SAN RAFAEL CITY COUNCIL AGENDA REPORT

Department: Public Works

Prepared by: Bill Guerin
Director of Public Works

City Manager Approval: 

TOPIC: BAYPOINT LAGOONS ASSESSMENT DISTRICT

SUBJECT: RESOLUTION CONFIRMING THE ENGINEER'S ANNUAL REPORT FOR THE BAYPOINT LAGOONS ASSESSMENT DISTRICT AND THE ASSESSMENT DIAGRAM CONNECTED THEREWITH AND ORDERING THE LEVY AND COLLECTION OF ASSESSMENTS FOR FY 2020-21.

RECOMMENDATION: Staff recommends the City Council hold a public hearing and adopt the resolution ordering the levy of assessments.

BACKGROUND: To comply with provisions of the Landscaping and Lighting Act of 1972, which governs the Baypoint Lagoons Landscaping and Lighting District (Assessment District), the City Council must approve an Engineer's report on an annual basis. On June 15, 2020, the City Council adopted three resolutions in accordance with this year's Engineer's Annual Report and assessment process.

Assessment District boundaries in East San Rafael

1. Resolution directing filing of Engineer's FY 2020-21 Annual Report.
2. Resolution approving Engineer's FY 2020-21 Annual Report.
3. Resolution of intention to order improvements and setting a public hearing on the annual assessment for the City Council meeting of July 20, 2020.

In 1990, the Baypoint Lagoons Landscaping and Lighting District (Assessment District) was formed to protect and enhance wildlife habitat and water quality in the Baypoint (Spinnaker) Lagoons, the adjacent ponds, and diked salt marsh. There are four total ponds/lagoons located within the Assessment District. Primarily, maintenance provided by this district has historically included mowing around the lagoon, replanting areas with native vegetation, and eradicating exotic plants such as cattails. Although one resident has alleged that the Assessment District

was approved for only three years, Staff disagrees with this claim. Staff's review of the City's records clearly demonstrates that the City's intention in forming this district was that it would be an ongoing assessment district for the continued maintenance of the lagoon after it was dedicated to the City by the developer. Moreover, the City has consistently continued the annual assessments and lagoon management for this Assessment District for the past 30 years. It is long past the time to challenge the formation of this district.

Since the mid-2000's, the Baypoint Lagoons Homeowners Association (HOA) has taken a more active role in the landscaping of the lagoon areas. The HOA, as opposed to the Assessment District, has funded landscaping and biannual mowing of the grass around the lagoon in recent years.

In 2015, with the landscaping and eradication of non-native species moved to a manageable maintenance level, the HOA approached the City with two major concerns: the odor nuisance seasonally emitted from the lagoons and the related need for improvements to the nearby Cayes Stormwater Pump Station. The homeowners agreed Assessment District funds should be used towards these priorities.

As presented at the [June 15, 2020 City Council Meeting](#), the Assessment District has three dedicated Funds:

1. Eradication of Exotic Plants Fund

As noted, the HOA took over the maintenance of the waterfront around the lagoon in the mid-2000's. Since that time, the City has performed occasional maintenance of the vegetation within the lagoon and on the islands.

The Eradication of Exotic Plants Fund balance as of June 30, 2020 is anticipated to be \$39,178.

2. Environmental Monitoring Fund

This fund was set up to address the homeowners concern over the odor emitted from the lagoons in the summer months. While the salt pond (the major source of the odor) falls within the boundary of the Assessment District, the pond itself is on private property and therefore is not within the Assessment District's responsibility to maintain. However, due to their proximity to the pond and the odor emitted from the main lagoon as well, members of the Assessment District approached the City in 2014 requesting that funds from the District be allocated to further study odor control options for all lagoons.

The Environmental Monitoring Fund balance as of June 30, 2020 is anticipated to be \$51,515. It is anticipated that a complete monitoring of the environmental health of the lagoon will be required at some time in the future.

3. Cayes Stormwater Pump Station Improvements Fund

Since 2006, the Assessment District has set aside money every year to fund improvements to the Cayes Stormwater Pump Station. The Cayes Pump Station is located outside the Assessment District, north of the main Spinnaker Lagoon on Narragansett Cove. However, the station serves as the key drainage facility to the area, pumping the lagoon water northward into the bay.

