

**REQUEST FOR PROPOSAL (RFP)
FOR
ENGINEERING DESIGN SERVICES
FOR THE
SEA LEVEL RISE VULNERABILITY STUDY PROJECT**

January 11, 2018

Introduction

The City of San Rafael (City) hereby requests proposals from qualified consultants for the Sea Level Rise Vulnerability Study Project. It is the intent of the City to hire a qualified consultant who can provide project management, assessments, level of concern, potential solution, and estimate of improvements costs. The final product sought is an evaluation report.

Proposals shall be submitted by firms that have a capable and demonstrable background in the type of work described in the section entitled "Scope of Work" of this notice. In addition, all interested firms shall have sufficient, readily available resources, in the form of trained personnel, support services, specialized consultants and financial resources, to carry out the work without delay or shortcomings.

Background

Marin County has completed a Bay Wave Study where they looked at all shorelines around the bay and coast and identified areas of possible flooding due to sea level rise. The full Bay Wave Study Report can be found on the county website. This project seeks to start examining areas within San Rafael that will be prone to impacts of sea level rise based on the Bay Wave Study and independent study performed by the Consultant. The City is interested in gathering information and recommendations for mitigation of issues that may arise due to sea level rise, including prioritization of recommendations. Suggested mitigations should also consider impact to adjacent cities and counties with respect to flooding impacts.

The City has record information for portions of the San Rafael coast line, see attachment A. This information is dated 2007 and may require update and/or verification. This study shall assess all San Rafael coast line as exhibited in attachment B, with a specific focus on the canal and downtown San Rafael area.

2. The consultant shall meet periodically with the City to discuss the project, present improvement options, review alternatives, etc. For cost estimation, a total of two meetings may be assumed. These two meetings will be independent of those discussed under separate tasks identified elsewhere in this RFP.
3. The consultant shall provide monthly schedule updates in conjunction with submittals of invoices.

Deliverables:

- Project Schedule and updates
- Meeting agendas and minutes for all design and coordination meetings

Task 2: Sea-Level Rise Assessment

At a minimum, the consultant shall review the Marin County study (available on the County website at <https://www.marincounty.org/main/marin-sea-level-rise/baywave/vulnerability-assessment>) and exhibit A and determine its impact on San Rafael facilities and assets.
2. Following review of the study, the consultant shall complete a thorough field review and/or survey of the locations within San Rafael which may be impacted by sea level rise as a result of the County study and other sources. Elevations should be collected at 25-foot intervals along all coast lines shown in attachment B. These elevations shall be used for sea level rise projections as part of this study.
3. Based on the field assessment and survey, in addition to consultant research and expertise, the consultant shall determine areas of vulnerability to flooding along the coast lines of San Rafael.
4. The consultant shall develop strategies and provide recommendations to address the drainage and sea level rise concerns in these areas, specifically focusing on impacts to City-owned facilities, such as roadways. Potential strategies may include such solutions as roadway raising or levee construction. These recommendations should also be prioritized and categorized such that the City may identify where to focus improvements in the near, medium, and long terms.
5. The consultant shall provide preliminary estimated costs required to complete the proposed modifications. The consultant shall also document the basis of all costs.
6. The consultant shall prepare for and attend public meetings along with City Staff to answer questions from the Public or City Council. It's estimated that there will be a minimum of two (2) meetings.
7. The consultant shall produce a draft report for City review, including exhibits and maps to clearly depict survey results, areas of vulnerability (low elevation, or vulnerable elevation), and preliminary mitigation recommendations. Maps with GIS layers are encouraged but not required.

8. The consultant shall prepare a final evaluation report incorporating all comments from previous City reviews and final recommendations to mitigate vulnerable areas.

The City reserves the right to revise the RFP prior to the indicated due date. The City may consider extending the due date for RFP due to significant revisions to Scope of Services.

Evaluation Criteria

A review and selection committee, made up of City staff and other professionals, will evaluate the consultants based on the Proposals and, if necessary, an oral interview to determine which consultant is best qualified to perform the work for this project. The committee will then determine a ranking of the consultants at which time negotiations may begin with the most qualified consultant and only their cost Proposal will be opened. The consultant fee will be evaluated to determine if the amount of the fee is considered a reasonable cost for the work outlined in the Proposal. If the top ranked consultant has

submitted a reasonable fee, the committee will make a recommendation to the Public Works Director that negotiations be opened to ensure that the top ranked consultant has a full understanding of the expectations of the City, that the scope reflects all tasks anticipated and that the fee reflects completion of the project to the satisfaction of the City. In the event that the City and the top ranked consultant are unable to come to an agreement as to scope and fee, the City reserves the right to close negotiations with the top ranked consultant and open negotiations with the second-ranked consultant. Once an agreement is reached involving the scope and fee, the Public Works Director will make a recommendation to the City Council to award the project to the selected consultant and to authorize the Public Works Director to enter into an agreement with that consultant. If the City Council is in agreement with the recommendation, City staff will proceed with the completion of the agreement and prepare the contract for execution.

The City will notify each consultant regarding the outcome of the Proposal selection process.

The City may reject any or all of the Proposals if it deems such action are in the public interest.

B. **Other Insurance Requirements.** The insurance coverage required of the **CONTRACTOR** in subparagraph A of this section above shall also meet the following requirements:

1. Except for professional liability insurance or worker's compensation insurance, the insurance policies shall be specifically endorsed to include the **CITY**, its officers, agents, employees, and volunteers, as additionally named insureds (for both ongoing and completed operations) under the policies.

2. The additional insured coverage under **CONTRACTOR'S** insurance

policies shall be primary with respect to any insurance or coverage maintained by CITY and shall not call upon CITY's insurance or self-insurance coverage for any contribution. The "primary and noncontributory" coverage in CONTRACTOR'S policies shall be at least as broad as ISO form CG20 01 04 13.

