

VISIT OUR FIRE STATIONS

Community Groups:

Through a group station visit, the San Rafael Fire Department provides a unique opportunity for the community to meet their firefighters and see the equipment used to keep their neighborhoods safe. We are unable to support private events such as birthday parties and business openings.

The group station visit runs between 30-45 minutes, and includes age appropriate fire & life safety skills, demonstration of the special firefighting uniform, and view of fire apparatus and equipment; Fire Extinguishing Demonstration; etc.

Guidelines:

- All Group Visits must be scheduled through the Fire Administrative Office with at least 30 days advance notice. Contact the Fire Administrative Office at (415) 485-3304, Mondays-Fridays, 8:30 am – 5:00 pm.
- Groups with children are limited to a maximum of 25 children.
- Groups with children between the ages of 5 and 7 years must be accompanied by at least 1 adult supervisor for every 5 children.
- No more than one group visit will be allowed at a station on any given day.
- All Fire Stations are on 24-hour call and can be dispatched to a fire or medical emergency any time. In such an event, fire crews are unable to notify the event organizer of any delays and/or cancellations. We will be happy to re-schedule your tour for another day.

Firefighter-Paramedic Candidates

Candidates for the position of Firefighter-Paramedic are strongly encouraged to visit a San Rafael Fire Department Station. The Department does not allow Ride-Alongs for participants in active hiring processes.

Station Visits are welcomed *daily* during the following hours:

- ✓ 10:00 am–12:00 pm
- ✓ 1:30 pm – 4:00 pm

If you are unavailable to make your station visit within the designated time, call the Fire Administrative Office at (415) 485-3304, Mondays-Fridays, 8:30 am – 5:00 pm and request to connect with the Battalion Chief for an exemption.

Upon arrival at the fire station, introduce yourself and request to meet with the on-duty Fire Captain.

All Fire Apparatus and Fire Stations are on 24-hour call and can be dispatched to an emergency at any time. In such a case, you may proceed to another fire station (if within the allotted visiting time) or return on a different day.
