

indoor emergency housing, and indoor emergency shelters to protect public health and safety. Any such requirements on occupancy, spacing, and intensity of use may not prevent the siting of a sufficient number of permanent supportive housing, transitional housing, indoor emergency housing, or indoor emergency shelters necessary to accommodate each code city's projected need for such housing and shelter under RCW 36.70A.070(2)(a)(ii).

Therefore, in order to comply with ESSHB 1220 and ESSB 5235, the City Attorney recommends the following amendments to the City's zoning code:

1. Amend RMC 25.01.020 (Definitions) to add definitions for Emergency Housing, Emergency Shelter, Permanent Supportive Housing, and Transitional Housing in compliance with ESSHB 1220.
2. Amend RMC 25.01.020 (Definitions) to modify the definition of "Family" to remove any relationship qualifiers (i.e., blood, marriage, adoption). This will bring this definition into compliance with ESSB 5235.
3. Add a new Section 25.01.055 to the RMC to establish occupancy standards for all housing types. These occupancy limitations are based on public health and safety standards and are consistent with the 2021 update to the International Property Maintenance Code, Section 404.
4. Amend Chapter 25.07 RMC (the Land Use Matrix) to:
 - a. Add an exception to 25.07.010(g) for uses mandated under state or federal law. This will help ensure the City's compliance if the Legislature makes another change in the future.
 - b. Add a new "h" to 25.07.010 to clarify that the newly defined uses (emergency housing, emergency shelter, permanent supportive housing, and transitional housing) are allowed as conditional uses in the MDP zone where hotel or motels or multi-family housing (in the case of permanent supportive housing or transitional housing) are allowed under an approved plan.
 - c. Delete hotels and motels as an allowed conditional use in the residential zone since none exist today.
 - d. Make emergency housing or emergency shelters a conditional use in the COM and COM-P zones, subject to occupancy limitations in RMC 25.01.055.
 - e. Make permanent supportive housing and transitional housing a conditional use in all zones, subject to occupancy limitations in RMC 25.01.055.

The City Council held a public hearing on September 7th. Following the public hearing, the Council voted to adopt this ordinance, however, the ordinance was not ready for adoption as neither the Commerce review period nor the SEPA appeal period had expired. Therefore, the Mayor did not sign the Ordinance and its title has not been published so it has not taken effect. Instead, we are bringing this Ordinance back for passage on October 5th in order to ensure that the City has complied with the GMA and SEPA requirements prior to passage. Ordinance No. 1551 is now ripe for passage, and it may be adopted.

THE CITY COUNCIL OF THE CITY OF RUSTON, WASHINGTON DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. Recitals. The recitals set forth in this ordinance are hereby incorporated as if fully set forth herein.

Section 2. The following four definitions are hereby added to Section 25.01.020 of the Ruston Municipal Code. Each definition shall be placed into the definition section where it fits alphabetically:

“Emergency Housing” means temporary indoor accommodations for individuals or families who are homeless or at imminent risk of becoming homeless that is intended to

address the basic health, food, clothing, and personal hygiene needs of individuals or families. Emergency housing may or may not require occupants to enter into a lease or occupancy agreement.

“Emergency Shelter” means a facility that provides a temporary shelter for individuals or families who are currently homeless. Emergency shelter may not require occupants to enter into a lease or an occupancy agreement. Emergency shelter facilities may include day and warming centers that do not provide overnight accommodations.

“Permanent Supportive Housing” means subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. Permanent supportive housing is subject to all of the rights and responsibilities defined in chapter 59.18 RCW.

“Transitional Housing” means a facility that provides housing and supportive services to homeless persons or families for up to two years and that has as its purpose facilitating the movement of homeless persons and families into independent living.

Section 3. The definition of “family” contained within Section 25.01.020 of the Ruston Municipal Code is hereby amended to read as follows:

“Family” means one or more persons, either related or unrelated, by blood, marriage, adoption or guardianship, or not more than four persons not so related, except servants occupying a dwelling unit and living together as a single housekeeping unit.

Section 4. A new section 25.01.055 is hereby added to the Ruston Municipal Code to read as follows:

25.01.055 Occupancy Standards.

For all housing, including single-family, multi-family, emergency housing, emergency shelters, permanent supportive housing or transitional housing, the dwelling unit or building shall comply with all of the standards for the underlying zone and shall be limited to a maximum occupancy as follows:

- (a) Every living room shall contain not less than 120 square feet (11.2 m²);
- (b) Every bedroom shall contain not less than 70 square feet (6.5 m²) and every bedroom occupied by more than one person shall contain not less than 50 square feet (4.6 m²) of floor area for each occupant thereof.
- (c) Kitchens and non-habitable spaces shall not be used for sleeping purposes.
- (d) The dwelling unit shall not be occupied by more occupants than permitted by the minimum area requirements in Table 1 below:

Minimum Area Requirements

Space	Minimum Area in Square Feet		
	1-2 occupants	3-5 occupants	6 or more occupants
Living room	120 square feet	120 square feet	150 square feet
Dining Room	No requirement	80 square feet	100 square feet
Bedrooms	Shall comply with subsection (b) above.		

Section 5. Section 25.07.010 of the Ruston Municipal Code is hereby amended to read as follows:

25.07.010 Interpretation of land use matrix.

- (a) The land use matrix in this chapter identifies uses permitted in each individual zoning district. The zoning district is located on the vertical column and the use is located on the horizontal row of this matrix.
- (b) If a dash appears in the box at the intersection of the column and the row, the use is not permitted in that district.
- (c) If the letter "P" appears in the box at the intersection of the column and the row, the use is permitted in that district.

- (d) If the letter "C" appears in the box at the intersection of the column and the row, the use is conditionally permitted subject to the conditional use permit review procedures and criteria specified in RMC 25.01.110.
- (e) If a footnote appears in the box at the intersection of the column and the row, the use may be permitted subject to the appropriate review process indicated above and the specific conditions indicated by the corresponding footnote.
- (f) All applicable requirements shall govern a use whether or not they are cross-referenced in the matrix. To determine whether a particular use is allowed in a particular zoning district and location, all relevant regulations must also be consulted in addition to this matrix.
- (g) Any use that is not specifically permitted or conditionally permitted under the Ruston Municipal Code shall be prohibited, unless state of federal law mandates otherwise.
- (h) The Master Planned Development Zone (MDP) requirements are contained in Chapter 25.08 RMC. Uses allowed in the MDP zone are not included in the Land Use Matrix in RMC 25.07.020 as any and all uses which are allowed in a particular MDP zone must be approved as part of the Master Development Plan process. Once a Master Development Plan has been approved, only the land uses contained in the approved Master Development Plan may be located on the property subject to the Master Development Plan. However, for purposes of an approved MDP, transitional housing and permanent supportive housing may be conditionally permitted under a Conditional Use Permit wherever multi-family housing, hotels or motels are allowed in the Master Development Plan. Furthermore, emergency housing and emergency shelters may be conditionally permitted under a Conditional Use Permit wherever hotels or motels are allowed in the Master Development Plan. Emergency housing, emergency shelters, permanent supportive housing, and transitional housing are subject to all of the development standards in the approved Master Development Plan and are subject to the occupancy limitations contained in RMC 25.01.055.
