hourly rate and in no case more than 10 hours times the current Land Use hourly rate. Additional hours worked that exceed the number covered by the minimum fee shall be charged at the current Land Use hourly rate and are required to be paid at the time of invoicing and/or prior to approval of permits. Land use review that is subject to the Land Use hourly rate may include, but is not limited to: review time for more than one technical reviewer, pre-application services, project review, permit issuance, inspection, and continued review during the building permit and construction approval phases of the project. Land Use hourly rate also includes time spent preparing for and defending the City's decision or recommendation if appealed to the Hearing Examiner.
- B. Fee Components of Land Use Review Fees. Land use review fees include a minimum land use review fee and may include an hourly fee as specified in Table C-1. The minimum land

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

use review fee covers the number of review hours specified in Table C-1. Only one minimum fee shall be charged. Additional hours shall be charged at the rate specified in the table.

C. Time of Payment.

1. Pre-application Conference Fee. The fee for land use pre-application conference specified in Table C-1 shall be paid prior to the conference.
2. Minimum Land Use Review Fee. The minimum land use review fee specified in Table C-1 shall be paid at the time of application submittal. For projects entailing hourly fees in addition to the minimum land use review fee, the City will require periodic progress payments to be made during the application review process.
3. The following fees and amounts are due at the times specified below:
 - a. Monthly billing for hourly fees accrued above the minimum fee will be payable upon receipt of invoice.
 - b. All outstanding DPD fees shall be paid prior to the publication of a decision or recommendation on the application and prior to issuance of the permit. The actual charges and fees paid shall be reconciled and all outstanding balances are due and payable on demand. In cases where no published decision or recommendation is required, fees owed shall be paid prior to issuance of the permit, or issuance of a letter.
 - c. For Council and Hearing Examiner approvals, the fee due for work up to and through final Council or Hearing Examiner action shall be paid at the time the recommendation of the Director is available for public review and before it is forwarded for final action. In addition to periodic monthly billings for actual charges during the Council or Hearing Examiner proceedings, after final Council or Hearing Examiner action, the actual charges and all outstanding fee balances shall be due and payable upon demand, and prior to issuance of the permit.
 - d. For early design guidance projects entailing hourly fees in addition to the minimum land use review fee, all outstanding fees shall be paid upon application for the master use permit. Any hours paid by the minimum land use review fee but not spent at the time of application for the master use permit shall be credited toward land use review of the master use permit application.

D. Additional Review. In addition to the fees set in Table C-1, review time required on a project prior to, or in lieu of, an application will be charged hourly as determined by the Director.

E. Correction Fee. After written notice to the applicant, a Correction Fee of \$345 may be charged for each additional correction cycle required due to lack of response from the applicant.

F. Fees for all environmentally critical areas reviews apply to environmentally critical areas inside or outside the Shoreline District.

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

TABLE C-1.

REVIEW PROCESS TYPE	DESCRIPTION	BASE FEE **All Fees are Estimates and could vary based upon actual consultant time used** The Base Fee is due at the time of application.
Administrative Review	Administrative review is completed by Planning Services Department staff without a public hearing. Final decisions are issued by the Mayor or Land Use Administrator and are appealable to the City Council	Included in Applicable Fee
Legislative Review	This type of review is done through a process by which the Planning Services Department staff will review a project and then make a recommendation to the City Planning Commission, who in turn makes a recommendation to the City Council. The first meeting, called a work study session is held before the Planning Commission. The second meeting is a public hearing, which is also held before the Planning Commission. Once completed, an ordinance is presented to City Council at their regularly scheduled meetings for 1st reading, followed by a 2nd reading at the following Council meeting. SEPA is usually required for this process.	\$4,500 **
Quasi-Judicial Review	This type of review is done through a process by which the Planning Services Department staff will review a project and then make a recommendation to the City Planning Commission, who in turn makes a recommendation to the City Council. A public hearing, immediately followed by closed record deliberations, is held before the Planning Commission. Once completed, an ordinance is presented to City Council at their regularly scheduled meetings for 1st reading, followed by a 2nd reading at the following Council meeting. SEPA is usually required for this process.	\$3,900 **
Pre-Application (Administrative)	Pre-Application Meeting (Applicant presents project to staff and Mayor)	\$575 **

Section 4. The City Council establishes the following fees for business licensing, as described in Subtitle 5.05 RMC:

