June 1, 2022

Honorable Mayor and Trustees  
Village of Rye Brook  
938 King Street  
Rye Brook, New York 10573

Dear Members of the Village Board:

I am pleased to transmit the adopted budget for the Village of Rye Brook for the fiscal year beginning June 1, 2022 and ending May 31, 2023 (FY2023).

In accordance with Village Law, the tentative budget was filed with the Village Clerk on Friday, March 18, 2022. Budget work sessions were held on March 28<sup>th</sup> and April 4<sup>th</sup>, and a public hearing on the tentative budget occurred on April 12<sup>th</sup>. The budget was adopted at the regular meeting of the Village Board on April 26, 2022.

This is the eleventh (11<sup>th</sup>) year that the tax cap legislation is in effect for local governments in New York State. The NYS tax cap limits the levy increase to 2% or the cost of inflation, whichever is less, before adjustments and credits are applied. The village has remained under the tax cap every year except FY2019, when debt payments increased for a large, planned capital improvement project and two unanticipated tax certiorari settlements.

If the goal is to maintain the current level of municipal services, the restrictions of this cap on the tax levy continues to make budget preparation difficult without a subsequent reduction in unfunded state mandates. In developing a fiscally responsible budget, it is important to consider the long-term stability of the organization in performing essential services while maintaining capital investments. With these impacts in mind, the goal remains to: (1) keep the tax levy as low as possible; (2) deliver essential and quality programs desired by the community; and (3) continue to re-invest in the village's infrastructure and equipment. The FY2023 adopted budget achieves those goals while staying below the allowable NYS tax cap for the Village of Rye Brook.

In preparation of the FY2023 budget, department managers were asked to only request expenditures that are necessary and appropriate given the current financial restrictions, and if additional resources are needed, to provide additional information supporting these requests. In recent years, departments have had

to cut back or developed alternative revenues to continue to operate at current service levels. In other cases, non-essential service levels have been reduced with minor operational impacts.

The consideration of this budget allows for the continuation of a high-quality, full service municipal operation that strives to continually meet resident expectations, while maintaining one of the lowest tax burdens of villages in Westchester County. In trying to meet this goal, certain services had to be adjusted in several areas. The following items are of note in the FY2023 adopted budget:

- For the tenth (10<sup>th</sup>) time in eleven (11) years the NYS tax cap has been in existence, the budget is below the allowable tax cap.
- The budget includes a village tax levy increase of 2.54% which is \$16,288 *below* the 2.63% maximum levy allowed for Rye Brook to remain under the NYS tax cap.
- The village's total assessed value goes down \$26.6M (-0.86%) compared to FY2022. The Homestead property values increase \$25.9M (+1.01%) and the non-homestead property values decrease \$52.6M (-9.95%) compared to FY2022.
- In order to stay within the tax cap, municipalities must keep the increase within the *Allowable Tax Levy Growth Factor* which is the *lesser* 2% or the rate of inflation. Since inflation is higher than 2.00% for villages like Rye Brook with fiscal years beginning on June 1st, the NYS Comptroller's Office has determined that the allowable tax levy growth factor for the upcoming fiscal year is 2.00%, plus items excluded from the tax levy calculation or the reserve built up from the prior fiscal year which adds some flexibility above this limited percentage. Due to the use of excess police and fire retirement payment exclusions in FY2022, last year's adopted budget was \$0 below the tax cap, so no amount was available to supplement the tax cap available for FY2023. In the FY2023 adopted budget, \$16,288 would be available as a supplemental tax cap reserve for FY2024.
- The *Tax Base Growth Factor* is a factor determined by NYS for each individual municipality and considers items such as new construction, newly taxable status of existing property, or measurable improvements to taxable property within Rye Brook. In general, the higher the tax base growth factor, the more a municipality can increase the levy. For FY2023 purposes, the village's Tax Base Growth Factor is 1.0062 which is slightly less than the 1.0079 in FY2022.
- The village's undesignated fund balance as of May 31, 2022 is \$4.875M which is 20.93% of the general fund and special maintenance accounts.
- In FY2022, the Coronavirus (COVID-19) pandemic continued financial instability for much of the year before showing positive signs that revenues and expenditures would become more predictable again in the future. Larger community events started again in December 2021 with Winterfest, and recreation program attendance began to increase. The after-school program re-started again for the 2021-22 school year, and the senior center remained open but operated with restrictions on vaccinations. Attendance at village programs was lighter than usual but has steadily increased over time. The FY2023 adopted budget anticipates that most programs and activities will return to normal with slightly lower attendance. If there is another significant COVID surge and services are shut down or restricted, then budgeted revenues and expenditures would have to be adjusted.
- Certain revenues were extremely difficult to predict during FY2022 because of COVID-19. The areas that experienced the greatest losses compared to the adopted budget were in after-school revenues (due to lower enrollment) and recreation program revenues (due to lower attendance). In FY2023, the village is anticipating that recreation revenues and the after-school program will steadily increase and return to just below pre-COVID-19 levels as people gain more comfort in returning to group programs.