3. Except for professional liability insurance or worker's compensation insurance, the insurance policies shall include, in their text or by endorsement, coverage for contractual liability and personal injury.

4. By execution of this Agreement, CONTRACTOR hereby grants to CITY a waiver of any right to subrogation which any insurer of CONTRACTOR may acquire against CITY by virtue of the payment of any loss under such insurance. CONTRACTOR agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not CITY has received a waiver of subrogation endorsement from the insurer.

5. If the insurance is written on a Claims Made Form, then, following termination of this Agreement, said insurance coverage shall survive for a period of not less than five years.

6. The insurance policies shall provide for a retroactive date of placement coinciding with the effective date of this Agreement.

7. The limits of insurance required in this Agreement may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of CITY (if agreed to in a written contract or agreement) before CITY'S own insurance or self-insurance shall be called upon to protect it as a named insured.

8. It shall be a requirement under this Agreement that any available insurance proceeds broader than or in excess of the specified minimum insurance coverage requirements and/or limits shall be available to CITY or any other additional insured party. Furthermore, the requirements for coverage and limits shall be: (1) the minimum coverage and limits specified in this Agreement; or (2) the broader coverage and maximum limits of coverage of any insurance policy or proceeds available to the named insured; whichever is greater.

C. Deductibles and SIR's. Any deductibles or self-insured retentions in CONTRACTOR's insurance policies must be declared to and approved by the PROJECT MANAGER and City Attorney, and shall not reduce the limits of liability. Policies containing any self-insured retention (SIR) provision shall provide or be endorsed to provide that the SIR may be satisfied by either the named insured or CITY or other additional insured party. At CITY's option, the deductibles or self-insured retentions with respect to CITY shall be reduced or eliminated to CITY's satisfaction, or CONTRACTOR shall procure a bond guaranteeing payment of losses and related investigations, claims administration, attorney's fees and defense expenses.

D. Proof of Insurance. CONTRACTOR shall provide to the PROJECT MANAGER or CITY'S City Attorney all of the following: (1) Certificates of Insurance

evidencing the insurance coverage required in this Agreement; (2) a copy of the policy declaration page and/or endorsement page listing all policy endorsements for the commercial general liability policy, and (3) excerpts of policy language or specific endorsements evidencing the other insurance requirements set forth in this Agreement. CITY reserves the right to obtain a full certified copy of any insurance policy and endorsements from CONTRACTOR. Failure to exercise this right shall not constitute a waiver of the right to exercise it later. The insurance shall be approved as to form and sufficiency by PROJECT MANAGER and the City Attorney.

11. INDEMNIFICATION.

A. Except as otherwise provided in Paragraph B., CONTRACTOR shall, to the fullest extent permitted by law, indemnify, release, defend with counsel approved by CITY, and hold harmless CITY, its officers, agents, employees and volunteers (collectively, the "City Indemnitees"), from and against any claim, demand, suit, judgment, loss, liability or expense of any kind, including but not limited to attorney's fees, expert fees and all other costs and fees of litigation, (collectively "CLAIMS"), arising out of CONTRACTOR'S performance of its obligations or conduct of its operations under this Agreement. The CONTRACTOR's obligations apply regardless of whether or not a liability is caused or contributed to by the active or passive negligence of the City Indemnitees. However, to the extent that liability is caused by the active negligence or willful misconduct of the City Indemnitees, the CONTRACTOR's indemnification obligation shall be reduced in proportion to the City Indemnitees' share of liability for the active negligence or willful misconduct. In addition, the acceptance or approval of the CONTRACTOR's work or work product by the CITY or any of its directors, officers or employees shall not relieve or reduce the CONTRACTOR's indemnification obligations. In the event the City Indemnitees are made a party to any action, lawsuit, or other adversarial proceeding arising from CONTRACTOR'S performance of or operations under this Agreement, CONTRACTOR shall provide a defense to the City Indemnitees or at CITY'S option reimburse the City Indemnitees their costs of defense, including reasonable attorneys' fees, incurred in defense of such claims.

B. Where the services to be provided by CONTRACTOR under this Agreement are design professional services to be performed by a design professional as that term is defined under Civil Code Section 2782.8, CONTRACTOR shall, to the fullest extent permitted by law, indemnify, release, defend and hold harmless the City Indemnitees from and against any CLAIMS that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of CONTRACTOR in the performance of its duties and obligations under this Agreement or its failure to comply with any of its obligations contained in this Agreement, except such CLAIM which is caused by the sole negligence or willful misconduct of CITY. In no event shall the cost to defend charged to the design professional exceed the design professional's proportionate percentage of fault.

C. The defense and indemnification obligations of this Agreement are undertaken in addition to, and shall not in any way be limited by, the insurance obligations contained in this Agreement, and shall survive the termination or completion of this Agreement for the full period of time allowed by law.

12. NONDISCRIMINATION.

CONTRACTOR shall not discriminate, in any way, against any person on the basis of age, sex, race, color, religion, ancestry, national origin or disability in connection with or related to the performance of its duties and obligations under this Agreement.

13. COMPLIANCE WITH ALL LAWS.

CONTRACTOR shall observe and comply with all applicable federal, state and local laws, ordinances, codes and regulations, in the performance of its duties and obligations under this Agreement. **CONTRACTOR** shall perform all services under this Agreement in accordance with these laws, ordinances, codes and regulations. **CONTRACTOR** shall release, defend, indemnify and hold harmless **CITY**, its officers, agents and employees from any and all damages, liabilities, penalties, fines and all other consequences from any noncompliance or violation of any laws, ordinances, codes or regulations.