Description	Fee	RMC
Annual Business License		
Any charitable organization that has been exempted from payment of taxes to the federal government under Section 501(c)(3) of the Internal Revenue Code	\$25.00	RMC 5.05A.020
Businesses grossing under \$12,000 per year	\$25.00	RMC 5.05A.020
Businesses grossing between \$12,000 and \$250,000 per year	\$110.00	RMC 5.05A.020
Businesses grossing over \$250,000 per year	\$250.00	RMC 5.05A.020
Each additional location where business is transacted	\$25.00 per each additional location	RMC 5.05A.020

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

at two or more locations by one licensee		
Businesses whose annual value of products, gross proceeds of sales, or gross income of the business in the city is equal to or less than \$2,000 and who does not maintain a place of business within the city	\$0.00	RMC 5.05.040(d)
Other Licenses		
Soliciting/Door to Door Sales	\$90.00 per six month period	RMC 5.05B.030
Special event, per vendor per day	\$5.00	RMC 5.05C.030
Transient stock, per day	\$200.00	RMC 5.05C.030
Show, per event	\$50.00	RMC 5.05C.030
Show, per year	\$260.00	RMC 5.05C.030
Short term rentals, per year	\$75.00 per unit	RNC 5.05D.030

Section 5. The City Council establishes the following fees for adult entertainment businesses business licensing, as described in Chapter 5.11 RMC:

Adult entertainment establishment license	\$750.00 per year
Adult entertainer's license	\$150.00 per year
Adult entertainment manager's license	\$150.00 per year

Section 6. The City Council establishes the following fees for the “Exception Procedure” in Section 12.09.130 of the Ruston Municipal Code as follows:

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

Application for an exception under 12.09.130(B).	\$1,500.00
Appeal to the City Council under RMC 12.09.130(F).	\$1,000.00

Section 7. The City Council establishes the following fees for overweight vehicle permits under Chapter 16.07 RMC:

Amount of excess weight	Fee
1-11,999 excess pounds	\$360
12,000-23,999 excess pounds	\$420
24,000-35,999 excess pounds	\$480
36,000-47,999 excess pounds	\$540
48,000-59,999 excess pounds	\$600
60,000-71,999 excess pounds	\$660
Over 72,000 excess pounds	\$720

Note: Overweight vehicle permits will also require a Street Excavation Permit to repair any damage to the City Rights of Way.

Section 8. The City Council establishes the following fees for installation or upgrading of electrical service meters as described in Chapter 18.05 RMC as follows:

Permanent meter installation, exclusive of permit, engineering, testing or inspection fees (which must be paid prior to connection of new service).	\$1,000.00 per meter ¹
---	-----------------------------------

Note 1: This pricing is for Standard 120/240V – 200A 1Ph Residential and Commercial Meters. Deviation from these standard meters will require custom pricing to account for the differential in meter prices for the upgraded system.

DRAFT - NOT FOR ACTION – FOR INFORMATION ONLY

Upgrade meter installation, exclusive of permit, engineering, testing or inspection fees (which must be paid prior to connection of an upgraded service).	\$400.00 per meter ^{See Note 1}
Temporary Service (120/20v – 200A) ^{See Note 1}	\$275.00 per meter ^{See Note 1}
Meter installation, for structures with multiple meters (which must be paid prior to connection of new service). Fee is exclusive of permit, engineering, testing or inspection fees.	\$1,000.00 for first meter, plus \$400.00 for each additional meter thereafter. ^{See Note 1}
Service Charge for re-visit for issues of power or temporary power installation (i.e. missed appointment, work not ready, re-inspection required, etc.)	\$90.00 per visit

Section 9. The City Council establishes the following fees for extension or expansion of electrical lines and new connections which require such extension or expansion in accordance with RMC 18.01.100:

<p>The applicant/property owner shall pay for the City’s actual costs for designing the extension/expansion and coordination with the applicant’s development team to extend or expand electrical service to the property. The purpose of this is to cover the actual costs incurred by the City for the extension/expansion of electrical service.</p> <p><u>Note 2:</u> The City may require a deposit in advance for the estimated cost of the design and coordination work. If this deposit is exhausted, the applicant may be required to replenish the deposit for continuation of work. If there are funds remaining after the work is completed, such funds will be refunded to the applicant/property owner.</p> <p><u>Note 3:</u> If the City’s electrical engineer has a different hourly rate, then the applicant shall pay the actual hourly rate as paid by the City.</p>	\$124/hour ^{See Note 2 & 3}
---	--

Section 10. Resolution 664 is hereby repealed.
