

DEMOLITION PERMIT
APPLICATION, INSTRUCTIONS & PROCEDURES
BUILDING DEPARTMENT
VILLAGE OF RYE BROOK
938 KING STREET, RYE BROOK, NY 10573
(914) 939-0668
www.ryebrook.org

DO NOT START WORK or CONSTRUCTION UNTIL A PERMIT HAS BEEN ISSUED BY THE BUILDING INSPECTOR. THE ADMINISTRATIVE FEE FOR WORK PROGRESSED OR COMPLETED WITHOUT A PERMIT IS 12% OF THE TOTAL COST OF CONSTRUCTION WITH A MINIMUM FEE OF \$750.00

APPLICANT'S INITIAL SUBMISSION TO THE BUILDING DEPARTMENT MUST INCLUDE:

1. A properly completed application with notarized signatures where indicated.
2. Application filing fee: Residential = **\$100.00** / Commercial = **\$250.00** (Application fees are non-refundable)
3. A current survey of the entire property including all easements and adjacent structures.
4. One full size and one scaled 11" x 17" set of fully dimensioned plans signed & sealed by a NY State Registered Architect or NY State Licensed Professional Engineer depicting all existing & proposed conditions, proposed staging and demolition methodology. The site plan must accurately locate all utilities and depict all site protection including but not limited to; silt & safety fencing, barricades, dust control, vehicle and/or pedestrian traffic control, waste removal, site restoration, and anything else deemed relevant by the Building Inspector.
(maximum allowable plan size is 36" x 42")

PRIOR TO ISSUANCE OF THE PERMIT, THE APPLICANT MUST SUBMIT THE FOLLOWING:

1. Full payment of the demolition permit fee;
Residential = **\$18.00 / \$1,000.00** of demolition cost with a minimum fee of **\$100.00**.
Commercial = **\$25.00 / \$1,000.00** of demolition cost with a minimum fee of **\$275.00**.
2. Your contractor's valid Westchester County Home Improvement License. (if applicable)
3. Your contractor's valid proof of liability insurance.
(Village of Rye Brook must be listed as certificate holder on the insurance form)
4. Your contractor's valid proof of workers compensation insurance.
(Form # C105.2 or Form # U26.3 / or NY State Workers Compensation Waiver)
5. Affidavits from all utility companies verifying disconnection of services.
(electricity, natural gas, water, etc...)
6. An affidavit from a licensed hazardous materials abatement specialist listing all haz-mats present, methods of removal, and a notarized letter of completion upon removal of same.
(haz-mats could include; asbestos, underground or above-ground fuel storage tanks, etc...)
7. An affidavit from a licensed exterminator certifying that any infestation has been eliminated.

ALL SITE PROTECTION & DUST CONTROL MEASURES MUST BE IN PLACE, ALL GLASS MUST BE REMOVED FROM THE STRUCTURE BY HAND, AND A SITE INSPECTION MUST BE PERFORMED BY THE BUILDING DEPARTMENT PRIOR TO COMMENCING DEMOLITION.

HOURS FOR OPERATION OF CONSTRUCTION/DEMOLITION EQUIPMENT

Weekdays: 8:00am to 6:00pm or dusk, whichever is earlier.

Saturdays: 9:00am to 4:00pm.

Sunday & Holidays: OPERATION OF CONSTRUCTION/DEMOLITION EQUIPMENT NOT ALLOWED

***(Holidays Include:** News Year Day, January 1st; President's Day, 3rd Monday in February; Memorial Day, last Monday in May; Independence Day, July 4th; Labor Day, 1st Monday in September; Thanksgiving Day, 4th Thursday in November; Christmas Day, December 25th; when the holidays set forth fall on a Sunday, the holiday is observed the next day). §158-4. Code of the Village of Rye Brook

It shall be the responsibility of the applicant, owner, or person in responsible charge to notify the Building Department at least 48 hours in advance to schedule all required inspections for site work, footings, foundation, drainage, framing, plumbing, electrical, fire blocking, fire suppression, insulation, final or any other required inspection. Please note that electrical inspections are performed by the Village's third-party electrical inspection agency and must be scheduled by your licensed electrician. Electrical certificates, C/O application, any outstanding fees and the final survey if required must be submitted to the Building Department prior to scheduling the final inspection.

**IF YOU'RE NOT
LEAD-SAFE CERTIFIED,
DISTURBING
JUST SIX
SQUARE FEET
COULD COST YOU
BIG TIME.**

GET LEAD-SAFE CERTIFIED BY APRIL 22, 2010.

If you're working on homes, schools or day care centers built pre-1978, you now must be EPA Lead-Safe Certified.

WHAT

The Lead-Based Paint Renovation, Repair and Painting (RRP) rule is a federal regulatory program affecting anyone who disturbs painted surfaces where lead may be present.

- Submit an application to certify your firm for five years.
- A one-day class will certify your renovators for five years.
- Learn the required steps to contain the work area, minimize dust and thoroughly clean up every day.

WHO

• Any contractor, including renovators, electricians, HVAC specialists, plumbers, painters and maintenance staff, who disrupts more than six square feet of lead paint in pre-1978 homes, schools, day care centers and other places where children spend time.

WHY

1. Avoid risk of government fines and civil liability:
 - Without certification and by not following approved practices, you and your company can face tens of thousands of dollars in fines and put yourself and your company at risk of potential lawsuits.
2. Protect your workers, yourself and your customers from a health risk:
 - Dust from renovation, repairs and painting can contaminate an entire home and, if inhaled or ingested, can cause irreversible damage to children and adults.
3. Gain competitive advantage:
 - Certification makes you stand out from others and positions you as a professional contractor consumers can trust. Using your company's certification in your marketing materials may help attract business.
 - Consumers will look for the certification before hiring contractors and may be more accepting of additional costs and time associated with doing the job safely.
 - Upon certification of your firm, your company will be listed as a Lead-Safe Certified Contractor on the EPA website, giving your firm the potential for new customers.

WHERE

To find an accredited trainer in your local area or get additional info, go to epa.gov/getleadsafe or call 800-424-LEAD.

WHEN

Now – Certification requirements begin April 22, 2010.
