

NOTICE OF ONLINE PUBLIC MEETINGS AND DISCUSSIONS WE WANT YOUR FEEDBACK!

As part of the on-going work for City of San Rafael General Plan 2040, City staff has received requests from community representatives for programming and funding more detailed planning efforts in the Southeast San Rafael/Canal neighborhood and North San Rafael Northgate area. More detailed planning efforts typically involve preparing a Specific Plan or Neighborhood Plan, which requires grant funding. A **“Priority Development Area” (PDA)** designation is being discussed for these areas, which would bring funding opportunities for community-driven planning efforts. A PDA is a geographic area that is close to or along transit nodes/connections that are sustainable for concentrated growth.

- Should the City continue to pursue a PDA-designation and funding for the Southeast San Rafael/Canal and/or the North San Rafael Northgate areas?
- What areas of Southeast San Rafael/Canal and North San Rafael Northgate should be included in a PDA designation?
- What topics would you want included in a North San Rafael planning process?

For more information, visit www.cityofsanrafael.org/PDA. This webpage includes a link to the May 18, 2020 informational report on PDAs to the City Council.

The **San Rafael City Council** will review and consider the Priority Development Area (PDA) designations for these two areas at its regular meeting on **Monday, June 15, 2020, 7:00pm**. Due to the COVID019 Shelter-in-Place Order, the meeting will be streamed live to YouTube at <https://www.youtube.com/cityofsanrafael>.

How to Participate

1. Submit questions, and comments at www.cityofsanrafael.org/PDA
2. We will host multiple virtual Zoom community meetings, starting June 3. If interested, sign-up online.
3. The City will update the Frequently Asked Question section of the website. If you do not see your questions answered, let us know!