The Cayes Pump Station was originally constructed in the 1960s, and many of the aging systems and controls prevent City staff from more actively regulating lagoon water

movement. Bringing the control system up to date would allow for a more automated control of the water level to reduce the potential odors caused by hot weather and algae growth. Additional various capital improvements and maintenance are also required to maintain peak operability of the station.

The Cayes Stormwater Pump Station Improvements Fund balance as of June 30, 2020 is anticipated to be \$114,992.50.

The City Council is responsible for filing and approving an Annual Engineer's Report for the Assessment District, including a proposed levy and assessment for the upcoming fiscal year. Prior to the final approval of the report each year, the City Council must hold a public hearing to provide members of the public with an opportunity to comment on the Annual Report and proposed assessment. Pursuant to the Landscaping and Lighting Act of 1972, the purpose of the public hearing is to comply with requirements of the California Streets and Highways Code (sections referenced):

1. (Section 22628) Any interested person, prior to the conclusion of the hearing, may file a written protest with the clerk, stating their objection to the assessment and Engineer's report as filed;
2. (Section 22630) During the hearing, the City Council may order changes in any of the matters provided in the Engineer's report;
3. (Section 22630.5) If there is a majority protest against the increase of the assessment from any previous year, the proposed increase in the assessment shall be abandoned.
4. (Section 22631) If a majority protest has not been filed, the City Council may adopt a resolution confirming the diagram and assessment, either as originally proposed or as changed.

ANALYSIS: The net fund balance for the Assessment District, estimated for the FY 2019-20 year end, per the Engineering Report prepared by CSW/Struber-Stroeh Engineering Group is \$217,374.15. Activity in the fund for FY 2019-20 was as follows:

July 1, 2019 Fund Balance	\$252,414.45
Revenues	
Assessments	\$24,099.53
Interest	\$3,811.17
Total Revenues	\$27,910.70
YTD Expenditures	
County Admin Fee	\$386.00
Engineer's report	\$4,735.50
Vegetation management (<i>Eradication of Exotic Plants Fund</i>)	\$15,822.00
Pump Station Design (<i>Pump Station Improvements Fund</i>)	\$42,007.50
Total Expenditures (proj.)	\$62,951.00
Projected June 30, 2020 Fund Balance	\$217,374.15

FISCAL IMPACT: All revenues and expenses are generated by the Assessment District and are contained within the Baypoint Lagoons Assessment District Fund (Fund No. 235). The proposed FY 2020-21 assessment is \$131.44 per parcel, which has remained unchanged since 1996. The City does incur indirect General Fund costs as it relates to staff time spent monitoring and adjusting the lagoon water level, as well as managing the capital improvements at the Cayes Stormwater Pump Station. The District pays for all direct contracted costs.

OPTIONS:

The City Council has the following options to consider relating to this item:

1. Conduct the public hearing and adopt the resolution, thus ordering the levy of assessments for FY 2020-21.
2. Do not adopt the resolution, which will result in no levy of assessments for FY 2020-21. This may result in an inability to perform the required improvements in the Assessment District as there will be no revenue collected in the coming year if the levy of assessments is not approved.

RECOMMENDED ACTION: Staff recommends the City Council hold a public hearing and adopt the resolution ordering the levy of assessments.

ENGINEER'S ANNUAL REPORT FOR THE BAYPOINT LAGOONS
ASSESSMENT DISTRICT AND THE ASSESSMENT DIAGRAM CONNECTED
THEREWITH AND ORDERING THE LEVY AND COLLECTION OF
ASSESSMENTS FOR FY 2020-21**

WHEREAS, in accordance with Chapter 3 of the Landscaping and Lighting Act of 1972, the City Council directed CSW/Stuber-Stroeh Engineering Group, Inc., Engineer of Work for the Baypoint Lagoons Landscaping and Lighting District, City of San Rafael, Marin County, California, to prepare and file an annual report for fiscal year 2020-21, a copy of which report is on file in the Department of Public Works and incorporated herein by reference; and

WHEREAS, on June 15, 2020 the City Council adopted its resolution of intention to levy and collect assessments within the assessment district for fiscal year 2020-21 and set a public hearing to be held on July 20, 2020, in the meeting place of the City Council located in the Chambers of the City Council, 1400 Fifth Avenue, San Rafael, California; and

WHEREAS, the Engineer's Annual Report establishes the fiscal year 2020-21 assessment at \$131.44 per parcel, unchanged since 1996; and

WHEREAS, at the public hearing, the City Council provided an opportunity for interested parties to comment on the annual report, either in writing or orally, and the City Council has considered such comments;

NOW, THEREFORE IT IS HEREBY RESOLVED that the City Council does hereby confirm the diagram and assessments as set forth in the annual report of the Engineer of Work and does hereby levy the assessments set forth therein for fiscal year 2020-21.