- Building Department revenues are anticipated to fall short of the FY2022 adopted budget by approximately \$79,600 as it was anticipated that some new developments would have begun construction.
- Sales tax revenues are expected to exceed the adopted budget by approximately \$292,000.
- Hotel tax revenues, which used to bring in over \$700,000 in revenues, remains budgeted at \$0 and is likely to remain that way for several years and may never come back unless one of the two hotels that closed add rooms for rent back into their future plans.
- In terms of additional staffing, funding is provided in FY2023 to make a part-time office support position in the Public Works/Engineering Department a full-time position.
- The NYS Retirement System payments remain a significant part of the village's budget (\$1.80M) and the premiums are based on a percentage of the employee salaries. Although the premium percentage has decreased in recent years, it still represents approximately 13.0% of payroll for most employees in the Employees Retirement System, and 29.0% of payroll for most employees in the Police and Fire Retirement System. These percentages are also affected by the annual salaries and overtime for the employees in these systems.
- The village has committed to a sound capital improvement program to maintain our fleet and infrastructure. Capital projects total \$2,718,200 and are funded from a transfer from the *Fund Balance (Designated for Capital Projects)* account (\$1,115,200), new Debt (\$603,000), Grants (\$100,000), American Rescue Plan Act (ARPA) funds (\$790,000), CHIPS revenue (\$80,000), and an allocation to a reserve account (\$30,000). The largest projects are road resurfacing (\$750,000), a new police radio system (\$500,000), sanitary sewer improvements (\$300,000), a highway large truck(s) and salter(s) (\$245,000), two marked police vehicles (\$113,000), and a dump truck (\$100,000).
- Certain fees are modified as indicated in the *License and Permit Fee Schedule* located at the end of this budget document.

The budget summary includes all village funds, including the operating general fund budget, special maintenance accounts, and the capital budget. The impact of all these funds is included in the overall tax levy and tax rate. Since revaluation and the adoption of homestead, the tax levy is a more appropriate indicator of the impact on property taxes than the tax rate since the property assessments will fluctuate year to year to reflect the full values of village properties which can greatly impact the rate but not necessarily the property taxes.

Overall, the FY2023 budget includes a property tax levy of \$18,202,685, which is an increase of 2.54% over the prior year and is \$16,288 *below* Rye Brook's allowable tax levy under the NYS tax cap. The residential (i.e., Homestead) portion of the tax levy increases 0.98% (+\$133,854) while the non-homestead tax levy increases 7.78% (+\$317,153).

The total budget for the General Operating Fund and Special Accounts is \$23,293,942, which is an increase of \$591,661 (2.61%). There is an additional \$1,115,200 in expenditures for the Capital Fund. All FY2023 expenditures results in a total municipal budget of \$24,409,142, an increase of \$609,861 (+2.56%) compared to the prior year. An allocation of \$250,000 from a Debt Service Reserve is also included to offset property taxes.

In 2004 the Town of Rye's revaluation process updated the assessment rolls from 1967 property values to current full-value ("market rate") property values. For FY2023 village tax purposes, the taxable assessed value is \$3.1 billion, with a decrease of \$26.6M or -0.86% in assessed value compared to the prior year. This results in a blended village tax rate increase of 3.43%. However, for communities assessed at full value following revaluation the overall tax levy increase, not the tax rate, is a better indicator of changes in property taxes year to year.

Fifteen (15) years ago, the Village Board also adopted by local law the Homestead Tax Option, which generally results in the establishment of lower tax rates for one, two and three family property owners (“homestead tax rate”), and higher rates for all other property owners (“non-homestead tax rate”). This budget is based upon the FY2023 base proportions of 75.869000% for homestead properties and 24.131000% for non-homestead properties. These base proportions were prepared by the Town of Rye Assessor, submitted to the NYS Office of Real Property Tax Services (ORPS), and have been approved by the Town of Rye and endorsed by the Rye Brook Village Board. For comparison purposes, the *actual* taxable base proportions for the final 2021 assessment roll are 84.50% for homestead properties and 15.50% for non-homestead properties.

The largest expenses of any local government service operation are the personnel costs (salaries and benefits) of the people that perform these essential services. In Rye Brook, these expenses account for 65.18% of the total general fund expenditures (including Special Accounts), with salaries, health insurance, NYS retirement system, workers compensation, and social security payments being the largest expenditures.

The village’s latest financial audit for the year ending May 31, 2021 determined the general fund undesignated/unreserved fund balance to be \$6,225,454. It is recommended that \$1,350,000 be transferred by FYE2022 from the general fund unassigned balance to the village’s “*Fund Balance- Designated for Capital Projects*”. The result would be an anticipated unassigned fund balance of \$4,875,454 on May 31, 2022, which would represent 20.93% of the operating budget (general fund and special maintenance accounts). It would result in a balance of \$2,399,430 in the village’s “*Fund Balance- Designated for Capital Projects*” account prior to the allocation of \$1,115,200 for FY2023 capital projects leaving a balance in this account of \$1,284,230.

