Subject: 4/2/24 City Council Meeting: I strongly support the adoption of the Local Road Safety Plan

Hello City Council Members,

I am writing to you to voice my support for adopting Agenda Item 6: San Rafael Local Road Safety Plan. I walk and bike regularly in San Rafael and we need a Vision Zero perspective to make this city a better safer place for all of us, especially those of us not inside a car. Honestly my only complaint is that I find the timeline isn't aggressive enough. 2050 is a solid 25+ years away, I hate to think of how many more people will die or be injured by automobiles in that time. I would really like to see more aggressive action on eliminating fatalities sooner! So I fully support this step, but also hope that we can try and aim higher by eliminating fatalities and severe injuries from automobiles sooner than 25 years from now!

Thank you for your time, thank you for your efforts to make San Rafael an even better place!

David Seltzer