I, LINDSAY LARA, Clerk of the City of San Rafael, do hereby certify that the foregoing resolution was duly and regularly introduced and adopted at a regular meeting of the Council of said City on the 20th day of July 2020, by the following vote, to wit:

ENGINEER'S ANNUAL REPORT 2020-2021

BAYPOINT LAGOONS LANDSCAPING AND LIGHTING DISTRICT CITY OF SAN RAFAEL, MARIN COUNTY, CALIFORNIA (Pursuant to the Landscaping and Lighting Act of 1972)

CSW/Stuber-Stroeh Engineering Group, Inc., Engineer of Work for Baypoint Lagoons Landscaping and Lighting District, City of San Rafael, Marin County, California, makes this annual report, as directed by the City Council, by its Resolution No. _____, adopted _____, 2020.

The improvements which are the subject of this report are briefly described as follows:

Creating, maintaining, and monitoring open space habitat. Each year for the foreseeable future, cattail removal will be undertaken to enhance the habitat. After at least five years of cattail eradication, a monitoring assessment will be completed to document the effectiveness of the removal effort. The monitoring will be done in accordance with the proposal for SPINNAKER LAGOON MANAGEMENT, as prepared by Resource Management International, Inc. previously known as Western Ecological Services Company, Inc., dated February 25, 1998, and the letter dated November 28, 1999 by Wetlands Research Associates. The future Report will reflect anticipated costs to provide funds for the monitoring program necessary to demonstrate the contingent viability of the diked marsh area. Future monitoring is the best way to demonstrate to interested agencies the success of the mitigation program that is the responsibility of the district.

This report consists of six parts, as follows:

PART A - Plans (SPINNAKER LAGOON MANAGEMENT PLAN, WETLAND RESEARCH ASSOCIATES LETTER, and PACIFIC OPEN SPACE, INC. LETTER) for the improvements are filed with the City Clerk. Although separately bound, the plans and specifications are a part of this report and are included in it by reference.

PART B - An Amended Estimated Cost of the Assessment District.

PART C - Assessment Roll - An assessment of the estimated cost of the improvement on each benefited parcel of land within the assessment district.

PART D - Method of Apportionment of Assessment - A statement of the method by which the undersigned has determined the amount proposed to be assessed against each parcel.

PART E - List of Property Owners - A list of the names and addresses of the owners of real property within this assessment district, as shown on the last equalized assessment roll for taxes, or as known to the Clerk. The list is keyed to Exhibit "C" by assessment number.

PART F - Assessment Diagram - A diagram showing all of the parcels of real property within this assessment district. The diagram is keyed to Part "C" by assessment number.

Respectfully submitted,
CSW/Stuber-Stroeh Engineering Group, Inc.

PART A

Plans for the maintenance and improvement of the lagoon are the monitoring portions of the report prepared by Western Ecological Services Company, Inc., dated May 31, 1996 and titled REVISED PROPOSAL FOR 1998 and 1999 BUDGET FOR SPINNAKER LAGOON MANAGEMENT, the Letter Report prepared November 28, 1999 by Wetlands Research Associates, Inc., the Letter Proposal prepared by Pacific OpenSpace dated August 9, 1999, and subsequent documents and contracts between Pacific OpenSpace and the City of San Rafael. These documents have been filed previously with the clerk of the legislative body and are incorporated in this report by reference.

The actual eradication of the cattails has been handled directly through a City contract. Several years ago, the City obtained a number of preliminary proposals to completely eliminate the cattails from the entire lagoon. At that time, the estimated cost to do this work was \$90,000. Since the Assessment District was not able to fund the amount from a single annual assessment, the City developed a program to complete a portion of the eradication each year on an on-going basis, thereby arresting future expansion of the cattail area and slowly reclaiming the lagoon from the emerging cattail areas. In addition, the City also began replanting some areas with native vegetation. The fund to eradicate exotic plants has remained constant with no additional allocation. The fund value is currently \$55,000.00.