**Property Tax Cap Legislation and Tax Levy Analysis:**

Under the "property tax cap" legislation (Chapter 97 of the Laws of 2011) enacted by the state legislature and the Governor and first effective for the village’s 2012-13 budget year, local government property tax levies can increase by 2% or the rate of inflation, whichever is less, *not including certain excluded expenditures that may raise the permitted levy*. Local governments can also decide to override the tax cap by local law.

The following is the actual Rye Brook tax levy history during the tax cap period, and the applicable tax levy permitted under the NYS tax cap legislation in FY2023:

<u>Budget Year</u>	<u>Tax Levy</u>	<u>\$ Incr (Decr)</u>	<u>% Incr (Decr)</u>
FY2012 Adopted Budget	\$13,103,226	(\$9,853)	(0.08%)
FY2013 Adopted Budget	\$13,198,242	\$95,016	0.74%
FY2014 Adopted Budget	\$13,442,341	\$244,079	1.85%
FY2015 Adopted Budget	\$13,987,981	\$545,640	4.06%
FY2016 Adopted Budget	\$14,534,433	\$546,452	3.91%
FY2017 Adopted Budget	\$14,777,892	\$243,459	1.68%
FY2018 Adopted Budget	\$15,167,140	\$389,248	2.63%
FY2019 Adopted Budget	\$16,300,275	\$1,133,135	7.47%
FY2020 Adopted Budget	\$16,665,406	\$365,131	2.24%
FY2021 Adopted Budget	\$17,305,961	\$640,555	3.84%
FY2022 Adopted Budget	\$17,751,678	\$445,717	2.58%
FY2023 Allowable Levy under Tax Cap	\$18,218,973	\$467,295	2.63%
FY2023 Adopted Budget	\$18,202,685	\$451,057	2.54%

**Noteworthy Items in the FY2023 Budget:**

**Projected Revenues:**

Property tax revenues increase by \$451,007 or 2.54% above the FY2022 adopted budget. This budget anticipates that property taxes consist of 78.14% of the general operating (non-capital) expenditures. ‘Other Revenues’ increase by \$140,654 compared to the prior year. Most non-property tax revenues are relatively flat with the following exceptions: sales tax (+\$140,000), mortgage tax (+\$35,000), building inspections (-\$84,600), interest earnings (-\$18,000), and after-school program (-\$15,000). Based upon experience in recent years, police contractual revenue is budgeted at \$100,000 with an equal expenditure offset budgeted in the same amount. The budget also appropriates \$1,115,200 from Fund Balance (Designated for Capital Projects) to help support capital projects, and \$250,000 from a debt service reserve.

In August 2019 Westchester County was able to increase the County sales tax by an additional 1% to 8.375%. A portion of this County sales tax is shared by most Westchester municipalities including Rye Brook. The result has been an increase in sales tax revenues with \$2,052,000 estimated in FY2022 and \$1,900,000 budgeted for FY2023.

To reduce the reliance on the property tax as a source of revenue, the FY2023 budget includes several alternative revenue sources. It is important to continually re-evaluate and consider alternative revenue sources other than the property tax to offset this tax burden in future years. In recent years, several revenue sources such mortgage tax, interest earnings, sales tax, and building revenues have become more volatile and economy-driven making revenue predictions in these areas difficult. COVID-19 also impacted important revenues in the short term, especially in recreation and the after-school program which was severely impacted with less attendance but has been showing signs of gradually increasing participation as residents have become more comfortable with vaccinations, crowds and the voluntary removal of masks. Stable revenues from the compost site and escalating payments in the village’s cell tower lease have somewhat offset these other negatively impacted revenues.

While some fees are increased or new fees have been added, many of the fees remain unchanged or minimally changed. Any recommended changes in the License and Permit Fee Schedule can be found at the end of the budget.

**Board of Trustees, Administrator, Treasurer, Clerk, Attorney, Village Offices, Central Communications, Central Supplies, Central Print/Mail, & Management Information Services (MIS) Accounts:**

<i>Total All Accounts:</i>	\$1,860,966	(\$54,989 increase; +3.04%)
<i>Total All Accounts (not incl. Personnel Costs):</i>	\$ 931,046	(\$30,939 increase; +3.44%)

The *Board of Trustees* (1010.) account is decreased by \$4 for a total of \$27,061. This account funds village-wide municipal association dues and any additional miscellaneous expenses such as officials training or contributions to special community events or programs such as the 4th of July, Columbus Day and Memorial Day/Veterans Day celebrations, and any unanticipated events or programs approved by the Village Board. It is anticipated that all of the pre-COVID community events will occur in FY2023. The Village Board’s internal claims auditor and some funding for the Sustainability Committee activities are also funded from this account.

