Dear City Council, and thank you to the City Clerk for reading these comments on my behalf:

My name is Wes Sitchler and I am an employee of the City of San Rafael for 15 years, and a proud member of SEIU Local 1021. Over the past 8 -10 years SEIU members have been taking furlough, pay cuts and getting barely a 2% pay raises all in good faith to help the city get through tough times. A lot of us have worked continuously through the pandemic and not from a comfy home office. We are losing good employees to other cities who pay and treat their employees better than San Rafael!! When is the City Council going to step up and help their employees and make things right and appreciate all the services we provide for this community.
