

# SACKETS HArbor Day

I'm excited to announce that the official Arbor Day ceremony in Sackets Harbor will take place at the intersection of Washington St and Ontario St at 6 PM this Friday. This marks our 13th Arbor Day celebration and our 5th year as an official "Tree City USA."

In previous years, we often dedicated our Arbor Day tree in memory of a Sackets Harbor resident. However, this year, we will honor someone who is still living in Sackets Harbor and has put in more effort to keep our village focused on trees than anyone else: Kelly Reinhardt! Kelly has chaired our Tree Committee for years and has volunteered hundreds of hours of her time to help the village obtain grants for tree purchases, manage our planting program, and overall, been at the forefront of our efforts to maintain and improve the village's arboreal beauty.

We invite you to come and celebrate Kelly's contribution and Arbor Day with our short ceremony this Friday as we plant a tree together!

Arboreally,  
Mayor Alex Morgia