The *Administrator* (1230.) account increases \$14,045 (+\$1,305 not including personnel costs). Expenses

are largely for office supplies, training and professional education and support. Eighty percent (80%) of the department personnel salaries are included in this account, with the remaining twenty (20%) allocated to the Village Clerk account.

The *Treasurer* (1325.) account increases \$12,278 (+\$6,865 not including personnel costs). This account includes items such as costs to support the village's financial management and payroll systems, credit card fees, contractual tax collection services provided by the Town of Rye, the municipal audit, and financial consultants.

The *Village Clerk* (1410.) account increases \$5,089 (\$1,903 not including personnel costs). Expenses include costs for General Code updates, iCompass agenda management system, Laserfiche maintenance, legal advertising, ClearGov financial Transparency, and decals parking permits near the Port Chester High School.

The *Village Attorney* (1420.) account increases \$19,225. This level of funding is necessary based on recent cost experience, litigation expenses, comprehensive plan legislation, and labor issues that arise. The village has a \$9,000 annual retainer for special water counsel to monitor Suez water rate issues, and labor counsel is expected to be involved in negotiations with the agreements with the Teamsters and Firefighters which are both expiring on May 31, 2022.

The *Village Offices* (1620.) account decreases \$3,000. This account funds the various utilities, office equipment, copier leases, cleaning services, and building maintenance contracts. Small office furnishings (desks, chairs, etc.) are funded through this account as well as minor building repairs.

The *Central Communications* (1650.) account, *Central Supplies* account, and *Central Print/Mail* accounts combined decrease by \$3,000 largely due to recent experience in these accounts.

The *Management Information Services* (1680.) account is increased \$10,356 (\$7,565 not including personnel costs). The largest costs in this account are the *contractual* costs for the IT systems and consultants for such items as service and maintenance of the village servers, backup, web site and cable management (including streaming video), mobile phone software, music licensing and audio and visual services (\$177,168, up \$6,768 over the prior year) and police department contractual expenses (\$31,110). The capital budget includes two disaster recovery appliances totaling \$26,000, and the replacement of police desktops and laptops (\$25,000). Revenues for cable television franchises are estimated at \$245,000.

**Engineering/DPW (1440.):**

This account represents the cost for “non-consulting” engineering service costs in the village. Expenses relating to arborist certification training, supplies, and attendance at a public works conference are also included in this account. This account is increased by \$40,438 (\$2,800 not including personnel costs). The FY2022 adopted budget restored a part-time office support position in this department which will become full-time in FY2023. This will allow more delegation of responsibilities currently performed by the Superintendent of Public Works and will also provide some relief to the Administration Office staff who are currently helping support this department. This account also includes up to \$3,200 in *materials and supplies* for an asset management program.

**Central Garage (1640.):**

The *Central Garage* account decreases \$20,774 overall because one Mechanic/Laborer became a full-time Laborer in FY2022 and will not be replaced in this account. This account increases \$49,675 not including personnel costs due to an anticipated increase in fuel costs and additional mechanic work performed at private garages. An outsourced fleet maintenance program was implemented in 2013 and has been working effectively to support garage administration. The village provides gas (only) for the Port Chester-Rye-Rye

Brook EMS vehicles and a few of the Blind Brook school district vehicles, but these costs are offset by a revenue reimbursement from those agencies. This account also includes funding for a cleaning service to support the village's limited staff to help clean part of the new public works and parks facility three times per week.

### **Special Items Accounts (1900.):**

The *Special Items* accounts collectively decrease \$39,450 (-5.47%) overall.

The *Unallocated Insurance* (1910.) account decreases by \$57,500 due to the Village savings costs with a new insurance company in FY2022.

The *Judgment and Claims* (1930.) account decreases by \$69,000 to a total of \$10,000. The reason this account is decreased is because a final payment of \$50,000 was made in FY2022 as per the Save the Sound settlement. The balance of \$10,000 in the *Judgment and Claims* account would fund only small tax certiorari or other smaller claim settlements that may occur during the upcoming year. Any large settlements or court decisions beyond the budgeted amount would require additional funding from fund balance, contingency, or debt.

The *Tax on Property* (1950.) account is decreased by \$3,500 and includes payment of certain taxes, such as Westchester County sewer taxes paid on village-owned properties.

The *MTA Payroll Tax* (1980.) account is increased by \$157 based upon payroll projections.

The *Consulting Fees* (1985.) account is increased by \$33,260 and is funded at \$108,260. This account is utilized for planning and engineering support that is not otherwise reimbursed by applicants, risk management support, workers compensation consulting, and operational studies. Funds are added in FY2023 for cyber consulting (est. \$6,000) and a grant writing consultant (\$36,000).

