

## FOR BOARD OF EDUCATION TRUSTEE AREA 1

**GINA DALY**

**Age: 39**

**Occupation: Director of Federal Relations, UC Berkeley**

**Education and Qualifications:** My experience in education policy enables me to effectively advocate for the students and families of the San Rafael City School District. I have spent the past 17 years in public service advocating for the citizens of California through my work for Senator Dianne Feinstein and as a Director of Federal Relations for University of California. In these roles, I am responsible for providing timely and detailed analysis of legislative proposals and their impact, and I will bring my analytical skills to the role of Board of Education Trustee. Every child deserves the right to an excellent education. During this unprecedented time, we need leaders who will work tirelessly to ensure that our children and teachers can safely return to school, and that our kids receive the highest quality education possible. I received my Master's in Public Policy from UC Berkeley's Goldman School of Public Policy focusing on K-12 education policy and graduated *cum laude* from Claremont McKenna College. I'm the mother of two young children, William and Juliet, and my husband Kieran graduated from Terra Linda High School. I currently serve as President of the Terra Linda Homeowners' Association.
