Subject: Recognizing department of public works

Mayor and City Councilmembers, My name is Wes Sitchler and I work for the City of San Rafael. I am also a proud member of SEIU Local 1021. I'm writing to you today to let you know that the City's conduct so far with furloughs, possible layoffs and reorganization is unacceptable. Also, you made us take a furlough for no reason when the City didn't actually need the money! That is just stealing money out of our pockets when you knew that you didn't need it. I'm asking you, as the Council, to step up and do the right thing and start valuing your workers that provide essential services to the public. As you will see in the video later in this meeting how much Public Works and the not mentioned Sanitation Department does for the city!