The *Contingency* (1990.) account is increased to \$257,133 (+\$57,133) which is approximately 1.10% of the general fund budget (including special accounts). The village's financial policy recommends having between 1%-2% of operating expenses in the Contingency account. Payments due as a result of new labor agreements settled after the budget is submitted are funded from this account. This fund also pays for any unanticipated expenses incurred by the village as approved by the Village Board. Unanticipated items that could not be funded from this account would have to come out of new debt, available fund balance, or a transfer from another account.

The *Bonding Expenses* (1995.) account is again maintained at \$10,000 and are used for bond counsel to prepare the village's bonds and the renewal of bonds.

### **Police Department (3120.):**

The *Police Department* account increases \$6,000 not including personnel costs and increases \$177,328 or 4.27% including personnel costs. Contractual funds in FY2023 are the largest non-personnel police expenses and total \$75,000 for items such as police computer system consultant support, police vehicle video maintenance, police records management system, and the lease for the radios and telephone recording systems. The purchase of an infrared traffic counter is proposed in the *equipment* line (\$3,000). Overtime to cover shifts due to special assignments, vacancies, and officers out on leave is budgeted at \$320,000, and an additional \$100,000 is budgeted for other agencies that hire police officers for special duty assignments at a rate of \$125/hour, which is recommended to be increased to \$130/hour in the FY2023 adopted budget. A \$0.50 per hour increase to \$18.50/hour is approved for the School Crossing Guards.

Although unfunded in FY2023 there is a need for additional police personnel for maintaining Police Accreditation and also to achieve the goal of having a 3<sup>rd</sup> post on the road on some shifts.

The *Capital* account includes the replacement of two (2) marked police vehicles (\$113,000), replacement of a holding cell door (\$34,200), and the replacement of the old and antiquated police radio system with the Metropolitan Regional Radio System (\$500,000, recommended to be funded through ARPA funds).

**Fire Protection (3410.):**

The *Fire Protection* account reflects the 24/7 staffing of the Rye Brook Firehouse with twelve (12) career Firefighters, as well as a 24/7 service contract with the volunteer Firefighters in the Port Chester Fire Department. This account also includes the salary of one retired firefighter on 207-a (\$71,420).

Overall, this account is increased by \$8,550 or 1.06% not including personnel costs, and \$48,590 or 2.16% including personnel costs. Most of the expenses in this account are for personnel costs for the twelve (12) Rye Brook career firefighters and one retiree which is estimated to be \$1,487,954 (64.62% of department budget), although the current employee agreement for the Rye Brook firefighters expires on May 31, 2022. The next highest expense is the contractual payments to Port Chester for fire protection services at \$680,000 (29.53% of the department budget). Other expenses are allocated for preventative maintenance and repair of the fire trucks, service contracts, supplies for the fire house, training, and fire equipment. The capital budget also includes \$20,000 to upgrade portable radios for the fire department.

**Control of Animals (3510.):**

The Control of Animals account is increased by only \$659 over the current year actual costs to a total of \$15,639 as required by the formula in the existing service contract with the New Rochelle Humane Society. Dog control is a municipal service required by NYS.

**Safety Inspection (3620.):**

The *Safety Inspection* account includes the administration of building & code enforcement and coordination of the Zoning Board of Appeals and the Architectural Review Board. This account includes the purchase of several lateral filing cabinets. Outside of personnel expenses, the *Safety Inspection* account increases \$4,500 and includes funds for the purchase of several lateral files, limited building and code enforcement supplies, e-code subscriptions, field equipment, clothing, and training for the Building Inspector and Assistant Building Inspector. This account also includes the costs for overtime for the Assistant Building Inspector who attends several night meetings and has administrative responsibilities (such as the Safe Housing Task Force). Building revenues are decreased by \$84,600 for a total of \$795,000. This revenue estimate is based on recent revenue experience, developments being planned and/or implemented, and anticipated experience with overall building activity in the community. It is also noted that there will be an estimated revenue shortfall of \$79,600 in the current FY2022 budget.

**Ambulance Services (4540.):**

Not including the supplemental payment made in FY2021 and FY2022, this account is increased by \$17,846 to \$263,194 in FY2023 (+7.27%). The budget for the Port Chester-Rye-Rye Brook Emergency Medical Service (PCRRB EMS) is determined on a calendar year basis, and the three municipalities have committed to a four-year phased increase from 2022-2025 to support this EMS service, which remains one of the best values for the cost, especially considering their dedication and fast response times.

In FY2022, it was determined that the PCRRB EMS needed to implement a new pay plan to help with recruitment and retention. To fund this new recommended pay plan, it was estimated that an additional \$550,000 was needed annually in the overall EMS budget. It was agreed that a new pay plan would be implemented on June 1, 2021, and then the three municipalities would provide a 4-year phase-in of their cost share with the annual shortfall paid on a declining basis by the EMS fund balance. At the end of the

phase-in term, the municipalities would not be using EMS fund balance to pay for these operational costs. It is noted that the cost-sharing plan is based solely on the current costs and initial deficit for the pay plan. It does not include annual pay plan salary increases or other budgetary impacts that are reviewed every November and December for the EMS budget for the following calendar year.