In past years, additional weed abatement was performed by Pacific OpenSpace, Inc. under the direction of the City. The Pacific OpenSpace maintenance crew performed weed control in the form of mowing at Baypoint Lagoon during 2005. The major focus of their work was the eradication of broadleaf perennials, such as bristly ox-tongue (*Picris echioides*) and fennel (*Foeniculum vulgare*), as well as perennial weeds such as Harding grass (*Phalaris aquatica*). The most recent maintenance mowing by Pacific OpenSpace took place on March 21, 2006 followed by spraying of broadleaf weeds on May 15, 2006. In 2006 the contract between the City and Pacific OpenSpace lapsed, and the second mowing was not completed with Assessment District funds. No mowing using Assessment District funds occurred during the 2016-2017 fiscal year.

The Homeowners Association has continued to take an active role in managing and directing the Assessment District. Representatives from the Homeowners Association have met on numerous occasions with the District Engineer, the City's engineering staff and the City's maintenance staff regarding the management and operations of the lagoon and surrounding open area. These meetings started a number of years ago and have continued, allowing the homeowners to gain expertise and insight into the original intentions of the Assessment District and develop ideas and plans to make the best use of the Assessment District funds. The most recent discussion took place in May 2017.

Based on the active role that the homeowners have taken, much of the annual landscape control maintenance work that had previously been completed by the District is being paid for directly by the Homeowners Association. This includes the annual or bi-annual mowing around the lagoon.

In early 2015, the Baypoint homeowners approached Nader Mansourian, then Director of Public Works, with two concerns relative to the assessment district. The first concern was the seemingly hopeless task of obtaining adequate funds to replace and upgrade the City of San Rafael's Cayes Storm Water Pump Station, and the second, the more immediate need, to address the odor nuisance from the Lagoon.

PART A

First Concern:

Since 2006, the Assessment District has set aside money every year to fund improvements to the Cayes Storm Water Pump Station. The amount of set aside started small, \$5,000.00, and has increased to approximately \$15,000.00 annually. However, in Fiscal Year 2018-2019 maintenance to clean the pump station and outfall was undertaken which reduced Cayes Pump Fund (see below). The amount set aside is designated to fund the control improvements to the pump station to bring the control system up to date and allow a more automated control of the water level to reduce the potential for hot weather odors and algae growth. This fund now stands at \$157,000.00. The cost of the controls system has increased steadily over the years, and there has never been a formal assessment of the specific control system improvements needed to automate the system. The Homeowners Association would like to work with the City to use District funds to undertake a formal study to determine the feasibility, cost, and potential benefit of enhancing the control systems at the Cayes Storm Water Pump Station, with specific emphasis on alleviating the unpleasant odors which emanate from the lagoon. As noted below, this more pressing need (odor control) has been the focus of the homeowners, and the funds normally anticipated to be added to the fund from 2015-2016 and 2016-2017 assessments have been used for other benefits. Nevertheless, an additional \$10,000 allocation from the 2020-2021 assessments is suggested for the coming year.

Second Concern:

In the summer of 2014, the odor complaints continued to get worse, and the funding for the improvements to the Cayes Storm Water Pump Station continued to be short of what was needed to fund the pump station improvements. Members of the Assessment District approached the City and requested that funds from the district be allocated to further study options to control the odor. In January, 2015, the City Council, acting on the request from the members of the Assessment District, authorized the Public Works Director to engage Siegel Environmental to study the problem and suggest solutions to the odor problems that might be accomplished without changing the controls at the pump station. The cost of the study was \$35,485.00, and the members of the Assessment District agreed to fund this out of the set aside funds available in the district. The study was completed in February, 2016, and the District paid the appropriate invoices.

The result of this work reduced the overall funds available. Since the work was environmentally driven, the District paid for the study from the set-asides allocated as the Environmental Monitoring Fund. This reduced the Environmental monitoring fund to \$31,515.00. For the subsequent two years the set-aside from the District has continued to grow this balance. Based on the contribution since 2016, the fund is \$51,515. No additional funds will be added for 2020-2021.

Environmental Monitoring: It is anticipated that a complete monitoring of the environmental health of the lagoon will be required at some time in the future. This year no additional allocation is being recommended for the 2020-2021 expenditures. The fund will remain at \$51,515.00 in June, 2021.

