Subject: support for 2nd Street bike lane

I would like to express my support for expanded bike lanes in San Rafael, and specifically the 2nd Street project. The current street and traffic situation is so dangerous that I will not let my kids ride anywhere in town, so we become yet another car on the streets whenever they want to go somewhere.

As traffic gets worse (and 2nd street is a catastrophe right now), giving locals a safe way to move about is the right move.

thanks,

Chris

Subject: 2nd Street Bike Path

Dear Mayor and Council Members,

I am writing to beg you to please authorize construction of this critical route. Safe routes substantially increase the mode shift from automobiles to bicycling, and reduces greenhouse gases and other environmental degradation. Your actions may also prevent serious injuries and even deaths by providing a safe alternative.

Thanks for your consideration,

Donald Herzog

Subject: Please Support the 2nd Street Bike Lane

I wanted to write and voice my support for the proposed 2nd Street protected bike lane. People who ride bikes in San Rafael deserve to be safe. The better the bike infrastructure, the wider a group of people who will use bikes to get around.

Please support filling this essential east-west gap in the bike network.

Thank you,

Parker Day