**Highway Maintenance (5110.):**

The *Highway Maintenance* account increases \$100,573 or 10.48% compared to the prior year. This account includes highway personnel and its associated costs to provide roadway services, small equipment, signage, and other road maintenance supplies. The purchase of a replacement curb machine is budgeted in the *equipment* line. This account also includes seasonal employees for the summer and fall to assist the leaf program. Seasonal employee funds are allocated at the same level as the current year. In terms of capital projects, road resurfacing is budgeted at \$750,000 with \$500,000 provided from both the *Fund Balance (Designated for Capital Projects)* and CHIPS revenue, and another \$250,000 funded through ARPA funds. The village is seeking to find a used bucket truck that could potentially offset some private contractor expenses and be used for minor operations that need a bucket truck such as cutting lower tree limbs and to assist on community beautification projects. The most expensive vehicle replacement projects are for large truck(s) and salter(s) (\$245,000) and a dump truck (\$100,000).

**Snow Removal (5142.):**

The *Snow Removal* account is difficult to predict as it is weather-dependent. Over an approximately ten (10) year period, overtime costs averaged \$50,781 per year but has been as high as \$81,478 during that time. The cost of salt has also increased in recent years (especially treated salt) but the village has added spraying units on several trucks to 'pre-wet' untreated salt, and has also utilized spraying salt brine on village streets which has been effective for certain types of winter storms. This has helped stretch the budget while increasing operational efficiencies. The budget includes funding the Snow Removal account at the same levels as the past five (5) fiscal years: \$60,000 for overtime and \$85,000 for salt.

**Human Services (6772.):**

This account is the operating budget for the Anthony J. Posillipo Community Center and the seniors program. This account increases \$2,850 not including personnel expenses. Despite the challenges presented by COVID, the senior center remained open throughout FY2022, with many safety restrictions in place including eliminating rentals and not allowing unvaccinated seniors or non-Rye Brook seniors from using the facility. As the year progressed many of these restrictions were slowly and methodically lifted, and the village is anticipating a return to "close to normal" operations in FY2023 including rentals.

Revenue lines are projected based upon experience, with senior program revenue increasing \$1,801 to \$8,500, and facility rentals budgeted at \$5,000 after receiving no rental revenue in FY2022.

Several capital projects totaling \$275,000 are planned for the AJP Community Center including a new covered walkway, a new boiler, and new HVAC equipment. A partial roof repair or replacement is also planned for this facility. The Village is anticipating the receipt of \$100,000 in CDBG grants to offset these expenses.

**Recreation Department (7140.), Teen Center (7180.), Individuals with Disabilities Accounts (7150.):**

The *Recreation Department* account increases \$58,275 or 15.80% not including personnel costs and increases \$160,367 or 14.14% including personnel costs compared to the prior year. It is noted that many of the recreation program expenses are offset by corresponding revenues for programs and other fees that make many of the recreation programs self-supporting. Most programs and activities returned in FY2022 including day camp, travel camp, the after-school program, but many had extra safety precautions, limited capacity, and lower than normal attendance due to COVID. Many community events were also cancelled except for a few such as Winterfest. The anticipation for the FY2023 adopted budget is that most of these

programs, activities and events will occur again in FY2023 with close-to-normal capacity. For instance, the adopted budget anticipates that the Rye Brook 40<sup>th</sup> Birthday Celebration, Ice Cream Fridays, Music in the Park, a Food Truck event, and Winterfest community events will occur, among others, so the *special events* expenditure line has been increases by \$20,000 to \$38,000.

The Recreation Department account also provides funds for program leaders, seasonal park maintenance and tennis attendants who currently work 8 hours per day on weekends only.

It is noted that in addition to park maintenance, the full-time parks staff also maintains the exterior grounds of the AJP Center and assists with the leaf program and snow removal.

The Individuals with Disabilities account is maintained again at \$7,381 and provides for Rye Brook's participation in the South East Consortium which serves children and adults with various disabilities and special needs who reside in any of the eleven (11) participating member municipalities.

The Teen Center account remains unfunded based on lower interest in this program in recent years.

The capital projects for parks and recreation services include replacing a parks truck (\$75,000), replacing a John Deere cutting mower (\$70,000), resurfacing the basketball court at Garibaldi Park (\$35,000), re-grading the infield at the newer ballfield at Pine Ridge Park (\$25,000), and an allocation of \$30,000 into a reserve account for the future replacement of the turf at the King Street Athletic Field.

General Parks and Recreation revenues remain flat at \$410,000 compared to the FY2022 adopted budget, and revenues for the School-Aged Child Care (SACC) program are decreased by \$15,000 to \$165,000 out of concern for the lower enrollment in FY2022 that will hopefully return closer to "normal" in FY2023. In FY2021 and FY2022, both of these revenue sources were greatly impacted by COVID although attendance at programs and events seems to be increasing over time. Most other program fees remain unchanged in the adopted budget, although there are several new fees for new programs including a return to offering an adult softball program. It is noted that if certain programs are not funded in the budget, the corresponding revenues would not be received as well.

