Validations
for
Downtown
Merchants

Merchant Validation Program

Here's the Scoop

1-hour parking validations are available for purchase by Downtown merchants. When your customers use a validation in the 4th/A or 4th/C St. garages, their 1st hour of parking is free. The hourly garage parking rate is \$1, so you're saving your customer that \$1. Customers really appreciate this small gesture!

- Validations are redeemable in the City Garages located near 4th/A and 4th/C Streets
- **Your cost = 10 cents per validation**
- Validations are sold in increments of 100, for \$10 per 100
- Terms & conditions apply
- **Purchase at the Parking Office**
- Download the form online

**1 Hour Free Parking For
Your Customers!**

Terms and Conditions

- Validations are for customer use ONLY, not for use by business owners or employees;
- Businesses may not sell validations, they may only be given away to customers;
- Businesses may, at their option, require a minimum purchase for issuance of validations. If a purchase requirement is established, a sign must be prominently posted at business entrances used by customers;
- Businesses issuing validations must display a City-issued window decal identifying the business as participating in the City's validation program (if you need a decal, just ask);
- Validations have no residual value. Once expired, they may not be returned to the City for a refund;
- Each validation has a printed expiration date on the front. If any of your validations expire before you've issued them, bring them to our office and we will exchange those for new ones;
- Participation in the Downtown Merchant Parking Validation Program hereby grants the City of San Rafael to use/advertise your business name as a participating merchant of the program.