Cayes Storm Water Pump Station: The homeowners continue to desire to add motor controls to better regulate the level of the lagoon. This would require that additional control devices be integrated into the Cayes Storm Water Pump Station. The District is allocating \$10,000.00 of next year's expenditures toward further analysis of the Cayes Storm Water Pump Station controls. The fund is projected to hold \$167,000.00 in June, 2021.

PART A

Eradication of Exotic Plants: This fund has remained the same for many years, anticipating removal of invasive and exotic plants and debris. In earlier years, the District removed grass and cattails along with mowing the waterfront. As noted above, the Home Owners Association took over the maintenance of the water front around 2006. Since that time the City has performed sporadic maintenance on the vegetation within the lagoon which is difficult to reach from the shoreline. Until the 2019-2020 fiscal year, the City did this with its own maintenance staff and did not charge the district for the work. The fund will remain at 39,178.00 in June 2021.

Additional Activities for the Fiscal Year 2017-2018: During Fiscal Year 2017-2018 the City, on behalf of the District, has made several inquiries into obtaining additional funding for restoration of the Lagoon. In the fall of 2017, the City made a grant application to the San Francisco Bay Restoration Authority under the Authority's First Round of Measure AA Funding. Unfortunately, the City's project was not chosen. In addition, the City has continued to work with Mr. Stuart Siegel (Siegel Environmental and Adjunct Professor at San Francisco State University to try and persuade the San Francisco Bay Joint Venture to accept the project in order to demonstrate to the Restoration Authority that the project has been "vetted" and has support from the environmental community. These efforts are on-going. As with many grant applications, final approval may be several years in the future.

2018 – 2019 Activities

During Fiscal Year 2018-2019 the City contracted with Ghilotti Construction to clean the pump station and outlet pipes to improve flow. The cost of the work was \$32,111.00. This was paid out of the Pump Station Fund, reducing it to \$103,899. (\$136,000 - \$32,111 = \$103,899)

2019 – 2020 Activities

During Fiscal Year 2019-2020 the Homeowners Association requested that the City provide maintenance to remove non-native vegetation which had be a growing concern to the viability of the lagoon. The City completed two tasks relating to long-term maintenance on the lagoon and two others on the pump station. The first was to improve the maintenance operation on the pump station. This included the annual cleaning and debris removal before the beginning of the rainy season. The City included this work as part of the routine maintenance required for the pump station and did not charge the District for that work. The second task was to upgrade the controls and improve their responsiveness and long term viability. The City contracted this work through the City's Stormwater Maintenance Fund and expects the District to reimburse the fund. This will reduce the Pump Station Control Fund.

A discussion of the two maintenance tasks follow:

The first task was algae removal and was performed by Solitude Lake Management, LLC. This work was completed in the fall of 2019. The work included having a pontoon watercraft fitted with a skimmer remove the surface algae from the pond and place it along the shoreline. The City's maintenance staff then removed the algae from the site. The outside (Solitude Lake Management, LLC) cost for this work was \$11,550. The City did not assess the District for the work done by City staff and equipment.

The second effort removed the cattail vegetation from the pond and pampas grass and debris from the islands, some of which was hampering the operations of the gate and pipe connection at the

PART A

outlet to San Rafael Bay. The City first lowered the level in the lagoon to allow better access to the cattails. Then the City contracted Forster and Kroegeer Landscape to hand cut the cattails below the lowered waterline and remove them from the site. The cost of the cattail removal was \$4,272 and again the City did not charge the District for the City's staff and equipment.

The total cost of the work was \$15,822 ($\$11,550 + \$4,272$). This was paid out of the Eradication of Exotic Plants Fund reducing it to \$39,178 ($\$55,000 - \$15,822$). Since this type of work will be likely be needed at regular intervals in the future we are allocating \$16,000 of the 2020-2021 assessment budget to the Eradication of Exotic Plants Fund replacing that spent in the 2019-2020 year.

The cost of the upgrades to the controls of the Cayes Pump Station was \$42,007.50. The expenses below shown a reduction in the Pump Station Control Fund of this amount reducing the Fund from \$156,000 to \$114,992.50. These reductions are reflected in Part B below.

*2014-2015 expenses were not fully available at the time the 2014-2015 report was prepared. The 2015 expense for Siegel Environmental of \$18,110.00 should be added, reducing the 2014-2015 allocation (\$5,000.00) to the environmental and monitoring fund to zero (\$0.00) and using a portion of the reserves in that fund to pay for the study (\$13,110.00).