**Library (7410.):**

The Port Chester-Rye Brook Public Library receives most of its funding support from the villages of Port Chester and Rye Brook. Under the existing inter-municipal agreement (IMA), after all other revenue sources are considered the remaining balance is paid on a 65%/35% basis by the two municipalities to balance the library budget and an allocation to a capital fund. In FY2023 the contractual line increases \$15,000 (2.56%). Under the terms of the IMA, the Village of Rye Brook and the Village of Port Chester each also fund ½ of the annual audit (\$3,500), ½ of a new maintenance account (\$11,000), and makes an annual capital contribution of \$25,000.

**Planning/Zoning Board (8020.):**

The *Planning/Zoning Board* account increases \$830 to \$4,300 and includes the costs for training board members, airing the Planning Board and Zoning Board of Appeals meetings. This year we are looking to cross train someone to assist with recording and airing of the public meetings.

**Refuse Collection and Disposal (8160.):**

The *Refuse Collection and Disposal* account increases \$67,611 (+5.75%) in FY2023. The largest increase in this account is for *refuse and recycling collection* (+\$53,611) which is mostly the cost of the private sanitation contractor who is under contract through May 31, 2024.

Although it is noted that the village continues to be successful in removing green waste, recycling, and food

waste from the garbage collection, there is a concern about the lack of a market for certain recyclables which could ultimately increase disposal costs established by the Westchester County Solid Waste District.

Disposal fees for both the food compost program (split 50/50 with the Village of Port Chester) and the material collected during street sweeping are also including in this account. GPS is no longer needed as the village has access to the contractor's GPS on the vehicles.

**Shade Trees Account (8560.):**

It is recommended that the *Shade Trees* account be increased overall by \$5,000. New bare-root trees and shrubs would again be purchased from the "street tree account" which has funds accumulated from residents who removed trees and then paid a fee in lieu of planting, and \$100,000 (+\$5,000) would be allocated for pruning, maintenance, and removal of the village's street trees.

**Employee Benefits (9000.):**

The NYS Retirement System, health, and dental costs account for 80.53% of the total expenses within the *Employee Benefits* account.

After dramatic increases in retirement costs from 2003-2005, the NYS Retirement System costs stabilized until 2010-2011, when costs again rose dramatically before stabilizing again in recent years. In FY2023, the NYS police and fire projections are 29.0% of most police and fire employees' payroll (slightly down from 30.4%) and 13.0% of most other employees' payroll (significantly down from 18.2%). These projected rates, plus factoring in normal salary increases and overtime, result in a projected payment of \$1,797,300 for FY2023 which is an estimated decrease of \$185,112. The FY2023 projected retirement costs represent 31.23% of the total expenses within the Employee Benefits account. Historically, in less than twenty years these payments have gone from a low of only \$18,917 in the FY2001 budget to the \$1,797,300 projected in the FY2023 budget.

Health and dental benefits represent 49.30% of the total expenses within the Employee Benefits account. Health insurance expenses are increased by \$140,800 (5.76%) over the prior year. Although employee health and dental insurance premium expenses continue to rise in recent years, the village has been able to negotiate additional employee contributions in prior employee agreements to offset part of these expenses. This account also funds the reimbursement to the Town of Rye for remaining retirees' health insurance that became the village's obligation when Rye Brook became a village in 1982.

**Capital Projects (9950., 901.):**

Capital Projects are internally defined as improvements to the village operations more than \$12,000 per project. Capital projects total \$2,718,200 in the FY2023 budget including a transfer from Fund Balance (Designated for Capital Projects) (\$1,115,200), new short-term Debt to purchase five (5) vehicles (\$603,000), Community Development Block Grants (CDBG) (\$100,000), American Rescue Plan Act (ARPA) funds (\$790,000), and CHIPs revenue (\$80,000).

The largest capital projects (\$100,000 or more) include road resurfacing (\$750,000), the Metropolitan Regional Radio System (\$500,000), sanitary sewer improvements (\$300,000), large truck(s) and salter(s) (\$245,000), two marked police vehicles (\$113,000), a highway dump truck (\$100,000), AJP covered walkway and boiler (\$100,000) and AJP HVAC equipment (\$100,000). These and other recommended capital projects are summarized later in the budget. It is again recommended that \$30,000 be allocated to a reserve account for a future project to replace the turf at the King Street athletic field.

Three (3) capital projects totaling \$790,000 are funded through American Rescue Plan Act (ARPA) funds which are summarized on the capital projects page in the adopted budget. The village received \$488,255 in FY2022 and is due to receive another \$488,255 in FY2023 for a total of \$976,510. These one-time ARPA

funds are distributed from the federal government to support the village's response to and recovery from the COVID-19 public health emergency, and must be allocated by December 31, 2024 and expended by December 31, 2026.

After the fund balance and surplus allocations, it is anticipated that the village's undesignated/unreserved fund balance would remain stable at approximately 20.93% of the general operating (non-capital) expenditures. This fund balance is above the village's financial guidelines of 12%-15% of general operating (non-capital) expenditures but leaves adequate funds for consideration of unanticipated capital projects (i.e., sewers) or emergency situations, and can provide some stability in the village's capital program over the next several years until additional outstanding debt is retired.

It has been recommended that prior to the end of FY2022, the Village Board commit \$1,350,000 to the Fund Balance (Designated for Capital Projects) account. By taking this action, even after \$1,115,200 is transferred from the Fund Balance (Designated for Capital Projects) for the FY2023 projects, the village will still also have \$1,284,230 remaining in this account to fund future capital projects.

It should be noted that due to the use of available fund balance, no operating revenues are currently funding capital projects. If sufficient fund balance or reserves are not available in the future to fund these projects, additional general operating revenue will be needed to fund many of the necessary capital projects. While this is a reasonable option in the upcoming fiscal year, a goal is to develop a more stable long-term strategy of funding infrastructure projects with current revenues rather than through fund balance, debt, or higher property tax increases which are not always as available as reasonable options.

Some capital project initiatives may advance in the coming year that the Village Board may want to consider that are not identified for funding in this budget. If this occurs, the Village Board could consider the appropriation of available funds or the issuance of new debt at that time, balancing any existing policies with the need for these projects.

**Debt Service (9710., 9730.):**

Total debt payments are decreased by \$5,063 (-0.32%) compared to the prior year. Payments for serial bonds decrease \$11,488 while BAN payments increase by \$6,425. The budget also anticipates the use of \$250,000 from a debt service reserve to offset these expenses at this time as debt payments are anticipated to drop again in FY2024.

**Special Maintenance Accounts (8320., 5182.):**

The village's Special Maintenance accounts include the street lighting and sewers. These accounts are important for items such as street lighting and the maintenance of our infrastructure as well as having the ability to fund emergency utility breaks, blockages, or drainage problems that can occur in any given year. If there are emergency situations that occur in these accounts and exceed funds available, funds would likely come from fund balance, contingency, or debt financing.

Regarding the Street Lighting account, the village has made great strides in lowering these expenses with a major LED street light conversion initiative in past years. This account includes costs for street light operations (utility payments) plus repairs which are becoming more frequent for items such as fuses, drivers, feeder cables. This account is increased by \$10,000 to \$110,000 in FY2023.

The Sewer account is increased by \$30,000 to \$325,000 and is the costliest of the Special Maintenance accounts. In addition to normal maintenance or repair work, the village needs the funding necessary to invest in the continued annual cleaning of approximately half of the village's storm sewer catch basins (+/- \$32,000) and to pay the sewer use fee the village pays to Port Chester for the use of their municipal sewer mains (+/- \$36,625). Additional expenses include CCTV of the sewer lines, performing inspections of

manholes, and providing routine cleaning of sections of Rye Brook. Also included are any miscellaneous costs to perform work as part of the Capacity, Management, Operation and Maintenance (CMOM) program to reduce inflow and infiltration into Rye Brook's sanitary sewer system.

Funding is also included in the capital projects fund to complete additional sewer projects that are identified following inspections that are required as part of the settlement with Save the Sound (\$300,000), and the purchase of a sewer camera (\$40,000, funded through ARPA funds) to perform some of this work in-house after the arrival of a new sewer truck that has been purchased and is on order.

**Staffing and Employee Agreements:**

The adopted budget includes a total net increase in full-time staffing by two positions with 76 positions recommended for authorization. One new position is making a part-time position in the Public Works/Engineering Office full-time, and the other is the continuation of an additional position in the Recreation Department which currently exists. There are currently two (2) authorized vacant positions including one (1) Laborer and one (1) Police Officer.

In terms of union contracts, the Firefighter agreement expires on May 31, 2022, the Police agreement expires on May 31, 2023, and the Teamsters (Public Works and Parks) agreement expires on May 31, 2027.

This has been another challenging budget to prepare, and the staff remains committed to work with the Village Board members to maintain a budget that is in the best interests of the taxpayers of Rye Brook.

The FY2023 adopted budget is available on the village web site at [www.ryebrook.org](http://www.ryebrook.org) and is available in the Village Clerk's office in Village Hall at 938 King Street.

This budget could not be developed without the valued assistance of the dedicated staff members and the support and guidance of the Mayor and Village Board. All department heads and their administrative staff have significantly contributed to the development of this budget. A special word of appreciation goes to Village Treasurer Patricia Lepre, Deputy Treasurer Pasquale Colantuono, and Administrative Aide Gregory Rivera for their hard work in the development of this budget throughout the past year.

Respectfully submitted,

Christopher J. Bradbury  
Village Administrator/Clerk