PART B
ESTIMATE OF COSTS

**2015-2016 expenses include the payments to Siegel Environmental to complete the Conceptual Enhancements and Management Report, \$17,375.00. This does not allow any contribution to the Environmental and Monitoring Fund as previously noted and reduces the Environmental and Monitoring Fund to (\$67,000.00-\$35,485.00) \$31,515.

***Based on a complete reconciliation of revenue and expenses from years 1 – 23, the City's ledger shows the May 6, 2016 balance of \$205,748.13, \$15,551.81 (\$27,723.68 using July 1, 2016 fund balance of \$217,920.00) greater than the balance which has been carried by the Assessment District; this balance has been building gradually over the years since the Homeowners Association elected to take on the maintenance and District projections of expenses have been purposely conservative. This was further updated in 2017-2018 year to reflect fund balances at fiscal year-end as of July 1, 2016 and 2017.

***For 2019-2020, prior contingencies were used to pay, in part, for the Pump Station clean-out.

The lines and dimensions of each parcel are as shown on the maps of the County Assessor of the County of Marin.

Property descriptions are lot or parcel numbers as shown on the recorded final maps of Baypoint Lagoons, recorded: in Book 20 of Maps at Page 80, and Book 21 of Maps at Page 34, Book 21 of Maps at Page 55, and Record Maps Book 1998 at Page 99, Marin County Records.

PART D
METHOD OF APPORTIONMENT OF ASSESSMENT

There are 193 single family dwelling units existing within the Assessment District boundary.

(NOTE: This is a reduction from 207 originally included. The reduction is based on the actual number of lots recorded and is appropriate.)

Subdivision Phase I consists of 89 lots, of which lot 20 anticipates low cost housing (not single family) and lots 1 through 19 and 21 through 89 anticipates one single family dwelling unit each. Subdivision Phase II consists of 41 lots and anticipates one single family dwelling unit each.

Subdivision IIIa consists of 22 lots and anticipates one single family dwelling unit each.

Subdivision IIIb consists of an additional 42 units, one single family dwelling unit each.

The “Remaining” 12 lots were not created and have been removed from the assessment.

The number of single family dwelling units is:

Phase I.....	88
Phase II.....	41
Phase IIIa.....	22
Phase IIIb	<u>42</u>
TOTAL:.....	193

Each of the single family dwelling unit lots are assessed for equal portions of the total assessment.

This assessment is exempt from the procedures and requirements of the (recently enacted Proposition 218) California Constitution, Article 13D, Section 4 pursuant to the exemption contained in Article 13D, Section 5(d) [*previously majority voter approval or*] Section 5(b) [*petition signed by persons owning all the property*]. The benefits are entirely special benefits and there are no general benefits. Additionally, the proposed assessment is the same assessment as last year.

Assessment Parcels 1 through 19, 21 through 89, 104-3 through 104-11-1, 104-12 through 104-37, 104-39 through 104-47-1, 104-51-1 through 104-51-12, 104-51-14, 104-51-16, 104-51-18, 104-51-20, 104-51-22, 104-51-24, 104-51-26 through 104-51-28, 104-51-30, 104-51-34-1, 104-51-35-1, 104-51-36-1, 104-51-37-1, 104-51-38-1, 104-51-39-1, 104-51-41-1 through 104-51-77 are each assessed 1/193 of the total assessment.

Assessment Parcels 20-1 and 20-2, 90 through 104-1, 104-38-1, 104-49, 104-51-13, 104-51-15-1, 104-51-31 through 104-51-33, 104-51-34-2, 104-51-35-2, 104-51-36-2, 104-51-37-2, 104-51-38-2, 104-51-39-2, 104-51-40-1, 105 and 106 each have zero (\$0.00) assessment.

The following changes were made to the Assessment Rolls and Assessment Diagram in the 2004-2005 Baypoint Lagoons Annual Engineer’s Report due to Mapping Changes at the Marin County Assessor’s Office:

On May 6, 2005 our office contacted the Marin County Assessor's Office due to obvious changes to the Assessor's Parcel Maps for the Baypoint Lagoons development. According to information

PART D

Subject: Home Owner Assessment
Date: Saturday, July 11, 2020 9:40:09 AM

My wife and I have lived at [REDACTED] for 22 years and though we don't live directly on the Lagoons, we have a firm belief that home owners should govern the way our tax assessments should be managed and spent and not city government. Please take this under consideration at the council's upcoming meeting.
